Update the mCLASS app for SSO

If you previously used the mCLASS app to assess students and would like to use the mCLASS app with SSO, follow these steps to update the app:

1. Sync the mCLASS app.
2. Delete the mCLASS app from your device's home screen or desktop.
3. Locate the directions for installing the mCLASS app on your operating system in the corresponding Best Practices guide:
 - [Windows 7](#)
 - [Windows 8 and 10](#)
 - [iOS](#)
 - [Android](#)
4. Follow the directions as written, but instead of using the mclasshome.com/assessment URL, use: <https://lausd.mclasshome.com/assessment>.
5. Create a shortcut on your device home screen for <https://lausd.mclasshome.com/assessment>.
6. You may now use your SSO user name and password to log in to the mCLASS app.
