

**LOS ANGELES UNIFIED SCHOOL DISTRICT  
POLICY BULLETIN**

**TITLE:** Staffing Recommendations for  
Certificated and Clerical Personnel at  
Magnet Centers and Magnet Schools

**NUMBER:** BUL-5981.6

**ISSUER:** Tony Atienza, Director  
Budget Services & Financial Planning

**DATE:** September 11, 2019

**ROUTING**  
LD Administrators of Instruction  
LD Administrators of Operations  
LD Operations Coordinators  
School Administrators and Staff  
School Administrative Assistants  
Central Office Administrators and  
Staff

**POLICY:** District policy pertaining to the recommendation of staffing for most Certificated and Clerical personnel at Magnet centers and Magnet schools is based on the attached recommended staffing tables taking into account student enrollment and other school characteristics.

Special education teachers are assigned to Magnet centers and Magnet schools based on the numbers of students with special needs and their specific disabilities. Refer to Attachment E for the norm table guide. The class sizes in the norm table are based on the Los Angeles Unified School District and United Teachers Los Angeles Collective Bargaining Agreement.

**MAJOR CHANGES:** This Bulletin replaces BUL-5981.5, “Staffing Recommendations for Certificated and Clerical Personnel at Magnet Centers and Magnet Schools,” dated August 15, 2018. The major changes for the 2019-20 school year are as follows:

- The average class size in grades 4-5(6), 6-8, and 9-12 for targeted non-high needs schools is reduced by 1 student.
- The average class size in grades 4 - 5(6) of the 75 selected targeted high needs elementary schools and their related magnet/dual language centers, as well as in grades 6 – 8 of the 15 selected targeted high needs middle schools and their related magnet centers, is reduced by a total of 3 students (Class Size Reduction [CSR] by 1 plus additional CSR by 2).
- For elementary schools, the minimum enrollment required to earn a second administrative position is reduced from 1,110 to 1,000. Hence, the second administrative norm position (Assistant Principal, Elementary) will be allocated to schools with enrollment of at least 1,000.
- For middle and senior high schools, the minimum enrollment required to earn a second administrative position is reduced from 800 to 700.

## LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

---

Hence, the second administrative norm position (Assistant Principal, Secondary Counseling Services) will be allocated to schools with enrollment of at least 700.

- The class size reduction by 2 students in 8<sup>th</sup> and 9<sup>th</sup> grade English Language Arts and Math is discontinued starting in the 2019-20 school year. This class size reduction does not apply under the new collective bargaining unit agreement.

**GUIDELINES:** The following guidelines apply to magnet centers and magnet schools.

### I. ENROLLMENT DATA REVIEW AND VALIDATION

A. Continuing in the 2019-20 school year, the following tools are available to schools, local districts, and central offices:

1. Norm Day Enrollment Dashboard – helps ensure that Norm Day enrollment counts are accurate and transparent. The dashboard shows classification report enrollment counts, adjustment counts, norm enrollment counts, and warning counts.
2. Norm Staffing Dashboard – displays the number of norm resources based on norm day enrollment counts and the applicable norm tables.

To access the Norm Day Enrollment and Staffing Dashboard tool, log into <https://focus.lausd.net/>, click on the “Operations” tile, click on “Norm Enrollment and Staffing” to see the various Norm dashboards, then click on the specific dashboard.

B. Norm Day enrollment is the count of active enrollment reported in the Classification Report on the designated Norm Day of each school year. Refer to REF-1819.17, “Norm Day and Classification Reports – Instructions and Schedules of Electronic Capture” for the procedures on Classification report.

C. Only enrolled students with scheduled classes in MiSiS will be considered towards a school’s norm enrollment count. In other words, students must be both *enrolled and scheduled* at their school of enrollment for norm purposes.

## LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

---

- D. Norm Day enrollment is then validated and adjusted to derive the final Norm enrollment count for each school. Adjustments to Norm Day enrollment include, but are not limited to, the exclusions of the following:
1. Students enrolled without scheduled classes in MiSiS
  2. Students with 13 absence days or more, from enrollment date through norm day
  3. Students with more than one enrollment record (duplicate student records)
  4. Age-ineligible students who are:
    - a. enrolled as Kindergarten (K) or Transitional Kindergarten (TK) but turn 5 years old after December 2, 2019, or
    - b. enrolled as grade TE (Expanded TK) but turn 5 years old after June 30, 2020
  5. Students enrolled in one (1) course only
- NOTE: The classification report provides counts of students with scheduled class(es) in their school of enrollment. For norm purposes, the classification report counts of secondary schools will be reduced to count only those students who are scheduled in two or more credit-bearing courses. Therefore, school should ensure that each student's complete schedule is entered into MiSiS in time for the Norm capture. Refer to Attachment F for the list of non-credit bearing/zero credit courses.
6. No Show students (students who are scheduled into classes but have not attended school, i.e., marked absent each day) who were not flagged by the school in MiSiS as No Show by Norm Day data capture will be manually deducted from the school's Norm Day enrollment count.
- E. For Norm Day enrollment, only enrolled students with scheduled classes in MiSiS will be counted. In other words, students must be both enrolled and scheduled for norm purposes. Schools should ensure that every enrolled student's class schedule is entered into MiSiS. Otherwise, enrolled students without scheduled classes will be excluded from the Norm Day Enrollment count.
- F. Special Day Program (SDP) students at Elementary School – Students enrolled in the class/section of a Special Education teacher are considered SDP students, and are counted as such in the Classification report. The count of SDP students is excluded when determining General Education norm teachers.

## LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

---

- G. Secondary students with an active Individualized Education Program (IEP) where the Percent Time in Special Ed is 50% or more are counted as SDP in the Classification report. Moreover, SDP counts will be modified when section assignments of students differ from their IEPs. The count of SDP students is excluded when determining General Education norm teachers.
- H. In addition to ensuring that students are both enrolled and scheduled in MiSiS, school must also ensure that students are enrolled in the:
1. appropriate cost center (i.e., home school versus magnet center). Students approved to be enrolled at the magnet center must be enrolled at the magnet center's cost center, unless documentation exists to rescind magnet placement.
  2. correct grade level (e.g., grade 11 versus grade 10 based on the credits earned by the students).
  3. correct class(es) based on the student's IEP, if applicable.

School staff must correct all enrollment errors, including incorrect cost center grade level placements, and class(es), before enrollment counts are captured for norm day, September 20, 2019.

Budget Services will manually adjust a school's norm day enrollment counts for enrollment errors that are not corrected in time for the norm day capture.

Request for waiver related to the errors referenced above will be denied.

## II. ALLOCATION OF TEACHER POSITIONS ACCORDING TO NORM TABLES

- A. There are two staffing tools available to schools, local districts, and central offices in the 2019-20 school year.
1. The Norm Staffing Dashboard displays the number of norm resources based on norm day enrollment counts and the applicable norm tables.
  2. The Staffing Position Simulator provides transparency on how Norm Teacher counts are calculated based on school's enrollment, Norm Category, and Affiliated Charter status. In addition to the Norm Teacher count, this tool also calculates the number of Counselor, Administrator, and Clerical norm

## LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

---

positions. Schools can also use the tool to assist with the norm calculation during the budget planning and development.

Visit School Fiscal Services website for the link to the above tools:  
<https://ca01000043.schoolwires.net/Page/15956>.

- B. Teacher positions are allocated to Magnet schools and centers using “norm tables” which are based on active enrollment. The number of positions assigned initially is based on the E-CAST enrollment projections reflected on the “Budget” tab of the E-CAST Forecast. The number of positions is adjusted after Norm Day based on the final Norm Day enrollments, as verified by Budget Services.
- C. Magnet schools and centers shall be no more than one norm teaching position over their norm allocation on the Friday preceding norm day. All Magnet schools and centers are expected to be on norm by the scheduled Norm Day. Excess teachers will be promptly reassigned.
- D. Schools will receive budgets based on recommended staffing ratios. Each Magnet school’s/Magnet center’s projected expenditures will be updated to reflect staffing ratios and resources based on final Norm Day enrollment counts. For Magnet schools and centers gaining resources, Budget Services will open positions and allocate additional resources. For those losing resources, Budget Services will close positions and reduce resources.
- E. For Local Control Funding Formula (LCFF) reporting purposes, enumerated below is the determination of the funding or program code to be used for the norm teacher resources generated by the following norm tables:

Appendix 1 displays various norm tables for Class Size Reduction by 1 student in grades 4-12 for Non-High Needs Schools.

Appendix 2 displays various norm tables for Class Size Reduction by 3 students in grades 4-8 for selected Targeted High Needs Schools.

Appendix 3 displays various norm tables for the 2017-18 Class Size for all Schools (Base)

## LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

---

### Funding Determination:

- a) The norm teacher resources generated from Appendix 3 (Attachments C and D) will be allocated in program code 13027 (General Fund School Program).
  - b) The difference between the norm teacher resources generated from Appendix 1 (Attachments C and D) and the norm teacher resources generated from Appendix 3 (Attachments C and D) will be allocated in a new program code 10989 (TSP-CSR Teacher/Librarian).
  - c) The difference between the norm teacher resources generated from Appendix 2 (Attachments C and D) and the norm teacher resources generated from Appendix 3 (Attachment C and D) will be allocated in a new program code 10989 (TSP-CSR Teacher/Librarian).
- F. Teacher positions are allocated to Magnet schools and centers using “norm tables” which are based on active enrollment. The number of positions assigned initially is based on preliminary E-CAST enrollment projections reflected on the “Budget” tab of the E-CAST Forecast. The number of positions is adjusted after Norm Day based on the active enrollment as reported on the Elementary and Secondary School Classification reports on the identified norm day for each school year. Attachment A (Teacher Norm Tables for PHBAO – Magnet II – Magnet Centers) and Attachment B (Teacher Norm Tables for Desegregated/Receiver – Magnet I – Magnet Centers) include the various norm tables applicable for the different class size reduction programs for Magnet centers. Attachment C (Teacher Norm Tables for PHBAO – Magnet II - Full Magnet School only) and Attachment D (Teacher Norm Tables for Desegregated/Receiver – Magnet I - Full Magnet School Only) include various norm tables for full Magnet schools only. Schools will receive budgets based on recommended staffing ratios.
- G. Magnet Centers identified as Predominantly Hispanic, Black Asian, or Other Non-Anglo Students (PHBAO) use Attachment A to determine teacher allocations. Full Magnet Schools identified as PHBAO use Attachment C to determine teacher allocations.
- H. Magnet Centers identified as Desegregated/Receiver use Attachment B to determine teacher allocation. Full Magnet Schools identified as Desegregated/Receiver use Attachment D to determine teacher allocation.

# LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

- I. The following table summarizes the class size policies for elementary magnet schools and centers in 2019-20.

Refer to Attachment A, Table 1P and 2P (Predominantly Hispanic, Black, Asian and Other Non-Anglo) (PHBAO), Attachment B, Table 1D and 2D (Desegregated/Receiver) for teacher norm tables.

Type of School	Grades	2019-20 Maximum Average Class Size
PHBAO Magnet	K-3	24.0
PHBAO Magnet	4-6	29.5
Desegregated/Receiver Magnet	K-3	24.0
Desegregated/Receiver Magnet	4-6	33.0

Note: For the 75 targeted high needs elementary schools, the above class sizes in grades 4-6 will be reduced by an additional 2 for the 2019-20 school year.

- J. The following table summarizes the class size policies for middle magnet schools and centers in 2019-20.

Refer to Attachment A, Table 3P (PHBAO) and Attachment B, Table 3D (Desegregated/Receiver) for teacher norm tables.

Type of School	Type of Class	Grade(s)	2019-20 Maximum Average Class Size
PHBAO Magnet	Academic	6-8	33.00
PHBAO Magnet	Non-academic	6-8	33.00
Deseg Magnet	Academic	6-8	35.50
Deseg Magnet	Non-academic	6-8	35.50

Note: For the 15 targeted high needs middle magnet centers and schools, the above class sizes will be reduced by an additional 2 for the 2019-20 school year.

- K. The following table summarizes the class size policies for senior high magnet schools and centers in 2019-20.

# LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

Refer to Attachment A, Table 4P (PHBAO) and Attachment B, Table 4D (Desegregated/Receiver) for teacher norm tables.

Type of School	Type of Class	Grade(s)	2019-20 Maximum Average Class Size
PHBAO Magnet	Academic	9-12	33.00
PHBAO Magnet	Non-academic	9-12	33.00
Deseg Magnet	Academic	9-12	35.50
Deseg Magnet	Non-academic	9-12	35.50

- L. Other off-norm teaching positions may also be allocated to Magnet schools or centers on a year-to-year basis or may be “purchased” by the Magnet school or center from categorical funds. These may be register-carrying teachers or supplementary teachers who do not have a regular class.
- M. The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten, 32 in grades 1-3, and 36 in grades 4-6.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the District because the class exceeded the class size requirement of 32 for grade 3.

- N. Pursuant to Education Code section 42238.02, as a condition of receiving a grade span adjustment for kindergarten through grade three (K–3 GSA), a component of Local Control Funding Formula (LCFF), school districts must make progress towards or maintain a K–3 maximum average class size of 24 or less at each school site. If the annual independent audit of a school district shows that a school district did not comply with these conditions, the CDE will retroactively reduce the school district’s funding. Hence, any additional norm teacher earned after Norm Day must be used for a K-3 register-carrying teacher.

**LOS ANGELES UNIFIED SCHOOL DISTRICT  
POLICY BULLETIN**

- O. Since September 1981, as a result of orders of the Superior Court, Magnet schools and centers have been required to use the District average class size norm tables to determine classroom teacher allocations.
- P. The maximum average class sizes in both academic and non-academic classes at Magnet schools and centers are as follows:

MAGNET SCHOOLS AND CENTERS	MAXIMUM AVERAGE CLASS SIZE			
	K - 3	4 – 5/6	6 – 8	9 – 12
Desegregated/Receiver Magnet Schools and Centers (Magnet I)	24.00	33.00	35.50	35.50
PHBAO Schools and Centers (Magnet II)	24.00	29.50	33.00	33.00

- Q. Double Block English Course at 28:1 for Selected Grades 6, 7 and 8 (Attachment C, Table 5P and Attachment D, Table 5D)

The District has authorized reduction of class size to 28:1 for the double block Accelerating Academic Literacy (AAL) - Intensive Reading Intervention courses in Grades 6, 7 and 8.

Tables 5P, Attachment C (for full PHBAO Magnet schools) and 5D, Attachment D (for full Desegregated/Receiver Magnet schools) provide the necessary extra resources for these courses. Enrollment used shall be the combined total of 6, 7 and 8 graders in the Double Block English course in full Magnet schools as of norm day. Magnet center enrollment is included with home site to determine allocation.

This program only applies to general education English classes (intensive intervention) that are double-blocked and being reduced from either 33:1 or 35.5 to 28.1.

Schools are expected to use the auxiliary periods/positions generated from Tables 5P and 5D to reduce class size for 6<sup>th</sup>, 7<sup>th</sup> and 8<sup>th</sup> graders in AAL courses, and not for any other purpose. It is the responsibility of the principal to monitor enrollment in each class to ensure compliance with District requirements.

- R. Double Block English Course at 26:1 for Selected 9<sup>th</sup> Graders (Attachment C, Table 6P and Attachment D, Table 6D)

## LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

---

The District has authorized reduction of class size to 26:1 for Accelerating Academic Literacy (AAL) – Intensive Reading Intervention courses for selected 9<sup>th</sup> Graders.

Tables 6P, Attachment C (for full PHBAO Magnet schools) and 6D, Attachment D (for full Desegregated/Receiver Magnet schools) provide the necessary extra resources for these courses. Enrollment used shall be the 9<sup>th</sup> grade enrollment for the AAL courses, including students in full Magnet school only, as of norm day. Magnet center enrollment is included with home site to determine allocation.

This program only applies to general education English classes (intensive intervention) that are double-blocked and being reduced from either 33:1 or 35.5 to 26.1.

Schools are expected to use the auxiliary periods/positions generated from Tables 6P and 6D to reduce class size to 26:1 in the 9<sup>th</sup> grade AAL courses and may not be used for any other purpose. It is the responsibility of the principal to monitor enrollment in each class to ensure compliance with District requirements.

### S. Conversion of Norm generated Auxiliary Periods

The school is given the flexibility to pursue the conversion of norm-generated auxiliary periods to teaching positions in order to meet the needs of their students. For this purpose, the school is required to combine five (5) norm auxiliary periods to establish a full-time teaching position. The school is also given the flexibility to convert a full-time norm position into six (6) auxiliary periods.

## III. MAGNET CENTER COORDINATORS

Magnet Coordinators will be allocated based on criteria developed by Student Integration Services.

## IV. ADMINISTRATIVE PERSONNEL

Administrative personnel are allocated based on total school enrollment, including Transitional Kindergarten Expansion, special day program classes (SDP), state preschool (SPS), Pre-Kindergarten special education, dual language center, and magnet center enrollments.

# LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

Initial administrative staffing suggestions are based on the preliminary E-CAST enrollment projections reflected on the “Budget” tab of the E-CAST Forecast. Each Full Magnet school’s projected expenditures will be updated to reflect staffing ratios and resources based on the final Norm Day enrollment counts. For Full Magnet schools gaining resources, Budget Services will open positions and allocate additional resources.

The work basis assignment for Generic Assistant Principal and Assistant Principal, Secondary Counseling Services will be B basis. The work basis assignment for Principal will be E basis.

## A. Elementary Schools

The minimum enrollment required to earn a second administrative position is reduced from 1,110 to 1,000. Hence, the second administrative norm position (Assistant Principal, Elementary) will be allocated to schools with enrollment of at least 1,000.

Administrative personnel at Elementary Schools will be assigned based on the following table:

TABLE A - ELEMENTARY FULL MAGNET SCHOOL ADMINISTRATIVE STAFFING

Enrollment From	Enrollment To	Principal	Assistant Principal
1	999	1.0	
1,000	1,809	1.0	1.0
1,810	2,419	1.0	2.0
2,420	and above	1.0	3.0

## B. Secondary Schools

For middle and senior high schools, the minimum enrollment required to earn a second administrative position is reduced from 800 to 700. Hence, the second administrative norm position (Assistant Principal, Secondary Counseling Services) will be allocated to schools with enrollment of at least 700.

Administrative personnel at secondary schools will be assigned based on the following table:

**LOS ANGELES UNIFIED SCHOOL DISTRICT  
POLICY BULLETIN**

**TABLE B - MIDDLE AND SENIOR HIGH FULL MAGNET  
SCHOOL ADMINISTRATIVE STAFFING**

Enrollment From	Enrollment To	Principal*	Asst. Prin. Sec. Counseling Services**	Generic Assistant Principal
1	699	1.0	-	-
700	1,354	1.0	1.0	-
1,355	1,749	1.0	1.0	1.0
1,750	2,088	1.0	1.0	2.0
2,089	4,233	1.0	1.0	3.0
4,234	and above	1.0	1.0	4.0

\*Non-Discretionary resource

\*\* Non-Discretionary resources; Secondary school with 700 or more students must have either an Assistant Principal, Secondary Counseling Services or equivalent position. Other than this requirement, schools have the option to convert Assistant Principal, Secondary (Generic) positions subject to approval of the Local District Administrator of Operations.

Span school administrative norm allocation.

Starting 2019-20, the allocation of norm administrative position(s) for Span schools will be based on the total school enrollment, including transitional kindergarten expansion, special day program classes (SDP), state preschool (SPS), pre-kindergarten special education, magnet center, and dual language center enrollment using the Middle/Senior High School Administrative Staffing table.

**V. SECONDARY COUNSELOR**

Initial counselor staffing suggestions are based on E-CAST enrollment projections reflected on the “Budget” tab of the E-CAST Forecast. Each Full Magnet school’s projected expenditures will be updated to reflect staffing ratios and resources based on final Norm Day enrollment counts. For Full Magnet schools gaining resources, Budget Services will open positions and allocate additional resources. For Full Magnet schools losing resources, Budget Services will close positions and reduce resources.

**LOS ANGELES UNIFIED SCHOOL DISTRICT  
POLICY BULLETIN**

**A. Middle Schools**

Each school receives the number of counselor positions using the suggested staffing tables which are based on active enrollment, including magnet center and special day program (SDP) students.

1. PHBAO middle schools should use Table C and their school-wide enrollment to determine the number of counseling positions.

**TABLE C – COUNSELING NORM FOR PHBAO FULL MAGNET MIDDLE SCHOOLS**

Enrollment From	Enrollment To	Counseling Positions
1	395	0.5
396	790	1.0
791	1,580	2.0
1,581	2,370	3.0
2,371	3,160	4.0
3,161	3,950	5.0
3,951	4,740	6.0

2. Desegregated/Receiver middle schools should use Table D and their school-wide enrollment to determine the number of counseling positions.

**TABLE D – COUNSELING NORM FOR DESEGREGATED/RECEIVER FULL MANGET MIDDLE SCHOOL**

Enrollment From	Enrollment To	Counseling Positions
1	445	0.5
446	890	1.0
891	1,780	2.0
1,781	2,670	3.0
2,671	3,560	4.0
3,561	4,450	5.0
4,451	5,340	6.0

**LOS ANGELES UNIFIED SCHOOL DISTRICT  
POLICY BULLETIN**

**B. Senior High Schools**

Each school receives the number of counselor positions using the suggested staffing tables which are based on active enrollment, including magnet center and special day program (SDP) students.

1. Desegregated/Receiver high schools should use Table E and their school-wide enrollment to determine the number of counseling positions.

**TABLE E: COUNSELING NORM FOR DESEGREGATED/RECEIVER FULL MAGNET SENIOR HIGH SCHOOLS**

Enrollment From	Enrollment To	Counseling Positions
1	395	0.5
396	790	1.0
791	1,580	2.0
1,581	2,370	3.0
2,371	3,160	4.0
3,161	3,950	5.0
3,951	4,740	6.0
4,741	5,530	7.0

2. PHBAO high schools should use Table F and their school-wide enrollment to determine the number of counseling positions.

**TABLE F: COUNSELING NORM FOR PHBAO FULL MAGNET SENIOR HIGH SCHOOLS**

Enrollment From	Enrollment To	Counseling Positions
1	345	0.5
346	690	1.0
691	1,380	2.0
1,381	2,070	3.0
2,071	2,760	4.0
2,761	3,450	5.0
3,451	4,140	6.0
4,141	4,830	7.0

## LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

---

### C. Span School Counselor Calculation

Span school counselor norm is based on the following (weighted average):

1. Determine the percentage enrollment by grade level grouping for grades 6-8 and grades 9-12 to total enrollment.
2. Determine number of counselor norm positions from the individual norm tables based on 100% of enrollment as if site is a middle school and again based on 100% of enrollment as if site is a senior high school.
3. Multiply the percentage enrollment by grade level grouping from step 1 above times the number of positions that result from the individual norm tables from step 2 above.
4. Sum the result. If the result is greater than 0.5, round to the nearest full FTE (e.g. 2.49 FTE is rounded to 2.0 FTE; 2.50 FTE is rounded to 3.0 FTE). If the sum is less than or equal to 0.5, site will be allocated 0.5 FTE counselor.

## VI. RECOMMENDED CLERICAL STAFFING

### A. Enrollment

Each Full Magnet school receives the number of clerical positions using the recommended staffing tables which are based on active enrollment, including Transitional Kindergarten Expansion, special day program students (SDP), Pre-Kindergarten special day classes, dual language center, and magnet center enrollments. Additional clerical resources to support State Pre-School classes are allocated separately by the Early Childhood Education Division.

Initial clerical staff recommendations are based on the preliminary E-CAST enrollment projections reflected on the "Budget" tab of the E-CAST Forecast. Each Full magnet school's projected expenditures will be updated to reflect staffing ratios and resources based on the final Norm Day enrollment counts. For Full magnet schools gaining resources, Budget Services will open positions and allocate additional resources.

## LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

---

### B. Maintenance of Effort Activities to Implement the Modified Consent Decree

In compliance with the District's Maintenance of Effort Activities to implement the Modified Consent Decree, the District will ensure that schools continue to receive dedicated clerical support resources to meet special education, Section 504, Hughes Bill and Modified Consent Decree compliance and operational needs.

Within the suggested staffing tables provided to each LAUSD school, beginning in the 2009-2010 fiscal year, the following support must be allocated to meet special education compliance and operational needs:

1. .5 Full Time Equivalent (FTE) for (a) elementary schools with enrollment below 500; (b) middle schools with enrollment below 1,000; and (c) senior high schools with enrollment below 1,700.
2. 1 FTE for (a) elementary schools with enrollment of 500 and above; (b) middle schools with enrollment of 1,000 and above; and (c) senior high schools with enrollment of 1,700 and above.

### C. Staffing Adjustment

Budget Services will compare the actual clerical staff at the school with the suggested positions based on the final Norm Day enrollment counts. Budget Services will notify the Principal and LD Administrator of Operations of any adjustment in staffing. The school site will have flexibility to determine how to modify staffing to align with actual enrollment.

Budget Services will notify Workforce Management, Classified Employment Services of any adjustment in staffing.

### D. Full Magnet School Suggested Staffing Table

Clerical personnel will be assigned based on the following suggested staffing table. For norm enrollment purposes, enrollment includes magnet center, dual language center, Transitional Kindergarten Expansion, special day program students (SDP), and Pre-Kindergarten special day classes. Additional clerical resources to support State Pre-School classes are allocated separately by the Early Childhood Education Division.

# LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

Sites do not have flexibility over Modified Consent Decree Clerical Support.

Schools will receive budgets based on recommended staffing ratios. Schools will have the ability to change the budget to align to its unique needs. Refer to the “General Fund School Program Manual” for flexibility guidelines.

## 1. Full Magnet Elementary Schools

Clerical Personnel will be assigned based on Table G. For norm enrollment purposes, enrollment includes magnet center, dual language center, Transitional Kindergarten Expansion, special day program students (SDP), and Pre-Kindergarten special day classes. Additional clerical resources to support State Pre-School classes are allocated separately by the Early Childhood Education Division.

**TABLE G – FULL MAGNET ELEMENTARY SCHOOL RECOMMENDED CLERICAL STAFFING**

Enrollment From	Enrollment To	School Admin. Asst.	Modified Consent Decree Support	Additional Clerical Support	Total Clerical Staff
1	300	1.0	0.5	0.5	2.0
301	749	1.0	1.0	-	2.0
750	1,499	1.0	1.0	1.0	3.0
1,500	2,199	1.0	1.0	2.0	4.0
2,200	2,899	1.0	1.0	3.0	5.0
2,900	3,599	1.0	1.0	4.0	6.0
3,600	4,299	1.0	1.0	5.0	7.0
4,300	and above	1.0	1.0	6.0	8.0

### Staffing Pattern

The typical staffing pattern at a full Magnet elementary school is as follows:

- One (1) School Administrative Assistant (Job ID 24102500)
- All other clerical positions - Office Technician(s) (Job ID 24102828)

The work basis assignment for all clerical positions is E basis.

**LOS ANGELES UNIFIED SCHOOL DISTRICT  
POLICY BULLETIN**

2. Full Magnet Middle Schools

Clerical Personnel will be assigned based on Table H. For norm enrollment purposes, special day program classes (SDP) and magnet center enrollment are to be included.

TABLE H – FULL MAGNET MIDDLE SCHOOL RECOMMENDED  
CLERICAL STAFFING

Enrollment From	Enrollment To	School Admin. Asst.	Modified Consent Decree Support	Additional Clerical Support	Total Clerical Staff
1	700	1.0	0.5	0.5	2.0
701	1,200	1.0	1.0	1.0	3.0
1,201	1,650	1.0	1.0	2.0	4.0
1,651	2,100	1.0	1.0	3.0	5.0
2,101	2,550	1.0	1.0	4.0	6.0
2,551	3,000	1.0	1.0	5.0	7.0
3,001	3,450	1.0	1.0	6.0	8.0

4,801	5,250	1.0	1.0	10.0	12.0
5,251	and above	1.0	1.0	11.0	13.0

Staffing Pattern

The typical staffing pattern at a full Magnet middle school is as follows:

- One (1) School Administrative Assistant (Job ID 24102500)
- Two (2) Senior Office Technicians (Job ID 24102838)
- All other clerical positions - Office Technician(s) (Job ID 24102828)

The work basis assignment for all clerical positions is E basis.

**LOS ANGELES UNIFIED SCHOOL DISTRICT  
POLICY BULLETIN**

3. Full Magnet Senior High Schools

Clerical personnel will be assigned based on the following suggested staffing Table I. For norm enrollment purposes, special day program classes (SDP) and magnet center enrollment are to be included.

TABLE I – FULL MAGNET SENIOR HIGH SCHOOL RECOMMENDED  
CLERIAL STAFFING

Enrollment From	Enrollment To	School Admin. Asst.	Modified Consent Decree Support	Additional Clerical Support	Total Clerical Staff
1	700	1.0	0.5	0.5	2.0
701	1,200	1.0	1.0	1.0	3.0
1,201	1,699	1.0	1.0	2.0	4.0
1,700	2,150	1.0	1.0	3.0	5.0
2,151	2,600	1.0	1.0	4.0	6.0
2,601	3,050	1.0	1.0	5.0	7.0
3,051	3,500	1.0	1.0	6.0	8.0
3,501	3,950	1.0	1.0	7.0	9.0
3,951	4,400	1.0	1.0	8.0	10.0
4,401	4,850	1.0	1.0	9.0	11.0
4,851	5,300	1.0	1.0	10.0	12.0
5,301	and above	1.0	1.0	11.0	13.0

Staffing Pattern

The typical staffing pattern at a full Magnet senior high school is as follows:

- One (1) School Administrative Assistant (Job ID 24102500)
- Three (3) Senior Office Technicians (Job ID 24102838)
- All other clerical positions - Office Technician(s) (Job ID 24102828)

The work basis assignment for all clerical positions is E basis.

## LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

---

### E. Span School Clerical Calculation

Span clerical norm is based on the following (weighted average):

1. Determine the percentage enrollment by grade level grouping K-5 and 6-12 to total enrollment.
2. Determine number of clerical positions from the individual clerical staffing tables based on 100% of enrollment as if site is an elementary school and again based on 100% of enrollment, as if site is a secondary school.
3. Multiply the percentage enrollment by grade level grouping from step 1 above times the number of positions that result from the individual clerical staffing tables from step 2 above.
4. Sum the result. If the result is greater than 1.5, round to the nearest full FTE (e.g. 2.49 FTE is rounded to 2.0; 2.50 FTE is rounded to 3.0 FTE). If the result is less than or equal to 1.50 FTE, the site will be allocated 1.5 FTE clerical staff.

**AUTHORITY:** This is a District policy.

## Los Angeles Unified School District

### APPENDIX 1 – Class Size Reduction by 1 in Grades 4-12 – Targeted Non-High Needs

### ATTACHMENT A – Teacher Norm Tables for Magnet Centers designated as PHBAO - (Magnet II)

---

The 2019-20 norm table provides one position for every 24 students based on total enrollment in grades K-3 classes. To prevent loss of Local Control Funding Formula K through 3 Grade Span Adjustment funding, the school district must maintain a maximum average class size of 24 or less at each school site.

A class with 4<sup>th</sup>, 5<sup>th</sup>, or 6<sup>th</sup> grade students combined with any K-3 students is considered a K-3 class. Therefore, maximum average class size is 24. Attendance & Enrollment Section captures school month end enrollments for compliance with K-3 class size guidelines, and will work with Local District in monitoring of class sizes.

The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten and 32 in grades 1-3.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the District because the class exceeded the class size requirement of 32 for grade 3.

### ATTACHMENT B – Teacher Norm Tables for Magnet Centers designated as Desegregated/Receiver (Magnet I)

---

The 2019-20 norm table provides one position for every 24 students based on total enrollment in grades K-3 classes. To prevent loss of Local Control Funding Formula K through 3 Grade Span Adjustment funding, the school district must maintain a maximum average class size of 24 or less at each school site.

A class with 4<sup>th</sup>, 5<sup>th</sup>, or 6<sup>th</sup> grade students combined with any K-3 students is considered a K-3 class. Therefore, maximum average class size is 24. Attendance & Enrollment Section captures school month end enrollments for compliance with K-3 class size guidelines, and will work with Local District in monitoring of class sizes.

The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten and 32 in grades 1-3.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the District because the class exceeded the class size requirement of 32 for grade 3.

## Los Angeles Unified School District

APPENDIX 1 – Class Size Reduction by 1 in Grades 4-12 – Targeted Non-High Needs Schools

### ATTACHMENT D – Teacher Norm Tables for Magnet Schools designated as Desegregated/Receiver (Magnet I)

---

The 2019-20 norm table provides one position for every 24 students based on total enrollment in grades K-3 classes. To prevent loss of Local Control Funding Formula K through 3 Grade Span Adjustment funding, the school district must maintain a maximum average class size of 24 or less at each school site.

A class with 4<sup>th</sup>, 5<sup>th</sup>, or 6<sup>th</sup> grade students combined with any K-3 students is considered a K-3 class. Therefore, maximum average class size is 24. Attendance & Enrollment Section captures school month end enrollments for compliance with K-3 class size guidelines, and will work with Local District in monitoring of class sizes.

The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten and 32 in grades 1-3.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the District because the class exceeded the class size requirement of 32 for grade 3.

# Los Angeles Unified School District

### APPENDIX 2 – Class Size Reduction by 3 in Grades 4-8 – Targeted High Needs Schools

### ATTACHMENT A – Teacher Norm Tables for Magnet Centers designated as

### PHBAO - (Magnet II)

---

The 2019-20 norm table provides one position for every 24 students based on total enrollment in grades K-3 classes. To prevent loss of Local Control Funding Formula K through 3 Grade Span Adjustment funding, the school district must maintain a maximum average class size of 24 or less at each school site.

A class with 4<sup>th</sup>, 5<sup>th</sup>, or 6<sup>th</sup> grade students combined with any K-3 students is considered a K-3 class. Therefore, maximum average class size is 24. Attendance & Enrollment Section captures school month end enrollments for compliance with K-3 class size guidelines, and will work with Local District in monitoring of class sizes.

The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten and 32 in grades 1-3.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the District because the class exceeded the class size requirement of 32 for grade 3.

## Los Angeles Unified School District

### APPENDIX 2 – Class Size Reduction by 3 in Grades 4-8 – Targeted High Needs Schools

### ATTACHMENT B – Teacher Norm Tables for Magnet Centers designated as Desegregated/Receiver (Magnet I)

---

The 2019-20 norm table provides one position for every 24 students based on total enrollment in grades K-3 classes. To prevent loss of Local Control Funding Formula K through 3 Grade Span Adjustment funding, the school district must maintain a maximum average class size of 24 or less at each school site.

A class with 4<sup>th</sup>, 5<sup>th</sup>, or 6<sup>th</sup> grade students combined with any K-3 students is considered a K-3 class. Therefore, maximum average class size is 24. Attendance & Enrollment Section captures school month end enrollments for compliance with K-3 class size guidelines, and will work with Local District in monitoring of class sizes.

The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten and 32 in grades 1-3.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the District because the class exceeded the class size requirement of 32 for grade 3.

## Los Angeles Unified School District

### APPENDIX 2 – Class Size Reduction by 3 in Grades 4-8 – Targeted High Needs Schools

### ATTACHMENT C – Teacher Norm Tables for Magnet Schools designated as PHBAO (Magnet II)

---

The 2019-20 norm table provides one position for every 24 students based on total enrollment in grades K-3 classes. To prevent loss of Local Control Funding Formula K through 3 Grade Span Adjustment funding, the school district must maintain a maximum average class size of 24 or less at each school site.

A class with 4<sup>th</sup>, 5<sup>th</sup>, or 6<sup>th</sup> grade students combined with any K-3 students is considered a K-3 class. Therefore, maximum average class size is 24. Attendance & Enrollment Section captures school month end enrollments for compliance with K-3 class size guidelines, and will work with Local District in monitoring of class sizes.

The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten and 32 in grades 1-3.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the District because the class exceeded the class size requirement of 32 for grade 3.

# Los Angeles Unified School District

## Los Angeles Unified School District

APPENDIX 2 – Class Size Reduction by 3 in Grades 4-8 – Targeted High Needs Schools

### ATTACHMENT D – Teacher Norm Tables for Magnet Schools designated as Desegregated/Receiver (Magnet I)

---

The 2019-20 norm table provides one position for every 24 students based on total enrollment in grades K-3 classes. To prevent loss of Local Control Funding Formula K through 3 Grade Span Adjustment funding, the school district must maintain a maximum average class size of 24 or less at each school site.

A class with 4<sup>th</sup>, 5<sup>th</sup>, or 6<sup>th</sup> grade students combined with any K-3 students is considered a K-3 class. Therefore, maximum average class size is 24. Attendance & Enrollment Section captures school month end enrollments for compliance with K-3 class size guidelines, and will work with Local District in monitoring of class sizes.

The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten and 32 in grades 1-3.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the District because the class exceeded the class size requirement of 32 for grade 3.

APPENDIX 3 – 2017-18 Class Size (Base)

ATTACHMENT A – Teacher Norm Tables for Magnet Centers designated as PHBAO - (Magnet II)

TABLE 1P: Kindergarten, plus Grades 1, 2 and 3 – K-3 Grade Span Adjustment for PHBAO Magnet Centers (Magnet II)

This table provides one position for every 24 pupils based on the total enrollment in Kindergarten plus grades 1, 2 and 3 at PHBAO Magnet Centers.

Table with 7 columns: K-3 ENROLLMENT FROM, K-3 ENROLLMENT TO, NUMBER OF TEACHERS, K-3 ENROLLMENT FROM, K-3 ENROLLMENT TO, NUMBER OF TEACHERS. Rows range from 1-24 to 769-792.

## Los Angeles Unified School District

### APPENDIX 3 – 2017-18 Class Size (Base)

#### ATTACHMENT A – Teacher Norm Tables for Magnet Centers designated as PHBAO - (Magnet II)

---

The 2019-20 norm table provides one position for every 24 students based on total enrollment in grades K-3 classes. To prevent loss of Local Control Funding Formula K through 3 Grade Span Adjustment funding, the school district must maintain a maximum average class size of 24 or less at each school site.

A class with 4<sup>th</sup>, 5<sup>th</sup>, or 6<sup>th</sup> grade students combined with any K-3 students is considered a K-3 class. Therefore, maximum average class size is 24. Attendance & Enrollment Section captures school month end enrollments for compliance with K-3 class size guidelines, and will work with Local District in monitoring of class sizes.

The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten and 32 in grades 1-3.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the District because the class exceeded the class size requirement of 32 for grade 3.

Los Angeles Unified School District

**ATTACHMENT B – Teacher Norm Tables for Magnet Centers designated**  
**as Desegregated/Receiver (Magnet I)**

---

The 2019-20 norm table provides one position for every 24 students based on total enrollment in grades K-3 classes. To prevent loss of Local Control Funding Formula K through 3 Grade Span Adjustment funding, the school district must maintain a maximum average class size of 24 or less at each school site.

A class with 4<sup>th</sup>, 5<sup>th</sup>, or 6<sup>th</sup> grade students combined with any K-3 students is considered a K-3 class. Therefore, maximum average class size is 24. Attendance & Enrollment Section captures school month end enrollments for compliance with K-3 class size guidelines, and will work with Local District in monitoring of class sizes.

The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten and 32 in grades 1-3.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the District because the class exceeded the class size requirement of 32 for grade 3.

ATTACHMENT C – Teacher Norm Tables for Magnet Schools designated as PHBAO (Magnet II)

Table 6P: Double Block Intensive Intervention English Language Arts Program (Strategic Literacy) 26:1 For Selected 9<sup>th</sup> Graders at PHBAO Magnet Schools (Magnet II)

LAUSD has authorized a reduced class size from 34:1 to 26:1 for 9<sup>th</sup> graders taking the double block intensive intervention English Language Arts program (Strategic Literacy). This course should be blocked with the student’s regular English course. Magnet Center enrollment is included with home site to determine allocation.

Table with 4 columns: FROM, TO, NUMBER OF TEACHERS, and ENROLLMENT. It lists enrollment ranges from 1 to 1,905 and corresponding teacher requirements, such as 'None', '1 auxiliary period', '2 positions', etc.

**APPENDIX 3 – 2017-18 Class Size (Base)**  
**ATTACHMENT D – Teacher Norm Tables for Magnet Schools designated**  
**as Desegregated/Receiver (Magnet I)**

---

The 2019-20 norm table provides one position for every 24 students based on total enrollment in grades K-3 classes. To prevent loss of Local Control Funding Formula K through 3 Grade Span Adjustment funding, the school district must maintain a maximum average class size of 24 or less at each school site.

A class with 4<sup>th</sup>, 5<sup>th</sup>, or 6<sup>th</sup> grade students combined with any K-3 students is considered a K-3 class. Therefore, maximum average class size is 24. Attendance & Enrollment Section captures school month end enrollments for compliance with K-3 class size guidelines, and will work with Local District in monitoring of class sizes.

The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten and 32 in grades 1-3.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the District because the class exceeded the class size requirement of 32 for grade 3.
