POLICY: The purpose of this Bulletin is to provide new and updated Middle and Senior High Visual and Performing Arts course titles and codes.

MAJOR CHANGES: This Bulletin replaces BUL-5429.1, “Revised and New Middle and Senior High Visual and Performing Arts Courses” issued on July 20, 2011. The changes are as follows: Additional senior high theater courses have been approved for “F” credit and titles for some music courses have been changed. (See Attachments A5 and A6)

GUIDELINES: I. BACKGROUND

With the move to school-wide implementation of smaller learning communities at the high school level and personalized learning environments at the middle school level, new course sequences and career pathways are necessary in the arts. Secondary schools are required to provide rigorous, sequential, standards-based learning opportunities in the arts for all students. Preparation for university level work and career readiness require that schools provide access to higher-level courses that meet the UC/CSU “F” requirement. New courses were designed based on the *Visual and Performing Arts Content Standards for California Public Schools; Prekindergarten Through Grade Twelve* (January, 2001), and supported by the *Visual and Performing Arts Framework for California Public Schools - Kindergarten Through Grade Twelve*, January, 2004.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

II. PROCEDURES

Beginning July 1, 2012, schools are directed to use the revised and new arts course numbers and titles, as given in the following appendices:

Attachments A1 – A6: Senior High Revised and New Courses

Attachments B1 – B4: Middle School Revised and New Courses

Please note that full course descriptions and sample matrices can be found by clicking on the “Secondary Curriculum” tab at www.lausd.net/arts. All secondary arts courses are semester long with most having A/B sections to fulfill annual course requirements.

AUTHORITY: This is a policy of the Los Angeles Unified School District
