 1. Mission and Vision	Does Not Meet My Expectations	Partially Meets My Expectations	Meets My Expectations	Exceeds My Expectations
Does the team's mission and vision for the future of the school prepare students achieve at high levels?		2	12	
Does the team's plan clearly define what students will know, understand, and be able to do upon matriculation, and will the skills students gain prepare them to be college and/or career ready?		2	10	
<p>1) I would like to see more nutritonal specials at Dorsey during lunch period.</p> <p>2) The verbiage of the mission statemetn is generally comprehensive, yet does not specifically address expectations in exact terms for proficiency in math, science, and language arts for instance.</p> <p>3) Didn't clearly outline specifically but gave an overall target in a general sense of being college ready.</p> <p>4) Planning is always great; however implentation is the most important factor.</p>				
 2. Designing Data Driven & Student Centered Instructional Programs	Does Not Meet My Expectations	Partially Meets My Expectations	Meets My Expectations	Exceeds My Expectations
Does the plan reflect a thorough analysis of the needs of all student groups at this school?	1	4	8	1
Does the plan use best practices and research to design programs and learning support services improve student achievement?		1	9	1
<p>1) Important</p> <p>2) I didn't see any real "best practices" cited to specifically improve the plight of our population</p> <p>3) I didn't see mention of how to improve achievement for Arican American studetns. Data showed this group as the lowest performing. How iwll resources be allocated for interventions for these studetns and change their culture of thinking, not sure about "Habit of Mind."</p> <p>4) I like the idea of testing our kids fefore and then planning the lesson, when re-testing at the end to see their progress. I think they should test 1/2 way through then make adjustments.</p>				
 3. Instructional Program	Does Not Meet My Expectations	Partially Meets My Expectations	Meets My Expectations	Exceeds My Expectations
Does the Applicant Team have a plan to help students with special learning needs? English Learners? Economically-disadvantaged? Gifted Students? Students with disabilities?	2	4	6	1

1) Need more help for African-American students.
 2) More support from staff to ensure that all teachers are teaching and not just sitting in classroom.
 3) I want to see targeted instructional objectives for African Americans.
 4) The plan should address the language barriers for students/individuals who are English speaking only. Do you agree that there is a language barrier for students who speak English only? More Spanish mandatory on the level of English and Math with the goal of making the student fluent. Many jobs today are geared toward/designed for individuals who are bilingual especially Spanish speaking because of the area in which we live. How do we address this language barrier? In some countries it is mandatory for students to learn a second language under a rigorous, very stringent curriculum. Why not make this a policy because our non-Spanish/non-bilingual students are at a disadvantage. There can be extra (free) lessons in Spanish and /on other foreign languages.

 4. School Culture	Does Not Meet My Expectations	Partially Meets My Expectations	Meets My Expectations	Exceeds My Expectations
Does the plan ensure a learning environment that promotes safe, supportive, college-going culture?		3	10	1
The description of a day in the life of a student portrays a dynamic school in which students will receive a high quality education?		2	10	1
Do the activities described (such as art, music, athletics, clubs, field trips, etc.) support the mission and vision of the school?	1	3	9	1

1) I would like for the parents who are involved with sports to show the same involvement with academics. We show our Dorsey pride at all football games- we need to start showing our Dorsey pride with instruction.
 2) I didn't see any mention of activities in the summary to support the mission and vision. We need more of the arts, music, and fieldtrips.
 3) I like the commitment to RtI.
 4) Lots of community collaborations.

 5. Parent Engagement and Involvement	Does Not Meet My Expectations	Partially Meets My Expectations	Meets My Expectations	Exceeds My Expectations
Does the plan present an approach to engage parents in strengthening their role as partners at home and at school?	2	4	3	4

1) Our parents just need to show up and be counted.
 2) Needs more emphasis on Spanish-speaking faculty to truly facilitate qualitative parent involvement. i.e. classroom observation
 3) The parents need to have a better understanding at the moment of interaction with the teachers or school staff.
 4) All parents should speak English-less emphasis on getting English people to learn Spanish.
 5) Need a stronger way to hold parents accountable.

<p>1) I believe that implementation is most important.</p> <p>2) I like the buy into contract of this plan.</p> <p>3) I think having all staff not just teachers sign a commitment to the plan will be a good start.</p> <p>4) Need more personnel would be able to communicate in spanish. Paretns need to be able to speak in English.</p> <p>5) All staff need to be evaluated by paretns.</p> <p>6) Like the idea of teacher preferences - teachers aettinga to instruct studetns in some of the teachers interests - build partnerships with studetns and</p>
