December 14, 2011

The Honorable Board of Education Los Angeles Unified School District 333 South Beaudry Avenue Los Angeles, California 90017

Dear Board Members:

The Comprehensive Annual Financial Report of the Los Angeles Unified School District (District), for the fiscal year ended June 30, 2011, is hereby submitted. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included. The report also includes a "State and Federal Compliance Information" section, which is designed to meet the reporting requirements of the Office of the California State Controller, the U.S. General Accounting Office, the U.S. Office of Management and Budget, and the Single Audit Act Amendments of 1996.

#### **Independent Audit**

EC §41020 provides that each school district shall arrange for an audit by certified public accountants of its books and accounts, including the District's income by source of funds and expenditures by object and program. The District's contract auditor for 2010-11 is Simpson & Simpson, CPAs. The independent auditor's report on the basic financial statements is presented in the Financial Section of this report on page 1.

#### Management Discussion and Analysis (MD&A)

The MD&A provides an objective and easily readable analysis of the District's financial activities on both a short- and long-term basis. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

#### **Profile of the Los Angeles Unified School District**

The District encompasses approximately 710 square miles in the western section of Los Angeles County. The District is located in and includes virtually all of the City of Los Angeles and all or significant portions of the cities of Bell, Carson, Commerce, Cudahy, Gardena, Hawthorne, Huntington Park, Lomita, Maywood, Rancho Palos Verdes, San Fernando, South Gate, Vernon, and West Hollywood, in addition to considerable unincorporated territories devoted to homes and industry. The District was formed in 1854 as the Common Schools for the City of Los Angeles and became a unified school district in 1960.

As of June 30, 2011, the District is operating 448 elementary schools, 83 middle/junior high schools, 81 senior high schools, 56 options schools, 15 multi level schools, 16 special education schools, 26 magnet schools and 145 magnet centers, 24 community adult schools, 5 regional occupational centers, 5 skills centers, 1 regional occupational program center, 102 early education centers, 4 infant centers, and 20 primary school centers. The District is governed by a seven-member Board of Education elected by district to serve alternating four-year terms. As of June 30, 2011, the District employed 43,702 certificated, 29,226 classified, and 20,992 unclassified employees. Enrollment as of October 2010 was 601,713 students in K-12 schools, 136,400 students in adult schools and centers, and 12,139 children in early education centers.

As a reporting entity, the District is accountable for all activities related to public education in most of the western section of Los Angeles County. This report includes all funds of the District with the exception of the fiscally independent charter schools, which are required to submit their own individual audited financial statements, and the Auxiliary Services Trust Fund, which is not significant in relation to District operations. The Auxiliary Services Trust Fund was established in 1935 to receive and disburse funds for insurance premiums on student body activities and property, "all city" athletic and musical events, grants restricted for student activities, and other miscellaneous activities.

#### **Economic Condition and Outlook**

Diminished revenues resulting from the sluggish California economy, along with declining enrollment and rising costs have continued to be a challenging fiscal reality for the District.

As of October 2011, California's unemployment rate is the second highest in the nation with Nevada ranking first at 13.4%. The table below shows slightly improving unemployment percentages for both the US and California from January through October 2011, but also accentuates how high California's unemployment rate is in relation to the rest of the country.

| Month (2011) | U.S. | California      |
|--------------|------|-----------------|
| January      | 9.0% | 12.4%           |
| February     | 8.9% | 12.1%           |
| March        | 8.8% | 12.0%           |
| April        | 9.0% | 11.8%           |
| May          | 9.1% | 11.7%           |
| June         | 9.2% | 11.8%           |
| July         | 9.1% | 12.0%           |
| August       | 9.1% | 12.1%           |
| September    | 9.1% | 11.9%           |
| October      | 9.0% | 11.7% (P)       |
| November     | 8.6% | (not available) |

P-Preliminary estimate

Source: Bureau of Labor Statistics – Labor Force Statistics from the Current Population Survey; Local Area Unemployment Statistics

Per the UCLA Anderson forecast in December 2011, California employment growth of 1.4% and 2.1% is expected in 2012 and 2013, respectively; and the unemployment rate will hover around 11.6% through 2012. On the national level, the economy will be sustained by modest increases in consumption and business investment along with the beginnings of a housing recovery in 2013.

On December 13, 2011 Governor Brown announced mid-year "trigger reduction" that were contingent upon actual revenue falling below estimated revenues. The reductions included a decrease of \$248 million to the Home to School Transportation program and \$79.6 million to Revenue Limit funding.

Before the mid-year reductions, the District was already facing reduced funding. Revenue limit sources, the largest source for unrestricted funding, is projected to be deficited by 19.754% for 2011-12, 2012-13, and 2013-14 after Cost of Living Adjustments (COLA) of 2.24% (zero % effective COLA), 3.20%, and 2.70%, respectively, have been applied. The District has taken a cautious approach in the event that funded COLAs do not materialize in the out-years.

In addition to State revenue reductions, the District is impacted by declining enrollment. For 2011-12, 2012-13, and 2013-14, the District has projected a 4.50%, 2.98%, and 2.49% enrollment declines. This is largely due to lower county birth rates, migration out of the District's boundaries, and increase in charter school enrollment. As a result, funded Average Daily Attendance, the basis for the majority of operating revenues, for 2011-12, 2012-13, and 2013-14 is expected to decline.

The District has assumed increased costs associated with opening new schools and step and column pay advances. In addition, the District assumes a Consumer Price Index of 3.1%, 2.7%, and 3.1% for fiscal years 2011-12, 2012-13, and 2013-14, respectively on non-salary related expenses. The exception is the expenditure for utilities which is projected to increase by 7% in each of these three fiscal years. Funding for health and welfare benefits is expected to increase annually.

The District continues to work to address these challenges and respond to the continuing uncertain economic situation.

#### **Superintendent's Strategic Plan**

The Los Angeles Unified School District has four interconnected strategies that will help us meet our goals and ensure all students are college-prepared and career-ready.

- 1. Using data to drive standards based instruction Use data to drive standards-based, effective instruction for all students, coupled with support and intervention, when students need extra assistance or accelerated learning.
- 2. Supporting All Employees We are accountable for our students' success. We will use data to personalize the supports that all of our employees need to serve our students, from professional development and training, to creating measurable performance goals.
- 3. Budgeting for Student Achievement We will make the District budget more transparent, align resources for greater impact and equity, and give schools the ability to target resources to meet their school specific needs, bringing funding and decision-making closer to schools and classrooms.
- 4. Creating and Supporting Quality Schools We will analyze multiple data points to differentiate the service and support we deliver to schools. In addition, we will capture and share best practices across all of our schools regardless of school models.

#### **Financial Information**

The District maintains internal accounting controls designed to provide reasonable assurance that assets are safeguarded against loss from unauthorized use and disposition and to provide reliable records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes the importance of a close evaluation of costs and benefits, which requires estimates and judgments by management. The objective is to establish effective internal controls, the cost of which

should not exceed the benefits derived therefrom. We believe that the District's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

School districts in California are required by Education Code Section 41010 to follow the California School Accounting Manual in preparing reports to the State. The District, in accordance with Board election on October 28, 2008, utilizes a single-adoption budget schedule that requires Final Budget adoption by the State-mandated July 1 deadline. The District is allowed to modify its adopted budget within 45 days of the passage of the State budget.

Education Code Section (EC§) 42600 mandates that a school district's expenditures may not legally exceed budgeted appropriations by major object classification, namely certificated salaries, classified salaries, employee benefits, books and supplies, services and other operating expenditures, capital outlay, other outgo, and other financing uses. EC §42600 further specifies that districts may not spend more than the amounts authorized in the Final Budget as adjusted during the fiscal year.

Encumbrance accounting is utilized to ensure effective budgetary control and accountability. Unencumbered appropriations lapse at year end and encumbrances outstanding at that time are reported as reservations or designations of fund balance for subsequent year expenditures.

#### **Financial Results**

In 2010-11, the Statement of Changes in Net Assets shows that the District's Net Assets increased \$239.1 million during the year. The Unrestricted Net Assets, which are negative, declined from (\$1,959.6 million) to (\$2,472.9 million). The negative Unrestricted Net Assets are largely the result of the District's retiree health benefit liability (OPEB liability). The liability reflected, which represents the previous year's liability increased by the current year's unfunded expense, is \$2,393.8 million, an increase of \$782 million from 2009-10. The latest actuarial report estimates the present value of the entire 30-year liability to be \$10.3 billion. Unless the District begins to fund or reduce its OPEB liability, the District's Total Liabilities will eventually exceed its Total Assets.

In 2010-11, the fund balance of the General Fund increased \$235.6 million from \$668.0 million to \$903.5 million. This increase was due to lower deficit factor, combined with the elimination of a one-time per ADA revenue limit reduction applied in prior year.

#### **Audit Results**

The District received an Unqualified financial audit, which means that there were no significant findings during the audit of the financial statements. For the federal compliance audit, 28 programs received an Unqualified audit and 3 programs were Qualified. The District received an Unqualified state compliance audit.

The District is pleased that the number of findings declined from 32 in 2009-10 to 26 in 2010-11. In addition, the amount of the questioned costs declined 58%, from \$2.0 million in 2009-10 to \$0.8 million in 2010-11. Even with these improvements, the District will continue to work with schools and offices to focus on resolving the remaining areas of internal control and compliance issues.

#### **Awards**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Los Angeles Unified School District for its comprehensive annual financial report for the fiscal year ended June 30, 2010. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently

organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

#### Acknowledgments

We wish to express our appreciation to the Division of Accounting and Disbursements team, the various District divisions who assisted in the preparation of this report, and acknowledge the effort of our independent auditors.

Respectfully submitted,

John E. Deasy Superintendent of Schools

Independent Auditor's Report

The Honorable Board of Education Los Angeles Unified School District

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the **Los Angeles Unified School District** (the District), as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the provisions of the *California Code of Regulations* (CCR), Title 5, Education, Section 19810 et seq. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Los Angeles Unified School District, as of June 30, 2011, and the respective changes in financial position, and where applicable, cash flows, thereof and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 1 to the financial statements, the Los Angeles Unified School District adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* for the year ended June 30, 2011.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2011, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's discussion and analysis on pages 3 to 13, and the required supplementary information on page 68 are not required parts of the basic financial statements but are supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements. The introductory section, the supplementary information section, the statistical section, and the state and federal compliance information section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements. The supplementary information section on pages 69 to 110, the schedule of expenditures of federal awards on pages 210 to 214, and the information on pages 189 to 204 and page 209 in the state and federal compliance information section have been subjected to the auditing procedures applied in the audit of the basic financial statements and in our opinion, are fairly stated in all material respects in relation to the basic financial statements as a whole. The information in the introductory and statistical sections, the information on pages 159 to 188 and pages 205 to 208 in the state and federal compliance information section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion on them.

Management's Discussion and Analysis
June 30, 2011

As management of the Los Angeles Unified School District, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2011. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-v of this report.

#### **Financial Highlights**

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year by \$4.5 billion (net assets). This amount is net of a \$2.5 billion deficit in unrestricted net assets resulting from the recognition of unfunded liabilities for other postemployment benefits (OPEB).
- The District's total net assets increased by \$239.1 million from prior year total, primarily due to higher revenues.
- As of the close of the 2011 fiscal year, the District's governmental funds reported combined ending fund balances of \$5.4 billion, a decrease of \$0.2 billion from June 30, 2010.
- At the end of the current fiscal year, committed, assigned and unassigned fund balances for the General Fund, including reserve for economic uncertainties, was \$626.7 million, or 10.2% of total General Fund expenditures.
- The District's total long-term obligations increased by \$443.6 million (2.8%) during the current fiscal year. The increase resulted primarily from additional net OPEB obligation.

#### **Overview of the Basic Financial Statements**

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements**. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Each of the government-wide financial statements relates to functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the District are all related to public education.

The government-wide financial statements can be found on pages 14-15 of this report.

Management's Discussion and Analysis
June 30, 2011

**Fund financial statements**. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 22 individual governmental funds, one less than last year after close-out of the Deferred Maintenance Fund at the end of the fiscal year. In the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances, separate columns are presented for General fund, District bonds fund, County school facilities bonds fund, Bond interest and redemption fund, and all other funds. Individual account data for all other nonmajor governmental funds are provided in the form of *combining statements* elsewhere in this report.

The District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with the budget.

The governmental fund financial statements can be found on pages 16 and 18 of this report.

**Proprietary funds**. The District maintains Internal Service Funds as the only type of proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses internal service funds to account for Health and Welfare Benefits, Workers' Compensation Self-Insurance, and Liability Self-Insurance. Because all of these services benefit governmental functions, they have been included within governmental activities in the government-wide financial statements.

It is the District's practice to record estimated claim liabilities at the present value of the claims, in conformity with the accrual basis of accounting, for all its internal service funds.

The proprietary fund financial statements can be found on pages 21-23 of this report.

*Fiduciary funds*. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statements can be found on page 24 of this report.

Management's Discussion and Analysis
June 30, 2011

**Notes to basic financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 25-67 of this report.

Combining and individual fund schedules and statements. Combining schedules and statements consisting of the budget to actual comparisons for district bonds fund, county school facilities bonds fund, and bond interest and redemption fund, the individual accounts within the nonmajor governmental funds, the internal service funds and the fiduciary funds are presented immediately following the required supplementary information. Combining and individual fund schedules and statements can be found on pages 69-99 of this report.

#### **Government-Wide Financial Analysis**

As noted earlier, net assets over time may serve as a useful indicator of a government's financial position. In the case of the District, assets exceeded liabilities by \$4.5 billion at the close of the most recent year.

By far the largest portion of the District's net assets (\$5.5 billion) reflects its investments in capital assets (e.g., land, buildings, and equipment), less any related debt used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the District's investments in its capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The District's restricted net assets (\$1.5 billion) represent resources that are subject to external restrictions on how they may be used. The remaining negative balance in unrestricted net assets (-\$2.5 billion) resulted from the recognition of \$3.2 billion of net OPEB obligation.

At the end of the 2011 fiscal year, the District is able to report positive balances in all categories of net assets except for unrestricted net assets.

The \$0.9 billion increase in capital assets primarily relates to the continuing school construction and modernization projects throughout the District.

Long-term liabilities increased by \$443.6 million primarily due to additional net OPEB obligation.

| Total Expenses  | 8,442,307       | 8,247,767     |
| Changes in Net Assets                                     | 239,082         | (497,812)     |
| Net assets – beginning                                    | 4,233,945       | 4,731,757     |
| Net assets – ending                                       | \$ 4,473,027 \$ | \$ 4,233,945  |

Management's Discussion and Analysis
June 30, 2011

The District's net assets increased by \$239.1 million in the current fiscal year. The major components of this increase are in capital grants and contributions (\$480.2 million) due to increased funding from the State bond funds, and in total general revenues (\$339.9 million). The increase in general revenues is due to higher property taxes levied for debt service, elimination of the one-time \$250 per ADA reduction applied in the prior fiscal year, lower deficit factor on revenue limit sources, and higher unemployment insurance revenue. The State reimbursement is offset by higher unemployment insurance contributions resulting from higher unemployment claims.

The following graph shows that operating grants and contributions and state aid are the main revenue sources of the District.

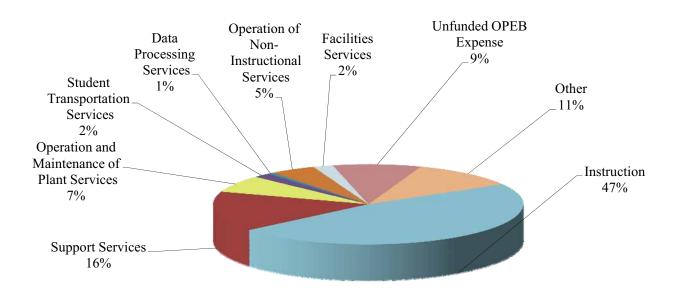

#### Revenues by Source Year ended June 30, 2011

Management's Discussion and Analysis
June 30, 2011

The following graph shows that instruction and support services are the main expenditures of the District.

#### Expenses Year ended June 30, 2011

#### Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to facilitate compliance with finance-related requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. Committed, assigned, and unassigned balances comprise the unrestricted fund balances and may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$5.4 billion, a decrease of \$0.2 billion in comparison with the prior year. Approximately 12.3% (\$0.7 billion) of this total combined ending fund balance constitutes unrestricted fund balance, which is available for spending at the District's discretion. The remaining 87.7% are either restricted or nonspendable and are not available for new spending: restricted balances (\$4.7 billion), nonspendable inventories (\$12.5 million), and nonspendable revolving cash (\$6.8 million).

The General Fund is the primary operating fund of the District. At the end of the 2011 fiscal year, the unrestricted fund balance of the General Fund was \$626.7 million, while the total fund balance is \$903.5 million. As a measure of the General Fund's liquidity, it may be useful to compare both the unrestricted fund balance and the total fund balance to the total fund expenditures. The unrestricted fund balance represents 10.2% of the total General Fund expenditures, while the total fund balance represents 14.8% of that same amount.

Management's Discussion and Analysis
June 30, 2011

The fund balance of the District's General Fund increased by \$235.6 million during the current fiscal year primarily from higher revenues. Revenue limit sources, federal revenues, and local revenues are all higher compared to last fiscal year. Other State revenues are also higher after eliminating the effects of a State-recommended change in accounting treatment for Adult Education apportionments.

Other changes in fund balances in the governmental funds are detailed as follows (in thousands):

|                                     |                   |  |                                    |                    | Other Govern    | mental Funds                 |              |

| Increase (decrease) in fund balance | \$ (672,275)      | \$ 210,925                             | \$ 93,798                          | \$ (107,482)       | \$ 9,495        | \$ (4,769)                   | \$ (102,756) |

The fund balance increased during the current year: for the County School Facilities Bonds, due to higher apportionments from the State bond proceeds, and for the Bond and Interest Redemption, primarily from higher property taxes levied to pay principal and interest on bond issues. The fund balance decreased for the District Bonds, due to spending for continuing school construction and renovation; for the Special Revenue, due to lower transfers of adult education apportionments from General Fund in accordance with State flexibility provisions and the transfer of all remaining balance in the Deferred Maintenance Fund to the General Fund; and for Other Capital Projects, primarily due to the use of developer fees towards debt service payments on certain Certificate of Participation issues.

*Proprietary funds*. The District's proprietary funds provide the same type of information found in the government-wide financial statements.

At the end of the year, the District's proprietary funds have unrestricted net assets of \$250.5 million. The net increase of \$90.8 million in the current year can be attributed to lower premiums and claims expense due to changes in health and medical plans.

#### **General Fund Budgetary Highlights**

The District closely monitors and reviews its revenue and expenditure data to ensure that a sufficient ending balance is maintained. This review occurs throughout the fiscal year, utilizing the State-mandated first and second interim financial reports, and at year end, utilizing the actual revenue and expenditure data.

Management's Discussion and Analysis
June 30, 2011

Final Budget vs. Original Budget

The District's *original budget* is based on assumptions from the State's May Revise Budget. The *final budget* adds all other known State budgetary changes and changes to the District's priority of program implementations and/or planned expenditures. Differences between the 2010-11 General Fund original budget (adopted by the Board of Education in June 2010) and the final budget as of June 30, 2011 resulted in an overall increase in the ending balance by \$71.4 million. Adjustments to the adopted budget were made to reflect additional revenues in categorical programs and a corresponding increase in related expenditures based on actual grant award notifications received. Technical adjustments were also made to increase revenues and related expenditures as a result of a change in accounting treatment to record special education revenue gross of fiscally independent charter schools' share and to record information technology project costs in the General Fund from resources provided by the capital projects funds. After eliminating the effects of these offsetting adjustments, the increase in ending balance is primarily from higher beginning balance by \$199.5 million realized after the books were closed, less additional expenditure appropriations, mostly in salaries.

Actual vs. Final Budget

The General Fund ending balance increased by \$475.2 million compared to the Final Budget, primarily due to under-expenditure in all objects of expenditure, but mainly in services and other operating expenditures (\$201.1 million) and other transfers out (\$97.7 million). The under-expenditure is due to budget reductions, furlough, and expenditure freeze implemented during the year, delay in information technology projects, and reduced support to the adult education program.

#### **Capital Assets and Debt Administration**

Capital assets. The District's investment in capital assets for its governmental activities as of June 30, 2011 amounts to \$14.6 billion (net of accumulated depreciation), a 6.5% increase from the prior year. The investment in capital assets includes sites, improvement of sites, buildings and improvements, equipment and construction in progress, net of any related accumulated depreciation.

Major capital asset events during the current fiscal year included the following:

- Continuing construction of additional school buildings as well as school modernization projects throughout the District. Construction in progress as of the close of the fiscal year was \$3.6 billion.
- Various building additions and modernizations were completed at a cost of \$1.1 billion.
- A total of 9 new schools were completed in the 2010-11 fiscal year.

Management's Discussion and Analysis
June 30, 2011

#### Capital Assets (net of accumulated depreciation)

As of June 30, 2011 and 2010 (in thousands):

|                            | Governmental Activities |            |    |            |  |  |
|----------------------------|-------------------------|------------|----|------------|--|--|
|                            | 2011                    |            |    | 2010       |  |  |

| Total                      | \$                      | 14,627,248 | \$ | 13,735,339 |  |  |

Additional information on the District's capital assets can be found in Note 7 on pages 42-43 of this report.

**Long-term obligations**. At the end of the current fiscal year, the District had total long-term obligations of \$16.2 billion. Of this amount, \$11.8 billion comprises debt to be repaid by voter-approved property taxes and not by the General Fund of the District.

#### **Outstanding Obligations**

Summary of long-term obligations is as follows (in thousands):

|   | Governmental Activities |            |    |            |  |
|---|-------------------------|------------|----|------------|--|
|   | 2011                    |            |    | 2010       |  |
| General Obligation Bonds                    | \$                      | 11,810,881 | \$ | 12,114,504 |  |
| Certificates of Participation (COPs)        |                         | 494,840    |    | 459,019    |  |
| Capital Lease Obligations                   |                         | 2,359      |    | 2,628      |  |
| Children's Center Facilities Revolving Loan |                         | 792        |    | 792        |  |
| California Energy Commission Loan           |                         | 217        |    | 439        |  |
| Liability for Employee Benefits             |                         | 202,032    |    | 224,884    |  |
| Self-insurance Claims                       |                         | 503,305    |    | 528,345    |  |
| Other Postemployment Benefits (OPEB)        |                         | 3,175,742  |    | 2,393,811  |  |
| Arbitrage Payable                           |                         | 5,470      |    | 12,445     |  |
| Legal Settlements                           |                         |            |    | 15,200     |  |
| Total                                       | \$                      | 16,195,638 | \$ | 15,752,067 |  |

The District's total long-term obligations increased by \$443.6 million (2.8%) during the current fiscal year. The key factor in this increase was the recognition of additional net OPEB obligation.

Management's Discussion and Analysis

June 30, 2011

#### **Long-Term Credit Ratings**

Moody's Investor Service ("Moody's") and Standard and Poor's ("S&P") currently rate the District's General Obligation Bonds and Certificates of Participation (COPs). The District requested withdrawal of all Fitch ratings in September 2009. The District's current underlying ratings on its general obligation bonds are "Aa2"and "AA-" from Moody's and S&P, respectively. The District's current underlying ratings on its nonabatable leases (COPs) are "Aa3" and "A+" from Moody's and S&P, respectively; for abatable leases (COPs), the underlying ratings are "A1" and "A+" from Moody's and S&P, respectively. The District purchased municipal bond insurance and/or reserve surety bond policies at the time of issuance for some of its COPs and bonds. Moody's, S&P and Fitch assigned insured ratings of "Aaa", "AAA" and "AAA", respectively, on said COPs and bonds at the time of issuance. Subsequent to February 1, 2008, the rating agencies downgraded the ratings of certain bond insurers, including all of those who had issued bond insurance policies and/or surety bonds on District issues.

State statutes limit the issuance of general obligation bond debt by a unified school district if the outstanding general obligation bonds are more than 2.5% of its total taxable property. The debt limitation for the District as of June 30, 2011 is \$11.6 billion, which is in excess of the District's outstanding general obligation bond debt after reflecting assets available in the Bond Interest and Redemption Fund for payment of principal.

Additional information on the District's long-term obligations can be found in Notes 10 and 11 on pages 53-62 of this report.

#### **Requests for Information**

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. This report is available on the District's website (www.lausd.net). Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Chief Financial Officer, Los Angeles Unified School District, P.O. Box 513307-1307, Los Angeles, California 90051-1307.

# Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Assets June 30, 2011 (in thousands)

| Total Fund Balances – Governmental Funds   | \$ | 5,425,660   |
|--|----|-------------|
| Amounts reported for governmental activities in the statement of net assets are different because:   |    |             |
| Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. The cost of the assets is \$18,534,172 and the accumulated depreciation is \$3,906,924.   |    | 14,627,248  |
| Property taxes receivable will be collected this year, but are not available soon enough to pay the current period's expenditures and therefore are deferred in the funds.   |    | 92,125      |
| An internal service fund is used by the District's management to charge the costs of health and welfare, workers' compensation and liability self-insurance premiums and claims to the individual funds. The assets and liabilities of the internal service funds are included in the governmental activities. |    | 250,466     |
| Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds.  | (  | 15,986,125) |
| Other assets – deferred charges are not reflected in the fund financials.  |    | 63,653      |
| Total Net Assets – Governmental Activities   | \$ | 4,473,027   |

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances to the Statement of Activities

For the Fiscal Year Ended June 30, 2011

(in thousands)

| Total Net Changes in Fund Balances – Governmental Funds  | \$ | (234,743) |
|--|----|-----------|
| Amounts reported for governmental activities in the statement of activities are different because:   |    |           |
| Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay (\$1,241,249) exceeds loss on disposal of capital assets (\$16) and depreciation (\$335,224) in the period.           |    | 906,009   |
| Some of the capital assets acquired this year were financed with capital leases. The amount financed is reported in the governmental funds as a source of financing. On the other hand, the proceeds are not revenues in the statement of activities, but rather, constitute long-term liabilities in the statement of net assets  |    | (1,043)   |
| Proceeds of new debt and repayment of debt principal are reported as other financing sources and uses in the governmental funds, but constitute additions and reductions to liabilities in the statement of net assets.  |    | 245,744   |
| Premiums, discounts, refunding charges and issuance costs are reported as other financing sources and uses in the governmental funds, but presented as liabilities or deferred charges, net of amortization in the statement of net assets.  |    | 1,151     |
| Because some property taxes will not be collected for several months after the District's fiscal year ends, they are not considered "available" revenues for this year.  |    | 5,323     |
| In the statement of activities, compensated absences and other retirement benefits are measured by the amounts the employees earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid).   |    | 23,570    |
| Interest on long-term debt in the statement of activities differs from the amount reported in the governmental fund because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of financial resources. In the statement of activities, however, interest expense is recognized as interest accrues, regardless of when it is due. |    | (23,824)  |
| Some expenses, including legal settlements and rebatable arbitrage, are recognized in the government wide statements as soon as the underlying event has occurred but not until due and payable in the governmental funds.   |    | 8,075     |
| OPEB expenditures are recorded in the governmental funds to the extent of amounts actually funded. In the statement of activities, however, the expense is recorded for the full amount of the accrual-basis annual OPEB cost.   |    | (781,931) |
| An internal service fund is used by the District's management to charge the costs of health and welfare, workers' compensation and liability self-insurance premiums and claims to the individual funds. The net revenue of the internal service fund is reported with governmental  |    | 00.751    |
| activities.  Changes in Net Assets of Covernmental Activities  | •  | 90,751    |
| Changes in Net Assets of Governmental Activities   | \$ | 239,082   |

Notes to Basic Financial Statements Year Ended June 30, 2011

## (1) Summary of Significant Accounting Policies

The Los Angeles Unified School District accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB).

The following summary of the more significant accounting policies of the District is provided to assist the reader in interpreting the basic financial statements presented in this section. These policies, as presented, should be viewed as an integral part of the accompanying basic financial statements.

## (a) Reporting Entity

The District is primarily responsible for all activities related to K-12 public education in most of the western section of Los Angeles County, State of California. The governing authority, as designated by the State Legislature, consists of seven elected officials who together constitute the Board of Education (Board). Those organizations, functions, and activities (component units) for which the Board has accountability comprise the District's reporting entity.

The District's Comprehensive Annual Financial Report includes all Funds of the District and its component units with the exception of the fiscally independent charter schools, which are required to submit audited financial statements individually to the State, and the Auxiliary Services Trust Fund, which is not significant in relation to District operations. This fund was established in 1935 to receive and disburse funds for insurance premiums on student body activities and property, "all city" athletic and musical events, and grants restricted for student-related activities. The District has certain oversight responsibilities for these operations but there is no financial interdependency between the financial activities of the District and the fiscally independent charter schools or the Auxiliary Services Trust Fund.

#### **Blended Component Units**

The District Finance Corporation and the District Administration Building Finance Corporation (the Corporations) were formed in 2000 and 2001, respectively, to finance properties leased by the District. The Corporations have a financial and operational relationship which meets the reporting entity definition criteria of GASB for inclusion of the Corporations as blended component units of the District. These Corporations are nonprofit public benefit corporations, and they were formed to provide financing assistance to the District for construction and acquisition of major capital facilities. The District currently occupies all completed Corporation facilities and, upon completion, intends to occupy all Corporation facilities under construction under lease purchase agreements. At the end of the lease terms, or pursuant to relevant transaction documents with the District, or upon dissolution of the Corporations, title to all Corporations property passes to the District.

Notes to Basic Financial Statements Year Ended June 30, 2011

## (b) Government-Wide and Fund Financial Statements

The District's basic financial statements consist of fund financial statements and government-wide statements which are intended to provide an overall viewpoint of the District's finances. The government-wide financial statements, which are the statement of net assets and the statement of activities, report information on all nonfiduciary District funds excluding the effect of interfund activities. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which are primarily supported by fees and service charges. The District does not conduct any business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements on pages 16 and 18. Nonmajor funds are aggregated in a single column.

## (c) Measurement Focus and Basis of Accounting

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. The same measurement focus and basis of accounting also apply to trust funds. The agency fund, however, reports only assets and liabilities and therefore has no measurement focus.

Government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when susceptible to accrual, i.e., both measurable and available to finance expenditures of the fiscal period. "Available" means collectible within the current period or soon enough thereafter to pay current liabilities. Application of the "susceptibility to accrual" criteria requires consideration of the materiality of the item in question and due regard for the practicality of accrual, as well as consistency in application.

Federal revenues and State apportionments and allowances are determined to be available and measurable when entitlement occurs or related eligible expenditures are incurred. Secured and unsecured property taxes related to debt service and community redevelopment purposes that are estimated to be collectible and receivable within 60 days of the current period are recorded as revenue. Investment income is accrued when earned. All other revenues are not considered susceptible to accrual.

Notes to Basic Financial Statements Year Ended June 30, 2011

Expenditures for the governmental funds are generally recognized when the related fund liability is incurred, except debt service expenditures and expenditures related to compensated absences which are recognized when payment is due.

#### (d) Financial Statement Presentation

The District's comprehensive annual financial report includes the following:

- Management's Discussion and Analysis is a narrative introduction and analytical overview
  of the District's financial activities as required by GASB Statement No. 34. This narrative
  overview is in a format similar to that in the private sector's corporate annual reports.
- Government-wide financial statements are prepared using full accrual accounting for all of the District's activities. Therefore, current assets and liabilities, capital and other long-term assets, and long-term liabilities are included in the financial statements.
- Statement of net assets displays the financial position of the District including all capital assets and related accumulated depreciation and long-term liabilities.
- Statement of activities focuses on the cost of functions and programs and the effect of these
  on the District's net assets. This financial report is also prepared using the full accrual basis
  and shows depreciation expense and unfunded OPEB expense.

## (e) Fund Accounting

The District's accounting system is organized and operated on the basis of funds. A fund is a separate accounting entity with a self-balancing set of accounts. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A description of the activities of the various funds is provided below:

#### **Major Governmental Funds**

The District has the following major governmental funds for the fiscal year 2010-11:

General Fund – The General Fund is used to account for all financial resources relating to educational activities and the general business operations of the District, including educational programs funded by other governmental agencies. The General Fund consists of unrestricted and restricted funds.

District Bonds Fund – This category represents the total of the following building accounts: Building Account – Bond Proceeds (BB Bonds), established to account for bond proceeds received as a result of the passage of Proposition BB; Building Account – Measure K, established to account for bond proceeds received as a result of the issuance of General Obligation Bonds (G.O. Bonds) authorized pursuant to ballot measure "Measure K"; Building Account – Measure R, established to account for bond proceeds received by the passage of Measure R; and Building Account – Measure Y, established to account for bond proceeds received by the passage of Measure Y.

Notes to Basic Financial Statements Year Ended June 30, 2011

County School Facilities Bonds Fund – This fund is established to account for apportionments received from the 1998 State School Facilities Fund (Proposition 1A), the 2002 State School Facilities Fund (Proposition 47), the 2004 State School Facilities Fund (Proposition 55), and the 2006 State School Facilities Fund (Proposition 1D).

Bond Interest and Redemption Fund – This Debt Service fund is used to account for the payment of principal and interest on the general obligation bond issues (Proposition BB, Measure K, Measure R, and Measure Y. Revenues are derived from ad valorem taxes levied upon all property subject to tax by the District.

## **Other Governmental Funds**

The District has the following nonmajor governmental funds:

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for the specific purpose (other than debt service or capital projects) of the individual funds. The District maintains the following Special Revenue Funds: Adult Education, Cafeteria, and Child Development. The Deferred Maintenance fund was closed out at the end of the fiscal year and all remaining balance was transferred to the General Fund since the District does not expect to continue to receive revenue sources restricted or committed to the purposes of the fund.

Debt Service Funds – Debt Service Funds are used to account for all financial resources that are restricted, committed, or assigned to expenditures for the repayment of general long-term debt principal and interest. The District maintains the following nonmajor Debt Service Funds: Tax Override and Capital Services. The Bond Interest and Redemption Fund is reported separately as a major fund in fiscal year 2010-11.

Capital Projects Funds – Capital Projects Funds are used to account for all financial resources that are restricted, committed, or assigned to expenditures for the acquisition or construction of major capital facilities and equipment other than those financed by the General and Special Revenue Funds. The District maintains the following nonmajor Capital Projects Funds: Building, State School Building Lease-Purchase, Special Reserve, Special Reserve – FEMA-Earthquake, Special Reserve – FEMA-Hazard Mitigation, Special Reserve – Community Redevelopment Agency, and Capital Facilities Account. The District Bonds Fund (BB Bonds, Measure K, Measure R, and Measure Y) and the County School Facilities Bonds Fund (Prop 1A, Prop 47, Prop 55, and Prop 1D) are reported separately as a major fund in fiscal year 2010-11.

## **Proprietary Funds**

The District has the following Proprietary Funds:

Internal Service Funds – Internal Service Funds are used to account for all financial resources intended to provide self-insurance services to other operating funds of the District on a cost-reimbursement basis. The District maintains the following Internal Service Funds: Health and Welfare Benefits, Workers' Compensation Self-Insurance, and Liability Self-Insurance. The Health

Notes to Basic Financial Statements Year Ended June 30, 2011

and Welfare Benefits Fund was established to pay for claims, administrative costs, insurance premiums, and related expenditures; the Workers' Compensation Self-Insurance Fund and the Liability Self-Insurance Fund were established to pay for claims, excess insurance coverage, administrative costs, and related expenditures.

Under the full accrual basis of accounting that is generally accepted for Internal Service Funds, total estimated liabilities for self-insurance are recorded based on estimated claims liabilities, including the estimated liability for incurred but not reported claims. For the Workers' Compensation and Liability Self-Insurance Funds, the estimates are determined by applying an appropriate discount rate to estimated future claim payments. No discount is applied to estimated Health and Welfare Benefits Fund claims because they are generally paid within a short period of time after the claims are filed.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's internal service funds are charges to other operating funds for self-insurance services. Operating expenses include the cost of services including insurance premiums, claims, and administrative costs. All revenues and expenses not meeting this definition are nonoperating revenues and expenses.

#### **Fiduciary Funds**

The District has the following Fiduciary Funds:

Agency Funds – Agency Funds are used to report resources held by the reporting government in a purely custodial capacity. Accordingly, all assets reported are offset by a liability to the party on whose behalf they are held. Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations or other governments. The District maintains the following agency funds:

Attendance Incentive Reserve Fund – The Attendance Incentive Reserve Fund is used to account for 50% of funds from salary savings as a result of reduced costs of absenteeism of the United Teachers of Los Angeles (UTLA) represented employees.

Student Body Fund – The Student Body Fund is used to account for cash held by the District on behalf of student bodies at various school sites.

## (f) Budgetary Control and Encumbrances

School districts in California are required by Education Code Section 41010 to follow the California School Accounting Manual in preparing reports to the State. The District utilizes a single-adoption budget schedule that requires Final Budget adoption by the State-mandated July 1 deadline. The District is allowed to modify its adopted budget within 45 days of the passage of the State budget. In addition, the District revises the budget during the year to give consideration to unanticipated revenues and expenditures (see Note 4 – Budgetary Appropriation Amendments).

Notes to Basic Financial Statements Year Ended June 30, 2011

In accordance with the District's Board policy, management has the authority to make routine transfers of budget appropriations among major categories within a fund. Routine budget transfers are summarized and periodically reported to the Board for ratification. Nonroutine transfers may not be processed without prior Board approval.

During the year, several supplementary appropriations were necessary. The original and final revised budgets are presented in the financial statements. Budgets for all governmental fund types are adopted on a basis consistent with generally accepted accounting principles. Budgets are adopted for the General, Special Revenue, Debt Service, Capital Projects, and Internal Service Funds.

Formal budgetary integration is employed as a management control device during the year for all budgeted funds. The District employs budgetary control by minor (sub) object and by individual program accounts. Expenditures may not legally exceed budgeted appropriations by major object level as follows: Certificated Salaries, Classified Salaries, Employee Benefits, Books and Supplies, Services and Other Operating Expenditures, Capital Outlay, Other Outgo, and Other Financing Uses.

The District utilizes an encumbrance system for all budgeted funds, except Proprietary and Fiduciary Funds, to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid or liabilities are incurred. All encumbrances expire at June 30. Appropriation authority lapses at the end of the fiscal year.

## (g) Cash and Investments

Cash includes amounts in demand deposits with the Los Angeles County Treasury and various financial institutions, imprest funds in schools and offices, and cafeteria change funds. The District maintains some cash deposits with various banking institutions for collection clearing, check clearing, or revolving fund purposes. The District also maintains deposit accounts held by various trustees for the acquisition or construction of capital assets, for the repayment of long-term debt, and for the repayment of tax and revenue anticipation notes.

In accordance with State Education Code Section 41001, the District deposits virtually all of its cash with the Treasurer of the County of Los Angeles. The District's deposits, along with funds from other local agencies such as the county government, other school districts, and special districts, make up a pool, which the County Treasurer manages for investment purposes. Earnings from the pooled investments are allocated to participating funds based on average investment in the pool during the allocation period.

All District-directed investments are governed by Government Code Section 53601 and Treasury investment guidelines. The guidelines limit specific investments to government securities, domestic chartered financial securities, domestic corporate issues, and California municipal securities. The District's securities portfolio is held by the County Treasurer. Interest earned on investments is recorded as revenue of the fund from which the investment was made. All District's investments are stated at fair value based on quoted market prices.

Notes to Basic Financial Statements Year Ended June 30, 2011

## (h) Short-term Interfund Receivables/Payables

Occasionally, a fund will not have sufficient cash to meet its financial obligations, and a cash transfer will be required to enable that fund to pay its outstanding invoices and other obligations. These temporary borrowings between funds are classified as "due from other funds" or "due to other funds" on the governmental funds balance sheet. Interfund balances within governmental activities are eliminated on the government-wide statement of net assets.

#### (i) Inventories

Inventories consist of expendable materials and supplies held for consumption, which are valued at cost, using the average-cost method. Except for food and cafeteria supplies, which are expended when received, inventories are recorded as expenditures when shipped to schools and offices. Balances of inventory accounts are offset by corresponding reservations of fund balance, which indicate that these amounts are not available for appropriation and expenditure.

## (j) Capital Assets

Capital assets, which include sites, improvement of sites, buildings and improvements, equipment, and construction in progress, are reported in the government-wide financial statements. Such assets are valued at historical cost or estimated historical cost unless obtained by annexation or donation, in which case they are recorded at estimated market value at the date of receipt. The District utilizes a capitalization threshold of \$25,000.

Projects under construction are recorded at cost as construction in progress and transferred to the appropriate asset account when substantially complete. Costs of major improvements and rehabilitation of buildings are capitalized. Repair and maintenance costs are charged to expense when incurred. Equipment disposed of, or no longer required for its existing use, is removed from the records at actual or estimated historical cost, net of accumulated depreciation.

Notes to Basic Financial Statements Year Ended June 30, 2011

All capital assets, except land and construction in progress, are depreciated using the straight-line method over the following estimated useful lives:

| Assets                        | Years |
|-------------------------------|-------|
| Improvement of sites          | 20    |
| Buildings                     | 50    |
| Portable buildings            | 20    |
| Building improvements         | 20    |
| Furniture and fixtures        | 20    |
| Playground equipment          | 20    |
| Food services equipment       | 15    |
| Transportation equipment      | 15    |
| Telephone system              | 10    |
| Reprographics equipment       | 10    |
| Broadcasting equipment        | 10    |
| Vehicles                      | 8     |
| Computer system and equipment | 5     |
| Office equipment              | 5     |

## (k) Contracts Payable

Contracts payable includes only the portion applicable to work completed and unpaid as of June 30, 2011.

#### (1) Compensated Absences

All vacation leaves are accrued in the government-wide statements when they are incurred. A liability is reported in the governmental funds only for vested or accumulated vacation leave of employees who have separated from the District as of June 30 and whose vacation benefits are payable within 60 days from the end of the fiscal year. The District, as a practice, does not accrue a liability for unused sick leave since accumulated sick leave is not a vested benefit. Employees who retire after January 1, 1999 who are members of the Public Employees' Retirement System (PERS) may use accumulated sick leave to increase their service years in the calculation of retirement benefits.

In 1995, pursuant to the District/UTLA Agreement (Article XIV, Section 1.2), the District agreed to compensate eligible employees for furlough days taken during the 1992-93 fiscal year to be paid in a lump-sum bonus upon retirement. The amount of bonus corresponds to the percentage that the employee's compensation was reduced in the 1992-93 school year based on the employee's salary band for that year.

Liability is accrued in the government-wide statements for all unpaid balances. A liability is reported in the governmental funds only for employees who have separated from the District as of June 30.

Notes to Basic Financial Statements Year Ended June 30, 2011

## (m) Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net assets. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective-interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt using straight-line method. Gains and losses on refunding related to bonds redeemed by proceeds from the issuance of new bonds are amortized to debt expense using the effective-interest method over the shorter of the life of the new bonds or the remaining term of the bonds refunded.

In the fund financial statements, debt issuances including any related premiums or discounts as well as bond issuance costs are recognized during the current period. The face amount of debt issued is reported as other financing sources. Premiums on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

## (n) Revenue Limit Sources/Property Taxes

The revenue limit is the basic financial support for District activities. The District's revenue limit is received from a combination of local property taxes and state apportionments. For the fiscal year 2010-11, the District received local property taxes amounting to \$909.5 million and State aid amounting to \$2,146.9 million.

The county is responsible for assessing, collecting, and apportioning property taxes. Taxes are levied for each fiscal year on taxable real and personal property in the county. The levy is based on the assessed values as of the preceding March 1, which is also the lien date. Property taxes on the secured roll are due on November 1 and February 1, and taxes become delinquent after December 10 and April 10, respectively. Property taxes on the unsecured roll are due on the lien date (March 1), and become delinquent if unpaid by August 31.

Secured property taxes are recorded as revenue when apportioned, in the fiscal year of the levy. The county apportions secured property tax revenue in accordance with the alternate method of distributions prescribed by Section 4705 of the California Revenue and Taxation Code. This alternate method provides for crediting each applicable fund with its total secured taxes upon completion of the secured tax roll, approximately on October 1 of each year. The County Auditor reports the amount of the District's allocated property tax revenue to the California Department of Education. Property taxes are recorded as local revenue limit sources by the District.

The California Department of Education reduces the District's entitlement by the District's local property tax revenue. The balance is paid from the State General Fund, and is known as the State Apportionment. As a result, a receivable has not been recorded for the related property taxes in the General Fund as any receivable is offset by a payable on the state apportionment.

Notes to Basic Financial Statements Year Ended June 30, 2011

The District's base revenue limit is the amount of general purpose revenue, per average daily attendance (ADA), that the District is entitled to by law. This amount is multiplied by the second period ADA to derive the District's total entitlement.

## (o) New Accounting Pronouncement

Effective for the year ended June 30, 2011, the District adopted the provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. The adoption resulted in changes to the categories and terminology used to describe the components of ending balance as presented in the Governmental Funds balance sheet. In addition, as a result of clarification in definitions of certain governmental funds, \$18.5 million of remaining balance in the Deferred Maintenance Fund was closed out at the end of the fiscal year and transferred to General Fund. The Deferred Maintenance Fund no longer meets the definition of special revenue fund as the new standard specifies that there must be committed or restricted revenue source that is expected to continue for the purposes of the fund to justify its continued use.

## (p) Restatement

In February 2009, an agreement was entered into between the District and its bargaining units that changed required contributions to the Health and Welfare Fund. Under the agreement, the amount of contribution is no longer based on the fund's actual expenses but rather, on a flat rate per participant. With the change, the Health & Welfare Fund should have assumed responsibility for the opt-out costs paid to employees who elected to be compensated for not enrolling in a medical plan; however General Fund continued to pay for these costs. An adjustment was made to correct the error, as a result of which, the fund balance in General Fund and net assets in the Health and Welfare Fund, as of June 30, 2010 have been restated as follows (in thousands):

|   | Ger | neral Fund       | fare Fund               |
|---|-----|------------------|-------------------------|
| Fund Balance/Net Assets at June 30, 2010, as previously reported Expenditures for Opt-Out Costs | \$  | 662,907<br>5,059 | \$<br>96,189<br>(5,059) |
| Fund Balance/Net Assets at June 30, 2010, as restated   | \$  | 667,966          | \$<br>91,130            |

In the past, the District reported the Attendance Incentive Reserve Fund as a pension trust fund. Because the assets of the fund are not held in a formal trust agreement, an adjustment was made to report it as an agency fund, in conformity with generally accepted accounting principles. As a result of the adjustment, the net assets as of June 30, 2010 have been restated as follows (in thousands):

| Net Assets at June 30, 2010, as previously reported | \$ | 399   |
|---|----|-------|
| Transfer Investment Income to Other Payables        | 1  | (399) |
| Net Assets at June 30, 2010, as restated            | \$ |       |

Notes to Basic Financial Statements Year Ended June 30, 2011

## (q) Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses in the accompanying basic financial statements. Actual results may differ from those estimates.

## (2) Tax and Revenue Anticipation Notes

Tax and Revenue Anticipation Notes (TRANs) are short-term debt instruments used to finance temporary cash flow deficits in anticipation of receiving taxes and other revenues. On August 13, 2009, the District issued \$750.0 million of 2009-10 Tax and Revenue Anticipation Notes (TRANs) with an overall weighted true interest cost of 1.62% and total premium of \$9.8 million. These notes were retired on their due date of August 12, 2010.

On July 1, 2010, the District issued a total of \$540.0 million of 2010-11 TRANs with an overall weighted true interest cost of 0.67% and total premium of \$6.8 million. The principal and interest on the notes were retired on their due date of June 30, 2011.

## (3) Reconciliation of Government-Wide And Fund Financial Statements

(a) Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Assets

The accompanying governmental fund balance sheet includes reconciliation between *total fund balances* – *governmental funds* and *net assets* – *governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds." The details of the \$15,986,125 difference are as follows (in thousands):

| Bonds payable and related accrued interest     | \$ (11,810,881) |
|--|-----------------|
| Certificates of participation (COPs)           | (494,840)       |
| Capital lease obligations                      | (2,359)         |
| Children center facilities revolving loan      | (792)           |
| California energy commission loan              | (217)           |
| Liability for compensated absences             | (68,902)        |
| Retirement bonus                               | (91,032)        |
| Early retirement incentive                     | (37,989)        |
| Other Post Employment Benefits (OPEB)          | (3,175,742)     |
| Arbitrage payable                              | (5,470)         |
| Accrued interest                               | (297,901)       |
| Net adjustment to reduce total fund balances – |                 |
| governmental funds to arrive at net assets –   |                 |
| governmental activities                        | \$ (15,986,125) |

Notes to Basic Financial Statements Year Ended June 30, 2011

# (b) Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and the Government-Wide Statement of Activities

The governmental fund statement of revenues, expenditures and changes in fund balances includes a reconciliation between *total net changes in fund balances* – *governmental funds* and *changes in net assets of governmental activities* as reported in the accompanying government-wide statement of activities. One element of that reconciliation explains that "Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense." The details of this \$906,009 difference are as follows (in thousands):

| Capital related expenditures                    | \$<br>1,241,249 |
|---|-----------------|
| Depreciation expense                            | (335,224)       |
| Loss on disposal of capital assets              | <br>(16)        |
| Net adjustment to increase net changes in total |                 |
| fund balances – governmental funds to arrive at |                 |
| changes in net assets – governmental activities | \$<br>906,009   |

Another element of that reconciliation states that "Proceeds of new debt and repayment of debt principal are reported as other financing sources and uses in the governmental funds, but constitute additions and reductions to liabilities in the statement of net assets." The details of this \$245,744 difference are as follows (in thousands):

| Debt issued or incurred:                        |                |
|---|----------------|
| Certificates of participation                   | \$<br>(83,345) |
| Principal repayments:                           |                |
| General obligation bonds                        | 278,180        |
| Certificates of participation                   | 23,608         |
| Refunding COPs                                  | 25,767         |
| Capital leases                                  | 1,312          |
| California Energy Commission loan               | 222            |
| Net adjustment to increase net changes in total |                |
| fund balances – governmental funds to arrive at |                |
| changes in net assets – governmental activities | \$<br>245,744  |

## (4) Budgetary Appropriation Amendments

During the fiscal year, modifications were necessary to increase appropriations for expenditures and other financing uses for the General Fund by \$360.8 million. The additional expenditure appropriations were funded from higher beginning fund balance and higher other financing sources from interfund transfers in.

Notes to Basic Financial Statements Year Ended June 30, 2011

## (5) Cash and Investments

Cash and investments as of June 30, 2011 are classified in the accompanying basic financial statements as follows (in thousands):

| Statement of net assets:  |                 |
|---|-----------------|
| Cash and investments  | \$<br>5,791,401 |
| Cash and investments held by trustee  | <br>137,066     |
| Subtotal  | 5,928,467       |
| Fiduciary funds:  |                 |
| Cash and investments  | <br>40,252      |
| Total cash and investments  | \$<br>5,968,719 |
| Cash and investments as of June 30, 2011 consist of the following (in thousands): |                 |
| Cash on hand (cafeteria change funds)   | \$<br>6         |
| Deposits with financial institutions and LA County Pool (a)                       | 5,945,878       |
| Investments (b)   | <br>22,835      |
| Total cash and investments  | \$<br>5,968,719 |
|   |                 |

(a) Deposits with financial institutions include cash in the Los Angeles County Pooled Surplus Investment Fund (\$5,778,610), cash held by fiscal agents or trustees (\$137,066), and cash deposited with various other financial institutions, including imprest funds in schools and offices (\$30,202).

School districts are required by Education Code Section 41001 to deposit their funds with the county treasury. Cash in county treasury refers to the fair value of the District's share of the Los Angeles County (County) Pooled Surplus Investment (PSI) Fund.

(b) Sinking funds invested by trustees of COPs (\$22,835).

Except for investments by trustees of COPs proceeds, the authority to invest District funds deposited with the county treasury is delegated to the County Treasurer and Tax Collector. Additional information about the investment policy of the County Treasurer and Tax Collector may be obtained from the web site at http://ttax.co.la.ca.us/. The table below identifies some of the investment types permitted in the investment policy:

Notes to Basic Financial Statements Year Ended June 30, 2011

Debt proceeds held by trustees are governed by provisions of debt agreements. The table below identifies the investment types that are authorized for such funds:

|    | Authorized Investment Type  | Maximum<br>Maturity | Maximum Total Par Value | Maximum Par Value<br>per Issuer |
|----|---|---------------------|-------------------------|---------------------------------|
| A. | Obligations of the U.S. government, its agencies and instrumentalities.                           | None                | None                    | None                            |
| B. | Commercial Paper (CP) rated "A-1" (S&P) and "P-1" (Moody's)                                       | 270 days            | None                    | None                            |
| C. | Investment agreements, the provider of which is rated at one of the two highest rating categories | None                | None                    | None                            |
| D. | Money market funds  | None                | None                    | None                            |

Interest-rate risk is the risk involved with fluctuations of interest rates that may adversely affect the fair value of the investments. The County's investment guidelines target the weighted average maturity of its portfolio to less than 18 months. As of June 30, 2011, 61.89% of district funds in the County PSI Fund does not exceed one year. In addition, variable-rate notes that comprised 1.3% of the County PSI Fund and other investments portfolio are tied to periodic coupon resets eliminating interest-rate risk by repricing back to par value at each reset date.

Credit risk means the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment, as measured by assignment of a rating by a nationally recognized statistical rating organization. This County's investment guidelines establish minimum acceptable credit ratings issued by any two nationally recognized statistical rating organizations. For a short term debt issuer, the rating must be no less than A-1 from Standard & Poor's or P1 from Moody's, while for a long-term debt issuer, the rating must be no less than A from Standard & Poor's or P from Moody's. The County PSI Fund is not rated.

Concentration of credit risk means the risk of loss attributed to the magnitude of an investment in a single issuer. For District funds in the County pool, the County's investment policy states that no more than 5% of total market value of the pooled funds may be invested in securities of any one issuer, except for obligations of the United States government, and its agencies and instrumentalities. In addition, no more than 10% may be invested in one money market mutual fund. As of June 30, 2011, the County did not exceed these limitations.

Custodial credit risk for deposits is the risk that in the event of failure of a depository financial institution, the District will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. Cash in the county treasury is not exposed to custodial credit risk since all county deposits are either covered by federal depository insurance or collateralized with securities held by the County. Deposits other than those with the County are also covered by federal depository insurance or collateralized at the rate of 110% of the deposits, although the collateral may not be held specifically in the District's name.

## (8) Retirement, Termination and Other Postemployment Benefit Plans

The District provides a number of benefits to its employees including, retirement, termination, and postemployment health care benefits.

#### Retirement Plans

Qualified District employees are covered under either multiple-employer defined benefit retirement plans maintained by agencies of the State of California, or a multiple-employer defined contribution retirement benefit plan administered under a Trust. The retirement plans maintained by the State are 1) the California Public Employees' Retirement System (CalPERS), 2) the State Teachers' Retirement System (STRS), and 3) the Public Agency Retirement (PARS) which is administered under a Trust. In general, certificated employees are members of STRS and classified employees are members of CalPERS. Part-time, seasonal, temporary and other employees who are not members of CalPERS or STRS are members of PARS.

#### (a) California Public Employees' Retirement System (CalPERS)

## **Plan Description**

The District contributes to a cost-sharing multiple-employer plan for Miscellaneous, and an agent multiple-employer plan for Safety, to the Public Employees' Retirement Fund (PERF), defined benefit pension plans administered by CalPERS. The plans provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the Public Employees' Retirement Law. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Fiscal Services Division, P.O. Box 942703, Sacramento, CA 94229-2703, or by calling (888) CalPERS (225-7377).

Notes to Basic Financial Statements Year Ended June 30, 2011

## **Funding Policy**

Active plan members are required to contribute 7% (miscellaneous) or 9% (safety) of their monthly salary and the District is required to contribute based on an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rates for fiscal year 2010-11 were 10.707% for miscellaneous and 29.049% for safety members. The District paid the employee's contribution of 9% for most of the safety members, and certain percentages for employees covered under other collective bargaining units. The contribution requirements of the plan members are established by state statute. The following table shows employer and employee contributions for all members for the fiscal years ended June 30, 2011, 2010, and 2009.

## Schedule of Employer Contributions:

|  | 20                   | 011                      | 2010<br>Safety and       | 2009<br>Safety and       |  |  |

| Employee contributions: Paid by Employees Paid by District | 379,601<br>1,940,174 | 52,040,481<br>18,025,840 | 53,932,089<br>23,040,331 | 56,282,794<br>25,176,871 |  |  |
| Total employee contributions                               | 2,319,775            | 70,066,321               | 76,972,420               | 81,459,665               |  |  |
| Total CalPERS contributions                                | \$ 5,530,765         | \$ 189,498,262           | \$ 209,913,458           | \$ 219,906,530           |  |  |
| Percentage of required contributions made                  | 100%                 | 100%                     | 100%                     | 100%                     |  |  |

The District's contributions for all members for the fiscal years ended June 30, 2011, 2010, and 2009 were in accordance with the required contribution rates calculated by the CalPERS actuary for each year. Therefore, annual pension costs for these years were equal to the annual required contributions. There was no net pension obligation for the years ended June 30, 2011, 2010, and 2009.

Notes to Basic Financial Statements Year Ended June 30, 2011

A summary of principal assumptions and methods used to determine the ARC for the Safety plan is shown below:

Valuation Date June 30, 2008

Actuarial Cost Method Entry Age Normal Cost Method

Amortization Method Level Percent of Payroll

Average Remaining Period 32 Years as of the Valuation Date

Asset Valuation Method 15 Year Smoothed Market

Actuarial Assumptions

Investment Rate Return 7.75 % (net of administrative expenses)

Projected Salary Increases 3.25% to 13.15% depending on Age, Service, and type of employment

Inflation 3.00% Payroll Growth 3.25%

Individual Salary Growth A merit scale varying by duration of employment coupled with

an assumed annual inflation growth of 3.00 % and an annual production

growth of 0.25%

Initial unfunded liabilities are amortized over a closed period that depends on the plan's date of entry into CalPERS. Subsequent plan amendments are amortized as a level percentage of pay over a closed 20-year period. Gains and losses that occur in the operation of the plan are amortized over a 30 year rolling period, which results in an amortization of about 6% of unamortized gains and losses each year. If the plan's accrued liability exceeds the actuarial value of plan assets, then the amortization payment on the total unfunded liability may not be lower than the payment calculated over a 30 year amortization period.

#### **Schedule of Funding Progress – Safety**

As of June 30, 2010, the most recent actuarial valuation date, the actuarial value of plan assets was \$201,793,549 and the actuarial accrued liability for benefits was \$249,235,744. The unfunded actuarial liability was \$47,442,195. The actuarial value of assets as a percentage of the actuarial accrued liability was 81.0% (funded ratio). The covered payroll (annual payroll of active employees covered by the plan) was \$23,550,230, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 201.5%.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

The Schedule of Funding Progress presented as Required Supplementary Information on page 68 following the Notes to the Basic Financial Statements, presents multiyear trend information about whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial liability of the benefits.

Notes to Basic Financial Statements Year Ended June 30, 2011

## (b) California State Teachers' Retirement System (STRS)

## **Plan Description**

The District contributes to the STRS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan and a tax-deferred supplemental program established and administered by the State Teachers' Retirement Law (Section 22000 et seq.) of the California Education Code. The Teachers' Retirement Fund (TRF) is a defined benefit pension plan under the STRS. At June 30, 2010, there were 1,604 contributing employers (charter schools, school districts, community college districts, county offices of education and regional occupational programs). The State of California is a nonemployer contributor to the TRF.

The Plan provides defined retirement benefits based on members' final compensation, age, and years of credited service. In addition, the retirement program provides benefits to members upon disability and to survivors upon the death of eligible members. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. STRS issues a separate comprehensive annual financial report that includes a ten-year trend information showing the progress in accumulating sufficient assets to pay benefits when due. Copies of the STRS annual financial report may be obtained from California State Teachers' Retirement System, P.O. Box 15275, Sacramento, CA 95851-0275.

## **Funding Policy**

Active plan members are required to contribute 8% of their salary (6% to the Defined Benefit (DB) Program and 2% to the Defined Benefit Supplement (DBS) Program). The District is required to contribute based on an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the STRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2010-11 was 8.25% of annual payroll. The contribution requirements of the plan members are established by State statute. Required contributions to STRS for fiscal years ended June 30, 2011, 2010, and 2009 are as follows:

|   | applicable<br>member<br>earnings | 2011          | 2010          | 2009           |
|---|----------------------------------|---------------|---------------|----------------|
| District contributions Employee contributions (including adjustments) | 8.25%                            | \$236,729,522 | \$233,091,634 | \$270,178,492  |
|   | 8.00%                            | 233,207,320   | 239,430,919   | 278,131,825    |
| Total STRS contributions  | 16.25%                           | \$469,936,842 | \$472,522,553 | \$ 548,310,317 |
| Percentage of required contributions made                             |                                  | 100%          | 100%          | 100%           |

Percentage of

Notes to Basic Financial Statements Year Ended June 30, 2011

The District's contributions for all members for the fiscal years ended June 30, 2011, 2010, and 2009 were in accordance with the required contribution rates calculated by the STRS actuary for each year.

Beginning July 1, 2003, the State's contribution to the system is 2.017% of the previous calendar year's teachers' payroll. Subsequent to achieving a fully funded System, the State expects to contribute only the amount necessary to help fund the normal cost of the current benefit program unless a subsequent unfunded obligation occurs.

## (c) Public Agency Retirement System (PARS)

## **Plan Description**

The Omnibus Budget Reconciliation Act of 1990 requires state and local public agencies to provide a retirement plan for all employees not covered under existing employer pension plans and/or Social Security. These employees are primarily part-time, seasonal, and temporary employees (PSTs). This Act also requires that contributions for PSTs be vested immediately and permits any split of the minimum contributions between employee and employer.

On July 1, 1992, the District joined the PARS, a multiple-employer retirement trust established by a coalition of public employers. The plan covers the District's part-time, seasonal, temporary, and other employees not covered under CalPERS or STRS, but whose salaries would otherwise be subject to Social Security tax. Benefit provisions and other requirements are established by District management based on agreements with various bargaining units. PARS is a defined contribution qualified retirement plan under Section 401 (a) of the Internal Revenue Code.

# **Funding Policy**

The minimum total contribution is 7.5% of employees' salaries, of which the District and the employees contribute 3.75% each. The District paid the employee's contribution for certain collective bargaining units. Employees are vested 100% in both employer and employee contributions from the date of membership. When separated from employment, all employees can choose to receive their funds in lump sum or leave it on deposit until the mandatory age of  $70 \frac{1}{2}$  when they must get a distribution.

District employees covered under PARS total 51,539 as of June 30, 2011. District and employee contributions to the plan for the last three fiscal years are as follows: 2010-11 - \$10,486,286, 2009-10-\$11,476,230, and 2008-09-\$10,191,238.

The District's contributions for all members for the fiscal years ended June 30, 2011, 2010, and 2009 were in accordance with the required contributions.

Notes to Basic Financial Statements Year Ended June 30, 2011

## **Termination Benefits**

To lessen the impact of anticipated reductions in work force, the District offered early retirement incentive programs in fiscal years 2008-09, 2009-10, and 2010-11 to certificated and classified employees. The retirement incentive was equal to 40% of basic salary in effect on February 24, 2009 for certificated employees, May 1, 2009 for school-based classified employees, and September 8, 2009 for central office classified employees. The basic benefit is paid in the form of an annuity with lifetime monthly payment options or fixed term monthly payments ranging from 5 to 15 years. It was purchased from Pacific Life Insurance Company and is administered by the Public Agency Retirement System (PARS). The benefits are to be funded in five (5) annual District contributions starting in 2009-10. After discounting the expected future payments to their present value, the total cost of this early retirement incentive is \$63.6 million.

The District also purchased 2 years of additional service credits for certain organizational unit or division identified employees covered by the California Public Employees' Retirement System (CalPERS). The cost of this incentive is estimated at \$3.6 million.

## Postemployment Benefits - Health and Welfare for Retirees

## **Plan Description**

The District administers a single-employer defined benefit healthcare plan. The plan provides other post-employment (health care) benefits, in accordance with collective bargaining unit agreements and Board rules. Certificated and classified employees who retire from the District receiving a STRS/CalPERS retirement allowance (for either age or disability) are eligible to continue coverage under the District-paid hospital/medical, dental and vision plans which cover both active and retired members. The following are the eligibility requirements:

- a. Those hired prior to March 11, 1984 must have served a minimum of five consecutive qualifying years immediately prior to retirement;
- b. Those hired from March 11, 1984 through June 30, 1987 must have served a minimum of ten consecutive qualifying years immediately prior to retirement;
- c. Those hired from July 1, 1987 through May 31, 1992 must have served a minimum of 15 consecutive qualifying years immediately prior to retirement, or served ten consecutive qualifying years immediately prior to retirement plus an additional previous ten years which are not consecutive.
- d. Those hired from June 1, 1992 through February 28, 2007 must have at least 80 years combined total of consecutive qualifying service and age.
- e. Those hired from March 1, 2007 through March 31, 2009 must have at least 80 years combined total of consecutive qualifying service and age. In addition, the employee must have 15 consecutive years of qualifying service immediately prior to retirement.

Notes to Basic Financial Statements Year Ended June 30, 2011

- f. Those hired on or after April 1, 2009 must have at least 85 years combined total of consecutive qualifying service and age. In addition, the employee must have a minimum of 25 consecutive years of qualifying service immediately prior to retirement.
- g. School Police (sworn personnel) hired on or after April 1, 2009 must have at least 80 years combined total of consecutive qualifying service and age. In addition, the employee must have a minimum of 20 consecutive years of qualifying service immediately prior to retirement.

In order to maintain coverage, the retirees must continue to receive a STRS/CalPERS retirement allowance and must enroll in those parts of Medicare for which they are eligible. As of July 1, 2011, approximately 37,000 retirees now meet these eligibility requirements. The plan does not issue a separate financial report.

## **Funding Policy**

The District's contribution obligation for the fiscal year for the health and welfare benefits of District personnel, including the cost of term life insurance coverage and employee assistance for active employees and coverage under health plans for dependents and retirees, generally is subject to an aggregate contribution limit. Determination of this fiscal year contribution obligation limit occurs through discussions with the relevant collective bargaining units and recommendation by the District-wide Health and Welfare Committee, and is subject to approval by the Board of Education.

For fiscal year 2011, the District contributed \$240,099,820 to the plan for the cost of total District expenditures for health and medical benefits for retired employees. These expenditures consist of retirees' current-year insurance premiums already paid to the Health Maintenance Organizations, retirees' claims reported to the District but not yet paid, and an estimate for claims incurred but not yet reported to the District.

#### **Healthcare Reform Act**

The Patient Protection and Affordable Care Act, and the Health Care and Education Reconciliation Act of 2010, collectively referred to as "the Health Care Reform Act of 2010" was signed into law in March 2010. This Act imposes a 40% excise tax on employers that carry "Cadillac healthcare plans" beginning in 2018. The tax is applied to the amount of premium in excess of stated single (\$10,200) and family (\$27,500) thresholds. As the June 30, 2009 actuarial valuation came out before the enactment of the new law, the District's actuary estimated the impact of the excise tax using the assumptions and calculations from that valuation. Amounts provided in the ensuing paragraphs include the effects of the new legislation.

## **Annual OPEB Cost and Net OPEB Obligation**

The District's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

Notes to Basic Financial Statements Year Ended June 30, 2011

The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation to the plan (in thousands). It reflects an additional \$43.9 million of excise tax in the ARC, in accordance with the Healthcare Reform Act of 2010 described above.

| Annual required contribution                | \$ 1,050,646 |
|---|--------------|
| Interest on net OPEB obligation             | 119,691      |
| Adjustment to annual required contributtion | (148,306)    |
| Annual OPEB cost (expense)                  | 1,022,031    |
| Contributions made                          | (240,100)    |
| Increase in net OPEB obligation             | 781,931      |
| Net OPEB obligation – beginning of year     | 2,393,811    |
| Net OPEB obligation – end of year           | \$ 3,175,742 |

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal years 2011, 2010, and 2009 were as follows (in thousands):

|             | Percentage of |                         |              |  |  |
|-------------|---------------|-------------------------|--------------|--|--|
| Fiscal Year | Annual        | <b>Annual OPEB</b>      | Net OPEB     |  |  |
| Ended       | OPEB Cost     | <b>Cost Contributed</b> | Obligation   |  |  |
| 6/30/2011   | \$ 1,022,031  | 23 %                    | \$ 3,175,742 |  |  |
| 6/30/2010   | 977,150       | 24                      | 2,393,811    |  |  |
| 6/30/2009   | 1,088,523     | 25                      | 1,653,926    |  |  |

#### **Funded Status and Funding Progress**

As of June 30, 2009, the most recent actuarial valuation date, updated for the effects of new legislation, the plan was substantially unfunded. The actuarial accrued liability for benefits was \$10.3 billion, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$10.3 billion, of which \$0.4 billion is attributable to the new excise tax on "Cadillac healthcare plans". The covered payroll (annual payroll of active employees covered by the plan) was \$4.6 billion, and the ratio of the UAAL to the covered payroll was 223%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about the future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents information for the most recent actuarial valuation and in

Notes to Basic Financial Statements Year Ended June 30, 2011

future years, multi-year trend information about whether the actuarial value of plan assets, if any, is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

#### **Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs, as applicable, between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, if any, consistent with the long-term perspective of the calculations.

In the June 30, 2009 actuarial valuation, the actuarial method used in estimating the liability is the entry age normal, level dollar, open cost method which is based on the assumption that the Actuarial Present Value (APV) of employees' expected postretirement benefits accrue on a level basis over their expected working careers, from hire until the date of full eligibility for postretirement medical benefits. The significant assumptions used in the computation include a 5% discount rate and a healthcare cost trend of 9.25% for Kaiser/HealthNet and 9% for Anthem HMO/EPO in 2010, ultimately declining to 5% in 2019 and 2018 respectively and remaining at that level thereafter. A healthcare cost trend rate of 5% is assumed for dental and vision. The UAAL is being amortized as a level dollar closed of projected payroll over a 30-year period. The remaining amortization period at June 30, 2011 was twenty-eight years.

## (9) Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; job-related illness or injury to employees; and natural disasters. The District has established several self-insurance funds (Internal Service Funds) as follows: the Workers' Compensation Self-Insurance Fund, the Liability Self-Insurance Fund, and the Health and Welfare Benefits Fund. These funds account for the uninsured risk of loss and pay for insurance premiums, management fees, and related expenses. The District is self-insured for its Workers' Compensation Insurance Program and partially self-insured for the Health and Welfare and Liability Insurance Programs. Premium payments to Health Maintenance Organizations for medical benefits and to outside carriers for vision services, dental services, and optional life insurance are paid out of the Health and Welfare Benefits Fund.

Excess insurance has been purchased for fire loss damages, which currently provides \$1 billion coverage above a \$500,000 self-insurance retention and for general liability, which currently provides \$45 million coverage above a \$5 million self-insurance retention. No settlements exceeded insurance coverage in the last four fiscal years ended June 30, 2011.

The District has implemented an Owner Controlled Insurance Program (OCIP) covering new construction and renovation projects funded by school bonds. Under an OCIP, the District provides general liability and workers' compensation insurance coverage for construction contractors. Because contractors remove insurance costs from their bids, potential savings accrue to the District. Under the District's OCIP program, workers' compensation coverage with statutory limits and primary general liability and excess liability coverage with limits of \$100 million have been underwritten by three major insurance carriers.

Notes to Basic Financial Statements Year Ended June 30, 2011

The District has also purchased pollution liability insurance coverage for the construction program. Two policies protect contractors and the District from losses resulting from pollution liability related incidents occurring during construction. One policy provides optional coverage to ensure that site cleanup cost overruns are not borne by the District. The limits of coverage on the cleanup cost-cap policy are variable by specific project. The total limit available on the other policies is \$50 million.

Liabilities for loss and loss adjustment expenses under school operations workers' compensation and general liability are based on the estimated present value of the ultimate cost of settling the claims including the accumulation of estimates for losses reported prior to the balance sheet date, estimates of losses incurred but not reported, and estimates of expenses for investigating and adjusting reported and unreported losses. Such liabilities are estimates of the future expected settlements and are based upon analysis of historical patterns of the number of incurred claims and their values. Individual reserves are continuously monitored and reviewed and as settlements are made, or reserves adjusted, differences are reflected in current operations.

As of June 30, 2011, the amount of the total claims liabilities recorded for health and welfare, liability self-insurance, and workers' compensation was \$503.3 million. During the fiscal year, the District recorded workers' compensation claims liability at reduced levels as a result of a continued decline in the number of new claims filed and the effective management of claims. In the current fiscal year, there were no large claim payments from the Liability Self-Insurance Fund, causing the estimated liability to be lower. Changes in the reported liabilities since July 1, 2009 are summarized as follows:

|                             | Beginning of<br>Fiscal Year<br>Liability | Current Year<br>Claims and<br>Changes in<br>Estimates | Claim<br>Payments | End of<br>Fiscal Year<br>Liability |
|-----------------------------|--|---|-------------------|------------------------------------|
| 2010-2011                   |  |   |                   |                                    |
| Health and welfare benefits | \$ 37,827,000                            | \$ 231,338,688  | \$ (231,401,688)  | \$ 37,764,000                      |
| Workers' compensation       | 452,398,503                              | 66,514,174  | (88,072,949)      | 430,839,728                        |
| Liability self-insurance    | 38,118,771                               | 6,656,956   | (10,073,911)      | 34,701,816                         |
| Total                       | \$ 528,344,274                           | \$ 304,509,818  | \$ (329,548,548)  | \$ 503,305,544                     |
| 2009-2010                   |  |   |                   |                                    |
| Health and welfare benefits | \$ 53,059,000                            | \$ 293,134,830  | \$ (308,366,830)  | \$ 37,827,000                      |
| Workers' compensation       | 471,168,828                              | 59,726,132  | (78,496,457)      | 452,398,503                        |
| Liability self-insurance    | 27,542,480                               | 33,194,847  | (22,618,556)      | 38,118,771                         |
| Total                       | \$ 551,770,308                           | \$ 386,055,809  | \$ (409,481,843)  | \$ 528,344,274                     |

Notes to Basic Financial Statements Year Ended June 30, 2011

# (10) Certificates of Participation, Long-Term Capital Leases, and Operating Leases

The District has entered into Certificates of Participation (COPs) for the acquisition of school sites, relocatable classroom buildings, a new administration building, furniture and equipment, and for various other construction projects as follows:

On May 23, 2000, the District issued COPs 2000 Series A (Qualified Zone Academy Bonds Project) in the amount of \$30,446,700, a first-of-its-kind bond under a federal program that offers investors tax credits rather than interest payments. Of this amount, \$3,800,000 was issued on behalf of Fenton Avenue Charter School and \$3,800,000 for Vaughn Next Century Learning Center. Scheduled payments to a sinking fund are to be made annually through maturity in 2012. The proceeds from the issuance are to pay for the rehabilitation or repair of facilities and the acquisition and installation of equipment at School to Career Academy Programs school sites and at the two charter schools. This issue was partially refunded by COPs 2004 Series B in July 2004. A portion of this issue is being repaid from Measure Y funds.

On November 6, 2001, the District issued COPs 2001 Series B (Administration Building Project I) in the amount of \$68,890,000. Interest is paid semiannually at 5.00%. Principal payments are due annually beginning 2024 through 2031. The proceeds are to pay for improvements at the District's new administration building. This issue was partially refunded by COPs 2004 Series A in July 2004.

On December 19, 2002, the District issued COPs 2002 Series C (Administration Building Project II) in the amount of \$9,490,000. Interest is payable semiannually ranging from 2.00% to 5.00%. Principal payments are due annually through 2031. The proceeds are to fund tenant improvements and Heating, Ventilation and Air Conditioning (HVAC) upgrades for the 12th floor and painting and lighting upgrades of the garage of the Administration Building. This issue was partially refunded by COPs 2004 Series A in July 2004.

On June 26, 2003, the District issued COPs 2003 Series B (Capital Project I) in the amount of \$31,620,000. Interest is payable semiannually ranging from 2.00% to 5.00%. Principal payments are due annually through 2028. The proceeds are used to purchase and equip a turn-key warehouse in the City of Pico Rivera. This issue was partially refunded by COPs 2004 Series A in July 2004.

On July 28, 2004, the District issued COPs 2004 Series A (Refinancing and Refunding Project I) in the amount of \$50,700,000. Interest is payable semiannually ranging from 3.00% to 5.00%. Principal payments are due annually through 2014. Proceeds are to refinance certain prior debt service payments and to refund portions of the District COPs. This advance refunding was undertaken to reduce General Fund debt service payments in fiscal years 2004-05 and 2005-06 by \$45.0 million with an increase to total debt service payments of \$17.8 million over the next ten years. This issue was partially refunded by Measure Y Series D Bonds in February 2006.

On December 13, 2005, the District issued COPs 2005 (2004-05 Qualified Zone Academy Bonds) in the amount of \$10,000,000. The zero interest tax credit bonds are used for modernizing nine schools to accommodate existing or planned academy programs that address student career pathway/higher education interests. Scheduled payments to a sinking fund are to be made annually through maturity in 2020. A portion of this issue is being repaid from Measure Y funds.

Notes to Basic Financial Statements Year Ended June 30, 2011

On November 15, 2007, the District issued COPs 2007 Series A (Information Technology Projects) in the amount of \$99,660,000. Interest is payable semiannually ranging from 4.00% to 5.00%. Principal payments are due annually through 2017. The proceeds are used to finance acquisition, development and installation of the information technology systems of the District. A portion of this issue is being repaid from Measure Y funds.

On August 6, 2008, the District issued variable rate refunding COPs 2008 Series A (Administration Building Project) in the amount of \$97,530,000. Interest is payable monthly and has ranged from 0.05% to 7.30% over the life of the COPs. The interest rate on June 30, 2011 was 0.05%. Principal payments are due annually through 2024. The proceeds are to prepay all of the outstanding Series 2005A Certificates, fund a reserve account for the Series 2008A Certificates, and fund portions of reserve accounts for the 2001B and 2002C Certificates.

On August 6, 2008, the District issued variable rate refunding COPs 2008 Series B (Administration Building Project III) in the amount of \$23,420,000. Interest is payable monthly and has ranged from 0.05% to 8.00% over the life of the COPs. The interest rate on June 30, 2011 was 0.05%. Principal payments are due annually through 2031. The proceeds are to prepay all of the outstanding Series 2005B Certificates, fund a reserve account for the Series 2008B Certificates, and fund portions of reserve accounts for the 2001B and 2002C Certificates. The 2008 Series A and the 2008 Series B refunding resulted in a reduction of debt service payment of about \$10.7 million over 23 years and an economic gain of \$11.8 million.

On September 29, 2009, the District issued COPs 2009 Series A (Food Services Project) in the amount of \$40,728,200. Interest is payable semiannually at 3.92%. Principal payments are due semiannually through 2019. The proceeds are used to fund the implementation of the Cafeteria Management System (CMS) and the purchase of new equipment at the Newman Nutrition Center (NNC). A portion of this issue is being repaid from Measure Y funds.

On January 27, 2010, the District issued Refunding COPs 2010 Series A (Multiple Properties Project) in the amount of \$69,685,000. Interest is payable semiannually ranging from 1.00% to 5.00%. Principal payments are due annually through 2017. The proceeds are used to refinance the 1997 Series A Certificates and the 1998 Series A Certificates and to fund a reserve account for the Series 2010A Certificates. The refunding resulted in a reduction of debt service payments of \$1.2 million over 8 years and an economic gain of \$0.8 million.

On December 17, 2010, the District issued COPs 2010 Series B-1 and B-2 (Capital Projects I) in the amount of \$83,345,000. Of this amount, \$21.62 million were issued as Build America Bonds (BABs). These are taxable bonds for which the federal government subsidizes 35% of the interest cost. Interest is payable semiannually ranging from 7.663% to 8.525% before the federal subsidy for Series B-1 and from 3.000% to 5.75% for Series B-2. Principal payments are due annually through 2035 for Series B-1 and 2020 for Series B-2. The proceeds are used to fund the Integrated Financial System Replacement, Automation of Seniority Calculation, the utilization of vacant space at the Roybal Learning Center and to fund a reserve account for each series.

In prior years, the District defeased certain principal amounts of its certificates of participation by placing proceeds of general obligation bonds in an irrevocable escrow fund to provide for all future debt service

Notes to Basic Financial Statements Year Ended June 30, 2011

payments on the prior certificates of participation through the call date or maturity, as applicable. Accordingly, the escrow account assets and the liability for the defeased certificates of participation are not included in the District's financial statements. At June 30, 2011, \$88.01 million of outstanding certificates of participation are considered legally defeased.

In prior years, the District defeased certain sinking fund payments for its 2000 Certificates of Participation (Qualified Zone Academy Bonds) and its 2005 Certificates of Participation (Qualified Zone Academy Bonds) by placing general fund monies, payments from charter schools that received proceeds of the 2000 Certificates of Participation (Qualified Zone Academy Bonds), proceeds of general obligation bonds and interest earnings on all said deposits into the respective sinking fund accounts held by the respective trustees to provide for the payment of the 2000 Certificates of Participation (Qualified Zone Academy Bonds) and the 2005 Certificates of Participation (Qualified Zone Academy Bonds) at maturity. While the District's financial statements indicate that the full principal amount of each of the 2000 Certificates of Participation (Qualified Zone Academy Bonds) and the 2005 Certificates of Participation (Qualified Zone Academy Bonds) are outstanding as of June 30, 2011, a total of \$31.19 million of accumulated sinking fund payments have been made, which amount reflects the portion of the respective certificates of participation that are considered economically defeased.

#### Other Leasing Arrangements

The District has entered into various lease agreements ranging from three to five years to finance the acquisition of office equipment. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date. The future minimum lease payments (principal plus interest) and the net present value of these minimum lease payments (principal only) are detailed in Note 11 – Long-Term Obligations.

The District's operating leases consist of various leased facilities and office equipment (primarily copiers). The leased facilities have varying terms ranging from less than a year to 80 years. Some leases are month to month and a few are year to year. The leases expire over the next 72 years subject to renewal option provisions.

The office equipment lease (primarily copiers) is also under various lease terms that range from less than a year to 5 years. The leases expire during the next 4 years.

Notes to Basic Financial Statements Year Ended June 30, 2011

The total expenditure for all operating leases amounted to \$21,881,046 in 2010-11. The future minimum commitments for noncancelable operating lease of the District as of June 30, 2011 are as follows (in thousands):

|                     | (  | Amount (in thousands) |  |  |  |
|---------------------|----|-----------------------|--|--|--|
| Fiscal year ending: |    |                       |  |  |  |
| 2012                | \$ | 13,937                |  |  |  |

The General Obligation Bonds balance of \$11,810.9 million, which includes unamortized bond premiums (net of unamortized discount and refunding charges) of \$214.6 million, consists of:

#### (a) Six issuances of Proposition BB bonds:

- 1. Series "A" bonds, sold in July 1997 at \$356.00 million par value, of which \$18.53 million and \$133.18 million were refunded in December 2004 and July 2005, respectively. Interest is due semi-annually at rates ranging from 4.0% to 6.0%. These bonds mature in 2015. As of June 30, 2011, outstanding obligation was \$77.89 million;
- 2. Series "E" bonds, sold in April 2002 at \$500.00 million par value, of which \$75.77 million, \$231.22 million, \$25.80 million, \$15.26 million, and \$19.79 million were refunded in December 2004, November 2006, February 2007, October 2009, and March 2010, respectively. Interest is due semi-annually at rates ranging from 3.0% to 5.5%. These bonds mature in 2012. As of June 30, 2011, outstanding obligation was \$30.61 million; and
- 3. Series "F" bonds, sold in March 2003 at \$507.35 million par value of which \$129.51 million and \$23.81 million were refunded in January 2007 and October 2009. Interest is due semi-annually at rates ranging from 2.0% to 5%. These bonds mature in 2024. As of June 30, 2011, outstanding obligation was \$267.47 million.

#### (b) Seven issuances of Measure K bonds:

1. Series "A" bonds, sold in February 2003 at \$2.10 billion par value, of which \$131.94 million, \$330.15 million, \$1.12 billion, and \$53.06 million were refunded in February 2006, October 2006, January 2007, and March 2010, respectively. Interest is due semi-annually at rates ranging from 1.65% to 5.375%. These bonds mature in 2028. As of June 30, 2011, outstanding obligation was \$388.44 million;

Notes to Basic Financial Statements Year Ended June 30, 2011

- 2. Series "B" bonds, sold in February 2007 at \$500.00 million par value. Interest is due semi-annually at rates ranging from 4.0% to 5.0%. These bonds mature in 2031. As of June 30, 2011, outstanding obligation was \$462.61 million;
- 3. Series "C" bonds, sold in August 2007 at \$150.00 million par value. Interest is due semi-annually at rates ranging from 3.625% to 5.0%. These bonds mature in 2032. As of June 30, 2011, outstanding obligation was \$138.54 million;
- 4. Series "D" bonds, sold in February 2009 at \$250.00 million par value. Interest is due semi-annually at rates ranging from 2.5% to 5.25%. These bonds mature in 2034. As of June 30, 2011, outstanding obligation was \$240.89 million;
- 5. Series "KRY" Federally Taxable, sold in October 2009 at \$200.00 million par value. Interest is due semi-annually at rates ranging from 5.75% to 5.755%. These bonds mature in 2034. No payment was due as of June 30, 2011;
- 6. Series "KRY" Tax Exempt, sold in March 2010 at \$149.14 million par value. Interest is due semi-annually at rates ranging from 1.5% to 5.25%. These bonds mature in 2034. As of June 30, 2011, outstanding obligation was \$145.25 million; and
- 7. Series "KY" bonds, sold in May 2010 at \$0.86 million par value. Interest is due semi-annually at 5.0%. These bonds mature in 2015. No payment was due as of June 30, 2011.

# (c) Eleven issuances of Measure R bonds:

- 1. Series "C" bonds, sold in September 2004 at \$50.0 million par value. Interest is due semi-annually at rates ranging from 3.60% to 5.0%. These bonds mature in 2029. As of June 30, 2011, outstanding obligation was \$41.84 million;
- 2. Series "E" bonds, sold in August 2005 at \$400.0 million par value. Interest is due semi-annually at rates ranging from 3.0% to 5.75%. These bonds mature in 2030. As of June 30, 2011, outstanding obligation was \$329.68 million;
- 3. Series "F", sold in February 2006 at \$500.0 million par value. Interest is due semi-annually at rates ranging from 3.5% to 5.0%. These bonds mature in 2030. As of June 30, 2011, outstanding obligation for Series "F" was \$449.88 million;
- 4. Series "G" bonds, sold in August 2006 at \$400.00 million par value, was refunded in October 2009 for \$6.27 million. Interest is due semi-annually at rates ranging from 4.0% to 5.0%. These bonds mature in 2031. As of June 30, 2011, outstanding obligation for Series "G" was \$344.18 million;
- 5. Series "H" bonds, sold in August 2007 at \$550.00 million par value. This was refunded in October 2009 for \$15.17 million. Interest is due semi-annually at rates ranging from 3.75% to 5.0%. These bonds mature in 2032. As of June 30, 2011, outstanding obligation was \$490.03 million;

Notes to Basic Financial Statements Year Ended June 30, 2011

- 6. Series "I" bonds, sold in February 2009 at \$550.00 million par value. Interest is due semi-annually at rates ranging from 2.5% to 5.25%. These bonds mature in 2034. As of June 30, 2011, outstanding obligation was \$531.25 million;
- 7. Series "KRY" Tax Exempt, sold in October 2009 at \$36.99 million par value and Taxable Build America bonds for \$363.01 million par value. Interest is due semi-annually at rates ranging from 3% to 5.755%. These bonds mature in 2034. No payment was due as of June 30, 2011; and
- 8. Series "KRY" Tax Exempt and Series "RY" Federally Taxable Build America bonds, sold in March 2010 at \$157.17 million par value and \$477.63 million par value, respectively. Interest is due semi-annually at rates ranging from 1.5% to 6.758%. These bonds mature in 2034. No payment was due as of June 30, 2011.

# (d) Ten issuances of Measure Y bonds:

- 1. Four issuances of Measure Y bonds sold in February 2006: Series "A" bonds at \$56.79 million par value, Series "B" bonds at \$80.20 million par value, Series "C" bonds at \$210.00 million par value and Series "D" bonds at \$47.40 million par value, all of which, except for Series C and \$5.70 million of Series D, were used to partially or fully refund certain certificates of participation. Interest is due semi-annually at rates ranging from 3.125% to 6.0%. These bonds mature in 2030. As of June 30, 2011, outstanding obligations for Series "A", Series "B", Series "C", and Series "D" were \$31.15 million, \$43.81 million, \$186.23 million, and \$28.91 million, respectively;
- 2. Series "E", sold in August 2007 for \$300.00 million par value. Interest is due semi-annually at rates ranging from 4.0% to 5.0%. These bonds mature in 2032. As of June 30, 2011, outstanding obligation was \$278.34 million after payment of \$6.93 million on July 1, 2010;
- 3. Series "F", sold in February 2009 at \$150.00 million par value. Interest is due semi-annually at rates ranging from 2.5% to 5.25%. These bonds mature in 2034. As of June 30, 2011, outstanding obligation was \$144.76 million;
- 4. Two issuances of Measure Y bonds sold in October 2009: Series "G" at \$5.61 million par value and Series "H" at \$318.80 million par value. Series "KRY" Taxable Build America bonds at \$806.80 million par value and Series "KRY" Tax Exempt at \$168.79 million par value. Interest is due quarterly for Series H and semi-annually for the rest at rates ranging from 1.54% to 5.755%. These bonds mature in 2034. No payment was due as of June 30, 2011;
- 5. Series "I" Federally Taxable, Series "RY" Federally Taxable Build America, and Series "KRY" Tax Exempt, sold in March 2010 at \$3.80 million par value, \$772.96 million par value, and \$172.27 million par value. Interest is due semi-annually at rates ranging from 1.5% to 6.758%. These bonds mature in 2034. No payment was due as of June 30, 2011 except for

Notes to Basic Financial Statements Year Ended June 30, 2011

Series "KRY" Measure Y Tax Exempt of which \$41.82 payment was made on July 1, 2010 bringing its outstanding balance to \$130.45 million; and

6. Series "KY" Tax Exempt bonds and Series "J-1" and Series "J-2" Qualified School Construction Federally Taxable Direct Subsidy bonds, sold in May 2010 at \$158.64 million par value, \$190.20 million par value, and \$100.00 million par value, respectively. Interest is due semi-annually at rates ranging from 1.1% to 5.981%. These bonds mature in 2027. No payment was due as of June 30, 2011.

### (e) General obligation refunding bonds:

In fiscal year 2010-11, there was no new General Obligation Bond Refundings done. However, the following are the prior year refunding and the outstanding balances:

- 1. 2002 General Obligation Refunding issued on April 17, 2002 for \$258.38 million. Interest is due semi-annually at rates ranging from 3.0% to 5.75%. These bonds mature in 2017. As of June 30, 2011, outstanding balance was \$244.12 million. The refunding resulted in a reduction of debt service payments of \$12.80 million over 17 years and an economic gain of \$8.0 million;
- 2. 2004 Series "A-1" and "A-2" sold in December 2004 at \$219.12 million par value. Interest is due semi-annually at rates ranging from 3% to 5.0%. These bonds mature in 2022. As of June 30, 2011, outstanding obligation was \$217.59 million. The refunding resulted in a reduction to debt service payments of \$10.60 million over 18 years and an economic gain of \$7.79 million;
- 3. 2005 Series "A-1" and "A-2" sold in July 2005 at \$467.68 million par value, 2006 Series "A" sold in February 2006 at \$132.33 million par value, which are still outstanding as of June 30, 2011. Interest is due semi-annually at rates ranging from 3.5% to 5.5%. These bonds mature in 2025. The 2005 Series "A-1" and "A-2" refunding resulted in a reduction to debt service payments of \$38.40 million over 20 years and an economic gain of \$24.16 million. The 2006 Series "A" refunding resulted in a reduction to debt service payments of \$6.35 million over 13 years and an economic gain of \$4.20 million;
- 4. 2006 Series "B" sold in November 2006 at \$574.91 million par value. Interest is due semi-annually at rates ranging from 3.5% to 5.0%. These bonds mature in 2027. As of June 30, 2011, outstanding obligation was \$559.59 million. The refunding resulted in a reduction to debt service payments of \$29.33 million over 21 years and an economic gain of \$18.97 million;
- 5. 2007 Series "A-1" and "A-2" sold in January 2007 at \$1.29 billion par value. Interest is due semi-annually at rates ranging from 4.0% to 5.0%. These bonds mature in 2028. As of June 30, 2011, outstanding obligation was \$1.27 billion. The refunding resulted in a reduction to debt service payments of \$82.11 million over 21 years and an economic gain of \$46.23 million:

Notes to Basic Financial Statements Year Ended June 30, 2011

- 6. 2007 Series "B" sold in February 2007 at \$24.85 million par value, all of which were used to partially refund certain general obligation bonds. Interest is due semi-annually at rates ranging from 4.0% to 5.0%. These bonds mature in 2019. As of June 30, 2011, outstanding obligation was \$24.65 million. The refunding resulted in a reduction to debt service payments of \$1.80 million over 12 years and an economic gain of \$1.20 million;
- 7. 2009 Refunding Bonds Series "A" sold in October 2009 for \$74.77 million par value. Interest is due semi-annually at rates ranging from 2.0% to 5.0%. These bonds mature in 2019. As of June 30, 2011, the outstanding obligation was \$59.93 million. The refunding resulted in a reduction to debt service payments of \$2.10 million over 9 years and an economic gain of \$1.36 million; and
- 8. 2010 Refunding Bonds Series "A" sold in March 2010 for \$74.99 million par value. Interest is due semi-annually at rates ranging from 2.0% to 5.0%. These bonds mature in 2015. As of June 30, 2011, outstanding obligation was \$74.08 million. The refunding resulted in a reduction to debt service payments of \$2.43 million over 5 years and an economic gain of \$2.24 million.

In prior years, the District defeased certain principal amounts of its general obligation bonds by placing proceeds of refunding bonds in an irrevocable escrow fund to provide for all future debt service payments on the refunded and defeased bonds. Accordingly, the escrow account assets and the liability for the defeased general obligation bonds are not included in the District's financial statements. At June 30, 2011, \$2.604 billion of outstanding general obligation bonds are considered legally defeased.

The Children Center Facilities revolving loan represents loan proceeds from the State Child Development Revolving Fund for the purchase of relocatable buildings, sites and site improvements for child care facilities. The loan, which does not incur interest charges, must be repaid in ten years. Annual repayment will begin when the full amount of the loan is received.

The California Energy Commission has agreed to provide the District with State funding of up to \$8 million (at a 3.95% annual interest rate) of which \$1.32 million was received in fiscal year 2004-05 and \$0.06 million, in fiscal year 2005-06. The principal and interest will be repaid in its entirety through energy cost avoidance that the District intends to achieve from its energy project. The project involves use of energy efficient equipment, certain building shell components and improved methods of lighting and lighting controls.

The Arbitrage Payable balance reflects amounts due to the United States Treasury in order to comply with Internal Revenue Code Section 148(f). When the District issues tax-exempt debt, IRS regulations limit the yield that the District can earn on the bond proceeds. If the District earns an amount in excess of the bond yield and does not qualify for a spending exception, the District must remit the excess earnings to the US Treasury. Payments equal to 90% of the calculated excess earnings are due on each fifth anniversary of a bond's issuance date. When a bond issue is retired, all of the remaining excess earnings must be remitted.

Notes to Basic Financial Statements Year Ended June 30, 2011

# **Debt Liquidation**

Payments on the General Obligation Bonds and Certificates of Participation are made by the debt service funds. The employee benefits liability for retirement bonus and early retirement incentive are all paid out of the General Fund, while the compensated absences portion will be liquidated from different governmental funds. In the past, approximately 81% has been paid by the General Fund, 6% by the Child Development Fund, 6% by the Cafeteria Fund, 5% by the District Bonds Fund, and 2% by the Adult Education Fund.

The self-insurance claims and other postemployment benefits will generally be liquidated through the internal service funds which will finance the payment of those claims and benefits by charging user funds. The General Fund assumes 100% of liability self-insurance claims. For workers' compensation and health benefit claims, including retiree health benefits, the General Fund currently bears approximately 88% of the cost, while the Cafeteria Fund carries 5%; no other individual fund is charged more than 5% of the total amount.

#### (12) Interfund Transactions

# (a) Interfund Receivables/Payables (Due to/from Other Funds)

Interfund receivables/payables are eliminated on the government-wide statement of net assets but are reported on the fund financial statements. These consist of borrowings between funds to cover temporary cash insufficiencies and permit payment of obligations. Interfund receivables and payables at June 30, 2011 (in thousands) are as follows:

| Fund Group       | Fund                                 | terfund<br>ceivables | Interfund<br>Payables |                  |  |

# (b) Interfund Transfers

Interfund transfers are eliminated on the government-wide statement of activities but are reported on the fund financial statements. These consist of transfers for exchange of services or reimbursement of expenditures. In addition, interfund transactions are also made to move revenue collected in one fund to another fund where the resources are spent or accounted for, in accordance with budgetary authorization, including amounts provided as matching funds or for debt service. Transfers between funds for the year ended June 30, 2011 were as follows (in thousands):

| From   | То   | Purpose  | _  |              |
|--|--|--|----|--------------|
| General                                      | Cafeteria  | Cafeteria repayment per MOU dated March 18, 2011                               | \$ | 32,000       |

Notes to Basic Financial Statements Year Ended June 30, 2011

**Nonspendable** fund balances represent amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

**Restricted** fund balances represent amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed fund balances represent amounts that can be used only for specific purposes determined by a formal action of the governing board. The governing board is the highest level of decision-making authority for the District. Commitment of funds can be made through the adoption of the budget as long as the intent to commit the funds is specifically stated. These committed amounts cannot be used for any other purpose unless the governing board removes or changes the specific use through formal action. Governing board action to commit fund balance needs to occur within the fiscal reporting period, no later than June 30. The amount which will be committed can be determined subsequently but prior to the release of the District's financial statements.

**Assigned** fund balances represent amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The District's adopted policy delegates the authority to assign amounts for specific purposes to the Superintendent, or designee.

Unassigned fund balances represent all other spendable amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which amounts in any of the unrestricted classifications of fund balance could be used, the District considers committed amounts to be reduced first, followed by assigned amounts, and then unassigned amounts.

#### **Minimum Fund Balance Policy**

Effective beginning 2010-11, the governing board adopted a minimum fund balance policy for the General Fund in order to avoid the need for service level reductions in the event that an economic downturn causes revenues to be substantially lower than budgeted. The policy requires the District to maintain an economic uncertainty reserve consisting of unassigned amounts equal to at least 1% of total General Fund operating expenditures. In the event that the District must expend all or part of this reserve, the District will identify and implement a budgetary plan to replenish this reserve the following year. This reserve may be increased based on legal requirement.

#### (14) Contingencies

#### (a) General

The District has been named as a defendant in numerous lawsuits. These seek, among other things, to require the District to reinstate terminated and laid-off employees, to remedy alleged noncompliance regarding special education schools, and to change existing instructional programs, pupil integration methods, and employment and administration procedures. In certain instances, monetary damages are sought including claims for retroactive pay. Based on the opinion of counsel, management

Notes to Basic Financial Statements Year Ended June 30, 2011

believes that the ultimate outcome of such lawsuits will not have a material effect on the District's financial condition.

#### (b) Grants

The District has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under the terms of the grants, management believes that any required reimbursement will not be material to the financial statements.

#### (c) Construction Contracts

The District has entered into various contracts for the construction of facilities throughout the campuses. During fiscal year 2010-11 the District entered into approximately 105 contracts with a combined value of \$303.0 million. The durations of the contracts range from four weeks to three years.

#### (15) Subsequent Events

On July 1, 2011 the District issued \$550 million of Tax and Revenue Anticipation Notes. The District will make the required deposits of \$275.0 million on January 31, 2012 and \$286.9 million on March 31, 2012 in anticipation of repayment of TRANS on June 30, 2012. The TRANS carried a coupon of 2.00% and had an All-In True Interest Cost of 0.32%.

On November 1, 2011, the District issued \$407,805,000 in General Obligation Refunding Bonds to refund a portion of Proposition BB Series F and Measure K 2003 Series A Bonds. The refunding resulted in \$31.8 million in present value savings or 7.5% of the refunded bonds.

Nonmajor Governmental Funds

#### **Special Revenue Funds**

The Adult Education Fund is used to account for resources committed to the operation of Community Adult Schools including educational programs funded by other government agencies. This Fund was established as authorized by State Education Code Section 42238. Revenues are primarily derived from State apportionments, federal subventions, investment income, and adult education fees.

The Cafeteria Fund is used to account for resources designated for the operation of the District's food services programs. Revenues are primarily derived from federal and state subsidies, food sales, and investment income. Since the primary source of revenues is from federal and state subsidies rather than food sales, this fund is classified as a Special Revenue Fund rather than as an Enterprise Fund.

The Child Development Fund is used to account for resources committed to the operation of the District's child development programs. Revenues are primarily derived from federal and state grants and apportionments, early education center fees, and investment income.

The Deferred Maintenance Fund was used to account for resources designated for the major repair or replacement of District property under the plan approved by the State Allocation Board. Revenues were derived from State apportionments, District matching funds, and investment income. However, with the District exercising the State's flexibility provisions, no revenue source restricted or committed to the purposes of the fund is expected to continue. As a result, the fund was closed out at the end of the fiscal year and all remaining balance was transferred to the General Fund.

#### **Debt Service Funds**

The Tax Override Fund is used to account for the accumulation of resources from ad valorem tax levies for the repayment of State School Building Aid Fund apportionments. The loan was paid in full in May 2010.

The Capital Services Fund is used to account for the accumulation of resources for the repayment of principal and interest on Certificates of Participation and long-term capital lease agreements. Revenues are derived primarily from operating transfers from user funds and investment income.

#### **Capital Projects Funds**

The Building Fund is used to account for revenue from rentals and leases of real property and other resources designated for facility expansion.

The State School Building Lease - Purchase Fund is used to account for State apportionments received in accordance with State Education Code Sections 17700-17780. Projects are funded by the State subject to appropriation of funds in the State Budget. The District may be required to transfer to this fund any available moneys from other funds as the District's contribution to a particular project.

The Special Reserve Fund is used to account for District resources designated for capital outlay purposes such as land purchases, ground improvements, facilities construction and improvements, new acquisitions, and related expenditures.

The Special Reserve Fund – FEMA-Earthquake is used to account for funds received from the Federal Emergency Management Agency (FEMA) for capital outlay projects resulting from the January 17, 1994 Northridge Earthquake.

Nonmajor Governmental Funds

The Special Reserve Fund – FEMA-Hazard Mitigation was established on April 15, 1996 to account for funds received from FEMA and for the 25% District-matching funds for the retrofit/replacement of pendant lighting and suspended ceilings in selected buildings at schools, offices, and children's centers.

The Special Reserve Fund – Community Redevelopment Agency is used to account for reimbursements of tax increment revenues from certain community redevelopment agencies based on agreements between the District and the agencies. These reimbursements are to be used for capital projects within the respective redevelopment areas covered in the agreements.

The Capital Facilities Account Fund was established on January 1, 1987 in accordance with Section 53080 of the California Government Code and is used to account for resources received from fees levied upon new residential, commercial, or industrial development projects within the District's boundaries in order to obtain funds for the construction or acquisition of school facilities to relieve overcrowding.

**Internal Service Funds** 

The Health and Welfare Benefits Fund was established pursuant to Education Code 39602 to pay for claims, administrative costs, insurance premiums, and related expenditures for the District's Health and Welfare Benefits program. Medical and dental claims for the self-insured portion of the Fund are administered by outside claims administrators. Premium payments to health maintenance organizations for medical benefits and to outside carriers for vision services, dental services, and optional life insurance are also paid out of this Fund.

The Workers' Compensation Self-Insurance Fund was established pursuant to Education Code 39602 to pay for claims, excess insurance coverage, administrative costs, and related expenditures. Workers' compensation claims are administered for the District by an outside claims administrator.

The Liability Self-Insurance Fund was established pursuant to Education Code 39602 to pay claims, excess insurance coverage, administrative costs and related expenditures, and to provide funds for insurance deductible amounts. Liability claims are administered for the District by an outside claims administrator.

Fiduciary Funds

#### Agency Funds:

The Attendance Incentive Reserve Fund was established on November 21, 1994 to account for 50% of the salary savings from substitute teachers' accounts resulting from reduced costs of absenteeism of UTLA represented employees. The intent was to reward regular attendance of teachers in order to improve the instructional program. The accumulated savings in the account plus interest earnings is disbursed in a lump-sum distribution as participants retire or terminate employment with the District.

The Student Body Fund was established to account for cash held by the District on behalf of the student bodies at various school sites.

# STATISTICAL SECTION

#### **Statistical Information**

The Statistical Section of the District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the District's overall financial health.

#### **Contents**

#### Financial trends

These schedules contain information to help the reader understand how the District's financial performance and well-being have changed over time.

#### Revenue capacity

These schedules contain information to help the reader assess the District's most significant local revenue sources.

#### Debt capacity

These schedules contain information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

#### Demographic and economic information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

#### Operating information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and activities it performs.

**Source:** Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The District implemented GASB Statement No. 34 in 2002; schedules presenting government-wide information include information beginning in that year.

#### Notes:

<sup>(1) &</sup>quot;Other Outgo" includes Tuition for Handicapped Pupils, discount on debt issuance, and payments to refunded debt escrow agent. From fiscal year 2003-04 to fiscal year 2006-07, Charter Schools In-lieu of Taxes was included in total expenditures under object 7280 as Other transfers out. Starting with fiscal year 2007-08, this is presented as reduction of the revenues, like it was presented prior to 2003-04.

<sup>\*</sup> Source: 2010-11 Los Angeles County Auditor-Controller "Taxpayers' Guide"

<sup>\*\*</sup> Source: A.D.A. – Average Daily Attendance, Annual Report

<sup>\*\*\*</sup> Adjusted to exclude fiscally independent charter schools

<sup>\*\*\*\*</sup> Adult and Summer School programs were not collected due to changes made by Education Code Section 42605. For 2008-09 through 2012-13, Districts are not required to operate the program or follow program requirements. Revenue for these years will be based on the same relative proportion that the District received for these programs in fiscal year 2007-08.

<sup>&</sup>lt;sup>a</sup> Beginning with fiscal year 2007-08, the principal apportionment for Adult is no longer a revenue limit item. It was determined by the State to be more appropriately classified as other state apportionments.

<sup>&</sup>lt;sup>b</sup> Per SBX3 4 (Chapter 12, Statutes of 2009), funding for fiscal years 2008-09 through 2012-13 (extended through 2014-15 by SB70, SB70, Chapter 7, Statutes of 2011) is based on the District's 2007-08 proportionate share of funding to the State's total available funding for the program. CDE will revert back to the usual funding formula for this program in fiscal year 2015-16.

<sup>&</sup>lt;sup>c</sup> This rate is net of the additional revenue limit reduction of \$252.99 per 2008-09 funded revenue limit ADA.

<sup>&</sup>lt;sup>d</sup> Per Assembly Bill 851, beginning 2010-11, the base revenue limit rate per ADA includes the Beginning Teachers Salary and Meals for Needy.

The 2001-02 COPs proceeds were used to acquire and improve real properties, including the new Administration Building and the former Ambassador Hotel site, and the refunding of the 1991 COPs that refunded the 1988 COPS for the Bravo Medical Magnet Senior High School Project. The 2002-03 COPs proceeds were used for information technology systems, warehouse acquisition, administration building improvements and multiple school projects such as: air-conditioning, relocatable classrooms, gymnasium improvements, computer and telephone equipment, school police vehicles, sports and parking facilities, school museum and other projects. The 2004-05 COPs proceeds were used to refund a portion of prior year issuances and make administration building improvements. The 2005-06 COPs proceeds were used to modernize nine schools to accommodate existing or planned academy programs that address student career pathway/higher education interests. The 2007-08 COPs proceeds were used to finance certain acquisition, development and installation of information technology systems of the District.

The 2001-02 COPs proceeds were used to acquire and improve real properties, including the new Administration Building and the former Ambassador Hotel site, and the refunding of the 1991 COPs that refunded the 1988 COPS for the Bravo Medical Magnet Senior High School Project. The 2002-03 COPs proceeds were used for information technology systems, warehouse acquisition, administration building improvements and multiple school projects such as: air-conditioning, relocatable classrooms, gymnasium improvements, computer and telephone equipment, school police vehicles, sports and parking facilities, school museum and other projects. The 2004-05 COPs proceeds were used to refund a portion of prior year issuances and make administration building improvements. The 2005-06 COPs proceeds were used to modernize nine schools to accommodate existing or planned academy programs that address student career pathway/higher education interests. The 2007-08 COPs proceeds were used to finance certain acquisition, development and installation of information technology systems of the District.

<sup>\*\*\*</sup> Students 21 years or older and students 19 or older not continuously enrolled since their 18th birthday, participating in full-time independent study.

<sup>\*\*\*\*</sup> Not collected due to changes made by Education Code Section 42605. For 2008-09 through 2012-13, Districts are not required to operate the program or follow program requirements. Revenue for these years will be based on the same relative proportion that the District received for these programs in fiscal year 2007-08.

<sup>\*\*\*\*</sup> Included with Elementary and Secondary hours.

Organization Structure Year Ended June 30, 2011

Geographical Location: The Los Angeles Unified School District is a political subdivision of the State of California. It is located

in the western section of Los Angeles County and includes virtually all the city of Los Angeles and all or significant portions of the cities of Bell, Carson, Commerce, Cudahy, Gardena, Hawthorne, Huntington Park, Lomita, Maywood, Rancho Palos Verdes, San Fernando, South Gate, Vernon, and West Hollywood,

in addition to considerable unincorporated territories devoted to homes and industry.

Geographical Area: 710 square miles

Administrative Offices: 333 South Beaudry Avenue, Los Angeles, CA 90017

Form of Government: The District is governed by a seven-member Board of Education elected by district to

serve alternating four-year terms

| Name                          | Expiration of Term |
|-------------------------------|--------------------|

- (1) Adjusted to reflect instructional minutes applicable to 175 instructional days.
- (2) Elementary schools only.
- (3) Middle schools with grade configurations 6-8 approved for common planning time have at least 60,434 annual instructional minutes. Middle schools with grade configurations 6-8 not approved for common planning time have at least 63,344 annual instructional minutes.

#### Notes:

- All charter schools included in this audit report conform to the above Schedule of Instructional Time Offered. Each of these charter schools' offering exceeded LAUSD's minimum requirement for instructional minutes.
- 2. LAUSD received incentive funding for increasing instructional time pursuant to the Longer Instructional day.

See accompanying independent auditor's report and notes to state compliance information.

The General Fund has maintained a positive ending fund balance for the past four fiscal years presented in this schedule.

For a district this size, the State has recommended available reserves to be at least 1% of total General Fund expenditures and other financing uses. The District has been able to meet these requirements for the past four fiscal year

See accompanying notes to state compliance information.

<sup>\*</sup> Budgeted and actual beginning fund balance includes other restatements.

<sup>\*\*</sup> Available reserves consist of all unassigned fund balances and unassigned reserve for economic uncertainties.

Notes to State Compliance Information Year Ended June 30, 2011

#### (1) Purpose of Schedules

#### (a) Schedule of Average Daily Attendance

Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

The schedule of average daily attendance for each of the District's affiliated charter schools is provided separately.

#### (b) Schedule of Instructional Time Offered

The District has received incentive funding for increasing instructional time as provided by the Incentive for longer instructional day. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of Education Code Sections 46201 through 46206.

#### (c) Schedule of Financial Trends and Analysis

This schedule focuses on financial trends by displaying past years' data along with current budget information and evaluates the District's ability to continue as a going concern for a reasonable period of time.

#### (d) Reconciliation of Unaudited Actual Financial Reports with Audited Financial Statements

This schedule provides the information necessary to reconcile the differences between fund balances reported on the unaudited actual financial reports and the audited financial statements.

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2011

#### (1) General

The accompanying schedule of expenditures of federal awards presents the expenditures of all federal financial assistance programs for the Los Angeles Unified School District (District). The District's reporting entity is defined in the notes to the District's basic financial statements.

#### (2) Basis of Accounting

The accompanying schedule of expenditures of federal awards is presented using the modified accrual basis of accounting, as described in Note 1 of the notes to the District's basic financial statements. The information in this schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in, the preparation of the District's basic financial statements but agrees in all material respects.

#### (3) Noncash Assistance

Included in the schedule of expenditures of federal awards is (CFDA #10.555) \$7,439,734 of donated food commodities received from the U.S. Department of Agriculture, passed-through the State of California, during the year ended June 30, 2011.

#### (4) Subrecipient Awards

Of the federal expenditures presented in the schedule of expenditures of federal awards, the District provided a significant amount of funding to various subrecipients. Due to the extensive number of federal programs and volume of subrecipients, it is not practical to display the detailed subrecipient information in the schedule of expenditures of federal awards.

BRAINARD C. SIMPSON, CPA MELBA W. SIMPSON, CPA

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* 

The Honorable Board of Education Los Angeles Unified School District

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the **Los Angeles Unified School District** (the District), as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 14, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the provisions of the *California Code of Regulations* (CCR), Title 5, Education, Section 19810, et seq.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs as FS-11-01 and FS-11-02 that we consider to be significant deficiencies in internal control over financial reporting. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the District in a separate letter dated December 14, 2011.

The District's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the District's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of District management, the Board of Education, others within the entity, and federal awarding agencies, state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

# Report on Compliance with Requirements That Could Have a Direct And Material Effect on Each Major Program and on Internal Control over Compliance in Accordance with OMB Circular A-133

Independent Auditor's Report

The Honorable Board of Education Los Angeles Unified School District

## Compliance

We have audited the compliance of the **Los Angeles Unified School District** (the District) with the types of compliance requirements described in the (*OMB*) Circular A-133 Compliance Supplement that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2011. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

As described in the table below and in the accompanying schedule of findings and questioned costs, the District did not comply with requirements that are applicable to the following programs:

| Compliance  | Compliance Program Name and Catalog of Federal Domestic Assistance |         |
|-------------|--|---------|
| requirement | (CFDA) number  | number  |
| Allowable   | English Language Acquisition Grants, CFDA 84.365                   | F-11-01 |
| Costs       |  |         |

| Compliance requirement       | Program Name and Catalog of Federal Domestic Assistance (CFDA) number          | Finding<br>number |
|------------------------------|--|-------------------|
| Earmarking                   | WIA Youth Activities, CFDA 17.259  | F-11-05           |
|                              | Vocational Education Basic Grants to States, CFDA 84.048                       | F-11-05           |
| Earmarking                   | ARRA Head Start and ARRA Early Head Start, CFDA Nos. 93.708 and 93.709         | F-11-07           |
| Reporting                    | Vocational Education Basic Grants to States, CFDA 84.048                       | F-11-12           |
| Subrecipient<br>Monitoring   | Gaining Early Awareness and Readiness for Undergraduate Programs, CFDA 84.334. | F-11-16           |
| Special Tests and Provisions | Title I Basic Grants to LEAs, CFDA 84.010                                      | F-11-17           |
|                              | English Language Acquisition Grants, CFDA 84.365                               | F-11-18           |

Compliance with such requirements is necessary, in our opinion, for the District to comply with the requirements applicable to those programs.

In our opinion, except for the noncompliance described in the table above, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. The results of our auditing procedures also disclosed other instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items: F-11-01, F-11-02, F-11-03, F-11-04, F-11-05, F-11-06, F-11-07, F-11-08, F-11-09, F-11-12, F-11-15 and F-11-16.

#### **Internal Control over Compliance**

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over

compliance that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items F-11-01, F-11-02, F-11-03, F-11-05, F-11-07, F-11-08, F-11-12, F-11-15, F-11-16, F-11-17, and F-11-18 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items F-11-01 to F-11-18 to be significant deficiencies.

The District's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the District's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of District management, the Board of Education, others within the entity, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

#### **Independent Auditor's Report on State Compliance**

The Honorable Board of Education Los Angeles Unified School District

We have audited the compliance of the **Los Angeles Unified School District** (the District), with the compliance requirements described in the *Standards and Procedures for Audits of California K-12 Local Educational Agencies 2010-11* (the Guide), for the year ended June 30, 2011. The District's programs are identified in the table below. Compliance with the requirements of the state laws and regulations applicable to each program is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in the Government Auditing Standards, issued by the Comptroller General of the United States; and the Standards and Procedures for Audits of California K-12 Local Educational Agencies, prescribed in the California Code of Regulations (CCR), Title 5, section 19810 - 19854. Those standards and the Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above occurred. An audit also includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

In connection with the audit referred to above, we selected and tested transactions and records to determine the District's compliance with the state laws and regulations applicable to the following programs:

|                          | Education Audit Appeals Panel Audit Guide, Standards and Procedures for Audits of California K-12 Local Education Agencies 2010-11 | Procedures<br>performed |

Schedule of Findings and Questioned Costs June 30, 2011

Section II – Findings Relating to the Basic Financial Statements which are Required to be Reported in Accordance with GAS

#### FS-11-01 - IFS Change Control – Significant Deficiency

State Audit Guide Finding Code: 30000

#### Criteria

Changes to accounting application programs are highly critical as they can impact the integrity of financial reporting. Accordingly, such changes warrant accounting management's approval prior to being implemented into production.

#### Condition

Fourteen (14) of the twenty-nine (29) IFS Migration Request Forms sampled for the 2011 fiscal year did not contain a signature from a Business Sponsor (e.g., Accounting Management). Migration Request forms are required to be authorized by a business sponsor prior to the implementation of a new or changed program into the production environment.

#### **Cause and Effect**

Unauthorized programs could be implemented for IFS, this could adversely impact the integrity of accounting data.

#### Recommendation

IFS Migration Request Forms should be consistently approved by the appropriate business management personnel (i.e., business sponsor) prior to a changed or new program's operational use.

#### View of Responsible Officials and Planned Corrective Action

ITD agrees with this recommendation. We have obtained signatures from the business sponsor for the 14 IFS migration forms sampled that did not contain a signature. We have also modified the IFS Migration Request Form to include a signature line for the Business sponsor's approval. The new form was put in place in December 2010.

#### FS-11-02 - ISIS Change Control – Significant Deficiency

State Audit Guide Finding Code: 30000

#### Criteria

Changes to accounting application programs are highly critical as they can impact the integrity of financial reporting. Accordingly, such changes warrant accounting management's approval prior to being implemented into production.

Schedule of Findings and Questioned Costs June 30, 2011

#### **Condition**

Changes to accounting application programs are highly critical as they can impact the integrity of financial reporting. Accordingly, such changes warrant management's approval prior to being implemented into production. However, the following were noted relative to ISIS program changes:

- One (1) of the twenty (20) ISIS change requests sampled for the 2011 fiscal year did not contain an approval from a Business Sponsor (i.e. Student Information System Branch). Requests of ISIS changes that affect the functionality of the program are required to be authorized by a business sponsor prior to the implementation of a new or changed program into the production environment.
- Three (3) of the twenty (20) ISIS change requests sampled for the 2011 fiscal year did not contain approvals from all 4 required groups of the MOC (Management of Change) Committee. These groups consists of Security, Network, Database and Operations. According to ITD Change Management Procedures, a program change is required to be successfully tested prior to submitting the change request for MOC committee review. If any one of the four teams in the MOC committee denies a change request, it will automatically result in the change request being denied.

#### **Cause and Effect**

Unauthorized program changes could be implemented for ISIS, this could adversely impact the integrity of student accounting data.

#### Recommendation

ISIS Change tickets should be consistently approved by both the appropriate business management (i.e., business sponsor) and technical personnel prior to implementing the changed or new program.

#### View of Responsible Officials and Planned Corrective Action

ITD management considers the single missing signature to be an aberration; we will continue to strive to have all ISIS change requests that affect the functionality of the program signed by the Business Sponsor.

ITD management agrees with the finding regarding the Management of Change process. ITD is reevaluating its Change Management process, along with other organizational processes. At the conclusion of the review, new Change Management processes will be in place.

Los Angeles County Office of Education (LACOE), CFDA Nos. 93.708 and 93.709, Grant Agreements C-11730:10:11 and C-11724:10:11.

Compliance Requirement: Allowable Costs

State Audit Guide Finding Code: 30000 and 50000

#### Criteria

OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, Attachment B, Selected Items of Cost, Part 8, Compensation for Personal Services, Section H, Support of salaries and wages:

- Where employees are expected to work solely on a single federal award or cost objective, charges
  for their salaries and wages will be supported by periodic certifications that the employees
  worked solely on that program for the period covered by the certification. These certifications
  will be prepared at least semiannually and will be signed by the employee or supervisory official
  having firsthand knowledge of the work performed by the employee.
- Where employees work on multiple activities or cost objectives, a distribution of their salaries or
  wages will be supported by personnel activity reports or equivalent documentation that meets the
  standards in subsection (5) unless a statistical sampling system (see subsection (6)) or other
  substitute system has been approved by the cognizant federal agency. Such documentary support
  will be required where employees work on:
  - (a) More than one federal award,
  - (b) A federal award and a nonfederal award,
  - (c) An indirect cost activity and a direct cost activity,
  - (d) Two or more indirect activities which are allocated using different allocation bases, or
  - (e) An unallowable activity and a direct or indirect cost activity.
- Personnel activity reports or equivalent documentation must meet the following standards:
  - (a) They must reflect an after the fact distribution of the actual activity of each employee,
  - (b) They must account for the total activity for which each employee is compensated,
  - (c) They must be prepared at least monthly and must coincide with one or more pay periods, and
  - (d) They must be signed by the employee.

Schedule of Findings and Questioned Costs

June 30, 2011

#### **Condition**

As part of our compliance review over payroll expenditures, we selected a sample of payroll expenditures charged to the program to ascertain if they were allowable per program regulations, accurately charged to the program, and appropriately supported in accordance with the OMB Circular A-87.

**Title I Grants to LEAs and Title I Grants to LEAs (Recovery):** In our sample of 100 payroll expenditures (50 each for CFDA No. 84.010 and CFDA No. 84.389), we noted the following:

Title I Grants to LEAs:

• 1 employee totaling \$9,047 was unable to provide either multifunded timesheets or semiannual certifications to support the payroll expenditures charged to the program.

Total exceptions amounted to \$9,047 of the \$289,898 sampled from the \$313,655,108 of total payroll and benefit expenditures for the fiscal year ended June 30, 2011.

Title I Grants to LEA (Recovery Act):

- 3 employees totaling \$15,936 provided signed semiannual certifications; however, the certifications were signed and dated subsequent to our requests.
- 1 employee totaling \$6,244 was unable to provide us with time reporting documentation to support the hours charged to the program.

Total exceptions amounted to \$22,180 of the \$333,023 sampled from the \$ 160,794,352 of total payroll and benefit expenditures for the fiscal year ended June 30, 2011.

**Special Education Cluster:** In our sample of 50 payroll expenditures for CFDA No. 84.027, we noted the following:

• 3 employees totaling \$18,453 provided semiannual certifications; however, the certifications were signed and dated subsequent to our request.

Total exceptions amounted to \$18,453 of the \$404,278 sampled from the \$119,509,693 of total payroll and benefit expenditures for the fiscal year ended June 30, 2011.

English Language Acquisition Grants: In our sample of 60 payroll expenditures, we noted the following

- 2 employees totaling \$14,554 provided semiannual certifications; however, the certifications were signed and dated subsequent to our request.
- 1 employee totaling \$1,867 provided a timesheet; however, the hours reported on the timesheets did not support all hours recorded on the SAP payroll record.

Schedule of Findings and Questioned Costs

June 30, 2011

• 1 employee totaling \$7,502 provided a semiannual certification; however, the program code reported was different from the SAP payroll record.

Total exceptions amounted to \$23,923 of the \$362,043 sampled from the \$27,781,374 of total payroll and benefit expenditures for the fiscal year ended June 30, 2011.

Child Care and Development Fund: In our sample of 60 payroll expenditures, we noted the following:

• CFDA No. 93.596: 1 employee totaling \$7,871 provided signed semiannual certification; however, the certification was not dated. As such, we were unable to determine if the certification was prepared timely.

Total exceptions amounted to \$7,871 of the \$221,819 sampled from the \$86,114,469 of total payroll and benefit expenditures for the fiscal year ended June 30, 2011.

• CFDA No. 93.713: 1 employee totaling \$4,754 was unable to provide either multifunded timesheets or semiannual certifications to support the payroll expenditures charged to the program.

Total exceptions amounted to \$4,754 of the \$131,371 sampled from the \$7,346,253 of total payroll and benefit expenditures for the fiscal year ended June 30, 2011.

Workforce Investment Act: In our sample of 60 payroll expenditures, we noted the following:

• 3 employees totaling \$10,022 provided semiannual certifications; however, the certifications were signed and dated subsequent to our request.

Total exceptions amounted to \$10,022 of the \$237,101 sampled from the \$10,788,768 of total payroll and benefit expenditures for the fiscal year ended June 30, 2011.

**Medical Assistance Program:** In our sample of 40 payroll expenditures, we noted the following:

• 2 employees totaling \$8,911 provided semiannual certifications; however, the certifications were signed and dated subsequent to our request.

Total exceptions amounted to \$8,911 of the \$251,169 sampled from the \$14,903,166 of total payroll and benefit expenditures for the fiscal year ended June 30, 2011.

Head Start Cluster: In our sample of 40 payroll expenditures, we noted the following:

• 3 employees totaling \$7,425 provided semiannual certifications; however, the certifications were signed and dated subsequent to our request.

Total exceptions amounted to \$7,425 of the \$121,244 sampled from the \$3,205,617 of total payroll and benefit expenditures for the fiscal year ended June 30, 2011.

Schedule of Findings and Questioned Costs

June 30, 2011

Furthermore, based on our review of the District's policies and procedures for documentation requirement for employees funded by the federal programs, (i.e. BUL-2643.5), it is our understanding that Local District Superintendents or Division Administrators are required to submit a written assurance to the Accounting Controls & Oversight Branch (Accounting Controls) to certify that they have received the appropriate documentation for the time reporting by February 15<sup>th</sup> and August 15<sup>th</sup>.

Based on our review of the logs for the fiscal year 2010-11 maintained by the Accounting Controls, we noted that 2 out of 37 and 5 out of 43 divisions did not submit the assurance for the period July – December 2010 and for the period January – June 2011, respectively.

#### **Cause and Effect**

The non-compliance appears to be a result of the lack of understanding of the federal compliance requirements by the District's employees.

These findings are repeat findings, have been reported previously for June 30, 2005 to June 30, 2010 (F-05-01, F-06-01, F-07-01, F-08-01, F09-01 and F-10-01).

Questioned Costs: \$112,586 (see summary below):

- **Title I Grants to LEA:** \$9,047 semiannual certification or multi-funded timesheet was not provided
- Title I Grants to LEA (Recovery Act): \$22,180 (\$6,244 inadequate support, \$15,936 untimely)
- Special Education Cluster: \$ 18,453 untimely
- English Language Acquisition Grants: \$23,923 (\$9,369 inadequate support, \$14,554 untimely)
- Child Care and Development Fund CFDA No. 93.596: \$7,871 certification was not dated
- Child Care and Development Fund CFDA No. 93.713: \$4,754 untimely
- Workforce Investment Act: \$10,022 untimely
- **Medical Assistance Program:** \$8,911 untimely
- **Head Start Cluster**: \$7,425 untimely

#### Recommendation

We recommend that the District continue to provide ongoing training to appropriate personnel on the updated procedures.

Schedule of Findings and Questioned Costs

June 30, 2011

#### **View of Responsible Officials and Planned Corrective Action**

The District agrees with the finding and will continue to provide information to appropriate personnel on time and effort requirements.

Compliance Requirement: Allowable Costs

State Audit Guide Finding Code: 50000

#### Criteria

Code of Federal Regulations – Title 34 – Education, Part 75 – Direct Grant Programs – Subpart F – What Are the Administrative Responsibilities of a Grantee? Section 75.702 Fiscal control and fund accounting procedures.

• A grantee shall use fiscal control and fund accounting procedures that ensure proper disbursement of and accounting for federal funds.

OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, Attachment A, General Principles for Determining Allowable Costs, Part C, Basic Guidelines:

- Factors affecting allowability of costs. To be allowable under federal awards, costs must meet the following general criteria:
  - a. Be necessary and reasonable for proper and efficient performance and administration of federal

Schedule of Findings and Questioned Costs

June 30, 2011

awards.

- b. Be allocable to federal awards under the provisions of this circular.
- c. Be authorized or not prohibited under state or local laws or regulations.
- d. Conform to any limitations or exclusions set forth in these principles, federal laws, terms and conditions of the federal award, or other governing regulations as to types or amounts of cost items.
- e. Be consistent with policies, regulations, and procedures that apply uniformly to both federal awards and other activities of the governmental unit.
- f. Be accorded consistent treatment. A cost may not be assigned to a federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the federal award as an indirect cost.
- g. Except as otherwise provided for in this circular, be determined in accordance with generally accepted accounting principles.
- h. Not be included as a cost or used to meet cost sharing or matching requirements of any other federal award in either the current or a prior period, except as specifically provided by federal law or regulation.
- i. Be the net of all applicable credits.
- i. Be adequately documented.
- · Allocable costs.
  - a. A cost is allocable to a particular cost objective if the goods or services involved are chargeable or assignable to such cost objective in accordance with relative benefits received.
  - b. Any cost allocable to a particular federal award or cost objective under the principles provided for in this circular may not be charged to other federal awards to overcome fund deficiencies, to avoid restrictions imposed by law or terms of the federal awards, or for other reasons.

#### **Condition**

As part of our procedures over program expenditures, we selected a sample of non-payroll expenditures that were recorded and charged to the program to ascertain whether or not they were allowable per program regulations, accurately charged to the program, and appropriately supported in accordance with the OMB cost circular documentation requirement. We noted that the following non-payroll expenditures recorded to expenditure accounts were not allowable:

**Title I Grants to LEAs**: Based on our 171 samples, we noted the following:

- 1 sample totaling \$9,418 was charged for Samsonite chair and tent purchase. This purchase was not program related and thus, it was not allowable.
- 1 sample totaling \$8,331 was charged for first aid student kit. This purchase was not program related and thus, it was not allowable.
- 1 sample totaling \$2,192 was for sports related goods including maxi-net, pickle ball swinger paddle, and badminton racket. These items were not allowable to the program.

Total exception of \$19,941 of the \$5,234,510 sampled of the \$116,246,138 charges of expenditures for the fiscal year 2010-11.

Schedule of Findings and Questioned Costs

June 30, 2011

#### **Title I Grants to LEAs, Recovery Act**: Based on our 40 samples, we noted the following:

• 2 samples totaling \$2,316 were charged for first aid student kit. These costs were unallowable to the program.

Total exception of \$2,316 of the \$8,635,490 sampled of the \$37,653,617 charges of expenditures for the fiscal year 2010-11.

#### **School Improvement Grants, Recovery Act**: Based on our 40 samples, we noted the following:

- A total of \$5,844 was charged for student incentive. This cost was not allowable to the program.
- 1 sample totaling \$6,685 was charged for janitorial supplies. This cost was unallowable to the program.

Total exception of \$12,529 of the \$420,088 sampled of the \$2,255,413 charges of expenditures for the fiscal year 2010-11.

# English Language Acquisition Grants: Based on our 60 samples, we noted the following:

- 1 sample totaling \$15,650 was charged for training; however, no detailed documentation was provided to support the nature of the training and how it supported the program.
- 2 samples totaling \$7,503 were charged for printers. These costs were not allowable to the program.
- 3 samples totaling \$17,545 of instructional materials were allocated and charged to the program; however, the allocation basis used by the schools was not based on the number of the English Learners of the total number of students as required by the Program and Budget Handbook. No other documentation was provided to support how the charges were allocated. Based on our recomputation using the percentage listed for the schools, the program was over-charged by \$8,430.
- 1 sample totaling \$8,348 was 100% charged to the program for TI-Navigator system for connection between student graphing calculators to the classroom computers; however, based on the allocation, \$2,671 (32%) should have been allocated to the program. As a result, \$5,677 (\$8,348 \$2,671) was not allowable to charge to the program.

Total exception of \$37,260 of the \$1,017,540 sampled of the \$5,144,096 charges of expenditures for the fiscal year 2010-11.

#### **Cause and Effect**

There does not appear to be adequate controls to ensure that all program expenditures are allowable to the federal programs and sufficiently supported with appropriate documentation for allowable activities.

These findings are repeat findings, have been reported previously for June 30, 2007 to June 30, 2010 (F-07-03, F-08-03, F-09-02, and F-10-02).

#### **Questioned Costs**

Title I Grants to LEAs (CFDA 84.010): \$19,941

Title I Grants to LEAs Recovery Act (CFDA 84.389): \$2,316

School Improvement Grants Recovery Act (CFDA 84.388): \$12,529

English Language Acquisition Grants: \$37,260

Schedule of Findings and Questioned Costs
June 30, 2011

#### Recommendation

We recommend that the District provide additional guidance/training to ensure appropriate documentation is maintained to support expenditures charged to federally funded programs. The District should also strengthen its controls over its charges to the federally funded programs to ensure that the reimbursement is in accordance with federal guidelines.

#### Views of Responsible Officials, Planned Corrective Actions, and Contact Information

**Title I Grants to LEAs and Title I Grants to LEAs Recovery Act:** The District will continue to provide guidance and training to ensure expenditures fall within program guidelines. The District's handbooks and materials on budgeting that are part of the budget packet given to schools clearly identify allowable expenditures.

Name: Deborah Ernst

Title: Director, Federal and State Education Programs

Telephone: (213) 241-6990

**School Improvement Grants, Recovery Act:** Student Incentives – Partnership for Los Angeles (PLAS) will be issuing a check for \$5,844 to the school to be deposited into the Donation Account (program 3986). Student incentives expenditures will be transferred to program 3986 upon check deposit and clearance.

Janitorial Supplies – a transfer of expenditures was submitted to General Accounting Branch – Specially Funded Program on 12/05/2011. A total of \$3,000 are to be transferred to program 4731 (Materiel – Operation – Schools), and a total of \$3,685 to program 3986 (School Determined Needs – General Program.)

The District will continue to provide guidance and training to ensure expenditures fall within program guidelines. The District's handbooks and materials on budgeting that are part of the budget packet given to schools clearly identify allowable expenditures.

Name: Nader Fard Delnavez

Telephone: (213) 241-2144

#### **English Language Acquisition Grants:**

The District will continue to strengthen policies and controls to ensure that schools comply with the spending and documentation requirements to support expenditures charged to federally funded programs.

1. Using 2010-11 Single Audit findings, the Language Acquisition Branch, in conjunction with Local District English Learner staff, will provide support to schools not meeting the program spending requirements.

Schedule of Findings and Questioned Costs
June 30, 2011

- 2. Rewrite the District's *Master Plan for English Learners* and include explicit guidelines regarding the mandates and procedures pertaining to categorical funds, program requirements, maintenance of fiscal documentation, and allowable expenditures. This publication will be distributed to all schools and professional development will be provided to all school-site, local district, and central office staff (Refer to timeline referenced in Item 4).
- 3. Revise the District's existing *Program and Budget Handbook* to include explicit guidelines regarding categorical funds, program requirements, maintenance of fiscal documentation, and allowable expenditures. This handbook will be posted on both the Federal and State Education Program (FSEP) and the Language Acquisition Branch webpages.
- 4. Provide professional development that is designed to ensure that school-site Principals and EL Coordinators receive comprehensive training on federal and state mandates pertaining to categorical programs, including the purpose of the funds, program requirements, maintenance of fiscal documentation, and allowable expenditures.

Professional DevelopmentTraining DateTitle III Master Plan InstituteJune 2012Master Plan for English Learners (all schools)May – June 2012

Development Block Grant.

Pass-Through Entity: California Department of Education

Award Numbers: CCTR-0124 and CSPP-0227

Compliance Requirement: Eligibility

State Audit Guide Finding Code: 30000 and 50000

#### Criteria

#### Section D of the District Contract with CDE, Certification of Eligibility:

The contractor shall designate the staff person authorized to certify eligibility. Prior to initial enrollment and at the time of recertification, an authorized representative of the contractor shall:

- Certify each family's/child's eligibility for child care and development services after reviewing the completed application and documentation contained in the family data file.
- Issue a notice of Action and Application for services.

# <u>Section E, Child Care and Development Center-Based Program Requirements, Contents of Family Data</u> File:

- The Contractor shall establish and maintain a family data file for each family receiving child care and development services.
- The family data file shall contain a completed and signed application for services and the following records as applicable to determine eligibility and need in accordance with above:
  - a. Documentation of income eligibility, including an income calculation worksheet;
  - b. Documentation of employment;
  - c. Documentation of seeking employment;
  - d. Documentation of training:
  - e. Documentation of parental incapacity;
  - f. Documentation of child's exceptional needs;
  - g. Documentation of homelessness:
  - h. Documentation of seeking permanent housing for family stability;
  - i. Written referral from a legally qualified professional from a legal, medical or social services agency or emergency shelter for children at risk of abuse, neglect or exploitation;
  - j. Written referral from a county welfare department, child welfare services worker, certifying that the child is receiving protective services and the family requires child care and development services as part of the case plan;
  - k. For parents receiving cash assistance, documentation regarding the approved welfare to work plan or activity that may include documentation of days and hours of need;
  - 1. If the parent of the child was on cash assistance, the date the parental cash aid was terminated.

Schedule of Findings and Questioned Costs

June 30, 2011

- A signed Child Care data collection Privacy Notice and Consent Form CD 9600A (Rev. 01/04) shall be included.
- Notice of Action, Application for Services and/or Recipient of Services shall be included.
- The family data file shall contain all child health and current emergency information required by California Code of regulations, Title 22, Social Security, Division 12, and Community Care Facilities Licensing Regulations with the following exception. Immunization records are not required to be in the family data file for children attending a public or private elementary school or for children receiving care in licensed facilities and reimbursed pursuant to Education Code sections 8220 and 8350.

#### **Condition**

In our procedures performed to determine eligibility for the childcare programs funded by this cluster, we sampled a total of 36 from CSPP0277 and 24 from CCTR0124 from 16 out of 100 Early Education Child Care Centers and requested the children files such as annual recertification forms, pay stubs or letter to determine if the eligibility status recorded in the Early Education Student Information System (EESIS) was accurate and supported.

During our review of the participant files, we noted that the program personnel did not sign and date the Confidential Application for Child Development Services and Certification of Eligibility for 10 out of 36 samples to certify that eligibility and document the review process. Certification is required to be signed and dated in order to complete the process of the eligibility.

Additionally, we also noted that the family income for 7 out of 60 files was erroneously calculated; as a result, the respective family fee was not properly calculated and collected. In all 7 cases, family income was under-reported resulting in assessment of lower family fees.

This is a repeat finding F-10-03.

#### **Cause and Effect**

It appears that a lack of effective and timely monitoring by the District over the functions performed by the center managers and possible staffing issues has resulted in a failure to follow procedures during eligibility determination and annual recertification.

#### **Questioned Costs**

The total net under-billed family fee amounted to \$3,320. Questioned cost was calculated by multiplying the rate at which the center under-charged the families by the total number of program operation days from corresponding date of re-certification up to June 30, 2011.

#### Recommendation

We recommend the District strengthen its monitoring process to ensure that student files are reviewed on a regular basis in order to comply with the contract and records provision. The District should also continue to provide training sessions for the center managers to ensure that they are aware of the federal requirements in relation to eligibility and that the required documentation is being maintained.

Schedule of Findings and Questioned Costs
June 30, 2011

#### Views of responsible Officials and Planned Corrective Actions

The District agrees with the finding. The Early Childhood Education (ECE) Division has conducted training on eligibility documentation for all Principals and Office Managers at Early Education Centers (EEC). This training occurred in the month of November 2011 and included an exercise that identified all documents that are to be included in the family file. Specific attention was given to documents requiring signatures and dates. Furthermore, the ECE Division conducted training for new Office Managers and Principals during the month of October 2011.

Additionally, Local District Administrators and Principal Leaders, who oversee and monitor EEC's, were also trained in October 2011. This training included how to conduct monitoring visits, how to review family files and how to fill out monitoring checklist that is forwarded to central office administrators. The above identified Administrators are to visit each EEC in their respective Local District by June 30, 2012, and send their monitoring checklist report to central for evaluation.

The above identified training and monitoring will be a standard operational procedure for future years.

Compliance Requirement: Equipment Management

State Audit Guide Finding Code: 20000, 30000, and 50000

#### Criteria

Title 7 – Agriculture, Chapter XXX –Office of the Chief Financial Officer, Department of Agriculture Part 3015.169 – Uniform Federal Assistance Regulations – Equipment Management requirements:

Recipient procedures for managing equipment shall, as a minimum, meet the following requirements (including replacement equipment) until such actions as transfer, replacement or disposal takes place:

- (a) Property records shall be maintained accurately. (Subpart D of this part contains retention and access requirements for these records.) The records shall include for each item of equipment the following:
  - (1) A description of the equipment including manufacturer's serial numbers.
  - (2) An identification number, such as the manufacturer's serial number.
  - (3) Identification of the grant under which the recipient acquired the equipment.
  - (4) The information needed to calculate the Federal share of the equipment (see § 3015.172).
  - (5) Acquisition date and unit acquisition cost.
  - (6) Location, use and condition of the equipment and the date the information was reported.
  - (7) All pertinent information on the ultimate transfer, replacement, or disposal of the equipment.
- (b) Every two years, at a minimum, a physical inventory shall be conducted and the results reconciled with the property records to verify the existence, current utilization, and continued need for the equipment. Any discrepancies between quantities determined by the physical inspection and those shown in the accounting records shall be investigated to determine the causes of the differences.
- (c) In order to insure adequate safeguards to prevent loss, damage or theft of equipment, a control system shall be used. Any loss, damage or theft of equipment shall be investigated and fully documented. The awarding agency may require a report of the circumstances involving the loss, damage, or theft of equipment.

Schedule of Findings and Questioned Costs
June 30, 2011

(d) In order to keep the equipment in good condition, adequate maintenance procedures shall be implemented.

Code of Federal Regulations, Title 34 – Education, Part 80 – Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments – Subpart C – Post – Award Requirements, Section 80.32, Equipment, Part (d):

- Management Requirement Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place will, as a minimum, meet the following requirements:
  - (1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.
  - (2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.
  - (3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated.
  - (4) Adequate maintenance procedures must be developed to keep the property in good condition.
  - (5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

BUL-1158 Accounting for Supplies and Equipment Purchases: Effective July 1, 2004, the dollar threshold to qualify items as "capital" or fixed assets is increased from \$15,000 to \$25000. The threshold for defining items purchased as supplies remains unchanged at below \$500. Items costing from \$500 to \$24,999 are considered "non-capital". Use object codes 4501 and 4310 for items with a unit cost below \$500.

#### **Condition**

Child Nutrition Cluster and Child and Adult Care Food Program: The District uses a computerized system called Filemaker for recording its food services or cafeteria equipment and updating inventory records for inventory checks performed. A review of the inventory records maintained in Filemaker showed that vital information such as unit acquisition cost, grant award number under which the equipment was obtained and condition of the property was missing.

Through discussion with the District's responsible personnel, we noted that the District performs an inventory count of equipment at all of its locations once every 2 years. The process begins in April of the fiscal year and is expected to be completed by June 30 of the fiscal year. The District provides each school with an inventory log, listing the most current equipment at that school based on the most recent inventory count. The cafeteria personnel performing the inventory must place a checkmark against each item of inventory that exists at the locations. For additions and deletions, the cafeteria personnel are required to check off the equipment, and

Schedule of Findings and Questioned Costs
June 30, 2011

write down quantities of added or deleted equipments on the add or delete form respectively. After the inventory is completed the cafeteria personnel must sign and date the logs and submit to the District office to update the master inventory list.

In our sample of 60 schools selected to perform testing for compliance with equipment management, we noted the following:

- a. Inventory logs for 9 schools did not have checkmarks against equipment item indicating the physical existence of the item.
- b. Inventory logs for 5 schools did not have the cafeteria personnel's signature.
- c. Inventory logs for 8 schools were not dated after the inventory was performed.
- d. The master inventory list was not updated with additions for 7 schools that had equipment(s) checked off on the add sheet.
- e. The master inventory list was not updated with deletions for 4 schools that had equipment(s) checked off on the delete sheet.
- f. The master inventory list contained 1 duplicate piece of equipment for 1 school.

As part of our testing, we inquired about the District's salvage policy for deleted equipments. We were informed that it was the District's policy to transport all salvaged equipment to the District's Salvage Warehouse which is managed by the District's Procurement Department. The salvaged equipment was then auctioned off to the public by the Procurement department, and no proceeds were returned to the Food Services Equipment Division that is responsible for managing and monitoring cafeteria equipment, to be returned to the granting agency. No copy of the policy, however, was made available to us.

**Title I Grants to LEAs:** Based on our review of the District's latest policies and procedures for inventory for equipment purchased through categorical programs (i.e. BUL-3508.3), it is our understanding that schools and local district offices are required to be compliant with specific policies stated therein, if the equipment was purchased with categorical funds. In our procedures performed to determine if the schools were in compliance with those policies and procedures, we noted the following exceptions for Title I Grants to LEAs:

- 1. 135 out of 734 schools did not submit either Principal Certification (PC) or Categorical Equipment Inventory (CEI) as required by the BUL-3508.3.
- 2. If schools did not purchase any equipment during the year, they are required to submit the PC to the Title I Office to certify that no equipment purchase was over \$500. During our review of the Inventory Log, we noted that there were a total of 178 schools who submitted a PC. However, based on the detailed expenditures recorded in the Integrated Financial System (IFS), we noted that twenty-one (21) schools purchased equipment above \$500 for the fiscal year 2010-11. As such, those schools should have submitted the CEI, instead of the PC.
- 3. In addition, we also noted that another ten (10) schools erroneously used the object code 4490 or 4410 for equipment items purchased below \$500. For items below \$500, object code 4501 or 4310 should be used.

Schedule of Findings and Questioned Costs

June 30, 2011

4. Further, we noted a total of another nine (9) schools had both exceptions for item #2 and #3 above.

#### **Vocational Education Basic Grants to States (Perkins IV)**

Section 132 – ROC/P Adult Vocational Education Basic Grants (contract numbers 10-14894-64733-00 and 10-14893-7435-00): According to the publication "Management of Career Technical Education Equipment", issued by CDE in 2007 for Vocational Education Basic Grants, grantees are required to include information on the inventory log such as description, serial number, identification number, funding source, acquisition cost and, acquisition date. In our sample of 17 out of 34 schools to perform procedures to test the equipment management, we noted that certain equipment reported on the inventory logs did not contain all required components for 10 schools. The following summarizes the components missing from the inventory logs:

| Missing Required Component | Number of Schools <sup>(1)</sup> |
|----------------------------|----------------------------------|
| Serial Number              | 3                                |
| Purchase Date              | 7                                |
| Cost of property           | 10                               |
| Property description       | 1                                |

<sup>(1)</sup> The acquisition cost for one school was omitted entirely from the equipment log.

In addition, we also noted that the object code 4490 was erroneously used by two (2) schools for equipment items purchased below \$500. For items below \$500, object codes 4501 and 4310 should be used and object code 4490 is for items costing from \$500 to \$24,999 per BUL-1158.

Section 131 – Secondary Vocational Education (contract number 10-14893-64733): In our procedures performed over the inventory for equipment purchased with the Vocational Education Basic Grants for 25 out of 56 secondary schools, we noted that one (1) school did not update its purchases of eight (8) equipment totaling \$35,894 in the inventory equipment logs submitted to the Office of Curriculum - Instruction and School Support CTE (Office) for the fiscal year 2010-11. Additionally, 17 schools had not submitted the 2010-11 equipment logs to the Office.

Workforce Investment Act, Title II: Through discussion with the District's responsible personnel, we noted that the District's inventory management is decentralized, so detailed inventory logs are kept at each individual school rather than at the District. At yearend, the District collects the certificates from the schools stating that the inventory had been updated to reflect the current year transactions.

In our procedures performed over the equipment inventory (BUL-953.1 dated August 23, 2010) to verify if the Annual Certification Inventory form was submitted and prepared properly, we sampled 19 out of all 34 schools which were funded by the grant during the fiscal year 2010-11 and noted that the date and the name of the employee who performed the physical inventory was not identified for one (1) school.

Schedule of Findings and Questioned Costs

June 30, 2011

We further selected another 11 schools to determine if the inventory logs were completed in accordance with the BUL-953.1 and noted the following:

1. The inventory logs did not contain the required components for 4 schools. The following summarizes the components missing from the inventory logs:

| Missing Required Component | Number of Schools * |
|----------------------------|---------------------|
| Serial Number              | 1                   |
| Purchase Date              | 1                   |
| Cost of property           | 2                   |
| Tag number                 | 3                   |

- 2. Based on our review of the vendor invoices, we noted that one (1) school recorded only 30 CPUs and 30 monitors instead of 40 each on the log.
- 3. Instead of program code (i.e. funding source), we noted that one (1) school inadvertently reported the object codes for the entire inventory log.

**Fund for the Improvement of Education (FIE):** Through discussion with the District's responsible personnel, we noted that the District's inventory management is decentralized, so detailed inventory logs are kept at each individual school rather than at the District.

Based on our review of the District's latest policies and procedures for inventory for equipment purchased through categorical programs (i.e. BUL-3508.3), it is our understanding that schools and local district offices are required to be compliant with specific policies stated therein, if the equipment was purchased with categorical funds.

In the fiscal year 2010-11, there were a total of twenty-two (22) schools awarded with the FIE grants. Of the total schools, we noted that only eleven (11) schools had purchased equipment using the object code 4490. According to the BUL-1158, items costing from \$500 to \$24,999 are considered "non-capital" and object code 4490 should be used.

In our procedures performed to determine if the schools were in compliance with those policies and procedures, we sampled five (5) schools and requested the inventory logs from the school and noted the following exceptions:

1. The inventory logs did not contain the required components for 4 schools. The following summarizes the components missing from the inventory logs:

| Missing Required Component | Number of Schools (1) |
|----------------------------|-----------------------|
| Description of Equipment   | 1                     |
| Serial Number              | 2                     |
| Property Location          | 2                     |

<sup>\*</sup> One school has 3 components missing and one school has 2 components missing on the logs.

Schedule of Findings and Questioned Costs
June 30, 2011

Purchase Date 2
Cost of property 2
Funding Source 1

2. In our procedures performed over the inventory for equipment purchased with FIE grant funds, we noted that one (1) school did not update its purchases of equipment totaling \$10,990 in the inventory equipment log.

#### **Cause and Effect**

Inadequate supervision and insufficient guidance/training to the personnel at the schools over inventory and management of equipment or property may have contributed to these issues.

This is a repeat finding from Fiscal Years 2008-09 and 2009-10 (F-09-06 and F-10-04).

## **Questioned Cost**

Not applicable. This finding is considered a programmatic non-compliance issue as well as a deficiency in the internal control system to properly monitor and supervise the personnel who are assigned to perform the inventory management.

#### Recommendation

We recommend the District continue to strengthen its controls over property management by providing adequate supervision/training to ensure that inventory management be performed properly.

#### Views of responsible Officials, Planned Corrective Actions, and Contact Information

**Child Nutrition Cluster and Child and Adult Care Food Program**: The District agrees with the recommendation. There will be an inventory conducted this year (2011-12) to review the accuracy of the master inventory log and take random samples to ensure staff is following procedures.

Name: Laura Benavidez

Title: Deputy Director of Food Services – Operation

Telephone: (213) 241-2999

**Title I Grants to LEAs:** FSEP will continue to work with the local district coordinators to resolve the deficiency in schools completing equipment inventory logs. The Program and Budget Handbook for 2012-2013 will continue to provide guidance on the appropriate object codes for purchasing capitalized and non-capitalized equipment, including equipment with a unit cost of less than \$500.

Name: Deborah Ernst

Title: Director, Federal and State Education Programs

Telephone: (213) 241-6990

The acquisition cost and date for one school was omitted entirely from the equipment log and the serial number for one school was omitted entirely from the equipment log.

Schedule of Findings and Questioned Costs

June 30, 2011

#### **Vocational Education Basic Grants to States (Perkins IV):**

Section 131 – Secondary Vocational Education: Because of the District lay-offs of school clerical personnel, we are developing a new inventory system that our CTE advisors will be in control of budget, POs, receivers, and inventory. The highlights of this new system are the following:

- 1. Budget control sheets will be kept by each advisor. The budget sheets will include justifications for each item budgeted, Record of PO, Receiver Log, Inventory and Spot Inventory check list.
- 2. Central office will receive the control sheets once per month for review, spot checks and log.
- 3. Schools are assigned evenly to the advisors by the Central Staff. The Central Staff will send the inventory list to the advisors by April 16, 2012.
- 4. The physical inventory will be conducted at the same time as other school inventories for other programs in May 2012.
- 5. It is our intention to implement this process for school year 2011-2012 and future years in compliance with BUL-1158 above.

Name: Kathy Halsey Title: Coordinator

Telephone: (213) 241-5687

Section 132 – ROC/P Adult Vocational Education Basic Grants: Equipment Log requirements have been reviewed with all Perkins Advisors. All logs have been updated and completed. Central office staff has scheduled visits to DACE schools to ensure logs are completed in accordance with requirements. Items under \$500.00 dollars will be itemized separately when purchased rather than "bundled" in adherence to district policy.

Name: Isabel Vazquez

Title: Director, Career Technical Education

Telephone: (213) 241-3821

Workforce Investment Act, Title II: The District agrees with the finding. The Division of Adult Education will retrain Principals and Assistant Principals at their monthly meetings on equipment inventories. The training will be followed up with communications reminding them to have accurate and complete inventories.

Name: Ted Nelson

Title: Assistant Budget Director Telephone: (213) 241-3788

Schedule of Findings and Questioned Costs

June 30, 2011

**Fund for the Improvement of Education (FIE):** Principals will be reminded at the beginning of each semester of the District procedures for maintaining appropriate inventory logs and asked to disseminate BUL-1158 to their designee responsible for the inventory of equipment at the school site and provide training as needed. In addition, Central office will provide schools with an equipment log template that has all of the required components by the second semester of the 2011-12 school year. In addition, identified schools with existing problems with inventory logs will be asked to provide documentation of corrections made by February 29, 2012 given that they have the needed documents available to do so.

Name: Janice Collins, Ph.D. Title: Project Director, Telephone: (213) 241-4131

## **Program Identification**

Finding Reference Number:

Federal Program Title, Awarding Agency, Pass-Through Entity, Catalog of Federal Domestic Assistance (CFDA) Number, Award Number Federal Catalog of Domestic Assistance Number(s):

#### F-11-05

WIA Youth Activities – Department of Labor (DOL), City of Los Angeles - Community Development Department, CFDA No. 17.259, Grant Agreement T4685 (117892);

ARRA – Head Start and ARRA Early Head Start, Department of Health and Human Services, Los Angeles County Office of Education (LACOE), CFDA Nos. 93.708 and 93.709, Grant Agreement C-11730:10:11 and C-11724:10:11.

Compliance Requirement: Earmarking

State Audit Guide Finding Code: 30000 and 50000

Criteria

**WIA Youth Activities:** 

202 – Statement of Work of the Agreement, C-6 (a) states:

Schedule of Findings and Questioned Costs
June 30, 2011

At least 50%<sup>(1)</sup> of all youth registered within the Youth Opportunity System must be out-of-school youth and at least 50% <sup>(1)</sup> of the system *funds expended must be for the benefit of out-of-school youth*. Contractor shall enroll and serve at least the minimum number of out-of-school youth found in the contract Performance Measures and Customer Service Level table as their network contribution toward the system wide goal. An out-of-school youth is defined as an eligible youth who 1) is a school dropout or 2) has graduated from high school or holds a GED, but is basic skills deficient, unemployed, or underemployed. Under WIA, youth enrolled in alternative schools are considered to be in school.

202 – Statement of Work of the Agreement, E-1 requires that minimum percentage of Out-of-School Youth to be served is 40% (1).

#### **Vocational Education Basic Grants to States:**

*IV. Program and Administrative Requirements* - Perkins IV and Chapter Five of the State Plan establish the requirements for local administration and the use of funds and policies for secondary and postsecondary CTE programs that will be assisted with Perkins IV funds. These policies and requirements must be followed by all LEAs receiving Perkins IV funds. This section is divided into three parts: Use of Perkins IV Funds; Program Requirements; and Assurances, Certifications, Terms, and Conditions.

The text that follows for Part A (Use of Perkins IV Funds) and Part B (Program Requirements) is taken directly from chapter five of the State Plan.

A. Use of Perkins IV Funds - Required Local Educational Agency Use of Section 131 and 132 Funds: Policy. No less than 85 percent of the LEA's Section 131 or 132 allocation must be expended to improve or expand CTE programs and courses approved in the local plan and annual application for funds.

Up to 5 percent of the allocation may be charged to direct or indirect costs for expenditures incurred in activities required to administer the grant.

Up to 10 percent of the allocation may be expended to support other CTE activities that are consistent with the purpose of the Act. These activities include, but are not limited to the following:

- Involving parents, businesses, and labor organizations as appropriate, in the design, implementation, and evaluation of the CTE programs assisted with the funds
- Providing career guidance and academic counseling for students participating in CTE programs
- Developing and expanding program offerings for adults at times and in formats that are accessible for students, including working students
- Developing and supporting small, personalized, career-themed learning communities
- Providing CTE programs for adults and school dropouts to complete secondary education, or update the technical skills of the adults and school dropouts
- Providing CTE program completers and leavers with placement assistance in jobs and advanced education and training
- Supporting training and activities such as mentoring and outreach in nontraditional fields

## **ARRA** – Head Start and ARRA Early Head Start:

Schedule of Findings and Questioned Costs
June 30, 2011

Head Start Act, 42 U.S.C. § 9837, Section 640(d)(1), which requires that "the Secretary shall establish policies and procedures to assure that for fiscal year 2009 and thereafter, not less than 10 percent of the total number of children actually enrolled by each Head Start agency and each delegate agency will be children with disabilities who are determined to be eligible for special education and related services, or early intervention services, as appropriate, as determined under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), by the State or local agency providing services under section 619 or part C of the Individuals with Disabilities Education Act (IDEA)."

#### **Condition**

**WIA Youth Activities – Department of Labor:** The District's WIA youth contract with the City of Los Angeles (City) consists of *In-school youth* and *Out-of-school youth programs*. In our procedures of reviewing the District's compliance with earmarking, we noted that the program costs for the contract were not separately accounted for between the two (2) categories. We also noted that the District did not have a cost allocation plan to allocate the shared program costs between the two (2) programs; all program costs were recorded into one general ledger. As such, the District was unable to determine whether or not the minimum earmarking percentage was met for the contract year.

(1) According to the District's Program Coordinator, the District's agreement number C-117892 with the City requires the minimum percentage to be spent for out-of-school youth should have been 40% instead of 50%.

**Vocational Education Basic Grants to States:** During our procedures performed to test the amounts charged to the program coded as earmarking for other CTE activities (category called Guidance and Counseling "G&C"), we noted that both Adult and Secondary Vocational Education programs used an estimated percentage of the program costs to allocate the G&C; however, the estimated percentage was not adequately supported. As such, we were unable to determine if the District's other CTE activities met the requirements in accordance with the purpose of the program.

Section 131 – Secondary Vocational Education (contract number 10-14893-64733): The reported G&C amounted to \$678,610 which represented 60% of the account code 3228 for the program year 2010-11; however, the percentage was not supported. Additionally, the reported G&C cost exceeded the 10% limitation by \$34,736. The reported total cost for the contract for the program year 2010-11 amounted to \$6,438,737 and 10% of the total amounted to \$643,874.

Section 132 – ROC/P Adult Vocational Education Basic Grants (contract numbers 10-14894-64733-00 and 10-14893-7435-00): The G&C expenditures were reported based on 5% of the total certificated salaries and benefits; however, the percentage was not adequately supported. The reported G&C expenditures for the program year 2010-11 were less than 1% of the program costs for both contracts.

**ARRA** – **Head Start and ARRA Early Head Start:** The District's enrollments for individuals with disabilities (IEP) for both Head Start and Early Head Start programs did not meet the earmarking compliance requirement. To meet the 10% requirement, the Head Start and the Early Head Start needed IEP enrollments of 32 and 9, respectively. However, only 14 and 3 IEPs were enrolled for the Head Start and Early Head Start programs (under enrolled by 44% and 33%).

Schedule of Findings and Questioned Costs

June 30, 2011

#### **Cause and Effect**

**WIA Youth Activities:** There appears to be a lack of effective controls to ensure that the District is incompliance with the applicable contract requirements.

**Vocational Education Basic Grants to States:** Existing policies and procedures do not provide adequate support for the percentage used in meeting the earmarking provision.

**ARRA** – **Head Start and ARRA Early Head Start:** The District was not in compliance with the earmarking requirement.

#### **Questioned Costs**

**WIA Youth Activities:** The District's final program cost claimed for the contract year 2010-11 amounted to \$638,617. Since the program costs were not allocated and reported separately, we were unable to determine whether or not the District met the 40% earmarking contract provisions.

**Vocational Education Basic Grants to States:** The known questioned is \$34,736.

**ARRA** – **Head Start and ARRA Early Head Start:** The questioned cost may not be applicable as a programmatic non-compliance issue does not usually constitute any questioned cost from the current year funding.

#### Recommendation

**WIA Youth Activities:** The District should implement policies and procedures to allocate and report the program costs between in-school and out-of-school programs separately.

**Vocational Education Basic Grants to States:** The District should strengthen policies and procedures to ensure that the percentages used to allocate cost are adequately supported in accordance with the federal guidelines.

**ARRA** – **Head Start and ARRA Early Head Start:** The programs ended on September 30, 2011 and the contracts with LACOE were not extended. As such, no recommendation would be applicable.

#### Views of responsible Officials, Planned Corrective Actions, and Contact Information

WIA Youth Activities: There was nothing in the contract which requires that the costs and number of out-of-school students be segregated or allocated in the General Ledger. Thus, the total costs of salaries and all other expenditures including those for in and out of school youths are not segregated in district's subcontractor invoices or billings to the City. Also, the number of students are identified as in/out of school and reported to the City in the Performance and Evaluation Report for each contract or year. These practices have been used since 2001 without negative comments from the City on its annual Program Monitor and FMD Audits.

Schedule of Findings and Questioned Costs
June 30, 2011

For 2011-12, to comply with this audit finding, the District has created a new program code (2A27) for the salary and benefits to separate the out-of-school youth from the in-school youth. In addition, there is still only one Contract and one Expenditure Plan (Budget) submitted and approved by the City fiscal year 2011-12. The audit recommendation to identify by student type the actual salary of personnel & operating expenses is not necessary and not cost efficient as the main goal and objective of the contract is to meet the overall numbers as established by the aforementioned Performance Measures and Customer Service Level form.

State Audit Guide Finding Code: 30000 and 50000

#### Criteria

**Title 34: Education – Part 200: Title I Improving The Academic Achievement of the Disadvantaged** Subpart A—Improving Basic Programs Operated by Local Educational Agencies LEA and School Improvement:

§200.45 (b) (1) Supplemental Educational Services: Only students from low-income families are eligible for supplemental educational services. (2) The LEA must determine family income on the same basis that the LEA uses to make allocations to schools under subpart A of this part.

#### Condition

The District's supplemental education services (SES) funded by Title I Basic grant under the 20% set-aside provision is over-seen by the Beyond the Bell Division (BTB). To determine the student eligibility for the SES program, BTB collects the data provided by the Food Services Branch (FSB), a department of the District that operates the National Breakfast Program and the National School Lunch Program (SBP) funded by the U.S. Department of Agriculture (USDA). FSB is required each school year to verify the eligibility of a sample of 3,000 households selected from applications that it has approved for the free and reduced price meals. The data for the student eligibility is then updated automatically on November 1<sup>st</sup> to reflect the status changes and notifications must be provided to households by November 15th. On November 16<sup>th</sup>, BTB requests the updated eligibility data through the District's Information Technology Department (ITD) and uses it as the base to determine the final eligibility for the SES program. If the eligibility status of the student changes, BTB would notify the student's parents and remove those students from the SES program accordingly.

Schedule of Findings and Questioned Costs
June 30, 2011

In our procedures performed to review expenditures charged to SES, we obtained a list of all students selected by the FSB for eligibility verification and noted that the eligibility status of 3,896 students was being adjusted to a "denied" status, i.e. ineligible for the SBP program. Furthermore, we compared those 3,896 students with the roster that BTB obtained from ITD on November 16<sup>th</sup> and noted that 163 of those ineligible students were included in the BTB list and received SES services. Through our discussion with the BTB SES Coordinator, we were informed that the data provided by ITD was inadvertently generated based on the information captured in the FSB data files as of September 2010 instead of the updated data files as of November 16, 2010; as such, the eligibility information used by the BTB was not the most updated, resulting in services provided to ineligible students.

#### **Cause and Effect**

The condition was due to a miscommunication between the BTB and ITD as to the date to capture the eligibility information from the FSB data files.

#### **Questioned Costs**

Based on the schedule maintained by BTB to track the SES hours and rates by student, the total SES cost resulting from the 163 ineligible students amounted to \$241,004.

#### Recommendation

We recommend that the District update its procedures to ensure that the data used for the SES eligibility determination is updated file based on the SBP verification.

#### **Views of Responsible Officials and Planned Corrective Actions**

We will ensure all future requests highlight the need to capture the most current information. In addition, starting with the 2011-12 school year, Beyond the Bell will request an update of the SES database after November 15 to reflect any changes in the Lunch application status for all SES eligible students. Beyond the Bell will inform SES providers of any students that may become ineligible based on their meal application denial so they can be removed from the program.

Compliance Requirement: Earmarking

State Audit Guide Finding Code: 30000 and 50000

## Criteria

**Vocational Educational Basic Grants to States:** United States Code Title 20 – Education, Chapter 44 – Vocational and Technical Education, Subchapter I – Vocational and Technical Education Assistance to the States, Part C – Local Provisions, Section 2355, Local uses of funds, d) Administrative costs:

• Each eligible recipient receiving funds under this part shall not use more than 5% of the funds for administrative costs associated with the administration of activities assisted under this section.

**Child Care and Development Fund:** CCTR-9129 General Child Care and Development (Center-based) Funding Terms and Conditions and Program Requirements states:

V.C. Administrative Costs – Contractors may claim administrative costs as defined in Section I above which are directly related to the provision of child care and development services. Reimbursement of administrative costs shall not exceed fifteen percent (15%) of net reimbursable program costs or actual administrative costs and audits, whichever is less. The fifteen percent (15%) includes any allowance for indirect costs and audits. Contractors shall maintain written documentation of the rationale used in determining direct and administrative costs.

CSPP 9233 California State Preschool Program Funding Terms and Conditions and Program Requirements states:

V.C. Administrative Costs – Contractors may claim administrative costs as defined in Section I above which are directly related to the provision of child care and development services. Reimbursement of administrative costs shall not exceed fifteen percent (15%) of net reimbursable program costs or actual administrative costs and audits, whichever is less. The fifteen percent (15%) includes any allowance for

Schedule of Findings and Questioned Costs

June 30, 2011

indirect costs and audits. Contractors shall maintain written documentation of the rationale used in determining direct and administrative costs.

**Head Start and Early Head Start (Recovery Act):** Code of Federal Regulations – Title 45 – Public Welfare, Part 1301 – Head Start Grants Administration – Subpart D – Personnel and General Administration, Section 1301.32, Limitations on costs of development and administration of a Head Start program:

- 1) Allowable costs for developing and administering a Head Start program may not exceed 15 percent of the total approved costs of the program, unless the responsible HHS official grants a waiver approving a higher percentage for a specific period of time not to exceed twelve months.
- 2) Grantees must charge the costs of organization-wide management functions as development and administrative costs. These functions include planning, coordination and direction; budgeting, accounting, and auditing; and management of purchasing, property, payroll and personnel

Section 11 (d) of OMB Circular A-87 states: "Fringe Benefits"

5) The cost of fringe benefits in the form of employer contributions or expenses for social security; employee life, health, unemployment, and worker's compensation insurance (except as indicated in section 22, Insurance and indemnification); pension plan costs (see subsection e.); and other similar benefits are allowable, provided such benefits are granted under established written policies. Such benefits, whether treated as indirect costs or as direct costs, shall be allocated to Federal awards and all other activities in a manner consistent with the pattern of benefits attributable to the individuals or group(s) of employees whose salaries and wages are chargeable to such Federal awards and other activities.

#### **Condition**

**Vocational Educational Basic Grants to States:** Section 131 – Secondary Vocational Education: During our procedures performed over program earmarking requirements, we noted that the District claimed its State's approved indirect cost rate of 2.14 percent of total program costs as administrative cost for the fiscal year 2010-11.

Based upon our additional analysis, we identified the following positions and their salaries which appeared to be administrative functions, but their salaries were included in the program expenditures for the fiscal year 2010-11.

| Secretary                | \$<br>54,698  |
|--------------------------|---------------|
| Office Technicians       | 56,879        |
| Senior Financial Analyst | 55,868        |
|                          | \$<br>167,445 |

The Department that operates the Secondary Vocational Education provided us with their analysis to indicate that the job duties for the above positions were all program directly related functions. However, based on our review of their analysis, we concluded that their job duties (i.e. processing purchase orders,

Schedule of Findings and Questioned Costs
June 30, 2011

filing, accounting, budget development, financial reporting) are solely administrative functions. As such, the above positions should be reported under administrative costs instead of program costs.

The District's claim for the administrative expenditures amounted to \$156,197 for the fiscal year 2010-11. The maximum allowed administrative cost amounted to \$305,755 which is 5% (excluding the approved indirect rate of 2.14%) of the total direct program expenditures of \$6,115,095 (including obligations) for the fiscal year 2010-11. Therefore, the expenditures in question listed above would cause the District to exceed its administrative earmarking limitation by \$17,888 (167,445+156,197-305,755) for the fiscal year ended June 30, 2011.

**Child Care and Development Fund:** During procedures performed over program earmarking requirements, we noted that the administrative costs of the District's Early Childhood Education Division (Division) were not separately accounted for and therefore, they were not reported accordingly on the final CDFS 9500 (CCTR-9129) and CDFS 8501(CSPP-9233) for the fiscal year ended June 30, 2010 (which was due in February 2011).

Based upon our additional analysis, the combined estimated administrative personnel cost appeared to be \$4,658,749 for 2009-10. The maximum allowed amount for administrative cost amounted to \$17,566,623 which is 15% of the combined total direct program expenditures of \$117,110,821, (\$7,525,976 for CCTR-9129 and \$109,584,845 for CSPP-9233) for the fiscal year 2009-10. Therefore, the un-reported administrative expenditures in question may not have caused the District to exceed its administrative earmarking limitation for the fiscal year ended June 30, 2010. However, our estimate only included the salaries and benefits recorded in the District's payroll system and did not include any non-personnel costs (object codes 4000 – 7000) related to the administrative functions, if any.

Head Start and Early Head Start (Recovery Act): During our procedures performed over program earmarking requirements, we noted that the Early Childhood Education that operates the Head Start and Early Head Start programs calculated and tracked the administrative costs on a spreadsheet, to support the earmarking provision. The Division's claim for the administrative costs amounted to \$205,391 for the Head Start program and \$99,195 for the Early Head Start program. In our review of the expenditures recorded on the spreadsheet, the District's administrative costs claimed for the contract year 2010-11 did not exceed the 15% administrative earmarking limitation for those grants awarded in the fiscal year. However, based on our review of the detailed expenditures on the spreadsheet, we noted that the following line items were reported based on allocation percentages of the total costs incurred per the Integrated Financial System (IFS), the book of record. However, the allocation percentages used in splitting between the program and administrative costs were not supported by a cost allocation plan or any other verifiable data. As such we could not determine if the allocation methodology and calculations were reasonable and acceptable for the cost of the line items allocated within the total administrative cost claimed.

| Program | Description              | Total       | Allocation for Admin |    | ogram<br>Cost | _  | dmin<br>Cost |

## **Cause and Effect**

Vocational Educational Basic Grants to States: The District's Secondary Programs department did not concur with the finding and claimed that the positions in question were funded 100% directly by the program and therefore, such costs should be considered as direct program costs. The direct and indirect administrative cost is defined as activities necessary for the proper and efficient performance of the eligible fiscal and data collection responsibilities under the Perkins Act of 2006. The job functions of executives, secretaries, office clerks and accountants should be reported under the administrative category as either direct or indirect cost.

**Child Care and Development Fund:** It appears that the Division did not follow the District's policies and procedures to properly account for administrative costs for these grants which impose the earmarking limitation.

**Head Start and Early Head Start (Recovery Act):** The District was not able to provide an explanation (or the support) for the allocation methodology.

This is a repeat finding, having been reported previously for June 30, 2007 to June 30, 2010 (F-07-15, F-07-16, F-08-07, F-08-09, F-09-08 and F-10-07).

Schedule of Findings and Questioned Costs

June 30, 2011

### **Questioned Costs**

**Vocational Educational Basic Grants to States: \$17,888** 

**Child Care and Development Fund:** The questioned cost may not be applicable as our estimate is below the limitation of the administrative cost.

**Head Start and Early Head Start (Recovery Act):** The total contract award for the fiscal year 2010-11 amounted to \$1,924,761 and \$1,389,085, respectively for Head Start and Early Head Start programs. The maximum program administrative cost would be 15% of the total contract award amount or \$288,714 and \$208,363 for Head Start and Early Head Start, respectively. The Division's claims for the administrative costs amounted to \$205,391 for Head Start program and \$99,195 for the Early Head Start program; and therefore, Early Childhood Education's remaining allowable administrative costs for the contracts were \$83,323 and \$109,168, respectively.

Since the allocation percentages were not supported, we were not able to determine if the administrative costs for the two (2) programs exceeded the provision.

## Recommendation

**Vocational Educational Basic Grants to States**: We recommend that the District should enforce the Secondary Programs to follow the District's BUL-5399, in which, schools and offices are required to document their activities if the position is administrative function including fiscal personnel.

**Child Care and Development Fund:** We recommend that the Division enforce the District's policies and procedures to ensure that administrative costs are appropriately computed and accounted for separately for the child development programs.

**Head Start and Early Head Start (Recovery Act):** The Head Start and Early Head Start programs ended on September 30, 2011 and the contracts with LACOE were not extended. As such, no recommendation would be applicable.

## Views of responsible Officials, Planned Corrective Actions, and Contact Information

**Vocational Educational Basic Grants to States:** The salaries of the three positions were considered direct program costs due to the following reasons:

- a. They were primarily hired to work exclusively for the Perkins program.
- b. They did not perform activities for any other District general or specially funded programs and the District general activities that may refer to the position or title used by District Human Resources.
- c. The titles used for the Perkins positions were different from those used by LAUSD. However, they are the same job descriptions.
- d. The positions were included as part of Direct Program Costs in the Request for Fund Application submitted and approved by CDE.

Schedule of Findings and Questioned Costs June 30, 2011

The District will review the job functions of the individuals involved and ensure that administrative cost in the grant does not exceed 5%.

Name: Kathy Halsey Title: Coordinator

Telephone: (213) 241 -5687

Child Care and Development Fund: The District agrees with the finding. Early Childhood Education (ECE) Fiscal Services has realigned the budget for Fiscal Year 2011-12 to show all administrative costs in one program code. This allows us to separate those costs from direct program costs for reporting purposes. By February 2012, ECE Fiscal Services will identify school based positions that may appear to be administrative in nature but are actually performing direct program activities and have them maintain activity logs as required by District Policy Bulletin BUL-5999.0, Documentation for Employees Performing Administrative & Direct Program Activities, dated February 9, 2011. In Fiscal Year 2010-11, administrative costs were identified, even though they were in various program codes, and given to General Accounting for inclusion for the final report that will be issued in 2012.

Name: Ted Nelson

Title: Assistant Budget Director Telephone: (213) 241-3175

Head Start and Early Head Start (Recovery Act): The District agrees with the finding. methodology for the allocation of administrative expenditures had been discussed but never formalized into a written document. If the District participates in these programs in the future, methods of allocating administrative and program expenditures will be formalized into a written document that provides the rationale for the percentages used. Furthermore, activity logs will be maintained to document time spent in administrative and program activities.

State Audit Guide Finding Code: 30000 and 50000

#### Criteria

**GEAR-UP:** Code of Federal Regulations – Title 34 – Education, Part 80 – Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments – Subpart C – Post-Award Requirements, Section 80.24, Matching or cost sharing:

Records. Costs and third-party in-kind contributions counting toward satisfying a cost sharing or
matching requirement must be verifiable from the records of grantees and subgrantee or cost-type
contractors. These records must show how the value placed on third-party in-kind contributions
was derived. To the extent feasible, volunteer services will be supported by the same methods
that the organization uses to support the allocability of regular personnel costs.

U.S Department of Education: Gaining Early Awareness and Readiness for Undergraduate Programs, Office of Postsecondary Education:

- Section 404C(b) of the Higher Education Act requires at least 50% of the total cost of a GEAR UP project to be paid with State, local, institutional, or private funds.
- Some GEAR UP grantees proposed in their applications matching contributions exceeding the statutory minimum. Under the GEAR UP regulations at 34 CFR 694.7(a) (2), a grantee is obligated to contribute the entire amount of match stated in its application, even if the amount exceeds the statutory requirement.
- Grantees are required by the GEAR UP regulations at 34 CFR 694.7(a) (2) to comply with the matching percentage stated in their applications for each individual year of the grant.

**Head Start and ARRA Early Head Start (Recovery Act):** Code of Federal Regulations – Title 45 – Public Welfare, Part 1301 – Head Start Program Performance Standards and Other Regulations – Subpart C - Federal Financial Assistance –, Section 1301.20, matching requirements:

- (a) Federal financial assistance granted under the act for a Head Start program shall not exceed 80 percent of the total costs of the program, unless:
- (1) An amount in excess of that percentage is approved under section 1301.21; or
- (2) The Head Start agency received Federal financial assistance in excess of 80 percent for any budget period falling within fiscal year 1973 or fiscal year 1974. Under the circumstances described in clause
- (3) Of the preceding sentence, the agency is entitled to receive the same percentage of Federal financial assistance that it received during such budget periods.

Section 11 (h) of OMB Circular A-87 states: "Support of salaries and wages"

Schedule of Findings and Questioned Costs

June 30, 2011

- (4) Where employees work on multiple activities or cost objectives, a distribution of their salaries or wages will be supported by personnel activity reports or equivalent documentation which meets the standards in subsection (5) unless a statistical sampling system (see subsection (6)) or other substitute system has been approved by the cognizant Federal agency. Such documentary support will be required where employees work on:
  - a. More than one Federal award,
  - b. A Federal award and a non-Federal award,
  - c. An indirect cost activity and a direct cost activity,
  - d. Two or more indirect activities which are allocated using different allocation bases, or
  - e. An unallowable activity and a direct or indirect cost activity.
- (5) Personnel activity reports or equivalent documentation must meet the following standards:
  - a. They must reflect an after-the-fact distribution of the actual activity of each employee,
  - b. They must account for the total activity for which each employee is compensated,
  - c. They must be prepared at least monthly and must coincide with one or more pay periods, and
  - d. They must be signed by the employee.
  - e. Budget estimates or other distribution percentages determined before the services are performed do not qualify as support for charges to Federal awards but may be used for interim accounting purposes, provided that:
    - i. The governmental unit's system for establishing the estimates produces reasonable approximations of the activity actually performed;
    - ii. At least quarterly, comparisons of actual costs to budgeted distributions based on the monthly activity reports are made. Costs charged to Federal awards to reflect adjustments made as a result of the activity actually performed may be recorded annually if the quarterly comparisons show the differences between budgeted and actual costs are less than ten percent; and
    - iii. The budget estimates or other distribution percentages are revised at least quarterly, if necessary, to reflect changed circumstances.
- (6) Substitute systems for allocating salaries and wages to Federal awards may be used in place of activity reports. These systems are subject to approval if required by the cognizant agency. Such systems may include, but are not limited to, random moment sampling, case counts, or other quantifiable *measures of* employee effort.
- (7) Salaries and wages of employees used in meeting cost sharing or matching requirements of Federal awards must be supported in the same manner as those claimed as allowable costs under Federal awards.

#### Condition

**GEAR-UP:** *Grant P334A050178 (Finding Code 30000)* 

Schedule of Findings and Questioned Costs

June 30, 2011

In our procedures performed over matching contributions, we selected grant P334A050178 for LD 4 that reported matching expenditures totaling \$2,585,667, for the fiscal year. We requested documentation to support the reported matched expenditures and noted the following:

In our review of 40 Personnel Activity Reports (PARs), we noted the following internal control deficiencies over reporting of matching:

- 1 PAR was under-reported by 4 hours compared to the actual hours reported on the payroll records (SAP);
- 12 PARs were over-reported by a total of 133.50 hours compared to the actual hours reported on the payroll records (SAP);

The total net over-reported matching amounted to \$7,875 of \$382,016 sampled from \$2,031,774 of the total cash match for salary and benefits.

The total cash match of personnel and non-personnel from LD 4 amounted to \$2,031,774 and \$54,276, respectively. The remaining balance of the \$499,617 matching was contributed from LD4's sub-recipients.

# GEAR-UP: Grant P334A060124 (Finding Code 30000)

In our procedures performed over matching contributions, we selected grant P334A060124 for LD 6 that reported matching expenditures totaling \$942,815, in the annual performance report submitted for the reporting period ending March 31, 2011. We requested documentation to support the reported matched expenditures and noted the following:

In our review of 20 PARs, we noted the following internal control deficiencies over reporting of matching:

- 2 PARs were over-reported by a total of 4 hours compared to the actual hours reported on the payroll records (SAP);

The total net over-reported matching amounted to \$250 of \$255,859 sampled from \$795,842 of the total cash match for salary and benefits.

The total cash match of personnel and non-personnel from LD 6 amounted to \$795,842 and \$34,959, respectively. The remaining balance of the \$112,374 matching was contributed from LD 6's subrecipients.

**Head Start and ARRA Early Head Start, Recovery Act (Finding Codes 30000 and 50000):** The District satisfied the mandatory non-federal matching requirements mandated by the Head Start Act by using the State and local funding, such as the California State Preschool grant (CSPP), First 5 LA (F5LA) and CalSafe, as a match to pay the partial salaries and benefits for program personnel such as teachers, early education aides and other personnel that rendered services to the ARRA Head Start and ARRA Early Head Start programs.

In our procedures performed over matching contributions to verify if the activities funded by the matching funds were in fact allocated or charged in accordance with the relative benefits received, we

Schedule of Findings and Questioned Costs
June 30, 2011

sampled 40 employees (31 from ARRA Head Start and 9 from ARRA Early Head Start) and requested supporting documentation (either Semi-Annual Certifications "SAC" or Multi Funded Time Reports "MFTR") for the matched expenditures. The payroll timesheets which indicated the location where the employee worked supported the direct benefit to the program. However, we noted the following exceptions related to additional supporting documentation to comply with the OMB requirements:

- 1. MFTRs provided were signed but not dated for 2 employees.
- 2. The SACs/MFTRs for 23 employees (18 from Head Start and 5 from Early Head Start) were not prepared timely; these were signed and dated subsequent to our requests.
- 3. The District was unable to provide the timesheet to support the work hours of 1 ARRA Head Start employee; only a MFTR was provided. Since MFTR does not contain location code information, we were unable to verify if the employee actually worked for the ARRA Head Start program. The same employee's MFTR was also not prepared timely (signed and dated subsequent to our request).

The inadequately supported match for item number 3 above amounted to \$13,375 of \$957,973 sampled from \$1,162,822 of the total cash match for salary and benefits for the ARRA Head Start Program.

For the fiscal year 2010-11, the District reported federal expenditures of \$1,521,679 and \$1,007,028 respectively for ARRA Head Start and ARRA Early Head Start programs.

### Cause and Effect

**GEAR-UP:** The causes of the above conditions were attributed to formula errors in the electronic spreadsheets utilized by the District to track the matching hours and human error in failing to detect the errors.

These findings are repeat findings, having been reported previously for June 30, 2006 to June 30, 2010 (F-06-13, F-07-12, F-08-08, F-09-17 and F-10-06).

Head Start and ARRA Early Head Start (Recovery Act): The District satisfied the non-federal matching requirements mandated by Title 45, Section 1301.20. However, our testing indicated a 65% (sixty five percent) error rate for non-compliance with preparation of the supporting SAC's and MFTR's in a timely manner. The cause of the above conditions were due to insufficient controls in place by the District to ensure that salaries and wages of employees used in meeting matching requirements for the ARRA Head Start and ARRA Early Head Start programs, were supported in the same manner as those claimed as allowable costs under Federal awards.

## **Questioned Costs**

**GEAR-UP:** Questioned costs are not applicable. The deficiencies noted above did not result in incorrect reporting to the grantor. The District's matching costs for Fiscal Year 2010-11 are not due to the grantor until the FY 10-11 APR submission date of April 2012 and are subject to revisions until such time the report is submitted.

Schedule of Findings and Questioned Costs

June 30, 2011

Head Start and ARRA Early Head Start (Recovery Act): The questioned matching costs totaling

\$13,375 resulted from the unsupported matching hours (missing timesheets). For the employees whose SACs and MFTRs were not prepared untimely or not dated, there is no questioned cost because we were

able to determine with the timesheets and the work locations that the employees in fact worked in the

Head Start program and were funded by non-federal funds. However, these exceptions are a result of a

control deficiency over the documentation requirements in accordance with Circular A-87 as part of the

support for the non-federal matching.

Recommendation

**GEAR-UP:** District should monitor and review the electronic spreadsheets used for tracking matching

costs more closely to ensure that supporting documentation for matching is accurately filled out and

summarized for inclusion in the APR.

Head Start and ARRA Early Head Start (Recovery Act): The ARRA Head Start and ARRA Early

Head Start programs ended on September 30, 2011 and the contracts with LACOE were not extended. As

such, no recommendation would be applicable.

Views of responsible Officials, Planned Corrective Actions, and Contact Information

**GEAR-UP:** *Grant P334A050178* 

This was the first year a self-calculating spreadsheet was used to document match. If this system is used

next year (2011-12)

1. Tighter controls will be imposed by not allowing GEAR UP staff access to the sheet containing

formulas to eliminate the over and under reporting of match.

2. Regular checks will be throughout the year while documenting match to eliminate more problems

at the end of the year.

We have engaged an external evaluator to work with GEAR UP 4 LA. Our understanding is that an

online match database system is included in those services which have been tailored for GEAR UP.

Telephone: (213) 241-0128

GEAR-UP: P334A060124

265

Schedule of Findings and Questioned Costs

June 30, 2011

Match forms will be individually, manually reviewed by the senior office technician and director to correct over-reporting due to manual inputting errors for previous year and regularly on an ongoing basis.

Name: Monique Dacay

Title: Director

Telephone: (323) 806-0941

Head Start and ARRA Early Head Start (Recovery Act): The District agrees with the finding. The District has been able to obtain the Semi-Annual Certification and MFTR for the majority of the employees. These documents, along with the time sheets, provide the necessary support for the matching requirement. Even though adequate documentation was missing for a few employees, the District exceeded the matching dollar amount required by the program. If the District should participate in this program in the future, policies and procedures will be implemented to support and document the matching requirement.

Name: Ted Nelson

Title: Assistant Budget Director Telephone: (213) 241-3788

# **Program Identification**

Finding Reference Number: F-11-09

Federal Catalog of Domestic 84.367

Assistance Number(s):

Federal Program Titles: Improving Teacher Quality State Grants, U.S.

Department of Education (USED)

Pass-Through Entity: California Department of Education

Award Number PCA14344

Compliance Requirement: Period of Availability

State Audit Guide Finding Code: 30000 and 50000

## Criteria

Code of Federal Regulations Title 34 – Education, Part 80 – Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments – Subpart C – Post-Award Requirements, Section 80.23, Period of availability of funds:

• General: Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case, the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.

Schedule of Findings and Ouestioned Costs

June 30, 2011

• Liquidation of obligations: A grantee must liquidate all obligations incurred under the award not later than 90 days after the end of the funding period (or as specified in a program regulation) to coincide with the submission of the annual Financial Status Report (SF-269). The federal agency may extend this deadline at the request of the grantee.

#### **Condition**

In our review of the period of availability, we noted that for all federal grants, the District has implemented alternative policies and procedures to manually monitor the expenditure of funds and the 90-day liquidation period at the end of an award year.

In our procedures of reviewing the District's compliance with the period of availability requirement, we selected samples from each of the grants and noted that for the current year expenditure testing of 60 samples from the Improving Teacher Quality State Grants, 2 transactions totaling \$54,920 were paid for services rendered in fiscal year 2009-10, 90 days after the end of the period of availability, which was September 30, 2010.

Total exceptions amounted to \$54,920 of \$1,981,693 sampled from the \$51,457,171 total program expenditures for the fiscal year ended June 30, 2011.

#### **Cause and Effect**

This is an isolated case where the year-end accrual by the program department was not timely determined and submitted to accounts payable branch.

This finding is a repeat finding; it has been reported previously for June 30, 2005 – June 30, 2009 (F-06-17, F-07-18, F-09-09, and F-10-09)

## **Questioned Costs**

\$54,920

## Recommendation

We recommend that the District continue to closely monitor the expenditures charged to an appropriate grant award period.

# **Views of Responsible Officials and Planned Corrective Actions**

The District agrees that certain transactions were either not accrued or liquidated properly. The District will continue with its established procedures to closely monitor the expenditures charted to an appropriate grant award period. The District will continue to review these procedures for opportunities to improve the controls over period of availability.

Federal Program Titles: Title I Grants to LEAs, U.S. Department of

Education (USED)

Pass-Through Entity: California Department of Education

Award Number 11-14329-6473 and 11-14981-6473

Compliance Requirement: Procurement, Suspension and Debarment

State Audit Guide Finding Code: 30000

#### Criteria

Code of Federal Regulations, Title 34 – Education, Part 80 – Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments – Subpart C – Post-Award Requirements, Section 80.36, Procurement:

- Procurement standards:
  - i. Grantees and subgrantees will use their own procurement procedures, which reflect applicable state and local laws and regulations, provided that the procurements conform to applicable federal law and the standards identified in this section.
  - ii. Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: Rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.
- Methods of procurement to be followed:
  - i. Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.
    - a. Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:
      - (A) The item is available only from a single source;
      - (B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
      - (C) The awarding agency authorizes noncompetitive proposals; or
      - (D) After solicitation of a number of sources, competition is determined inadequate.

Schedule of Findings and Questioned Costs

June 30, 2011

ii. Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the

evaluation of the specific elements of costs and profits, is required.

**Condition** 

In our procurement sample testing of 40 expenditures funded by Title I Grants to LEA, 26 samples were

related to purchases of supplies and equipment through a master contract between the District and the vendors. In our procedures performed to verify contract rates were properly applied, we noted that items

purchased for 9 purchase orders totaling \$1,027,973 were not covered in the master contracts. These

items were quoted separately with a discounted price; however, the quotation presented only the discounted price and it did not include the original price. Through our discussion with the procurement

personnel, we were informed that its current policies and procedures did not require the District's buyers

to verify the reasonableness of the original price or to perform any additional procurement procedures.

Cause and Effect

The District's current policies did not include procedures to ensure that purchases through master

contracts be subject to normal competitive bids process if the items were not covered in the contracts

when originally procured.

**Ouestioned Costs** 

Not applicable. This is an internal control issue over procurement procedures for purchases through the

master agreement.

Recommendation

The District should update the existing policies and procedures to require additional price analysis to be

performed for items purchased from a vendor master contract that was not covered/listed in the master

contract.

Views of Responsible Officials and Planned Corrective Actions

We agree with the finding and will modify our appropriate desktop procedures to require procurement staff to validate discounts received followed up with verification of discount by accounts payable. This

requirement may be evaluated and addressed as part of the blueprint phase of SAP Release 3 SRM

module.

## **Program Identification**

Finding Reference Number: F-11-11

Federal Catalog of Domestic Assistance

Number(s):

Federal Program Title: Child Care and Development Fund: Child Care and

Development Block Grant, Child Care Mandatory and Matching Funds of the Child Care and Development Fun, Department of Health and

Human Services.

93.575 and 93.596

Pass-Through Entity: California Department of Education

Award Numbers: CCTR-0124 and CSPP-0227

Compliance Requirement: Program Income

State Audit Guide Finding Code: 30000

#### Criteria

Section IV – F of the District Contract with CDE General Child Care and Development Program Requirements:

For contractors providing direct services to children, fees shall be considered delinquent after seven (7) calendar days from the date the fees were due.

A Notice of Action, Recipient of Services shall be used to inform the family of the following:

- 1. The total amount of unpaid fees
- 2. The fee rate
- 3. The period of delinquency
- 4. Services shall be terminated two (2) weeks from the date of the Notice unless all delinquent fees are paid before the end of the two-week period.

## **Condition**

In our procedures performed for the parent fee collection, we noted that a total past due amount of \$95,893 from the parents as of June 30, 2011 was recorded in the District's Early Education Student Information System (EESIS). Of the total, \$55,595 was outstanding for 120 days or more, \$5,939 between 90 to 120 days, \$8,431 between 60 to 90 days, \$6,726 between 30 to 60 days and \$19,202 for less than 30 days. These outstanding amounts were spread over 714 families and 99 centers.

We further randomly selected 5 families who had outstanding balances over 120 days and verified if those families were properly terminated. Based on our review and discussion with the Child Care Centers responsible personnel, we noted that all 5 families continued to receive services beyond the end of Fiscal Year 2010-11 and payment plans were not implemented until October 2011 and November 2011 when this issue was brought to their attention.

Schedule of Findings and Questioned Costs
June 30, 2011

## **Cause and Effect**

There appears to be a lack of adequate internal controls to ensure the parent fees are collected by the child care centers timely.

## **Questioned Costs**

\$95,893

## Recommendation

We recommend the District implement an adequate system to monitor the collection of the parent fees timely and to ensure that the follow-up action is taken to comply with the Notice of Delinquency rule.

# Views of responsible Officials and Planned Corrective Actions

The District agrees with the finding. In November 2011, the Early Childhood Education (ECE) Division conducted training for Principals and Office Managers on how to collect delinquent fees using the Early Education Student Information System (EESIS). This included how to set up alerts reminding Office Managers that fees are due, how to properly record payment of late fees, and how to create a payment plan for families owing money to the District. Emphasis was placed upon terminating families from the program if delinquent fees are not paid. They were also instructed on how to flag them in EESIS so that they would not be able to enroll at a different site without paying past due fees. This training will be conducted yearly.

Compliance Requirement: Reporting

State Audit Guide Finding Code: 30000 and 50000

#### Criteria

Code of Federal Regulations Title 34 – Education, Part 80 – Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments, Subpart C – Post – Award Requirements, Section 80.20, Standards for financial management systems:

- A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to:
- Permit preparation of reports required by this part and the statutes authorizing the grant, and
- Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions or applicable statutes.

The financial management systems of other grantees and subgrantees must meet the following standards:

- Financial reporting: Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.
- Accounting records: Grantees and subgrantees must maintain records which adequately identify
  the source and application of funds provided for financially assisted activities. These records must
  contain information pertaining to grant or subgrant awards and authorizations, obligations,
  unobligated balances, assets, liabilities, outlays or expenditures, and income.

**ARRA** – **Head Start:** Code of Federal Regulations – Title 45 – Public Welfare, Part 92 – Uniform administrative requirements for grants and cooperative agreements to state, local and tribal governments – Subpart C – Post Award requirements –, Section 92.20, Standards for financial management systems:

(a) A State must expend and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to:

- 1. Permit preparation of reports required by this part and the statutes authorizing the grant, and
- 2. Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.
- (b) The financial management systems of other grantees and subgrantees must meet the following standards:
- (6) Source documentation. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.

## **Condition**

**Vocational Education Basic Grants to States:** *Program Reporting*: In our procedures performed over programmatic reporting, we noted that the District compiled CDE Form 101: E1 Report of Career Technical Education Enrollment and Program Completion (CDE Form 101 or E1) for secondary education by retrieving data submitted by individual schools and the Student Information System (SIS). Further, we noted that the District class code was converted to the CBED code for secondary education.

In order to test the accuracy of the data reported on the E1, for Secondary Vocational Education, we selected 7 CBEDs and traced student population data reported on the E1 and E2 to SIS and noted discrepancies between the numbers of the students reported. In the E1 report for school year 2009-2010, we were unable to reconcile the data on all 7 CBEDs to the baseline information from SIS. The discrepancies noted in E1 were also carried forward to the numbers of the students reported in E2 because numbers of students reported on E1 was the basis for the E2 report.

| CBED | CTE Category | SIS School<br>Data | Variance<br>Over(Under) |       |
|------|--------------|--------------------|-------------------------|-------|
| 4298 | Ethnicity    | 465                | 135                     | (330) |
| 4421 | Ethnicity    | 389                | 387                     | (2)   |
| 4613 | Ethnicity    | 375                | 286                     | (89)  |
| 5557 | Ethnicity    | 186                | 166                     | (20)  |
| 5661 | Ethnicity    | 63                 | 51                      | (12)  |
| 5756 | Ethnicity    | 203                | 115                     | (88)  |
| 4050 | Ethnicity    | 882                | 1173                    | 291   |

**ARRA** – **Head Start:** As per the District's contract with the grantor, LACOE, the District is required to submit Center-based Monthly Attendance Reports (CMARs) to LACOE providing details of the number of days present, excused absences and unexcused absences for each student enrolled at the center. The District uses parent sign-in and sign-out sheets to record attendance for students at each of the District's Head Start centers, which are then summarized and reported to LACOE at the end of each month.

Schedule of Findings and Questioned Costs
June 30, 2011

In our procedures performed to test the accuracy of the CMARs submitted to LACOE, we selected sixty (60) students from 4 months (15 from each month) and requested the CMARs and the parent sign-in and sign-out sheets for the corresponding months sampled. Our verification of the number of days present, excused absences and unexcused absences between the CMARs and the sign-in and out sheets disclosed the following:

- 1. 12 unexcused absences had been inadvertently reported as excused absences for 6 students;
- 2. 9 unexcused absences had been inadvertently reported as days present for 3 students;
- 3. 3 excused absences had been inadvertently reported as days present for 2 students;
- 4. 1 day present had been inadvertently reported as excused absence for 1 student.

21<sup>st</sup> CCLC: In our procedures performed over the attendance reporting to the California Department of Education (CDE), we sampled the two (2) Semiannual Attendance Reports (SAR) to CDE and 25 schools to trace the reported attendance information from the District's SAR submitted to CDE to the "Monthly Attendance Report" (MAR), a report provided directly by the District's individual afterschool providers related to the school attendance data. We noted that the attendance was over-and-underreported for 2 and 12 schools, respectively.

| Agency   | School Name                                   | Attendance to CDE | Attendance per MAR | Over(Under)<br>Reported |

Schedule of Findings and Questioned Costs

June 30, 2011

In another procedure performed over the attendance reported by the District's sub-recipients funded by 21<sup>st</sup> CCLC, we tested the attendance documentation of 933 students from 13 schools for the After School Education and Safety Program (ASES), which was jointly funded by State and Federal.

There were a total of 86 students in 7 different schools who did not have complete sign-in and sign-out time on the sign-in/sign-out sheets (note: exceptions noted for the following five (5) elementary schools were also reported on S-11-05 of the Findings and Questioned Costs Relating to State Awards). Some students didn't have either the sign-in time or sign-out time. Some students didn't have both. As a result, we were unable to determine how long each student participated in the program. The following are the details of the exceptions:

- **Apperson Elementary School-** 12 students signed in, but did not properly sign out for a total of 12 days.
- 116<sup>th</sup> Elementary School one (1) student signed in, but did not properly sign out for a total of one (1) day.
- **20**<sup>th</sup> **Elementary School** 12 students signed in, but did not properly sign out for a total of 60 days.
- **Grape Elementary School-** five (5) students signed in, but did not properly sign out for a total of eight (8) days.
- **Griffin Elementary School** one (1) student signed in, but did not properly sign out for a total of one (1) day.
- **Banning High School** <sup>1</sup>– forty-six (46) students signed in, but did not properly sign out for a total of one (1) day.
- Los Angeles High School <sup>1</sup> nine (9) students signed in, but did not properly sign out for a total of one (1) day.

We also obtained the Quarterly Attendance Reports (QAR) for the same schools we sampled and compared the total attendance reported to the attendance records (e.g. sign in/sign out sheets) for the schools for a sample week during the school year 2010-2011. We also tested the completeness and accuracy of the reports by selecting a sample of the students and tracing the same students to attendance records and vice versa. QARs are reports used by the District to report attendance to the California Department of Education (CDE). We noted the following exceptions:

- Millikan Middle School QAR was overstated by 24 days, compared to the sign-in sheets. Upon examining the QAR, we also noted that two (2) students were entered three times on the QAR for the entire week tested, overstating it by 20 days. In addition, three (3) students marked present for a total of seven (7) days on the QAR were not found on the sign in sheets. We also noted three (3) students marked present for three (3) days on the sign-in sheets were not found on the QAR.
- Colfax Elementary School QAR was understated by 15 days, compared to the sign-in sheets.

<sup>&</sup>lt;sup>1</sup> School funded by 21<sup>st</sup> CCLC only.

Schedule of Findings and Questioned Costs

June 30, 2011

- **20th Elementary School** QAR was overstated by two (2) days, compared to the sign-in sheets. We noted that three (3) students marked present for three (3) days in the QAR were not found in the sign in sheets.
- State Street Elementary School QAR was overstated by five (5) days, compared to the sign in sheets.
- **28**<sup>th</sup> **Elementary School** We noted that one (1) student marked present for one (1) day in the QAR was not found in the sign in sheets. We also noted five (5) students marked present for a total of five (5) days in the sign-in sheets were not found on the QAR.
- Chavez Elementary School We noted two (2) students marked present for a total of two (2) days in the sign-in sheets were not found on the QAR.
- **Grape Elementary School** We noted that one (1) student marked present for one (1) day in the QAR was not found in the sign in sheets.
- **Lizarraga Elementary School** QAR was understated by two (2) days, compared to the sign-in sheets. We also noted three (3) students marked present for a total of three (3) days in the sign-in sheets were not found on the QAR.
- **Banning High School** We noted nine (9) students marked present in the QAR but were not found in the sign-in sheets. We also noted twenty-four (24) students marked present in the sign-in sheets were not found on the QAR.
- Arleta High School We noted six (6) students marked present in the QAR but were not found in the sign-in sheets. We also noted eleven (11) students marked present in the sign-in sheets were not found on the QAR.
- **Manual Arts High School** We noted twenty –three (23) students marked present in the sign-in sheets were not found on the QAR.
- North Hollywood High School We noted three (3) students marked present in the QAR but were not found in the sign-in sheets. We also noted ten (10) students marked present in the sign-in sheets were not found on the QAR.
- Los Angeles High School We noted six (6) students marked present in the QAR but were not found in the sign-in sheets. We also noted three (3) students marked present in the sign-in sheets were not found on the QAR.
- Carson High School We noted thirteen (13) students marked present in the QAR but were not found in the sign-in sheets. We also noted six (6) students marked present in the sign-in sheets were not found on the QAR.
- Narbonne High School We noted one (1) student marked present in the sign-in sheets were not found on the QAR.

## **Cause and Effect**

**Vocational Education Basic Grants to States:** The District's policy does not require documentation to be maintained to support numbers reported on E1 and E2 and any reconciliation between the information submitted by the individual schools and SIS. The District does not have policies and procedures in place to ensure accuracy of the conversion from CDE course definition to the District secondary education class code.

Schedule of Findings and Questioned Costs
June 30, 2011

This is a repeat finding from June 30, 2006 to June 30, 2010 (F-06-25, F-07-25, F-08-18, F-09-15 and F10-11).

**ARRA** – **Head Start:** Our sample testing of the attendance reporting process indicated a 20% error rate. The causes of the above conditions were due to insufficient controls in place by the District to adequately record and report attendance of the students enrolled in the program.

21<sup>st</sup> CCLC: In general, there does not appear to be effective controls in place to ascertain that sufficient documentation is maintained to support the District's compliance with reporting under this grant. Additionally, The District's internal control policy and procedures do not require documentation to be maintained to support the reconciliation between the MAR and SAR and do not require that SARs be reviewed and approved by the supervisor prior to submission.

This is a repeat finding from June 30, 2006 – June 30, 2011 (F-06-36, F-07-33, F-08-22, F-09-20, and F-10-12).

## **Questioned Costs**

**Vocational Education Basic Grants to States:** Not applicable. This finding is considered a programmatic non-compliance issue as well as a deficiency in the internal control system over the reporting to CDE.

**ARRA** – **Head Start:** This finding is a reportable condition in internal control over the attendance recording and reporting process. Questioned costs may not be applicable because the program was a cost-reimbursement contract not based on attendance reported.

21<sup>st</sup> CCLC: Questioned cost is not applicable as the payments for this program is not made based on the basis of attendance.

### Recommendation

**Vocational Education Basic Grants to States:** The District should implement policies and procedures to strengthen its controls over reporting for the Secondary Vocational Education program, to ensure that reports are accurately reconciled to the actual data. The District should consult with CDE to determine if it is required to resubmit the revised reports with corrections.

**ARRA** – **Head Start:** The Head Start and Early Head Start programs ended on September 30, 2011 and the contracts with LACOE were not extended. As such, no recommendation would be applicable.

21<sup>st</sup> CCLC: The District should strengthen its procedures on attendance documentation to ensure that the agencies performing the services for these programs are aware of the District's policies, specifically on

Schedule of Findings and Questioned Costs

June 30, 2011

maintaining accurate attendance records. The District should also continue to perform monitoring site

visits to review closely the attendance report process of its agencies.

The District should strengthen its controls to ensure attendance data is compiled and reported accurately.

The District should also maintain sufficient documentation to support its results of the reconciliation

between the SAR and MAR.

Views of Responsible Officials, Planned Corrective Actions, and Contact Information

Vocational Education Basic Grants to States: We are in the process of updating or making changes in

our SIS system. The corrections that are being made are the following.

1. Clerical personnel have changed District-wide due to budget cut. DATA on CTE students has not

been populated in the correct field in SIS. We are now having the Advisors populate field 231 in the SIS system which is the Career Field. They will also populate the graduation information

fields in April and May, 2012 which is the same calendar at high school sites.

2. We are changing field 231 to reflect the current pathways offered in LAUSD. That change is

from 5 pathways to 58 pathways. The change in SIS was implemented on December 1, 2011. For school years 2010-2011 and 2011-2012, we will be able to have better information on CTE

students.

3. We are working on the formula for extracting the accurate information from the SIS system.

Also, we are working on information on completers in the year the student completed the pathway. Furthermore, we are developing a formula is SIS for seniors who have finished

completer courses and have continued the pathway post-secondary.

4. We have set a new calendar for checking the process for populating fields, retrieving and

reporting DATA on students.

Name: Kathy Halsey Title: Coordinator

Telephone: (213) 241-5687

**ARRA** – **Head Start:** The District agrees with the finding. Should the District participate in this

program in the future, policies and procedures over reporting will be implemented and school personnel

will be trained on reporting requirements and procedures.

Schedule of Findings and Questioned Costs
June 30, 2011

21<sup>st</sup> CCLC: The following is a synopsis of the audit finding and the corrective measures implemented to ensure the programs comply with the requirement in the Education Code, operate at full capacity and offer students the best possible programming while maximizing our resources:

The finding demonstrates the need to strengthen our policies and procedures on attendance documentation for the 21<sup>ST</sup> Century Community Learning Centers Program (CCLC) and explain how we would provide more training on the policies and procedures to our numerous after-school providers so that attendance documentation is accurate when it is reported.

LAUSD - Beyond The Bell Branch has implemented the following procedures to ensure that we are providing training on attendance policies and procedures as well as how we are monitoring how the procedures are being implemented at the sites to ensure documentation of reported attendance figures is readily available and accurate for auditing purposes.

- 1. Agency contractors and program personnel are required to attend a "Start-Up Meeting" scheduled prior to the beginning of the school year. Extensive training on attendance documentation is offered during this meeting.
- 2. During the "Start-Up Meeting," extensive time is spent on training staff on the importance of properly documenting and maintaining accurate attendance.
- 3. Beyond the Bell Branch Administrators and Traveling Supervisors attend the training meeting and interject their role in monitoring attendance procedures as they travel to sites. Beyond the Bell staff routinely monitor attendance to ensure procedures are being used and documentation is maintained as required.
- 4. Contractors and agency program personnel are required to attend an annual "Policies and Procedures/Risk Management" training. As a result of the audit finding and reflection on best practices, Beyond the Bell has developed an attendance documentation training scheduled for implementation for the 2011 2012 year. The training is offered on a monthly basis. Newly hired personnel must register for and attend the next available training date. Returning personnel must register for and attend the training during the fiscal year.
- 5. The following "Policies and Procedures/Risk Management" training dates are scheduled for the 2011 2012 year (NOTE: Attendance Documentation has been implemented as a result of previous audit findings):
  - 8/30/11, 8/31/11, 9/6/11, 9/21/11, 10/22/11, 11/19/11, 12/14/11, 1/21/12, 2/16/12, 3/14/12, 4/21/12, 5/19/12, & 6/13/12
- 6. Contractors and agency program personnel are required to attend Federal **Program Monitoring** (FPM) training. The FPM training reflects the CDE's Program Dimensions. The goal of this training is to offer personnel a best practices approach to running exemplary programs that comply with the requirements in the Education Code. Extensive training on "attendance documentation" is offered during this meeting.

Schedule of Findings and Questioned Costs
June 30, 2011

7. Beyond The Bell Branch conducts "site visits" to monitor program quality and student attendance through:

## Field Office Administrators

- Certificated Administrators conduct site visits to evaluate and monitor agency program implementation. Attendance documentation is closely monitored during these site visits.

# Field Office Traveling Playground Supervisors

- Classified/Unclassified Traveling Playground Supervisors conduct weekly visits to evaluate and monitor agency program implementation. Attendance documentation to ensure appropriate staff-to-student ratio and observation of sign-in/sign-out procedures is closely monitored during these site visits.

## **Central Office Administrators**

- Central Office Administrators conduct site visits to evaluate and monitor agency program implementation. In addition to program quality and compliance, attendance documentation is closely monitored during these site visits.
- 8. Beyond the Bell Branch conducts "Random Reviews/Audits of Monthly Attendance Reports" to examine agency sign-in/sign-out procedures. The agency's "Attendance Documentation" procedures are further evaluated to ensure the agency's record keeping corresponds to data submitted to Beyond the Bell. In addition, evaluation of these documents ensures they:
  - Comply with Beyond the Bell's "Early Release Policy."
  - Verify the sign-in/sign-out forms are certified by Site Coordinator.
  - Contain Student ID Numbers.
- 9. To ensure the documentation for the 21<sup>st</sup> CCLC Program accurately reflects the number of students served and reported to the California Department of Education by the District, Beyond the Bell Branch contracted with City-Span Technologies Incorporated (A nationally recognized service firm which specializes in administering online attendance monitoring programs.) to administer an online attendance reporting and monitoring system. Beyond the Bell Branch through our needs assessments and evaluations recognized the need to strengthen our internal controls to ensure attendance data is compiled and reported accurately. Furthermore, Beyond the Bell Branch recognizes the need to maintain sufficient documentation for the reconciliation between the District's Quarterly Attendance Reports (QAR) and information submitted to the California Department of Education. Consequently, Beyond the Bell's gathering of attendance data and reporting procedures has evolved. As a result of previous audit findings, the following system and procedures have been implemented:

Schedule of Findings and Questioned Costs

June 30, 2011

- Monitoring has been strengthened from quarterly to monthly and all contractors and staff are now required to submit attendance documentation monthly which has resulted in more accurate attendance reporting to the CDE.
- **Beyond the Bell issues a current "Alpha List"** containing student identification numbers to agencies. Prior to this practice, agencies were responsible for obtaining student identification numbers from schools. Frequently, the information was outdated or incomplete.
- Agencies **submit their attendance electronically** through a secured website to City-Span Technologies Incorporated.
- A **discrepancy report is issued** to agencies requesting them to make corrections of errors when they are identified.
- Agencies **correct and resubmit** the reports and discrepancies are fixed in attendance reports.
- The reporting of attendance to the California Department of Education (CDE) is accomplished on-line bi-annually through the ASSIST through close collaboration with CDE's technical staff to ensure accurate transfer of the information.
- As a result of the volume generated by Beyond the Bell programs, **the CDE has approved the submission** of attendance through an EXCEL program via e-mail. Personnel at CDE then upload the data into ASSIST. Once the data is in the system, the Beyond the Bell designee approves the data submitted.

We will continue to monitor these changes in protocol to ensure that the procedures are followed and all information is reported accurately and documented as necessary for auditing purposes. Should problems arise in any area for contractors or staff, Beyond the Bell will alter and refine the process accordingly to ensure continuous improvement in operations continues.

#### Criteria

Title 7 – Agriculture, Chapter II – Food and Nutrition Service, Department of Agriculture, Part 210 – National School Lunch Program, Subpart B – Reimbursement Process for States and School Food Authorities, Section 210.8, Claims for reimbursement:

Internal controls. The school food authority shall establish internal controls which ensure the accuracy of lunch counts prior to the submission of the monthly Claim for Reimbursement. At a minimum, these internal controls shall include: an on-site review of the lunch counting and claiming system employed by each school within the jurisdiction of the school food authority; comparisons of daily free, reduced-price and paid lunch counts against data that will assist in the identification of lunch counts in excess of the number of free, reduced-price, and paid lunches served each day to children eligible for such lunches; and a system for following up on those lunch counts that suggest the likelihood of lunch-counting problems.

School food authority claims review process. Prior to the submission of a monthly Claim for Reimbursement, each school food authority shall review the lunch count data for each school under its jurisdiction to ensure the accuracy of the monthly Claim for Reimbursement. The objective of this review is to ensure that monthly claims include only the number of free, reduced price and paid lunches served on any day of operation to children currently eligible for such lunches.

## **Condition**

## Meal counting process:

In the past, the District has been using the Food Services Data Capture (FSDC) system to record the number of meals served at its school sites (performed by physically counting and entering the number of meal tickets collected at meal times) and the Unisys system to report the meals to California Department of Education (CDE) for reimbursement purposes. In November 2009, Food Services Branch (FSB), which administers the meal programs at all of the District's schools, implemented the Cafeteria Management System (CMS) to replace its legacy systems of FSDC and Unisys. Initially the CMS was only implemented for back-of-house purposes, such as reporting to CDE and inventory management. Starting April 2010, FSB started rolling out the CMS at Points of Service (POS) for initial meal count data capture at its schools in a phased in manner. As of April 2011, 219 schools had implemented the CMS POS. The POS is designed to replace the legacy system of paper meal tickets with an electronic software application that stores and connects information relating to the student names, their meal eligibilities (free, reduced price or full price) and their photographs by homeroom. At meal times, the POS terminals, which resemble touchscreen computer monitors, display the names and photographs of the students for one homeroom at a time and the students line up by homeroom at the cafeteria windows to collect their meals. In order to record meal counts, the cafeteria workers operating the terminal tap the

Schedule of Findings and Questioned Costs
June 30, 2011

appropriate photograph image or name of the student as the student passes through the terminal with his/her meal. This ensures that the meal claimed can be traced back to the particular student and his/her eligibility.

During our procedures to observe the operation of the CMS – POS (at fourteen of the District's schools), we observed students lined up at the window with their meals and the cafeteria workers operating the POS tapped the appropriate student's picture on the POS screen to signify that the transaction was complete. We further noted that the students appeared in rapid succession and in more than one instance, the cafeteria workers tapped the screen even before the student appeared at the window; in some instances the students appeared later and the cafeteria workers realized that the wrong pictures had been tapped and made a note of the names to be rectified later. It appeared very likely that the POS operators would tap the wrong pictures and not notice the mistakes. Therefore, we designed our substantive procedures to test the CMS to verify if a student who was absent on a specific day was claimed as having been served a meal on that day.

Accordingly, we selected 8 schools that had CMS implemented at POS. We then selected 5 students from each of the 8 schools for a total of 40 students. For these 40 students, we obtained the Student Monthly Attendance Summary (SMAS) reports for 1 month, each showing the dates on which the student was absent (the SMAS reports used for testing were tested without exception, by us for the state compliance attendance audit). Total number of absences tested for the 40 students were 85 days.

We also obtained CMS meal history reports for the 40 students for the month tested showing the dates on which each student ate a school meal (breakfast and/or lunch). A comparison of the SMAS reported absences and the CMS meal history reports showed that for 11 out of the 40 students, at least one breakfast or lunch was claimed in CMS for the day even though the student was absent. The total number of meals over claimed, was 3 breakfasts and 14 lunches, over 14 days.

## Claims Review Process:

Upon inquiry, we noted that prior to submission of monthly claims for reimbursement; the FSB performed an analysis of meal count data by location to test for reasonableness. For this purpose, the FSB had its six Accounting Technicians (ATs) download meal count reports from the CMS and compare the current month data with the preceding month's and preceding six months' data. A comparison was also made to see if the meal count for each day of the month was reasonably close to the month's average. However, we noted that the FSB did not have a formalized standard set of procedures to be followed by its ATs; as a result, each of the ATs performed his/her own procedures. Further, not all the ATs maintained a copy of the analysis performed each month. Therefore, we were unable to test if the analysis was in fact performed as represented to us.

# **Cause and Effect**

Our sample testing of the meal count process indicated a 25% error rate. It appears that a lack of oversight and adequate training of the CMS-POS meal count process at the school cafeteria level has resulted in some over counting of meals served.

Schedule of Findings and Questioned Costs

June 30, 2011

It appears that the District has policies in place that require an analysis of meal counts prior to claims for reimbursement. However, the policies do not require documentation to be retained to evidence the analyses performed. Also, the policies do not prescribe a standard set of analysis procedures to be performed by each FSB AT.

# **Questioned Costs**

This finding is a reportable condition in internal control over the meal count process and the claims review process. The question cost for the over claimed meals is \$43.36 which is less than \$10,000, the OMB Circular A-133 510(a)(3) requirement for reporting of known questioned costs.

#### Recommendation

We recommend the District train its POS operators to be more diligent and careful while recording meal counts. This will ensure meals are claimed only for those students that were actually present. We recommend that the District strengthen its controls regarding the meal count reconciliation process to include a standard set of procedures, as well as the need to maintain documentation of analyses performed.

# Views of responsible Officials and Planned Corrective Actions

Food Services reviewed the information provided and has the following response:

Student meals are rung up in the POS system at the checkout point. All students on the list are at Elementary schools. Elementary students line up by classroom and alphabetically. Food Services is constantly requesting schools to provide photographs for students so that the cashier can not only verify the name but also match the student's face to the photograph.

- All the students on the list had a photograph in the POS system with the exception of 3 students.
- While there is always a possibility for human error with the cashier accidently hitting the wrong student's name on the POS screen, the possibility for error is low especially when the student can be matched by both name and face. Also, students are required to state their name to the manager.

Based on this report we will do the following to inform our managers of the findings and highlight and emphasize to our staff:

- Follow up with school Principals to provide student photographs at the beginning of the school year and follow up on students without photographs, during the course of the year. Please note we have to rely on the school Principals for student photographs.
- Pay greater attention to matching both the name and face of the student to the name and photograph in the POS at the checkout point.

- A State must expand and account for grant funds in accordance with State laws and procedures
  for expending and accounting for its own funds. Fiscal control and accounting procedures of the
  State, as well as its subgrantees and cost-type contractors, must be sufficient to:
- Permit preparation of reports required by this part and the statutes authorizing the grant, and
- Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions or applicable statutes.

The financial management systems of other grantees and subgrantees must meet the following standards:

- Financial reporting: Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.
- Accounting records: Grantees and subgrantees must maintain records which adequately identify
  the source and application of funds provided for financially assisted activities. These records must
  contain information pertaining to grant or subgrant awards and authorizations, obligations,
  unobligated balances, assets, liabilities, outlays or expenditures, and income.

## **Condition**

In our review of the first draft schedule of expenditures of federal awards (SEFA), including the accuracy of the CFDA numbers, the accuracy and completeness of expenditure amounts reported and the grouping of the clustered programs on the SEFA, we noted the following errors:

- 1. The total federal awarded amount reported on the SEFA was erroneously under-reported by \$237,099,030 due to a formula footing error;
- 2. Expenditures for two (2) non-federal funded grants were included in the original SEFA causing an over-reporting of \$1,506,902 (\$669,014 reported under CFDA #93.709 and \$837,888 under CFDA #84.215);
- 3. The passed through entity for CFDA #17.245 was inadvertently reported under the California Department of Education instead of Employment Development Department;
- 4. The following programs were not reported as a cluster in accordance with the OMB Circular A-133:
  - Student Financial Assistance Cluster: CFDA #84.007, #84.033 and #84.063
  - Vocational Rehabilitation Cluster: CFDA #84.126 and 84.390
  - Head Start Cluster: CFDA #93.708 and #93.709

Schedule of Findings and Questioned Costs

June 30, 2011

5. In June 2011 the District received notification from the pass-through entity requiring the Head Start Cluster programs (a non-major program) to be audited as a major program in the District's

2010-11 Single Audit. However, this was not communicated to the auditors prior to their

discovery of the letter.

Note that all errors were corrected in the final SEFA.

**Cause and Effect** 

The determination of which programs will be audited and audit costs are affected by the accuracy of the SEFA at the time of the audit. An inaccurate SEFA can affect the amount of audit coverage required, and delay an audit beyond the required reporting deadline. In addition, should omissions or other errors be made and not identified in a timely manner, the District could miss its federal reporting deadline, jeopardize future federal funding and report its financial information inaccurately to grantors. Timely

accurate reporting is an important accountability measure.

**Questioned Costs** 

Not applicable. This finding is considered a significant internal control deficiency over reporting.

Recommendation

The District should implement policies and procedures to strengthen its controls over the preparation and review of the SEFA, to ensure that all federal grant information and awarded amounts are accurately

reconciled and correctly reported.

**Views of Responsible Officials and Planned Corrective Actions** 

The District agrees with the finding. The District will review its procedures and make improvements as necessary. The District will ensure that proper controls are in place to allow for accurate SEFA reporting

next fiscal year.

Vocational Education Basic Grants to States: U.S. Department of Education (ED), Passed through the California Department of Education, CFDA No. 84.048, Grant Agreements 09-14894-64733-00;

Medical Assistance Program (Medicaid; Title XIX), Department of Health Services, CFDA 93.778, Grant Agreement C-10606:08:09.

Compliance Requirement: Reporting

State Audit Guide Finding Code: 30000 and 50000

Criteria

Title I Part A--Improving Basic Programs Operated by Local Educational Agencies

Sec. 6339. Carryover and waiver

- (a) Limitation on carryover Notwithstanding section 1225(b) of this title or any other provision of law, not more than 15 percent of the funds allocated to a local educational agency for any fiscal year under this subpart (but not including funds received through any reallocation under this subpart) may remain available for obligation by such agency for one additional fiscal year.
- (b) Waiver A State educational agency may, once every 3 years, waive the percentage limitation in subsection (a) of this section if:
  - 1. the agency determines that the request of a local educational agency is reasonable and necessary; or
  - 2. Supplemental appropriations for this subpart become available.

Code of Federal Regulations Title 34 – Education, Part 80 – Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments, Subpart C – Post – Award Requirements, Section 80.20, Standards for financial management systems:

- A State must expand and account for grant funds in accordance with State laws and procedures
  for expending and accounting for its own funds. Fiscal control and accounting procedures of the
  State, as well as its subgrantees and cost-type contractors, must be sufficient to:
- Permit preparation of reports required by this part and the statutes authorizing the grant, and
- Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions or applicable statutes.

Schedule of Findings and Questioned Costs

June 30, 2011

The financial management systems of other grantees and subgrantees must meet the following standards:

• Financial reporting: Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.

Accounting records: Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

Carl D. Perkins Career and Technical Education Improvement Act of 2006: CDE Grant Number 09-14894: Grant Award Notification states:

6. All Perkins IV funds must be expended within the dates designated and for the maximum amount indicated in the AO-400. Encumbrances may be made at any time after the beginning date of the grant stated on the AO-400. All funds must be expanded or legally obligated by June 30, 2010. Any funds left unclaimed after September 30, 2010, will revert to the CDE for reallocation to other LEAs. Unauthorized expenditures shall become the responsibility of the LEA. No extension of this grant will be allowed.

**Medical Assistance Program:** Code of Federal Regulations Title 42 – Public Health, Part 431 – State Organization and General Administration, Subpart A:

- Submit all reports required by the Secretary;
- Follow the Secretary's instructions with regard to the form and content of those reports; and
- Comply with any provision that the Secretary finds necessary to verify and assure the correctness of the reports.

# Condition

**Title I Basic Grants to LEA's:** In our procedures performed for expenditures reported for Title I Basic, we noted that the total expenditures reported in the Consolidated Application (ConApp) for the 2009-10 grant included accrued expenditures of \$7,226,844 (also called AC transactions) for the fiscal year 2009-10. (Note that the final expenditures for 2009-10 are included in Part II of ConApp which is due to CDE in January 2011). Of the total accrual, we noted that \$631,252 was subsequently adjusted in December 2010 by the District's Accounts Payable as over-accrual. However, the total expenditure reported on the ConApp submitted to CDE was not adjusted accordingly. As a result, the program cost was over-reported and the carryover amount thus under-reported.

**Vocational Education Basic Grants to States:** In our review of the Final Claim Document covering actual expenditures on the Carl D. Perkins Section 131 Secondary, Grant #09-14894 for the grant period ending June 30, 2010, we noted that a total of \$157,602 was obligated but not spent; however, such unspent funds had not been refunded to the grantor.

Schedule of Findings and Questioned Costs
June 30, 2011

Medical Assistance Program: The Medicaid program is a national health care program designed to furnish medical assistance to families; to the aged, blind, disabled; and to individuals whose income and resources are insufficient to meet the cost of necessary medical services. The District is reimbursed for the salaries of the employees who are involved with the eligible activities. To claim the salary expenditures incurred for such activities, employees are required to perform a Time Survey quarterly. The Time Survey is a representative sample of staff's work, which is to be used as the basis of the Media-Cal Administrative Activities (MAA) claim. The ratio of MAA time to total hours of the employees who participated in the Time Survey is the basis used for claims. That ratio is then applied to total salaries and other expenditures for the reporting period. Calculated expenditures are reduced by 50% to arrive at the reimbursable claims.

During our review, we noted that the District's current policies included certain procedures to identify and exclude the employees who were funded by any federal programs in the quarterly claim calculations. Further, through our discussion with the District, we noted that procedures performed for such were only for payroll expenditures recorded in SAP, the District's payroll system, which interfaces with their book of records, IFS. However, we noted that there were adjustments related to payroll that were booked directly in IFS. These adjustments; therefore, were not subjected to this analysis. As such, it is possible that there may have been payroll that were originally funded by non-federal program and recorded in the SAP that was adjusted in IFS to other federally funded programs.

## **Cause and Effect**

**Title I Basic Grants to LEA's:** According to the NCLB regulations, LEAs may only carry over 15% of its allocation from one year to the next. The State is permitted to waive this 15% limitation once every three (3) years. Had the District's carry over amount exceeded the 15% limitation in the year when the wavier was not allowed, the adjustment for the over-accrual is required to be returned to the grantor. For the fiscal year 2009-10, the District requested an approval from CDE to carry over more than 15%; as such, the adjustment of \$631,252 was allowed to be spent and obligated until September 30, 2011.

**Vocational Education Basic Grants to States:** The District's existing policy did not include a monitoring review of unspent fund to be returned in a timely manner.

#### **Cause and Effect**

**Medical Assistance Program:** The District's existing policy did not include a review of these journal entries recorded in the IFS.

This is a repeat finding from fiscal year 2009-10 (F-10-13).

## **Questioned Costs**

Title I Basic Grants to LEA's None noted. This is a control deficiency over reporting procedures.

**Vocational Education Basic Grants to States:** \$157,602

**Questioned Costs** 

Schedule of Findings and Questioned Costs
June 30, 2011

**Medical Assistance Program:** We were unable to determine a possible questioned cost since a system has not been set-up by the District to track all the journal entries that could have an impact on the Medicaid claims process.

#### Recommendation

**Title I Basic Grants to LEAs:** We recommend that the District amend its exciting policies and procedures to require any adjustments made subsequent to the reporting period (September 30) for the Title I be communicated to the Budget Division timely for proper carryover calculations and reporting. The District should update its current accounting procedures to include timely refunding of any unspent grant funds be returned to grantors.

Vocational Education Basic Grants to States: We recommend that the District amend its existing current accounting procedures to include timely refunding of any unspent grant funds be returned to grantors.

**Medical Assistance Program:** We recommend that the District implement policies and procedures for the inclusion if any of journal entries recorded in the IFS to be part of the claims process to ensure all activities are accounted for.

## Views of Responsible Officials, Planned Corrective Actions, and Contract Information

**Title I Basic Grants to LEAs and Vocational Education Basic Grants to States:** The District agrees with the findings. The District will strengthen its procedures to ensure that report to the granting agency reflects, or a revised report is submitted, for any adjustments made subsequent to the reporting period. Any unspent funds will be refunded accordingly, upon receipt of invoice from grantor.

Name: Teresa Rojas

Title: Director of Accounting Telephone: (213) 241-7970

**Medical Assistance Program:** The District agrees with the finding and will incorporate a review of the journal entries affecting federal programs into its policies. It should be noted that the job classifications that are used for the reimbursement claim are not typically a part of these journal entries.

Name: Sherry Purcell, Ph.D.

Compliance Requirement: Sub-recipient Monitoring

State Audit Guide Finding Code: 30000 and 50000

## Criteria

United States Code, Title 31 – Money and Finance, Subtitle V – General Assistance Administration, Chapter 75 – Requirements for Single Audits, Section 7502, Audit requirements; exemptions:

- Each pass-through entity shall:
  - (a) provide such subrecipient the program names (and any identifying numbers) from which such assistance is derived, and the federal requirements which govern the use of such awards and the requirements of this chapter;
  - (b) monitor the subrecipient's use of federal awards through site visits, limited scope audits, or other means;
  - (c) review the audit of a subrecipient as necessary to determine whether prompt and appropriate corrective action has been taken with respect to audit findings, as defined by the Director, pertaining to federal awards provided to the subrecipient by the pass-through entity; and
  - (d) require each of its subrecipients of federal awards to permit, as a condition of receiving federal awards, the independent auditor of the pass-through entity to have such access to the subrecipient's records and financial statements as may be necessary for the pass-through entity to comply with this chapter.

## **Condition**

**GEAR-UP:** Local District 4 contracts with subrecipients to meet its grant matching contributions to the program. Matching for grant number P334A050178 derived from its subrecipients accounted for approximately twenty-five percent (25%) of its total matching reported in the Annual Performance Report (APR) for the program year 2009-10. Through our discussions with the Program Director, the monitoring policies and procedures have been drafted but they have not been implemented to document their monitoring reviews of its subrecipients' matching costs to ascertain whether or not (1) they were necessary and reasonable for proper and efficient accomplishment of the GEAR-UP program objectives; and, (2) if the cost were allowable under the applicable cost principles and conformed to the provisions of the OMB circular.

Schedule of Findings and Questioned Costs
June 30, 2011

For the grant year 2009-10 (September 09 – August 10), the total matching contributions derived from the subrecipients amounted to \$808,670 for grant number P334A050178. The District's total reported matching contributions for the grant amounted to \$3,180,712.

**Twenty-First Century Community Learning Centers:** The District's Beyond the Bell, which operates the before-and-after-School programs funded by 21<sup>st</sup> CCLC, contracted with 36 agencies. During our procedures performed over subrecipient monitoring, we noted the following:

- 1. According to the District's sub-recipients Single Audit report log, 16 agencies were subject to the A-133 audits and 9 of them did not submit their Single Audit Reports for the fiscal year 2009-10 until 9 months after their audit period. However, the OMB Circular A-133 requires audits be completed within 9 months of the end of audit period. Through our discussion, the personnel incharge of collecting the audit reports represented that she had made several attempts during the year with the agencies to remind them to submit their reports; however, such attempts were not documented.
- 2. Furthermore, the District did not collect the Single Audit report from one agency called LA's Best. According to the Program Coordinator, LA's Best is not a subreceipient of the District. However, based on our review, LA's Best is a separate legal entity under 501 (c)(3) code of the Internal Revenue Service. Therefore, the District should have collected the Single Audit report from this agency.

#### **Cause and Effect**

**GEAR-UP:** The Local District was in the process of finalizing the subreceipient monitoring procedures over the matching.

**Twenty-First Century Community Learning Centers:** Proper policies and procedures for subrecipient monitoring do not appear to be in place to ensure that the District is incompliance with the applicable OMB requirements.

These findings are repeat findings, having been previously reported for June 30, 2005 to June 30, 2010 (F-05-30, F-06-28, F-06-29, F-07-29, F-08-21, F-09-17 and F-10-16).

## **Questioned Costs**

**GEAR-UP:** Not applicable.

Twenty-First Century Community Learning Centers: Not applicable.

## Recommendation

**GEAR-UP:** We recommend that the District finalize and implement the policies and procedure immediately to ensure that the subrecipient monitoring compliance requirement be met with the federal requirements.

Schedule of Findings and Questioned Costs
June 30, 2011

**Twenty-First Century Community Learning Centers:** We recommend that the District establish policies and procedure to ensure compliance with the federal requirements for subrecipient monitoring.

## Views of Responsible Officials, Planned Corrective Actions, and Contact Information

**GEAR-UP:** We agree with the findings and recommendation. We have finalized and will implement the subrecipient policies and procedures immediately.

Name: Micaela Vazquez-Hahn

Title: Project Director Telephone: 213-241-0128

**Twenty-First Century Community Learning Centers:** The District agrees with the finding and will develop procedures to document follow-up communications with subrecipients related to compliance with the contractual obligation for the agency to provide their audit within 90 days of the end of the agency's fiscal year. The District agrees and will modify our procedures to collect the required Audit.

Name: Harry Talbot

Title: Administrative Coordinator Telephone: (213) 241-7900

Teachers and Paraprofessionals

State Audit Guide Finding Code: 30000 and 50000

Criteria

Schedule of Findings and Questioned Costs

June 30, 2011

Title 34 – Education, Secondary Education, Department of Education, Part 200 – Title I – Improving the Academic Achievement of the Disadvantaged, Subpart A – Improving Basic Programs Operated by Local Educational Agencies, Section 200.58, Qualifications of paraprofessionals:

- New paraprofessionals. A paraprofessional covered under paragraph (a) of this section, who is hired after January 8, 2002, must have:
  - (1) Completed at least two years of study at an institution of higher education;
  - (2) Obtained an associate's or higher degree; or
  - (3) (i) Met a rigorous standard of quality, and can demonstrate through a formal State or local academic assessment knowledge of, and the ability to assist in instructing, as appropriate:
    - (a) Reading/language arts, writing, and mathematics or
    - (b) Reading readiness, writing readiness, and mathematics readiness.
    - (ii) A secondary school diploma or its recognized equivalent is necessary, but not sufficient, to meet the requirement in paragraph (c)(3)(i) of this section.

No Child Left Behind Act Section 1119, (i) Verification of Compliance:

(1) In General – In verifying compliance with this section, each local educational agency, at a minimum, shall require that the principal of each school operating a program under section 1114 or 1115 attest annually in writing as to whether such school is in compliance with the requirements of this section.

## MEM-5313: <u>D – Principal Certification Form for the 2010-2011 School Year</u>

Upon reviewing the teacher roster, if a "No" (not in compliance) or "Pending" appears after any teacher who is assigned to a core academic setting, then the school is not yet in compliance with NCLB with respect to teacher. Once the information for your school is verified, please complete the principal certification form and submit the original to Certificated Employment Operations by Friday, December 3, 2010.

#### Condition

In our procedures of verifying the schools' compliance of the Principal Attestation over the certifications and notices on teacher and paraprofessional qualifications, we obtained a log maintained by the Certificated Workforce Management & Qualification Division (Division), and noted that 190 out of 879 schools did not submit the annual Principal Certification Form (PCF) to the Division as required by MEM-5313.0.

Through our discussion with the Division's personnel, we also noticed that the Division was in the process of manually identifying teachers' highly qualified status school by school and maintained schedules to track completion of such review. Based on our review of the schedules, we noted that there were a total of 38 schools which submitted the PCF certifying that their schools were in compliance with NCLB (i.e. all teachers at the school are compliant with NCLB); however, the results of the Division's review disclosed that at least one teacher at those schools was not highly qualified.

Schedule of Findings and Questioned Costs

June 30, 2011

**Paraprofessionals** 

In our procedures performed for the salaries charged to the Title I –Basic Grants, we noted that three (3)

paraprofessionals totaling \$41,586 did not meet the NCLB highly qualified requirement but their salaries

and benefits were charged to the program.

**Cause and Effect** 

There appear to be isolated incidents where certain schools may have misunderstood the requirements and

erroneously submitted the certification.

**Questioned Costs** 

\$41,586

The finding related to the Principal Attestation is a programmatic non-compliance issue and it does not

constitute any questioned costs.

Recommendation

We recommend that the District strengthen its monitoring process to ensure that schools are compliant

with the principal attestation requirement and submit the accurate certifications timely.

Views of Responsible Officials and Planned Corrective Actions

The District agrees with the finding. The returning of the "Principal's Certification Form" will be

monitored, with principals being contacted when the document has not been forwarded.

The concept of an electronic "Principal Certification Form" will be explored as an option as the tool for

the principals to utilize to provide verification.

1. "Principal Verification Forms" will be reviewed for accuracy.

2. Principals will be notified if changes are necessary and "Principal Certification Forms" will be

adjusted.

**Contact Information** 

Name: Derek Ramage

Title: Director, Certificated Workforce Management and Qualifications

Telephone: (213) 241-4663

Paraprofessionals: Since all but two paraeducators in the District have presented documentation showing that they meet NCLB requirements, the only time we anticipate that there may be an issue of a non-

compliant employee being placed in a Title 1 school, would be in the event of that the employee is

296

Schedule of Findings and Questioned Costs

June 30, 2011

bumped during the RIF process. In order to ensure that that will not happen, the following steps will be taken:

- (1) Staff will review the Qualifications infotye (IT24) in SAP to ensure NCLB Compliance
- (2) If there is no record of NCLB compliance is in SAP, staff will contact the Talent Acquisition and Selection Branch to verify compliance
- (3) If the employee does NOT qualify, the selection branch staff will arrange for testing immediately
- (4) If the employee fails to qualify prior to the effective date of the RIF, the employee will be separated from the District

Award Number: Grant Agreement 11-14346-64733-00

Compliance Requirement: Special Tests and Provisions – Parental

Notification

State Audit Guide Finding Code: 30000 and 50000

#### Criteria

Elementary & Secondary Education Act, Subpart 5 – Administration, Part C – General Provisions, Section 3302, Parental Notification:

In General – Each eligible entity using funds provided under this title to provide a language instruction educational program shall, not later than 30 days after the beginning of the school year, inform a parent or the parents of a limited English proficient child identified for participation in, or participating in, such program of:

(1) The reasons for the identification of their child as limited English proficient and in need of placement in a language instruction educational program;

Schedule of Findings and Questioned Costs
June 30, 2011

- (2) The child's level of English proficiency, how such level was assessed, and the status of the child's academic achievement;
- (3) The method of instruction used in the program in which their child is, or will be, participating, and the methods of instruction used in other available programs, including how such programs differ in content, instruction goals, and use of English and a native language in instruction;
- (4) How the program in which their child is, or will be participating will meet the educational strengths and needs of the child;
- (5) How such program will specifically help their child learn English, and meet age-appropriate academic achievement standards for grade promotion and graduation;
- (6) The specific exit requirements for such program, the expected rate of transition from such program into classrooms that are not tailored for limited English proficient children, and the expected rate of graduation from secondary school for such program if funds under this title are used for children in secondary schools;
- (7) In the case of a child with a disability, how such program meets the objectives of the individualized education program of the child; and
- (8) Information pertaining to parental rights that includes written guidance:
  - a) Detailing:
    - The right that parents have to have their child immediately removed from such program upon their request and
    - The options that parents have to decline to enroll their child in such program or to choose another program or method of instruction, if available and
    - Assisting parents in selecting among various programs and methods of instruction, if more than one program or method is offered by the eligible entity.
  - b) Separate Notification In addition to providing the information required to be provided under subsection (a), each eligible entity that is using funds provided under this title to provide a language instruction educational program, and that has failed to make progress on the annual measurable achievement objectives described in Section 3122 for any fiscal year for which part A is in effect, shall separately inform a parent or the parents of a child identified for participation in such program, or participating in such program, of such failure not later than 30 days after such failure occurs.
  - c) Receipt of Information The information required to be provided under subsections (a) and (b) to a parent shall be provided in an understandable and uniform format and, to the extent practicable, in a language that the parent can understand.
  - d) Special rule applicable during school year for a child who has not been identified for participation in a language instruction educational program prior to the beginning of the school year, the eligible entity shall carry out subsections (a) through (c) of this section with respect to the parents of the child within 2 weeks of the child being place in such a program.

## **Condition**

In our procedures performed over participating limited English proficiency (LEP) students, we requested copies of the required parental notifications for the students participating in the program during the 2010-

Schedule of Findings and Questioned Costs
June 30, 2011

2011 school years. We also requested copies of the school certification forms for notification sent to parents for failure of Annual Measurable Achievement Objectives (AMAO).

In our sample of 30 schools for certifications of AMAO, we noted the following:

- 9 schools did not issue the AMAO Certification Form before October 9, 2010.
- 2 schools could not locate the AMAO certification.

In our sample of 60 participating students for annual parent notifications, we noted the following:

- 10 annual parent notifications were unable to be located.
- 6 annual parent notifications were issued after 30 days of the beginning of the school year/or not within 2 weeks from the program enrollment.
- 2 annual parent notifications were issued without any dates.

In our sample of 38 participating students for initial parental notification, we noted the following:

- 10 initial parent notifications, schools were unable to locate.
- 9 initial parent notifications, schools issued the certification after 30 days of the beginning of the school year/or not within 2 weeks from the program enrollment.

#### **Cause and Effect**

In general, there does not appear to be effective controls in place to ascertain that sufficient documentation is maintained to support the District's compliance.

This is a repeat finding from June 30, 2006 – June 30, 2010 (F-06-36, F-07-33, F-08-22, F-09-20, and F-10-18).

## **Questioned Costs**

Not applicable. This finding is considered a programmatic non-compliance issue as well as a deficiency in the internal control system to properly monitor the parental notification process.

#### Recommendation

We recommend the District continue to strengthen its policies and procedures to ensure that the schools comply with the requirement that all parental notifications are made in a timely manner and the supporting documentation is maintained on file to support the schools' compliance.

## Views of responsible Officials and Planned Corrective Actions

Schedule of Findings and Questioned Costs
June 30, 2011

The District will continue to strengthen policies and procedures to ensure that schools comply with the requirement that all parental notifications are provided in a timely manner and the required supporting documentation is maintained on file to support the schools' compliance:

- 1. Use 2010-11 Single Audit findings along with the data provided by schools to the *English Learner Online Accountability System*, the Language Acquisition Branch, in conjunction with Local District English Learner staff, to provide support to schools not meeting the parental notification timelines.
- 2. Rewrite the District's *Master Plan for English Learners* and include explicit guidelines regarding the mandates and procedures pertaining to parental notification. This publication will be distributed o all schools and professional development will be provided to all school-site, local district, and central office staff (Refer to timeline referenced in Item 4).
- 3. Revise existing parental notification policies to include explicit guidelines regarding the mandates and procedures pertaining to parental notification. These policies will be posted on the District's *InsideLAUSD* website and will be accessible to all employees. Reference to these policies will be included in the *Master Plan for English Learners* professional development that will be provided to all schools (Refer to timeline referenced in Item 4).
- 4. Provide professional development that is designed to ensure that school-site Principals, EL Coordinators and Teachers receive comprehensive training on federal and state mandates, as well as the District's instructional programs for ELs.

Professional Development Training Date

Title III Master Plan Institute June 2012

Master Plan for English Learners (all schools) May – June 2012

September – October 2012

5. Continue to work collaboratively with Local District staff to provide on-going professional development to school-site EL Coordinators that focuses on federal and state mandates. Each local district meets with school-site EL Coordinators on a monthly basis.

Schedule of Findings and Questioned Costs
June 30, 2011

## Section IV - Findings and Questioned Costs Relating to State Awards

## S-11-01 Regular and Special Day Classes – Elementary Schools – Attendance Computations

State Audit Guide Finding Codes: 10000 and 40000

## **Schools Affected**

- Hooper Elementary School
- Alta California Elementary School
- Bandini Elementary School
- Monlux Elementary School
- Saticoy Elementary School
- Lane Elementary School
- Norwood Elementary School
- Mount Washington Elementary School
- Raymond Avenue Elementary School
- Beckford Elementary School
- Harvard Elementary School
- Cabrillo Elementary School

#### Criteria

California Education Code, Section 46300(a) – In computing average daily attendance of a school district or county office of education, there shall be included the attendance of pupils while engaged in educational activities required of those pupils under the immediate supervision and control of an employee of the district or county office who possessed a valid certification document, registered as required by law.

## Condition, Cause and Effect

In our sample of 25 elementary schools, we obtained the Student Monthly Attendance Summary Reports (SMASRs) for a sample of teachers for school month three (3). SMASRs are system-generated reports from the District's Integrated Student Information System (ISIS), a system utilized by the teachers to electronically input, submit and certify student attendance on a daily basis. This system, which replaced the manual daily attendance recording through Student Apportionment Attendance Record Cards, was fully implemented for all of the District's elementary schools during FY 2009-2010. We verified whether these SMASRs were reported accurately in the Second Principal Report (P2) and the Annual Principal Report (P3). We obtained the monthly statistical reports where all the SMASRs are summarized, for our sampled schools and verified whether the SMASRs were completely and accurately summarized. We then traced these monthly statistical reports to Revised Annual Attendance Ledgers (i.e. ACES Dump Reports), which in turn were traced to the Second Principal Report (P2) and the Annual Principal Report (P3).

To test the integrity of data reported in the sampled SMASRs, we selected a sample of absences from notes, phone logs and other absence records and compared them to the SMASRs to verify that they were not included in the calculation of Average Daily Attendance reported in the P2 and P3. In addition, since the SMASRs are generated through ISIS, we also tested the system's general internal controls which included, but were not limited to appropriate access controls.

Schedule of Findings and Questioned Costs
June 30, 2011

Out of the 27,823 days of attendance tested, 580 days of absences, we noted the following findings.

- **Hooper Elementary School** Of 1,600 days of attendance and 29 absences sampled, we noted the following exceptions:
  - Fifteen (15) students were absent for one (1) day each for a total of 15 days, but the excused absences were not supported by absence notes or an absence log.
- Alta California Elementary School Of 1,106 days of attendance and 23 absences sampled, we noted the following exceptions:
  - Five (5) students were absent for one (1) day each for a total of five (5) days, but the excused absences were not supported by absence notes or an absence log.
  - One (1) student was absent for one (1) day, as evidenced by an absence note but was marked as present in the school's monthly attendance summary.
- **Bandini Elementary School** Of 1,064 days of attendance and 16 absences sampled, we noted the following exceptions:
  - Two (2) students were absent for one (1) day each for a total of two (2) days, but the excused absences were not supported by absence notes or an absence log.
- **Monlux Elementary School** Of 1,148 days of attendance and 25 absences sampled, we noted the following exceptions:
  - Two (2) students were absent for one (1) day each for a total of two (2) days, but the excused absences were not supported by absence notes or an absence log.
- **Saticoy Elementary School** Of 980 days of attendance and 22 absences sampled, we noted the following exceptions:
  - Six (6) students were absent for one (1) day each for a total of six (6) days, but the excused absences were not supported by absence notes or an absence log.
  - One (1) student was tardy for one (1) day but was marked as absent in the school's monthly attendance summary.
- Lane Elementary School Of 1,064 days of attendance and 29 absences sampled, we noted the following exceptions:
  - Four (4) students were absent for one (1) day each for a total of four (4) days, but the excused absences were not supported by absence notes or an absence log.
- **Norwood Elementary School** Of 1,064 days of attendance and 29 absences sampled, we noted the following exception:
  - One (1) student was absent for one (1) day, as evidenced by an absence note but was marked as present in the school's monthly attendance summary.
- **Mount Washington Elementary School** Of 1,372 days of attendance and 21 absences sampled, we noted the following exceptions:
  - Four (4) students were absent for one (1) day each for a total of four (4) days, but the absences were not supported by absence notes or an absence log.

Schedule of Findings and Questioned Costs
June 30, 2011

- **Raymond Avenue Elementary School** Of 1,372 days of attendance and 24 absences sampled, we noted the following exceptions:
  - Two (2) students were absent for one (1) day each for a total of two (2) days, but the excused absences were not supported by absence notes or an absence log.
- **Beckford Elementary School** Of 938 days of attendance and 13 absences sampled, we noted the following exceptions:
  - Two (2) students were absent for one (1) day each for a total of two (2) days, but the excused absences were not supported by absence notes or an absence log.
- **Harvard Elementary School** Of 882 days of attendance and 17 absences sampled, we noted the following exception:
  - Two (2) students were absent for a total of two (2) days, as evidenced by an absence note but was marked as present in the school's monthly attendance summary.
- Cabrillo Elementary School Of 1,106 days of attendance and 15 absences sampled, we noted the following exception:
  - Two (2) students were absent for one (1) day each for a total of two (2) days, but the excused absences were not supported by absence notes or an absence log.
  - One (1) student was absent for one(1) day, as evidenced by an absence note but was marked as present in the school's monthly attendance summary.

These findings are repeat findings, having been reported previously at June 30, 2010 (S-10-1) but for different schools.

## **Questioned Costs**

4 days / 121 days = 0.033 ADA overstated \* \$5,264.22 = \$174

- Alta California Elementary School 1 day overstated/121 days in single track school year
- Saticoy Elementary School 1 day understated/121 days in single track school year
- Norwood Elementary School 1 day overstated/121 days in single track school year
- Harvard Elementary School 2 days overstated/121 days in single track school year
- Cabrillo Elementary School 1 day overstated/121 days in single track school year

#### Recommendation

We recommend that the District continue to strengthen its controls over implementing District policies over student attendance reporting. Furthermore, we recommend that the District continue to provide adequate attendance reporting training to the schools so that proper attendance reporting procedures are adhered to.

## Views of Responsible Officials and Planned Corrective Actions

These schools will conduct in-service training to their office staff and/or teachers, as well as add to their attendance procedures the periodic review of attendance/absence records to help increase accuracy and compliance with required documentation.

S-11-02 Regular and Special Day Classes – Secondary Schools – Attendance Computations

State Audit Guide Finding Codes: 10000 and 40000

Schedule of Findings and Questioned Costs
June 30, 2011

## **Schools Affected:**

- Carver Middle School
- Orchard Academies #2B
- Bethune Middle School
- Olive Vista Middle School
- Hale Middle School
- Marshall High School
- Bell High School
- San Pedro High School
- Torres ELA Performing Arts High School
- San Fernando High School
- Bravo Medical Magnet High School

#### Criteria

California Education Code, Section 46300(a) – in computing average daily attendance of a school district or county office of education, there shall be included the attendance of pupils who were engaged in educational activities required of those pupils under the immediate supervision and control of an employee of the district or county office who possessed a valid certification document, registered as required by law.

## Condition, Cause and Effect

In our sample of 13 secondary schools, we obtained the weekly attendance summaries for a sample of teachers for month three (3). The weekly attendance summaries are system-generated reports from the District's Integrated Student Information System (ISIS), a system utilized by the teachers to electronically input, submit and certify student attendance on a daily basis. We verified whether these weekly attendance summaries for the schools sampled were accurately reported in the *Second Principal Report* (P2) and the *Annual Principal Report* (P3). We obtained the monthly statistical reports where all the weekly attendance summaries are summarized, for our sampled schools and verified whether the weekly attendance summaries were completely and accurately summarized. We then traced these monthly statistical reports to the Revised Annual Attendance Ledgers (i.e. ACES Dump Reports), which in turn were traced to the *Second Principal Report* (P2) and the *Annual Principal Report* (P3).

To test the integrity of data reported in the sampled weekly attendance summaries, we selected a sample of absences from notes, phone logs and other absence records and compared these to the weekly attendance summaries to verify that these were not included in the calculation of Average Daily Attendance reported in the P2 and P3. In addition, since the weekly attendance summaries are generated through ISIS, we also tested the system's general internal controls which included, but were not limited to appropriate access controls.

We selected a sample of 25,037 days of attendance and 481 absences for testing and noted the following findings:

• Carver Middle School - Of 1,335 days of attendance and 17 absences sampled, we noted the following exceptions:

Two (2) students were absent for a total of two (2) days, but the excused absences were not supported by absence notes or an absence log.

Schedule of Findings and Questioned Costs
June 30, 2011

- Orchard Academies #2B Of 1,200 days of attendance and 13 absences sampled, we noted the following exceptions:
  - Six (6) students were absent for one (1) day each for a total of six (6) days, but the excused absences were not supported by absence notes or an absence log.
- **Bethune Middle School** Of 586 days of attendance and 25 absences sampled, we noted the following exceptions:
  - Two (2) students were absent for a total of two (2) days, as evidenced by absence notes but was marked as present for two (2) out of the four (4) periods of those days in the school's weekly attendance summary
- Olive Vista Middle School Of 1,815 days of attendance and 44 absences sampled, we noted the following exceptions:
  - Two (2) students were absent for one (1) day each for a total of two (2) days, but the excused absences were not supported by absence notes or an absence log.
- **Hale Middle School** Of 2,870 days of attendance and 50 absences sampled, we noted the following exceptions:
  - One (1) student was absent for one (1) day, but the excused absence was not supported by an absence note or an absence log.
- Marshall High School Of 2,280 days of attendance and 29 absences sampled, we noted the following exceptions:
  - Five (5) students were absent for one (1) day each for a total of five (5) days, but the excused absences were not supported by absence notes or an absence log.
  - One (1) student was absent for a day, as evidenced by an absence note but was marked as present in four (4) out of the five (5) periods for that day in the school's weekly attendance summary.
- **Bell High School** Of 2,810 days of attendance and 40 absences sampled, we noted the following exceptions:
  - One (1) student was absent for one (1) day, but the excused absence was not supported by an absence note or an absence log.
  - One (1) student was absent for three (3) periods in one (1) day, as evidenced by an absence note but was marked as present in the same periods for that day in the school's weekly attendance summary.
- San Pedro High School Of 3,405 days of attendance and 42 absences sampled, we noted the following exceptions:
  - 22 students were absent for one (1) to two (2) days each for a total of 24 days, but the excused absences were not supported by an absence note or an absence log.
- Torres ELA Performing Arts High School Of 780 days of attendance and 25 absences sampled, we noted the following exceptions:
  - Three (3) students were absent for one (1) day each for a total of three (3) days, but the excused absences were not supported by absence notes or an absence log.

Schedule of Findings and Questioned Costs
June 30, 2011

- **San Fernando High School** Of 2,885 days of attendance and 89 absences sampled, we noted the following exceptions:
  - Seven (7) students were absent for one (1) day each and one (1) student for two (2) days for a total of nine (9) days, but the excused absences were not supported by absence notes or an absence log.
- **Bravo Medical Magnet High School** Of 2,310 days of attendance and 36 absences sampled, we noted the following exceptions:
  - Six (6) students were absent for one (1) day each for a total of six (6) days, but the excused absences were not supported by absence notes or an absence log.
  - One (1) student was absent for periods 2-6 for one (1) day, as evidenced by an absence note but was recorded as present for those periods. Upon further review, we noted that the student's teacher for periods 5 and 6 did not submit attendance for those periods and all the students in those classes were reported as present.
  - One (1) student was absent for periods 2-6, as evidenced by an absence note but was recorded as present for periods 3, 5 and 6. This student was under the same teachers above who did not submit attendance for periods 5 and 6.

These findings are repeat findings, having been reported previously at June 30, 2010 (S-10-02) but for different schools.

## **Questioned Costs**

2 days / 121 days = 0.017 ADA overstated \* \$5264.22 = \$89 1 day / 132 days = 0.008 ADA overstated \* \$5264.22 = \$42

- **Bethune Middle School** 2 days overstated/121 days in single track school year
- Marshall High School 1 day overstated/ 132 days in multi-track school year

## Recommendation

We recommend that the District continue to strengthen its controls over implementing District policies over student attendance reporting. Furthermore, we recommend that the District continue to provide adequate attendance reporting training to the schools so that proper attendance reporting procedures are adhered to.

## Views of Responsible Officials and Planned Corrective Actions

These schools will conduct in-service training to their office staff and/or teachers, as well as add to their attendance procedures the periodic review of attendance/absence records to help increase accuracy and compliance with required documentation.

## S-11-03 Attendance Accounting – Continuation Education – Attendance Computations

State Audit Guide Finding Codes: 10000 and 40000

#### School Affected

Metropolitan High School

Schedule of Findings and Questioned Costs
June 30, 2011

## Criteria

Title 5, California Code of Regulations, Section 401(d) – in all classes for adults, continuation schools, and classes, and regional occupational centers and programs, attendance shall be reported to the supervising administrator at least once each school month.

California Education Code, Section 46300(a) – in computing average daily attendance of a school district or county office of education, there shall be included the attendance of pupils while engaged in educational activities required of those pupils and under the immediate supervision and control of an employee of the district or county office who possessed a valid certification document, registered as required by law.

California Education Code, Section 46170 – In continuation high schools and continuation education classes, a day of attendance is 180 minutes of attendance but no pupil shall be credited with more than 15 hours of attendance per school per week, proportionately reduced for those school weeks having weekday holidays on which classes are not held.

## **Condition, Cause and Effect**

In our sample of two (2) continuation schools, we traced the total on *Worksheet for Completing the Statistical Report* and compared the totals to the monthly school's *Statistical Report* totals, which in turn were traced to the *Second Principal Report* (P2) and the *Annual Principal Report* (P3) for the third school month. We also employed the same sample of two continuation schools and traced the days reported on the Monthly School *Statistical Report* and compared the totals to the Student Apportionment Attendance Cards and the supporting attendance records maintained by the selected teachers.

We noted the following findings:

- **Metropolitan High School** Of the 1,516 hours (300 days) of attendance, 30 days of absences sampled and tested, we noted the following findings:
  - Attendance for one (1) student was understated by six (6) hours and attendance for another student was overstated by one (1) hour.

This finding is a repeat finding, having been reported previously at June 30, 2010 (S-10-03) but for different schools.

## **Questioned Costs**

1.67 days understated/121 days in single track school year= 0.014 ADA \* \$5264.22 = (\$74)

#### Recommendation

We recommend that the District strengthen its review process over the compilation of the *Monthly Statistical Reports* to ensure that the reports accurately reflect student attendance data.

## Views of Responsible Officials and Planned Corrective Actions

To help ensure accuracy of calculation, the school has assigned 2 staff members to the task of compiling attendance hours for the monthly statistical (attendance) report—one to compile the data, one to review the compiled data for accuracy. School has also changed its procedure to compile attendance data on a weekly basis to better manage data.

Schedule of Findings and Questioned Costs
June 30, 2011

## S-11-04 Attendance Accounting – Dependent Charter School – Attendance Computations

State Audit Guide Finding Codes: 10000 and 40000

## **School Affected**

• Kenter Canyon Elementary School

## Criteria

California Education Code, Section 46300(a) – in computing average daily attendance of a school district or county office of education, there shall be included the attendance of pupils while engaged in educational activities required of those pupils and under the immediate supervision and control of an employee of the district or county office who possessed a valid certification document, registered as required by law.

## Condition, Cause and Effect

In our sample of two (2) elementary schools, we obtained the Student Monthly Attendance Summary Reports (SMASRs) for a sample of teachers for school month three (3). SMASRs are system-generated reports from the District's Integrated Student Information System (ISIS), a system utilized by the teachers to electronically input, submit and certify student attendance on a daily basis. This system, which replaced the manual daily attendance recording through Student Apportionment Attendance Record Cards, was fully implemented for all of the District's elementary schools during FY 2009-2010. We verified whether these SMASRs were reported accurately in the Second Principal Report (P2) and the Annual Principal Report (P3). We obtained the monthly statistical reports where all the SMASRs are summarized, for our sampled schools and verified whether the SMASRs were completely and accurately summarized. We then traced these monthly statistical reports to Revised Annual Attendance Ledgers (i.e. ACES Dump Reports), which in turn were traced to the Second Principal Report (P2) and the Annual Principal Report (P3).

To test the integrity of data reported in the sampled SMASRs, we selected a sample of absences from notes, phone logs and other absence records and compared these to the SMASRs to verify that these were not included in the calculation of Average Daily Attendance reported in the P2 and P3. In addition, since the SMASRs are generated through ISIS, we also tested the system's general internal controls which included, but were not limited to appropriate access controls.

Out of the 2,184 days of attendance and 37 days absences tested, we noted the following finding:

- **Kenter Canyon Elementary School** Of 1,120 days of attendance and 19 absences sampled, we noted the following exceptions:
  - Five (5) students were absent for one (1) day each for a total of five (5) days, but the absences were not supported by absence notes or an absence log.
  - One (1) student was marked as absent for one (1) day in the school's monthly attendance summary but upon verification, the student was only tardy, as evidenced by a tardy note. The student should have been recorded as present.

This is a repeat finding having been reported at June 30, 2010 (S-10-05) but for different schools.

## **Questioned Costs**

1 day understated/ 121 days in single track school year = 0.008 ADA understated \* \$5,264.22 = (\$42)

Schedule of Findings and Questioned Costs
June 30, 2011

#### Recommendation

We recommend that the District strengthen its review process over dependent charter schools to ensure accuracy of supporting documentation in order for proper reporting of attendance.

## Views of Responsible Officials and Planned Corrective Actions

At the beginning of the school year, the school provided staff with a review of the attendance procedures, and teachers were encouraged to review their work more frequently. With regards to absence verifications, school also implemented a new procedure which has resulted in increased written absence verifications.

## S-10-05 - After School Education and Safety Program

#### Criteria

California Education Code 8483(a) - (1)Every after school component of a program established pursuant to this article shall commence immediately upon the conclusion of the regular school day, and operate a

Schedule of Findings and Questioned Costs
June 30, 2011

minimum of 15 hours per week at least until 6:00 on every regular school day. Every after school component of the program shall establish a policy regarding reasonable early daily release of pupils from the program. For those programs or school sites operating in a community where early release policy does not meet the unique requirements of that community or school, or both, documented evidence may be submitted to the department for an exception and a request for approval of an alternative plan.

(2) It is the intent of the Legislature that elementary school pupils participate in the full day of the program every day during which pupils participate and that pupils in middle school or junior high school attend a minimum of nine hours a week and three days a week to accomplish program goals.

California Education Code 8483.1 (a) - (1) Every before school program component established pursuant to this article shall in no instance operate for less than one and one-half hours per regular school day. Every program shall establish a policy regarding reasonable late daily arrival of pupils to the program.

- (2) (A) It is the intent of the Legislature that elementary school pupils participate in the full day of the program every day during which pupils participate and that pupils in the middle or junior high school attend a minimum of six hours a week or three days a week to accomplish program goals, except when arriving late in accordance with the late arrival policy or as reasonably necessary.
- (2) (B) A pupil who attends less than one-half of the daily program hours shall not be accounted for the purposes of the attendance.

California Education Code 8482 – The purpose of this program is to create incentives for establishing locally driven before and after school enrichment programs both during schooldays and summer, intersession, or vacation days that partner public schools and communities to provide academic and literacy support and safe, constructive alternatives for youth. The term public school includes charter schools.

## Condition, Cause and Effect

On a sample basis, we tested attendance documentation of 54 schools and 3,240 students who participated in the After School Education and Safety Program. We examined the attendance records for the selected students and verified that the attendance reporting was complete and accurate. We also verified whether the selected students complied with the attendance requirements established by the District, as required by the California Education Code. We noted the following exceptions:

## **After School Component of the Program**

On a sample basis, we tested the attendance documentation of 44 schools and 2,890 students who participated in the after school component of the After School Education and Safety Program.

There were a total of 168 students in 13 different schools who did not have complete sign-in and sign-out time on the sign-in/sign-out sheets. Some students didn't have either the sign-in time or sign-out time. Some students didn't have both. Due to the missing sign-in or sign-out time, we were unable to determine whether the elementary school students participated in the full day of after school program on every day during which students participated except as consistent with the established early release policy and whether students in middle or junior high schools attended the after school program a minimum of nine hours a week and three days a week, except as consistent with the established early release policy. There were also some students who did not have proper sign-in/ sign-out, as a result,

## Schedule of Findings and Questioned Costs June 30, 2011

we were unable to determine how long each student participated in the program. The following are the details of the exceptions:

- **Analee Elementary School** 33 students signed in, but did not properly sign out for a total of 33 days.
- **Wilmington Elementary School** 66 students signed in, but did not properly sign out for a total of 66 days.
- Patrick Henry Middle School 19 students signed in, but did not properly sign out for a total of 19 days.
- **Herrick Elementary School** one (1) student signed in, but did not properly sign out for a total of one (1) day.
- **Griffith Middle School** one (1) student signed in, but did not properly sign out for a total of one (1) day.
- **Heliotrope Elementary School** 12 students signed in, but did not properly sign out for a total of 12 days.
- **Apperson Elementary School-** 12 students signed in, but did not properly sign out for a total of 12 days.
- **Holmes Middle School** three (3) students signed in, but did not properly sign out for a total of 9 days.
- 116<sup>th</sup> Elementary School one (1) student signed in, but did not properly sign out for a total of one (1) day.
- **20**<sup>th</sup> **Elementary School** 12 students signed in, but did not properly sign out for a total of 60 days.
- **Grape Elementary School-** five (5) students signed in, but did not properly sign out for a total of eight (8) days.
- **Griffin Elementary School** one (1) student signed in, but did not properly sign out for a total of one (1) day.
- **Bridge Elementary School** two (2) students signed in, but did not properly sign out for a total of two (2) days.

There were 227 students in 24 schools that did not comply with the established early release policy. As a result, the following elementary schools had students that did not participate in the full day of the after school program on every day during which pupils participated, and the following middle schools had students that participated less than nine hours a week and three days a week:

- Millikan Middle School eight (8) students did not participate for nine hours and three days of the after school program for the week we tested that they participated and there were no early release forms to explain why such requirement was not complied with.
- San Fernando Middle School 20 students did not participate for nine hours and three days of the after school program for the week we tested that they participated and there were no early release forms to explain why such requirement was not complied with.

Schedule of Findings and Questioned Costs
June 30, 2011

- **Heliotrope Elementary School** six (6) students did not participate in the full period of the after school program for a total of 35 days that they participated and there were no early release forms to explain why such requirement was not complied with.
- Analee Elementary School eight (8) students did not participate in the full period of the after school program for a total of 29 days that they participated and there were no early release forms to explain why such requirement was not complied with.
- Wilmington Elementary School 14 students did not participate in the full period of the after school program for a total of 56 days that they participated and there were no early release forms to explain why such requirement was not complied with.
- Commonwealth Elementary School 13 students did not participate in the full period of the after school program for a total of 65 days that they participated and there were no early release forms to explain why such requirement was not complied with.
- Patrick Henry Middle School nine (9) students did not participate for nine hours and three days of the after school program for the week we tested that they participated and there were no early release forms to explain why such requirement was not complied with.
- **Herrick Elementary School** nine (9) students did not participate in the full period of the after school program for a total of 11 days that they participated and there were no early release forms to explain why such requirement was not complied with.
- **Gulf Elementary School** nine (9) students did not participate in the full period of the after school program for a total of 11 days that they participated and there were no early release forms to explain why such requirement was not complied with.
- Edison Middle School two (2) students did not participate for nine hours and three days of the after school program for the week we tested that they participated and there were no early release forms to explain why such requirement was not complied with.
- **Heliotrope Elementary School** 18 students did not participate in the full period of the after school program for a total of 74 days that they participated and there were no early release forms to explain why such requirement was not complied with.
- **Lilian Elementary School** 15 students did not participate in the full period of the after school program for a total of 69 days that they participated and there were no early release forms to explain why such requirement was not complied with.
- **66**<sup>th</sup> **Street Elementary School** eight (8) students did not participate in the full period of the after school program for a total of 37 days that they participated and there were no early release forms to explain why such requirement was not complied with.
- Angeles Mesa Elementary School six (6) students did not participate in the full period of the after school program for a total of 30 days that they participated and there were no early release forms to explain why such requirement was not complied with.
- **Cimarron Elementary School** nine (9) students did not participate in the full period of the after school program for a total of 31 days that they participated and there were no early release forms to explain why such requirement was not complied with.

Schedule of Findings and Questioned Costs
June 30, 2011

- **Apperson Elementary School** six (6) students did not participate in the full period of the after school program for a total of 26 days that they participated and there were no early release forms to explain why such requirement was not complied with.
- Colfax Elementary School seven (7) students did not participate in the full period of the after school program for a total of 19 days that they participated and there were no early release forms to explain why such requirement was not complied with.
- Ford Boulevard Elementary School nine (9) students did not participate in the full period of the after school program for a total of 36days that they participated and there were no early release forms to explain why such requirement was not complied with.
- **Holmes Middle School** –seven (7) students did not participate for nine hours and three days of the after school program for the week we tested that they participated and there were no early release forms to explain why such requirement was not complied with .
- 116th Elementary School Two (2) students did not participate in the full period of the after school program for a total of six (6) days that they participated and there was no early release form to explain why such requirement was not complied with.
- **28th Elementary School** One (1) student did not participate in the full period of the after school program for a total of one (1) day that he participated and there was no early release form to explain why such requirement was not complied with.
- **Dyer Elementary School** four (4) students did not participate in the full period of the after school program for a total of four (4) days that they participated and there were no early release forms to explain why such requirement was not complied with.
- **Richland Elementary School** –20 students did not participate in the full period of the after school program for 83 days that they participated and there were no early release forms to explain why such requirement was not complied with .
- **Eshelman Elementary School** 19 students did not participate in the full period of the after school program for a total of 85 days that they participated and there were no early release forms to explain why such requirement was not complied with.

We also obtained the Quarterly Attendance Reports (QAR) for the same schools we sampled and compared the total attendance reported to the attendance records (e.g. sign in/sign out sheets) for the schools for a sample week during the school year 2010-2011. We also tested the completeness and accuracy of the reports by selecting a sample of the students and tracing the same students to attendance records and vice versa. QARs are reports used by the District to report attendance to the California Department of Education (CDE). We noted the following exceptions:

- Millikan Middle School QAR was overstated by 24 days, compared to the sign-in sheets. Upon examining the QAR, we also noted that two (2) students were entered three times in the QAR for the entire week tested, overstating it by 20 days. In addition, three (3) students marked present for a total of seven (7) days in the QAR were not found in the sign in sheets. We also noted three (3) students marked present for three (3) days in the sign-in sheets were not found on the QAR.
- San Fernando Middle School QAR was understated by eight (8) days, compared to the sign-in sheets. Upon examining the QAR, we also noted that two (2) students were entered

Schedule of Findings and Questioned Costs
June 30, 2011

two times in the QAR for the entire week tested, overstating it by 10 days. In addition, two (2) students marked present for a total of seven (6) days in the QAR were not found in the sign in sheets. We also noted three (3) students marked present for a total of 10 days in the sign-in sheets were not found on the QAR.

- **Heliotrope Elementary School** QAR was understated by three (3) days, compared to the sign-in sheets. We also noted two (2) students marked present for a total of two (2) days in the sign-in sheets were not found on the QAR.
- Audubon Middle School QAR was understated by 366 days, compared to the sign-in sheets. In addition, 14 students marked present for a total of 14 days in the QAR were not found in the sign in sheets. We also noted 22 students marked present for a total of 22 days in the sign-in sheets were not found on the QAR.
- Analee Elementary School QAR was overstated by 36 days, compared to the sign-in sheets. In addition, 14 students marked present for a total of 14 days in the QAR were not found in the sign in sheets. We also noted 5 students marked present for a total of 5 days in the sign-in sheets were not found on the QAR.
- Wilmington Elementary School QAR was overstated by 67 days, compared to the sign-in sheets. In addition, 19 students marked present for a total of 19 days in the QAR were not found in the sign in sheets. We also noted 28 students marked present for a total of 28 days in the sign-in sheets were not found on the QAR.
- **Commonwealth Elementary School** We noted 11 students marked present for a total of 11 days in the sign-in sheets were not found on the QAR.
- Patrick Henry Middle School QAR was understated by 292 days, compared to the sign-in sheets. Upon examining the QAR, we also noted that four (4) students were entered twice in the QAR for one (1) day each, overstating it by 4 days. We also noted 55 students marked present for a total of 55 days in the sign-in sheets were not found on the QAR.
- Griffith Middle School QAR was overstated by 13 days, compared to the sign-in sheets. We also noted 2 students marked present for a total of 2 days in the sign-in sheets were not found on the QAR.
- Edison Middle School QAR was understated by 69 days, compared to the sign-in sheets. We also noted seven (7) students marked present for a total of seven (7) days in the sign-in sheets were not found on the QAR.
- **Dodson Middle School** QAR was understated by 3 days, compared to the sign-in sheets. In addition, three (3) students marked present for a total of three (3) days in the QAR were not found in the sign in sheets. We also noted two (2) students marked present for a total of two (2) days in the sign-in sheets were not found on the QAR.
- **Drew Middle School** QAR was understated by 11 days, compared to the sign-in sheets. We also noted three (3) students marked present for a total of three (3) days in the sign-in sheets were not found on the QAR.
- Carver Middle School QAR was understated by five (5) days, compared to the sign-in sheets. Upon examining the QAR, we also noted that one (1) student was entered two times in the QAR for the entire week tested, overstating it by one (1) day.

Schedule of Findings and Questioned Costs
June 30, 2011

- Gage Middle School QAR was overstated by two (2) days, compared to the sign-in sheets. Upon examining the QAR, we also noted that one (1) student was entered two times in the QAR for one (1) day but the same student did not have supporting sign-in sheet, overstating QAR by two (2) days.
- **Heliotrope Elementary School** QAR was overstated by 27 days, compared to the sign-in sheets. We noted that one (1) student marked present for one (1) day in the QAR was not found in the sign in sheets.
- Lilian Elementary School QAR was overstated by two (2) days, compared to the sign-in sheets. We noted that one (1) student marked present for one (1) day in the QAR was not found in the sign in sheets.
- **66**<sup>th</sup> **Street Elementary School** QAR was overstated by two (2) days, compared to the sign-in sheets.
- Angeles Mesa Elementary School QAR was understated by three (3) days, compared to the sign-in sheets. We also noted three (3) students marked present for a total of three (3) days in the sign-in sheets were not found on the QAR.
- Cimarron Elementary School QAR was understated by three (3) days, compared to the sign-in sheets. We also noted two (2) students marked present for a total of two (2) days in the sign-in sheets were not found on the QAR.
- Colfax Elementary School QAR was understated by 15 days, compared to the sign-in sheets.
- **20th Elementary School** QAR was overstated by two (2) days, compared to the sign-in sheets. We noted that three (3) students marked present for three (3) days in the QAR were not found in the sign in sheets.
- **28**<sup>th</sup> **Elementary School** We noted that one (1) student marked present for one (1) day in the QAR was not found in the sign in sheets. We also noted five (5) students marked present for a total of five (5) days in the sign-in sheets were not found on the QAR.
- Chavez Elementary School We noted two (2) students marked present for a total of two (2) days in the sign-in sheets were not found on the QAR.
- **Grape Elementary School** We noted that one (1) student marked present for one (1) day in the QAR was not found in the sign in sheets.
- **Lizarraga Elementary School** QAR was understated by two (2) days, compared to the sign-in sheets. We also noted three (3) students marked present for a total of three (3) days in the sign-in sheets were not found on the QAR.
- Alta Loma Elementary School QAR was understated by three (3) days, compared to the sign-in sheets. We also noted three (3) students marked present for a total of three (3) days in the sign-in sheets were not found on the QAR.
- **Bridge Elementary School** We noted that one (1) student marked present for one (1) day in the QAR was not found in the sign in sheets. We also noted one (1) student marked present for a total of one (1) day in the sign-in sheets was not found on the QAR.

Schedule of Findings and Questioned Costs
June 30, 2011

- **Dyer Elementary School** We noted one (1) student marked present for a total of one (1) day in the sign-in sheets was not found on the QAR.
- Grant Elementary School QAR was understated by one (1) day, compared to the sign-in sheets. We noted that one (1) student marked present for one (1) day in the QAR was not found in the sign in sheets. We also noted two (2) students marked present for a total of two (2) days in the sign-in sheets were not found on the QAR.
- **Richland Elementary School** We noted two (2) students marked present for a total of 10 days in the sign-in sheets were not found on the QAR.

## **Before School Component of the Program**

## Condition, Cause and Effect

On a sample basis, we tested the attendance documentation of 10 schools and 350 students who participated in the before school component of the After School Education and Safety Program.

There were 14 students in eight (8) schools that did not comply with the established late arrival policy.

- **Burton Elementary School** One (1) student did not participate in at least one-half of the before school program for one (1) day that he participated and there was no late arrival form to explain why such requirement was not complied with. The student was counted as present in the attendance summary.
- Fair Avenue Elementary School One (1) student did not participate in at least one-half of the before school program for one (1) day that he participated and there was no late arrival form to explain why such requirement was not complied with. The student was counted as present in the attendance summary.
- **Grape Elementary School** One (1) student did not participate in at least one-half of the before school program for one (1) day that he participated and there was no late arrival form to explain why such requirement was not complied with. The student was counted as present in the attendance summary.
- **Gridley Elementary School** Four (4) students did not participate in at least one-half of the before school program for a total of four (4) days that they participated and therewere no late arrival forms to explain why such requirement was not complied with. The students were counted as present in the attendance summary.
- Leo Politi Elementary School One (1) student did not participate in at least one-half of the before school program for one day that he participated and there was no late arrival form to explain why such requirement was not complied with. The student was counted as present in the attendance summary.
- State Street Elementary School One (1) student did not participate in at least one-half of the before school program for one day that he participated and there was no late arrival form to explain why such requirement was not complied with. The student was counted as present in the attendance summary.
- **Sylmar Elementary School** Two (2) students did not participate in at least one-half of the before school program for a total of two (2) days that they participated and there were no late

Schedule of Findings and Questioned Costs
June 30, 2011

arrival forms to explain why such requirement was not complied with. The students were counted as present in the attendance summary.

• **Sylvan Elementary School** – Three (3) students did not participate in at least one-half of the before school program for one day that they participated and there were no late arrival forms to explain why such requirement was not complied with. The students were counted as present in the attendance summary.

We also obtained the Quarterly Attendance Reports (QAR) for the same schools we sampled and compared the total attendance reported to the attendance records (e.g. sign in/sign out sheets) for the schools for a sample week during the school year 2010-2011. We also tested the completeness and accuracy of the reports by selecting a sample of the students and tracing the same students to attendance records and vice versa. QARs are reports used by the District to report attendance to the California Department of Education (CDE). They serve as a summary of the sign in/sign out sheets. We noted the following exceptions:

- Barton Hill Elementary School One (1) student marked present for one (1) day in the QAR was not found in the sign in sheets. One (1) student marked present for one (1) day in the sign-in sheets was not found on the QAR.
- **Burton Elementary School** QAR was understated by 89 days, compared to the sign in sheets. In addition, two (2) students marked present for a total of two (2) days in the QAR were not found in the sign in sheets. 17 students marked present for a total of 17 days in the sign-in sheets were not found on the QAR.
- Fair Avenue Elementary School QAR was understated by 89 days, compared to the sign in sheets. In addition, 11 students marked present for a total of 11 days in the sign-in sheets were not found on the QAR.
- Gridley Elementary School QAR was overstated by one (1) day, compared to the sign in sheets. In addition, one (1) student marked present for a total of one (1) day in the QAR was not found in the sign in sheets. One (1) student marked present for a total of one (1) day in the sign-in sheets was not found on the QAR.
- Leo Politi Elementary School QAR was overstated by three (3) days, compared to the sign in sheets. In addition, one (1) student marked present for a total of one (1) day in the QAR was not found in the sign in sheets. One (1) student marked present for a total of one (1) day in the sign-in sheets was not found on the QAR.
- **State Street Elementary School** QAR was overstated by five (5) days, compared to the sign in sheets.
- Sylmar Elementary School QAR was overstated by one (1) day, compared to the sign in sheets. In addition, four (4) students marked present for a total of four (4) days in the QAR was not found in the sign in sheets. Two (2) students marked present for a total of one (1) day in the sign-in sheets was not found on the QAR.
- Sylvan Elementary School QAR was understated by five (5) days, compared to the sign in sheets. In addition, two (2) students marked present for a total of one (1) day in the QAR was not found in the sign in sheets. Two (2) students marked present for a total of two (2) days in the sign-in sheets was not found on the QAR.

Schedule of Findings and Questioned Costs
June 30, 2011

• West Vernon Elementary School – QAR was understated by two (2) days, compared to the sign in sheets. In addition, one (1) student marked present for a total of one (1) day in the QAR was not found in the sign in sheets. One (1) student marked present for a total of one (1) day in the sign-in sheets was not found on the QAR.

These findings are repeat findings, having been reported previously at June 30, 2010 (S-10-05) but for different schools.

## **Ouestioned Costs**

As a result of the above testing, the total under reporting of attendance was 925 days. The California Department of Education will determine the impact of the above exceptions on the After School Education and Safety Program funding if there is any.

## Recommendation

We recommend that the District strengthen its procedures on attendance documentation for the After School Education and Safety program. The District should ensure that the agencies performing the services for these programs are aware of the district policies, specifically on maintaining accurate attendance records. We also recommend for the District to continue performing agency visits to make sure that the established policies are complied with.

## Views of Responsible Officials and Planned Corrective Actions

The District has always reviewed attendance data to ensure that what is reported to the State is accurate. In a program with 84,473 units of service rendered daily by over 30 agencies at over 700 sites, (an annual total of 15,205,140 units of service) error is anticipated. (The total underreporting noted in the audit represents .006% of this total.)

To improve the attendance reporting/monitoring process, Beyond The Bell (BTB) has undertaken the following specific policy/procedures improvements.

- 1. On July 18, 2011, BTB entered into a 5 year contract with Cityspan Technologies Incorporated, a nationally recognized service firm which specialized in administering online attendance monitoring programs, to administer an online attendance reporting system or attendance monitoring and reporting. The goal was both to adopt a standard attendance monitoring system, to unify reporting procedures across all of the Districts' sites, and to eliminate the errors, delays, and inefficiencies in the various systems previously employed. This procurement was a direct result of the audit findings.
- 2. BTB created a new set of procedures by which attendance at BTB agency programs would be recorded and monitored.
- 3. To ensure proper attendance documentation and reporting Cityspan transmits, at the beginning of each year, a detailed description of attendance policies, step-by-step attendance procedures, and uploading instructions will be provided to each agency. Additionally, Cityspan offered online assistance to agencies having trouble adopting the new attendance monitoring and reporting system.
- 4. At the beginning of each year, BTB staff conducts a meeting with agency technical staff to provide instruction so that agency after school site staff is trained to follow the necessary

Schedule of Findings and Questioned Costs
June 30, 2011

policies and procedures, particularly regarding sign in procedures and early dismissal paperwork, on an ongoing basis. The attendance procedures also provide a detailed description of how attendance will be verified and who will do the verification. This is an ongoing action.

- 5. BTB has increased the number of staff conducting on site audits, and the frequency of audits at after school program agency sites and at school sites has increased. If any discrepancy is found, BTB staff will instruct agency staff as to proper procedures. The schedule of site visits (CMP audits) is available for review in the BTB office.
- 6. The results of the annual site visit audits are included in the annual review for each agency, and if material discrepancies are observed then letters of corrective action are issued by BTB to which the agency must respond. Agencies delinquent in responding to corrective action are subject to payment withholding until discrepancies are corrected.

While BTB is in the first year of using the new attendance monitoring and reporting system our experience has been positive. The new system should free staff time to monitor program compliance, and will further create efficiencies in mandated reporting which should allow more time for staff to conduct training and program staff development. The increased auditing has increased compliance with sign in procedures. Again, given the positive response to date, a positive result (being greater fidelity to procedures) after the first year of the new policy and procedures is anticipated.

## S-11-06 After School and Safety Program

**State Audit Guide Finding Codes: 40000** 

#### Criteria

California Education Code 8482 – The purpose of this program is to create incentives for establishing locally driven before and after school enrichment programs both during schooldays and summer, intersession, or vacation days that partner public schools and communities to provide academic and literacy support and safe, constructive alternatives for youth. The applicants for grants pursuant to this article agree to provide school day attendance rates and Program attendance to the Department of Education.

## Condition

We performed procedures to verify that the number of students served and reported to CDE by the District for the ASES Program is supported by written records that document pupil participation. We compared the numbers reported to CDE and the numbers supported by the District's Quarterly Attendance Reports (QARs), the documents that summarize the number of students served in the District's ASES Program. We also tested, on a sample basis, the attendance reporting made in these QARs. We noted over/under-reporting of attendance for the schools on page 322.

These findings are repeat findings, having been reported previously at June 30, 2010 (S-10-06) but for different schools.

#### **Ouestioned Costs**

The California Department of Education will determine the impact of the above exceptions on the After School Education and Safety Program funding if there is any.

Schedule of Findings and Questioned Costs
June 30, 2011

## Recommendation

We recommend that the District strengthen its procedures on attendance documentation for the After School Education and Safety program. The District should ensure that the agencies performing the services for these programs are aware of the district policies, specifically on maintaining accurate attendance records. We also recommend for the District to perform agency visits to make sure that the established policies are complied with.

## Views of Responsible Officials and Planned Corrective Actions

LAUSD - Beyond The Bell Branch has implemented the following procedures to ensure that we are providing training on attendance policies and procedures as well as how we are monitoring how the procedures are being implemented at the sites to ensure documentation of reported attendance figures is readily available and accurate for auditing purposes.

- 1. Agency contractors and program personnel are required to attend a "Start-Up Meeting" scheduled prior to the beginning of the school year. Extensive training on attendance documentation is offered during this meeting.
- 2. During the "Start-Up Meeting," extensive time is spent on training staff on the importance of properly documenting and maintaining accurate attendance.
- 3. Beyond the Bell Branch Administrators and Traveling Supervisors attend the training meeting and interject their role in monitoring attendance procedures as they travel to sites. Beyond the Bell staff routinely monitor attendance to ensure procedures are being used and documentation is maintained as required.
- 4. Contractors and agency program personnel are required to attend an annual "Policies and Procedures/Risk Management" training. As a result of the audit finding and reflection on best practices, Beyond the Bell has developed an attendance documentation training scheduled for implementation for the 2011 2012 year. The training is offered on a monthly basis. Newly hired personnel must register for and attend the next available training date. Returning personnel must register for and attend the training during the fiscal year.
- 5. The following "Policies and Procedures/Risk Management" training dates are scheduled for the 2011 2012 year (NOTE: Attendance Documentation has been implemented as a result of previous audit findings):
  - 8/30/11, 8/31/11, 9/6/11, 9/21/11, 10/22/11, 11/19/11, 12/14/11, 1/21/12, 2/16/12, 3/14/12, 4/21/12, 5/19/12, & 6/13/12
- 6. Contractors and agency program personnel are required to attend a **Federal Program Monitoring (FPM)** training. The FPM training reflects the CDE's Program Dimensions. The goal of this training is to offer personnel a best practices approach to running exemplary programs that comply with the requirements in the Education Code. Extensive training on "attendance documentation" is offered during this meeting.
- 7. Beyond The Bell Branch conducts "site visits" to monitor program quality and student attendance through:

## • Field Office Administrators

- Certificated Administrators conduct site visits to evaluate and monitor agency program implementation. Attendance documentation is closely monitored during these site visits.

## • Field Office Traveling Playground Supervisors

- Classified/Unclassified Traveling Playground Supervisors conduct weekly visits to evaluate and monitor agency program implementation. Attendance documentation to

Schedule of Findings and Questioned Costs
June 30, 2011

ensure appropriate staff-to-student ratio and observation of sign-in/sign-out procedures is closely monitored during these site visits.

## • Central Office Administrators

- Central Office Administrators conduct site visits to evaluate and monitor agency program implementation. In addition to program quality and compliance, attendance documentation is closely monitored during these site visits.
- 8. Beyond the Bell Branch conducts "Random Reviews/Audits of Monthly Attendance Reports" to examine agency sign-in/sign-out procedures. The agency's "Attendance Documentation" procedures are further evaluated to ensure the agency's record keeping corresponds to data submitted to Beyond the Bell. In addition, evaluation of these documents ensures they:
  - Comply with Beyond the Bell's "Early Release Policy."
  - Verify the sign-in/sign-out forms are certified by Site Coordinator.
  - Contain Student ID Numbers.
- 9. To ensure the documentation for the ASES Program accurately reflects the number of students served and reported to the California Department of Education by the District, Beyond the Bell Branch contracted with City-Span Technologies Incorporated (A nationally recognized service firm which specializes in administering online attendance monitoring programs.) to administer an online attendance reporting and monitoring system. Beyond the Bell Branch through our needs assessments and evaluations recognized the need to strengthen our internal controls to ensure attendance data is compiled and reported accurately. Furthermore, Beyond the Bell Branch recognizes the need to maintain sufficient documentation for the reconciliation between the District's Quarterly Attendance Reports (QAR) and information submitted to the California Department of Education. Consequently, Beyond the Bell's gathering of attendance data and reporting procedures has evolved. As a result of previous audit findings, the following system and procedures have been implemented:
  - Monitoring has been strengthened from quarterly to monthly and all contractors and staff are now required to submit attendance documentation monthly which has resulted in more accurate attendance reporting to the CDE.
  - **Beyond the Bell issues a current "Alpha List"** containing student identification numbers to agencies. Prior to this practice, agencies were responsible for obtaining student identification numbers from schools. Frequently, the information was outdated or incomplete.
  - Agencies **submit their attendance electronically** through a secured website to City-Span Technologies Incorporated.
  - A **discrepancy report is issued** to agencies requesting them to make corrections of errors when they are identified.
  - Agencies **correct and resubmit** the reports and discrepancies are fixed in attendance reports.
  - The reporting of attendance to the California Department of Education (CDE) is accomplished on-line bi-annually through the ASSIST through close collaboration with CDE's technical staff to ensure accurate transfer of the information.
  - As a result of the volume generated by Beyond the Bell programs, **the CDE has approved the submission** of attendance through an EXCEL program via e-mail. Personnel at CDE then upload the data into ASSIST. Once the data is in the system, the Beyond the Bell designee approves the data submitted.

We will continue to monitor these changes in protocol to ensure that the procedures are followed and all information is reported accurately and documented as necessary for auditing purposes.

# Schedule of Findings and Questioned Costs June 30, 2011

|    |                    |            | Attendance | Variance |

SIMPSON & SIMPSON CERTIFIED PUBLIC ACCOUNTANTS

FOUNDING PARTNERS
BRAINARD C. SIMPSON, CPA
MELBA W. SIMPSON, CPA

December 14, 2011

The Honorable Board of Education Los Angeles Unified School District Los Angeles, California

## Members of the Board:

We have audited the financial statements of the **Los Angeles Unified School District** (the District) as of and for the year ended June 30, 2011, and have issued our report thereon dated December 14, 2011. In planning and performing our audit of the basic financial statements of the District, in accordance with auditing standards generally accepted in the United States of America, we considered the District's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies and a deficiency that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider items FS-11-01 and FS 11-02 to be significant deficiencies in internal control.

Although not considered to be significant deficiencies or material weaknesses, we also noted certain items during our audit, which we would like to bring to your attention. These comments are summarized in the following report to management on pages 325 to 333.

We did not audit the District's response to the findings and comments identified in our audit, and accordingly, we express no opinion on it.

This communication is intended solely for the information and use of the Board of Education, District management, the State Controller's office, federal awarding agencies, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Simpson & Simpson

The Honorable Board of Education Los Angeles Unified School District December 14, 2011

## **Current Year Management Letter Comments**

## ML-11-01 - Data Center Physical Access

## **Observation**

Access Badge Request forms for Data Center access could not be located for four (4) of the ten (10) individuals sampled with Data Center access. We also noted that, Data Center access system (AMAG) reports are not reviewed/certified and signed on a periodic basis by IT management.

## **Impact**

Unauthorized physical access to the Data Center could increase the likelihood of theft and/or damage to production data, computer devices and other information technology resources.

#### Recommendation

Data Center access reports should be reviewed and signed periodically (e.g., every 6 to 12 months) by ITD management to identify and remove inappropriate physical access to the data center.

## Management Response

ITD management agrees with this recommendation and has begun discussions with the Beaudry headquarters building management to review access to the Data Center a minimum of every 6 months.

## **ML-11-02 - Computer Operations Procedures**

## **Observation**

Data Center operations procedures are not compiled and made accessible to ITD Computer Operations personnel, such procedures were only compiled into one set after auditor request was made.

## **Impact**

Computer operations procedures may not be followed in a consistent and appropriate manner to ensure compliance with management's criteria.

## Recommendation

Data Center procedures should be compiled and made accessible to ITD Computer Operations personnel either via storage on a shared network directory or distribution of multiple copies.

The Honorable Board of Education Los Angeles Unified School District December 14, 2011

## **Current Year Management Letter Comments**

## Management Response

ITD management agrees with this recommendation. At minimum, ITD plans to have multiple copies of the procedures by June 30, 2012.

## ML-11-03 - Batch Program Run Instructions

#### **Observation**

Run book instructions identify the specific operational requirements of a production batch job that a computer operator needs to be aware of should an error in job execution occur. However, Run Book/Instructions could not be provided for a sample of 35 IFS production jobs.

## **Impact**

Accounting system production job processing may not be effectively recovered in a timely manner in the event of a system "abend" or malfunction.

## Recommendation

Run book instructions should be developed for all IFS production batch jobs.

## Management Response

ITD management began a review all batch programs managed by Data Center Operations in early 2011. At the conclusion of the review, a full set of documentation (including run instructions) will be compiled for the batch programs.

## ML-11-04- IT Asset Inventory Management

## **Observation**

IT asset discovery functionality is an automated process that helps IT management identify computer devices and their respective locations on the computer network. However, such functionality is not currently utilized to support IT asset inventory management.

## **Impact**

IT assets may not be accurately recorded, tracked and effectively utilized. This could adversely impact the integrity of IT asset management and accounting.

The Honorable Board of Education Los Angeles Unified School District December 14, 2011

# **Current Year Management Letter Comments**

#### Recommendation

An IT asset discovery tool should be implemented to support the management of IT asset inventory.

## Management Response

ITD management agrees with this finding. ITD is currently reviewing various solutions to provide IT asset discovery. At this time, no vendor or solution has been selected.

# **ML-11-05 - Wireless Encryption**

### **Observation**

WEP encryption is used instead of a more secure wireless encryption standard, i.e., WPA, for the Administration's network wireless access points. We were informed that to facilitate WPA encryption, the Administration network's current wireless access point devices would need to be upgraded to be compatible with WPA encryption.

# **Impact**

A less than robust wireless encryption standard, e.g., WEP encryption, could result in unauthorized access by a system intruder to the district's computer network and mission critical systems.

## Recommendation

WPA encryption should be implemented for the district's Administration wireless network.

## Management Response

ITD management agrees with this finding. New District sites will use WPA exclusively; existing sites with a wireless network will be transitioned to WPA as resources allow.

# ML-10-06 - Wireless Access Point Security

## Observation

Periodic War Driving is not performed to identify unsecured wireless network connections, e.g., rogue or unauthorized wireless access points, for the district's 333 Beaudry Administration's wireless network.

The Honorable Board of Education Los Angeles Unified School District December 14, 2011

# **Current Year Management Letter Comments**

# **Impact**

Unauthorized wireless access points may not be detected in a timely manner to effectively prevent system intrusion.

### Recommendation

War driving should be performed on a periodic basis; either by ITD personnel or by a contracted consultant incorporated into a periodic independent network vulnerability assessment.

# Management Response

ITD management agrees with the finding. When funding becomes available, ITD will contract for war driving services.

# ML-11-07 - Mainframe Utility Management

## Observation

Access to powerful mainframe system utilities (e.g., AMASPZAP, IMASPZAP, etc.) exists for a retired individual's RACF account (GCR6814).

# **Impact**

The potential misuse of powerful system utilities could adversely impact the integrity of accounting system and data when assigned to individuals whose job function does not require them to have such access.

# Recommendation

Inappropriate access should be deleted and RACF access profiles for System Utility access should be reviewed and approved on a periodic basis (e.g., every 6 to 12 months).

# Management Response

The retired individual's RACF account will be removed by December 31, 2011.

# ML-11-08 - Mainframe System Dataset Access

## **Observation**

A retired employee's RACF account (GCR6814) has update/alter access to Systems production datasets, i.e., datasets with the Sys1.\* high-level qualifier.

# **Current Year Management Letter Comments**

## **Impact**

Inadequate restriction to modify/update access to production dataset/files can result in unauthorized changes that adversely impact the integrity of accounting and financial reporting information

## Recommendation

Inappropriate access to production datasets should be deleted. Also, RACF access profiles for ZOS system production datasets should be reviewed and approved on a periodic basis (e.g., every 6 to 12 months).

# Management Response

The retired individual's RACF account will be removed by December 31, 2011.

## ML-11-09 - IFS Dataset Access

## Observation

The following Inactive RACF groupUIDs have Update or Alter access to IFS production datasets:

- BFSSEC2
- 1BFSSEC3
- BFSUSR4
- IFSBFTP

## **Impact**

Unauthorized changes to accounting data and transactions may occur if access is not sufficiently restricted.

## Recommendation

Inappropriate access to IFS production datasets should be deleted. Also, RACF access profiles for IFS production datasets should be reviewed and approved on a periodic basis (e.g., every 6 to 12 months).

# Management Response

ITD management will review the membership of the above inactive RACF groups and take appropriate action.

The Honorable Board of Education Los Angeles Unified School District December 14, 2011

# **Current Year Management Letter Comments**

# ML-11-10 - SMF Logging

### **Observation**

System Management Facility (SMF) Record type 14 (INPUT Data Set Activity) is not logged to track when a dataset is processed.

## **Impact**

Unauthorized or erroneous accounting data file input may not be detected if data modifications are not logged and summary reports reviewed periodically.

### Recommendation

ITD management should consider the logging and review of the SMF record type 14 (INPUT Data Set Activity) subsequent to an appropriate assessment of any resource impact to the system.

# Management Response

ITD management will take recommendation under advisement for further review. If SMF logging is found to be feasible, it will be implemented.

# ML 11-11 - Construction in Progress and Transfers to Depreciable Capital Assets

## **Observation**

Every year, the District undertakes numerous construction projects to either modernize existing school facilities or build new ones. Facilities Program Support Services, a branch within the District's Facilities Services Division (FSD) facilitates the proper accumulation and recording of the costs related to these construction projects. Also, part of the branch's responsibilities is to inform the General Accounting Branch whenever a construction of an asset is completed. The General Accounting Branch is in charge of the proper accounting of these assets, once they are put in service.

Construction in progress (CIP) is a District general ledger account that refers to the temporary classification of capital assets that are being built/assembled before being placed in service. The District tracks all its costs related to the building/assembly of such assets until the asset is completed. When the asset is completed or substantially completed, all these accumulated costs are transferred to another account, to indicate that such assets are ready to be put in service and as such, are to be depreciated. Subsequently, depreciation is accounted for using the most appropriate method to properly account for the asset's wear and tear.

Upon testing the correctness of the amounts accumulated in CIP and subsequently transferred to depreciable capital assets, we noted that some new construction and existing facilities projects

# **Current Year Management Letter Comments**

amounting to about \$80.9 Million that have been completed but have not been transferred to depreciable capital assets. Furthermore, we noted certain Information Technology Department (ITD) projects amounting to about \$9.9 Million that were transferred as completed this year but were actually completed in the prior years. Depreciation expenses for these related assets should have been recorded in the prior years.

# **Impact**

Lack of proper coordination between the Facilities Services Division and the General Accounting Branch resulted in a significant misstatement of construction in progress, depreciable capital assets and depreciation expenses.

## Recommendation

We continue to recommend that the FSD perform a more thorough analysis of costs incurred for New Construction and Existing Facilities projects and that ITD perform a similar analysis of costs for ITD projects, when deciding whether these projects are completed and are ready to be put into operation and therefore, are to be depreciated.

Specifically, the District should establish and implement a clearer policy that addresses proper identification of completed projects. Currently, FSD's trigger point in determining a project's completion is a "notice of completion" document for the project's primary construction contractors. Supposedly, this document denotes that a project is completed or substantially completed. This information has to be verified by the facilities group and communicated to the General Accounting Branch. Same for ITD projects, ITD should thoroughly analyze all existing projects and evaluate each project's completion. The results of the evaluation should be communicated as well to the General Accounting Branch for proper recording of the assets' completion.

# Management Response

Facilities Program Support Services acknowledges the discrepancies in the process for accounting for CIP and depreciable capital assets. A coordination meeting on lessons learned will be convened with General Accounting Branch and FSD to discuss corrective actions immediately after the CAFR audit is completed. First, all FSD projects and construction contracts will be reviewed for project completions and capitalized cost. Second, all entries in CIP and the depreciable capital assets accounts will be reviewed against FSD completed projects information. Third, to complete the analysis, FSD will provide a draft schedule of completed projects to General Accounting in March initiate the review the impact of transactions at June 30 at an earlier date.

# **Current Year Management Letter Comments**

# ML 11-12 – Ineffective Accrual Process for Construction-Related Expenditures

### **Observation**

Generally accepted accounting principles for government entities require that expenditures be recorded in the period in which governments normally liquidate the related liability or when the transaction is expected to draw upon current spendable resources. Every year-end, the District, through Accounts Payable Department determines what expenditures need to be accrued in its financial statements by verifying through different departments what goods have been received or what services have been rendered from various vendors, and for which the District have not yet paid.

For goods and services related to construction of schools, due to the high volume of transactions, the District employs a separate group (Facilities Services Division) that administers the determination of accrual amounts at year-end. For fiscal year 2010-11, this group determined the accrual amounts by estimating what goods and services have been delivered based upon open contracts and purchase orders. It was later determined that the estimates were significantly more than actual expenditures and adjustments amounting to about \$67 Million had to be made. After the auditors verified the correctness of accrued amounts by searching for unrecorded liabilities, it was noted that expenditures mainly pertaining to professional services were under-accrued by about \$22.5 Million.

## **Impact**

Ineffective coordination within the Facilities Services Division and miscommunication about the procedures in place for the year-end accrual process resulted in significant adjustments in expenditures to be reported in the financial statements for FY 2010-11.

## Recommendation

The District should implement a systematic methodology or procedure to be used in determining what expenditures need to be recorded as accrued liabilities in the appropriate fiscal year, especially for departments that involve high volume of expenditure transactions. For construction-related expenditures where typically, actual billings by vendors take place at a much later date from when the services are rendered, project managers should be made responsible and held accountable to coordinate with Facilities Services Division and Accounts Payable in determining ongoing projects for which services have been rendered but have not been billed at year-end. Alternatively, project managers may be assigned the responsibility to coordinate with third party vendors to encourage timely submission of billings. Actual billings can then be the basis for the amount of expenditures to be accrued at year-end.

# Management Response

The District acknowledges the audit finding. Accounts Payable, General Accounting Branch, FSD and other divisions will convene to discuss lessons learned and corrective actions immediately after

The Honorable Board of Education Los Angeles Unified School District December 14, 2011

# **Current Year Management Letter Comments**

the CAFR audit is completed. FSD will implement a process to review and analyze FSD construction contracts and professional services agreements in January. As encumbrance and payment requests are processed by FPPS, an estimate of work to be performed through June 30 will be maintained in the Invoice Tracker system. As subsequent transactions are processed, this estimate will be adjusted and refined through June 30. Non-FSD encumbrances in capital funds will also be identified and forwarded to responsible department contacts for similar activity. FSD will coordinate with Accounts Payable more prior to June 30 to review draft accruals data against information in the financial system of record. At fiscal year-end, accruals entries will be provided solely from FSD's Invoice Tracker system.

# **Status of Prior Year's Management Letter Comments**

# ML-10-01 - Audit Logging of SAP Infotypes

## Recommendation

Payroll and ITD management should enable audit logging for the Additional Off-Cycle Payments (267) and Payroll Results Adjustments (221) SAP infotypes.

### **Current Status**

Corrective action(s) implemented. The Additional Off-Cycle Payments (267) and Payroll Results Adjustments (221) SAP infotypes are now logged.

# **ML-10-02 - Information Security Function**

### Recommendation

The information security function should be organized at a level commensurate with the level of risk and sensitivity associated with the district's mission critical systems and IT infrastructure. Accordingly, we recommend that the information security function be organized at a higher reporting level within the ITD organization to ensure sufficient independence, resources and visibility are given to security matters.

#### **Current Status**

Corrective action(s) implemented.

# ML-10-03 - IFS Data and Program Backups are not Periodically Tested

# Recommendation

Management should schedule periodic testing of IFS backup data and programs to ensure timely and effective recovery of accounting processing in the event the IFS system fails.

#### **Current Status**

Corrective action(s) implemented. IFS backup is not tested periodically.

# ML 10-04 - Construction in Progress and Transfers to Depreciable Capital Assets

## Recommendation

We recommend that the Facilities Services Division (FSD) perform a more thorough analysis of costs incurred for New Constructions, Existing Facilities and ITD projects, when deciding whether these

# Status of Prior Year's Management Letter Comments

projects are completed and are ready to be put into operation and therefore, are to be depreciated. This information should be verified by the facilities group supervisors and communicated to the General Accounting Branch. Same for ITD projects, ITD should thoroughly analyze all existing projects and evaluate each project's completion. The results of the evaluation should be communicated as well to the General Accounting Branch for proper recording of the assets' completion.

Specifically, the District should establish and implement a clearer policy that addresses proper identification of completed projects. Currently, FSD's trigger point in determining a project's completion is a "notice of completion" from the District's major construction contractors. Supposedly, this document denotes that a project is completed or substantially completed. This procedure may be appropriate for the Existing Facilities and ITD projects at Existing Facilities; however, as there are several major construction contractors for phases of a New Construction, the "notice of completion" does not appear to be the best document to trigger completion of those projects. We suggest that the "certificate of occupancy" seems to be a more accurate trigger of when New Construction projects should be moved to the completed asset category and depreciated.

### **Current Status**

FSD will present a policy on Accounting for Capital Outlay Costs to align District processes with CSAM Procedure 770. The policy will provide requirements and criteria for capitalization of major repair project costs, public works project costs and other capital outlays. The policy will provide examples to differentiate between building repairs or maintenance costs and building fixtures, betterments and service systems.

ITD is in the process of reviewing current procedures in tracking completed projects. They are also currently reviewing procedures on soft costs allocation to the actual project. In addition, ITD is working on preparing their JV's to allocate the soft costs identified that need to be charged to the project.

## ML 10-05 – Recording of Non-Exchange Transactions

## Recommendation

For the recording of all non-exchange transactions that the District enters into, such as the State grants and reimbursements related to emergency repairs, we recommend that there should be more effective coordination between the department(s) monitoring the transactions and the General Accounting Branch. General Accounting has the technical knowledge on how to record the transactions properly and the departments that are responsible for the actual transactions are more familiar with the details and status of the transactions.

The Honorable Board of Education Los Angeles Unified School District December 14, 2011

# **Status of Prior Year's Management Letter Comments**

# **Current Status**

The District has implemented the audit recommendations and an accounting process is in place to appropriately record the amount of revenue deferred and revenue earned pertaining to non-exchange transactions and specifically, the Emergency Repair Program.

Status of Prior Year Findings and Recommendations

June 30, 2011

Findings Related to the Basic Financial Statements Reported in Accordance with Government

Auditing Standards

FS-10-01 - Lack of IFS Security Reporting - Material Weakness

State Audit Guide Finding Code: 30000

Recommendation

IFS user access security reports be developed to facilitate management review of user access to IFS

transactions. These reports should be reviewed periodically by Accounting Department management

to ensure access to sensitive accounting system transactions is appropriate and restricted based upon

the user's job function.

Current Status

Corrective action(s) partially implemented. A manual review of user profile screen prints will be

performed on annual basis.

FS-10-02 - Lack of Logging and Security Monitoring Control Processes - Significant Deficiency

State Audit Guide Finding Code: 30000

Recommendations

Windows network logs which capture critical activities should be reviewed on a timely basis. If

necessary, log filtering tools can be used to enable efficient monitoring and review of access.

Current Status

Corrective action(s) implemented. Cisco Security Monitoring, Analysis, and Response System

(MARS) has been implemented for network logging.

FS-10-03 - IFS Program Change Approval - Significant Deficiency

State Audit Guide Finding Code: 30000

Recommendation

IFS program changes should be consistently approved by accounting management with a signature to

prevent unauthorized program changes. User acceptance testing signatures should also be

documented.

Current Status

Corrective action(s) implemented. ITD has modified the transport form to require the signature of the

business owner.

337

Status of Prior Year Findings and Recommendations

June 30, 2011

FS-10-04 - Lack of Sufficient Documentation for SAP Program Changes to the Production

**System - Significant Deficiency** 

State Audit Guide Finding Code: 30000

Recommendation

The requirement for documenting and approving application changes should be consistently followed

to prevent unauthorized program changes. This includes documenting and retaining management approvals to confirm that program changes are aligned with management intentions and user

requirements.

**Current Status** 

Corrective action(s) implemented. ITD has reviewed the transport request forms for appropriate

signatures and updated the identified transport forms by obtaining the business owners signature.

FS-10-05 - Developer Access to Payroll Production Data - Significant Deficiency

State Audit Guide Finding Code: 30000

Recommendation

ITD-BTS management should continue to review access for all payroll infotypes and remove BTS'

update access where possible. In the long term, ITD and Payroll management should develop a

transition plan to migrate the need to update production payroll data from ITD-BTS personnel.

**Current Status** 

Corrective action(s) partially implemented. Although ITD-BTS users do not have ongoing access to update any info types in production, update access to payroll Infotypes were noted for four (4) ITD-

BTS personnel during this year's audit.

FS-10-06 - SAP Time Management SOD Conflicts - Significant Deficiency

State Audit Guide Finding Code: 30000

Recommendation

Management should remove conflicting access for the users identified in a timely manner. Also, prior to assigning access to a user, the user's existing role and transaction assignments should be reviewed

via the use of a security matrix or other mechanism to determine if the new access requested presents

a segregation of duties conflict.

**Current Status** 

Corrective action implemented. Conflicting access removed.

338

Status of Prior Year Findings and Recommendations

Year Ended June 30, 2011

Year Ended June 30, 2011

Health and Human Services, Passed through the California Department of Education, CFDA Nos. 93.575 and 93.596, Contract CCTR-6164

### Recommendation

We recommend the District enhance policies and procedures to ensure that all payment vouchers are adequately supported before recording them in the general ledger. We also recommend the District establish policies and procedures to ensure that salary allocations are made based on actual time and effort documentation and not based on estimated budgeted information.

## **Current Status**

Implemented. The District provided its auditors copies of all journal vouchers and SAP and/or QMF print outs detailing the employee names for the payroll expenditures transferred with the period of the payroll incurred. This documentation provided support for all but \$7,585 related to the Vocational Education Program.

4. Finding F-07-08 – Allowable Costs – Controls over Calculation of Indirect Costs Charged to Program

# **Program Identification:**

**Twenty-First Century Community Learning Centers:** U.S. Department of Education (ED); Passed through the California Department of Education, CFDA No. 84.287, Grant Agreements 05-14349-6473-2A and 06-14349-6473-1A;

**GEAR-UP:** U.S. Department of Education (ED), CFDA No. 84.334, Grant Agreements P334A000061-05, P334A050178-06, and P334A050205.

## Recommendation

We recommend that the District provide additional guidance/training to its accountants to ensure that grants required to use the restricted indirect cost rate are calculated using the appropriate direct cost base in accordance with federal guidelines.

**Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR-UP):** U.S. Department of Education (ED), CFDA No. 84.334, Grant Agreements P334A050178 and P334A050008;

**Improving Teacher Quality State Grants:** U.S. Department of Education (ED), Passed through the California Department of Education, CFDA No. 84.367, Grant Agreement PCA 14344/14341.

#### Recommendation

We recommend that the District continue to monitor the internal controls as documented in the new procurement policy manual to ensure compliance with federal suspension and debarment regulations. It is also our recommendation that the District continue to provide training to the appropriate procurement staff on the new procurement manual and hold periodic meetings for any future updates or revisions.

# 16. Finding F-10-14 – Reporting – Not Retaining the Meal Tickets Collected

# **Program Identification:**

**Child Nutrition Cluster:** School Breakfast Program, National School Lunch Program, Summer Food Service Program for Children, U.S. Department of Agriculture (USDA), Passed through the California Department of Education, CFDA Nos. 10.553, 10.555, and 10.559, Grant Agreement 19-64733-0000000-01.

## Recommendation

Pursuant to findings from previous years audits, which included the same finding, the District had already issued a policy memorandum dated July 16, 2010, effective from that day, addressed to food

Status of Prior Year Findings and Recommendations

Year Ended June 30, 2011

service managers, mandating that meal tickets must be kept on hand and available for review for three years, plus the current school year, keeping in line with federal compliance requirements. Additionally current year tickets were to be maintained at the school site. However, for our entire audit year, that is fiscal year 2009-10, schools did not maintain meal tickets for the federally required time-period of three years. As such, we recommend that the District strengthen its controls regarding the meal counting process. The District should also ensure all cafeteria managers comply with the District's retention policy.

### **Current Status**

Implemented

# 17. Finding F-10-15 – Reporting – Discrepancies between APRs and the Report generated from the FRDB

Finding F-09-13 – Reporting – Discrepancies between APRs and the Report generated from the FRDB

Finding F-08-17 – Reporting – Discrepancies between APRs and the Report generated from the FRDB

## **Program Identification:**

Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR-UP): U.S Department of Education (ED), CFDA No. 84.334, Grant Agreements P334A050008, P334A050217, and P334A050178.

#### Recommendation

The District should implement a policy to formalize the documentation of the procedures of APR reporting and to strengthen its controls over the reporting process.

**Twenty-First Century Community Learning Centers:** U.S. Department of Education (ED), Passed through the California Department of Education, CFDA No. 84.287, Grant Agreements 07-14349-6473-4A, 08-14349-6473-3A, 08-14349-6473-4A, 08-14349-6473-5A, 08-14535-6473-5A, 09-14535-6473-5A, 09-14535-6473-5A.

## Recommendation

Status of Prior Year Findings and Recommendations

Year Ended June 30, 2011

The District should strengthen its controls to ensure attendance data is compiled and reported accurately and include only schools authorized for the program. The District should also maintain sufficient documentation to support its results of the reconciliation between the SAR and QAR.

## **Current Status**

**Implemented** 

# 20. Finding F-10-13 - Reporting

# **Program Identification:**

**Medical Assistance Programs (Medicaid; Title XIX):** U.S. Department of Health and Human Services, Passed through the California Department of Eduation, CFDA No. 93.778, Grant Agreement C-10606:08:09.

## Recommendation

The District should implement policies and procedures to strengthen its controls over reporting to ensure that reports are accurately reconciled to the accurate data and for the proper reporting period. We recommend that the District implement policies and procedures for inclusion of journal entries recorded on the IFS to be part of the claims process to ensure all activities are accounted for.

14535-6473-4A, 08-14535-6473-5A, 08-14535-6473-3A, 08-14535-6473-3B, 08-14535-6473-3C, 08-14349-6473-5A, 08-14535-6473-5A, 09-14349-6473-4A, 09-14349-6473-5A, 09-14535-6473-4A, 09-14535-6473-5A, 09-14535-6473-6B, 09-14603-6473-6B, 09-14535-6473-6C, 09-14603-6473-6C, 09-14535-6473-6D, and 09-14603-6473-6D.

## Recommendation

We recommend that the District establish policies and procedure to ensure that the subrecipient monitoring compliance requirement be met with the federal requirements.

Subsequent to our audit fieldwork and exit conference, the District' Procurement Services Branch provided us with a copy of the amendment number one to the original agreements for the 3 agencies. The purpose of the amendment was to extend the contract period for 2010-11 and the award identification was added to the amendment. It is our recommendation that the District strengthen its controls to ensure that all federal award identification is included on the original pass-through agreements and all amendments.

## **Current Status**

# Findings and Questioned Costs Related to State Awards

# (1) S-10-01 Regular and Special Day Classes – Elementary Schools – Attendance Computations

State Audit Guide Finding Codes: 10000 and 40000

## **Schools Affected**

- Winnetka Elementary School
- Sunland Elementary School
- Broad Avenue Elementary School

### Recommendation

We recommend that the District continue to strengthen its controls over implementing District policies over student attendance reporting. Furthermore, we recommend that the District continue to provide adequate attendance reporting training to the schools so that proper attendance reporting procedures are adhered to.

### **Current Status**

Corrective actions were implemented by the subject schools.

# (2) S-10-02 Regular and Special Day Classes – Secondary Schools – Attendance Computations

State Audit Guide Finding Codes: 10000 and 40000

#### Schools Affected:

- White Middle School
- Roosevelt High School

## Recommendation

We recommend that the District continue to strengthen its controls over implementing District policies over student attendance reporting. Furthermore, we recommend that the District continue to provide adequate attendance reporting training to the schools so that proper attendance reporting procedures are adhered to.

### **Current Status**

Corrective actions were implemented by the subject schools.

Status of Prior Year Findings and Recommendations
June 30, 2011

# (3) S-10-03 Attendance Accounting – Continuation Education – Attendance Computations

State Audit Guide Finding Codes: 10000 and 40000

## **School Affected**

- Mission High School
- Monterey High School

## Recommendation

We recommend that the District strengthen its review process over the compilation of the *Monthly Statistical Reports* to ensure that the report accurately reflects student attendance data.

## **Current Status**

Corrective action was implemented.

# (4) S-10-04 Attendance Accounting – Independent Study – Attendance Computations

State Audit Guide Finding Codes: 10000 and 40000

## **School Affected**

• Venice Skill Center AEWC

### Recommendation

We recommend that the District strengthen its review process over independent study to ensure proper reporting of attendance through appropriate evaluation of pupils' work based on all required documentation on file.

## **Current Status**

Corrective actions were implemented by the subject school.

# (5) S-10-05 Attendance Accounting – Dependent Charter School – Attendance Computations

State Audit Guide Finding Codes: 10000 and 40000

# **Schools Affected**

Alexander Science Center

Status of Prior Year Findings and Recommendations
June 30, 2011

## Recommendation

We recommend that the District continue to strengthen its review process over dependent charter schools' attendance reporting.

### **Current Status**

Corrective actions were implemented by the subject school.

# (6) S-09-06 – After School Education and Safety Program

**State Audit Guide Finding Codes: 40000** 

## **School Affected**

Belvedere Middle School Vista Middle School
Normont Elementary School Ritter Elementary School

Glassell Park Elementary School Glenhill Street Elementary School

Columbus Avenue Elementary School

Pio Pico Elementary

122<sup>nd</sup> St. Elementary School
