The Honorable Board of Education
Los Angeles Unified School District:

We have audited the accompanying statement of bond expenditures (Statement) of the **Proposition BB School Bond Construction Program** of the Los Angeles Unified School District (the District) for the year ended June 30, 2014 and the related notes to the Statement.

Management's Responsibility for the Statement of Bond Expenditures

Management is responsible for the preparation and fair presentation of the Statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the Statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the Statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

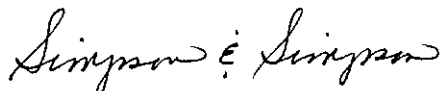

Opinion

In our opinion, the statement of bond expenditures referred to above presents fairly, in all material respects, the expenditures of the Proposition BB School Bond Construction Program of the Los Angeles Unified School District for the year ended June 30, 2014 in accordance with accounting principles generally accepted in the United States of America.

Other Matters*Supplementary and Other Information*

Year Ended June 30, 2014

(1) Proposition BB School Bond Construction Program Background

Proposition BB Initiative (Proposition BB) authorized the Los Angeles Unified School District (District) to issue \$2.4 billion in general obligation bonds. Bond proceeds are to be utilized for projects such as the repair of safety hazards, asbestos removal, installation of air-conditioning, making classrooms accessible to the disabled, upgrading security, and the construction of new classrooms. Proposition BB specifically states that no bond proceeds are to be used for administrator salaries.

The Proposition BB School Bond Construction Program (Program) is intended to provide needed health and safety improvements to more than 800 deteriorating schools and 15,000 buildings and to match state funds for new construction and modernization projects. The District Board of Education has established a Citizen's Oversight Committee to ensure that the proceeds of the Proposition BB School Bond Construction Program bond issuances are used for the purposes stated in the resolution, which placed the Proposition BB on the 1997 ballot.
