POLICY: The Los Angeles Unified School District is committed to providing a working and learning environment that is free of discrimination, harassment, intimidation and bullying. The District affirms that no student with a disability shall, on the basis of the disability, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination, harassment, intimidation and bullying under any District program or activity. The denial of equal access to District education programs and/or activities and/or the denial of a “free appropriate public education” (FAPE) on the basis of students’ disabilities is considered disability-based discrimination under federal and state law.

In addition, the District must provide nonacademic and extracurricular services and activities in a manner that ensures individuals with disabilities have an equal opportunity to participate. Similarly, the District must make reasonable accommodations to its policies, practices and procedures when necessary to ensure other individuals with disabilities, such as parents and the general public, are not discriminated against on the basis of disability.

MAJOR CHANGES: This Bulletin replaces Bulletin No. BUL-4692.6 on the same subject issued by the Office of the General Counsel, dated October 27, 2017. It provides updates and clarifies the guidelines to be used in serving students and other individuals with disabilities under Section 504. Upon receiving a request for a Section 504 evaluation of a student enrolled in a private school, contact Welligent Support for assistance with accessing or creating a Section 504 student record.

GUIDELINES: The following guidelines apply.

Background: Section 504 of the Rehabilitation Act of 1973 (Section 504) is a civil rights law that prohibits discrimination/harassment on the basis of disability in any program or activity receiving federal financial assistance. Public school districts are among the entities that must comply with the nondiscrimination requirements of Section 504. The District has specific responsibilities related to the provision of a “free appropriate public education” (FAPE) to school age individuals with disabilities under Section 504 and the Individuals with Disabilities Education Act (IDEA).

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

I. The Americans with Disabilities Act (ADA) of 1990 is a civil rights law that also prohibits discrimination on the basis of disability by public institutions. The ADA was amended by the Americans with Disabilities Act Amendments Act (ADAAA) in 2008 and went into effect in January 2009. The intent of the ADAAA was to emphasize a broader application of the definition of disability under the ADA and Section 504, in order to supersede court decisions that had resulted in too narrow an interpretation of disability. The new law also eliminated the consideration of the ameliorative effects of mitigating measures when determining whether a student has a disability, though they remain relevant when evaluating students' needs for accommodations/services. The expanded definition of disability means more students may be eligible for Section 504 nondiscrimination protections whether or not they currently need Section 504 plan accommodations/services.

II. Related Definitions

- A. *Accommodation*: A change in the educational setting, instructional strategies, materials, and/or supplementary/related aids and services that does not significantly alter the content of the curriculum or level of expectation for a student's performance, but which allows the student to access the regular general education curriculum.
- B. *Appropriate Education*: Education programs for students with disabilities must be designed to meet their individual needs to the same extent that the needs of nondisabled students are met. An appropriate education may include regular or special education and related aids and services to accommodate the unique needs of individuals with disabilities. An appropriate education will include evaluation, placement and due process procedures, as well as education of each student with a disability with nondisabled students to the extent appropriate to the needs of the student with a disability. One way to ensure that programs meet the needs of students with disabilities may occur through the development of an individualized education program (IEP). In addition, students with disabilities may not be excluded on the basis of disability and must be provided an opportunity to participate in nonacademic or extracurricular activities equal to that provided to persons without disabilities.
- C. *Educational placement*: The general education classroom with the use of supplementary/related aids and services.
- D. *Has a record of such an impairment*: A history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities. A student with a record of impairment is entitled to protections from discrimination, harassment and retaliation on the basis of disability, but may not require the provision of a FAPE or reasonable accommodations to policies and procedures simply because of a record of disability.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

E. Individual with a disability:

Section 504:

- Has a physical or mental impairment which substantially limits one or more major life activities;
- Has a record of such an impairment; or
- Is regarded as having such an impairment

Individuals with Disabilities Education Act (IDEA): Has an intellectual disability, a hearing impairment (including deafness), a speech or language impairment, a visual impairment (including blindness), a serious emotional disturbance (referred to as “emotional disturbance”), an orthopedic impairment, autism, traumatic brain injury, other health impairment, a specific learning disability, deaf-blindness, or multiple disabilities, and who, by reason thereof, needs special education and related services.

F. Major life activities: Functions such as bending, breathing, caring for one's self, communicating, concentrating, eating, hearing, learning, lifting, performing manual tasks, reading, seeing, sleeping, standing, speaking, thinking, walking, and working. Major life activities may also include, but not be limited to: functions of the immune system, normal cell growth, and digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

G. Modification: Strategies/supports that significantly alter the curriculum/grade level/common core state standard by which student performance is measured.

H. Physical or mental impairment:

- Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genito-urinary; hemic and lymphatic; skin; and endocrine; or
- Any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness.
- An impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active.

I. Qualified disabled person (other than a student): Individual with a disability who is an employee or other individual, including, but not limited to parents, guardians, family, and the public, who is entitled to access District programs or activities, whether or not their child is disabled.

J. Qualified disabled person (with respect to public preschool, elementary, secondary, or adult education services): Individual with a disability between the ages of 3 and 22.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

K. Regarded as having an impairment:

- Individual who has been subjected to discrimination/harassment because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity;
- Entitled to protections from discrimination, harassment and retaliation on the basis of disability, but may not require the provision of a FAPE or reasonable accommodations/modifications to policies and procedures simply because of a record of disability.

Note: Generally not applicable to impairments that are transitory (an impairment with an actual or expected duration of six months or less) and minor.

L. Section 504 Case Manager: A certificated employee with the guidance of a school administrator and Section 504 Designee, who has been designated to monitor implementation of Section 504 plans to ensure students with disabilities are protected from disability-based discrimination as outlined in section VIII of this policy.

M. Section 504 Designee: A certificated employee at the school site, with guidance from the District Section 504 Coordinator and school administrator, who has been designated to facilitate posting and distribution of annual nondiscrimination posters and brochures, coordinate the Section 504 process, monitor Section 504 compliance and facilitate investigations of Section 504 complaints as outlined in section VI of this policy. Annually, upon being designated by the school principal in the Administrator Certification portal, the Section 504 Designee is automatically enrolled in the online training, "Section 504 Procedures." All school site Section 504 Designees are expected to review the training annually.

N. Substantial Limitation: A major life activity is substantially limited when a person is unable to perform a major life activity that the average student of the same grade or age, or as compared to most students of the same grade or age, can perform. The determination of whether an impairment substantially limits a major life activity shall be made without regard to the ameliorative effects of mitigating measures such as:

1. Medication, medical supplies, equipment, or appliances, low-vision devices (which do not include ordinary eyeglasses or contact lenses), prosthetics including limbs and devices, hearing aids and cochlear implants or other implantable hearing devices, mobility devices, or oxygen therapy equipment and supplies;
2. Use of assistive technology;
3. Reasonable accommodations, auxiliary aids or services; or
4. Learned behavioral or adaptive neurological modifications.

III. Child Find – Parent Notification

A. The District has a duty to conduct a "child find" at least annually, during which, the District must make efforts to inform students with disabilities

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

and their parents of the District's obligation to provide a FAPE.

- B. This duty extends to all students with disabilities between the ages of 3 and 22, residing within the District boundaries, including those who may be attending private or home schools.
- C. To meet this requirement, schools must distribute annually to every student the District's "*Parent Student Handbook*," during the first month of each school year or at the time of initial enrollment. The District's "*Section 504 and Students with Disabilities*" brochure can also be used to notify parents and can be accessed through the District's Educational Equity Compliance Office website at <http://achieve.lausd.net/eeco>.

IV. Referral or Request for a Section 504 Evaluation

School personnel are required to use the Welligent Section 504 Program module to conduct all Section 504 activities regarding referral, evaluation, plan development, and follow-up in order to more effectively serve, monitor and track students with disabilities under Section 504 (*REF-6241* Mandatory use of Welligent Section 504 Program Module to Conduct All Section 504 Activities*). The English and Spanish fillable forms are grouped into four phases of the Section 504 process: I. Management; II Evaluation; III Meeting; and IV Follow-Up. In situations where Welligent is not functioning, the forms can be accessed on the Educational Equity Compliance Office website at <http://achieve.lausd.net/eeco>. Note: A Student Support and Progress Team (SSPT) meeting may not be held in lieu of a request for either a Section 504 or special education evaluation.

- A. Individuals may request a Section 504 evaluation for a student by completing "*Request for Section 504 Evaluation and Consent*" (Form 1). Administrators/Section 504 designees shall assist in completing the form or in preparing a written request for those made orally by individuals who are unable to submit one in writing. Inform parents of their rights by attaching the "*Section 504 Parent Procedural Safeguards*" (Form 2) to the request.
- B. Parental consent must be obtained and documented on Form 1 prior to proceeding with an initial Section 504 evaluation. However, a parent's separate written request for a Section 504 evaluation should be considered consent to the request for a Section 504 evaluation in lieu of a signature on the District's form if it cannot be obtained from the parent.
- C. A parent residing in the District's geographic area may request a Section 504 evaluation for a student currently enrolled in a private school from the student's District school of residence. If the request is deemed appropriate, the school is to conduct a Section 504 evaluation according to the procedures outlined in *REF-6421 Mandatory Use of the Welligent Section 504 Program Module to Conduct All Section 504 Activities*. In the event a Welligent record for the private school student cannot be located, contact Welligent Support for assistance with accessing or creating a Welligent

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

record upon receipt of the evaluation request. If the student meets the criteria under Section 504, the team shall develop a Section 504 Plan. If the request for a Section 504 evaluation is not deemed appropriate, the School shall provide the parent a formal denial in writing using the "*Denial of Request for Section 504 Evaluation*" (Form 3). Upon enrollment in a District school, the Section 504 Plan shall be implemented. If the student remains enrolled in a private school program, the District has no obligation to provide Section 504 accommodations/services.

- D. Any copies of the request for evaluation and related documents must be scanned and attached as a file to the Student's Section 504 record in the Welligent Section 504 Program module and maintained in a designated Section 504 file folder that is to be placed in the student's cumulative record.
- E. Indicators that a Section 504 referral may be appropriate include, but are not limited to, the following situations:
 - A disability is suspected and the student needs consistent and systematically implemented accommodations in order to have needs met as adequately as nondisabled peers.
 - A student has an episodic or temporary disability that is substantially limiting when active (i.e., a broken limb).
 - A student exhibits a significant health condition.
 - A disability is suspected but the student does not qualify for special education services.
 - A disability is suspected and the student demonstrates a pattern of not benefiting from instruction.
 - A disability is suspected and the student is considered at risk for school failure.
 - A disability is suspected and a pattern of behavioral concerns exists.
 - A disability is suspected and the student's access to district programs is impacted.
- F. Students Needing Medication: It is not necessary to qualify a student as having a disability that substantially limits a major life activity under Section 504 in order to provide a service which schools perform for all general education students. As a result, not all students needing medication administered by school staff will require a Section 504 plan. However, a Section 504 referral will be appropriate for students who are found to have a disability that substantially limits a major life activity and need medication administration on a systematic basis to receive equal access to the educational program.
- G. Requests for Section 504 Evaluation and Special Education Assessment Made Concurrently:
 1. A referral for a Section 504 evaluation may be made concurrently with a pending special education evaluation. In such instances, the Section 504 evaluation should be conducted during the same 60-day timeline

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

utilized for the special education assessment. Generally, the Section 504 evaluation can reasonably be conducted in less than 60 days.

2. If the student is found eligible under Section 504 prior to the special education team's findings, a Section 504 plan should be developed pending the special education team's findings. If the student is subsequently found eligible for special education, an Individualized Education Program (IEP) should be developed and any accommodations/services provided in the Section 504 plan should be considered for the IEP. The IEP should document in FAPE Part IV of the IEP that upon receiving consent for the IEP, the student will no longer receive accommodations under Section 504, as described in Section IX Part C of this bulletin. Upon receiving consent to the IEP making the student eligible, the student record in Welligent must be updated to reflect the Section 504 program status as "discharged" and document in Section 504 Exit Details that the student has been identified as eligible for special education.
3. When an IEP team determines a student is not eligible or no longer eligible for special education, a Section 504 referral for evaluation may be appropriate and should be considered. The IEP team may document the student is being referred for a Section 504 evaluation and the evaluation shall be conducted in a separate Section 504 team meeting.

V. Analyzing the Appropriateness of a Referral for Section 504 Evaluation

When a request for evaluation is made, the school administrator/Section 504 designee shall create a Section 504 student record in the Welligent Section 504 program module as outlined in *REF-6241, Mandatory Use of the Section 504 Program Module to Conduct All Section 504 Activities* and document all Section 504 activities during the following steps:

- A. Review relevant records and consult with persons knowledgeable about the student to determine whether the Section 504 referral is appropriate. If the referral is appropriate, proceed with the evaluation process.
- B. If the referral is not appropriate (e.g., the student is receiving special education services, the student is not suspected of having a disability), then the administrator/designee shall do the following:
 1. Provide parents written notice using the "*Denial of Request for Section 504 Evaluation*" (Form 3) to inform them of the school's decision not to proceed with the Section 504 evaluation.
 2. Appeal Rights: Included in the "*Denial of Request for Section 504 Evaluation*" is a statement advising parents of their rights and to make appeals/requests in writing to the area District Section 504 Designee or the District Section 504 Coordinator in the Educational Equity Compliance Office.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

3. Provide the parent the “*Section 504 Parent Procedural Safeguards*” (Form 2).

VI. Section 504 Evaluation Process

- A. Timeline: While there is no specific timeline for completing the evaluation process, the evaluation must be completed within a reasonable period of time. In most cases, a Section 504 evaluation could reasonably be completed in less than 60 days as it typically requires a review of existing data. Generally, it is not reasonable to exceed 60 days from the date of the Section 504 evaluation request, excluding vacation periods exceeding five days.
- B. Preparing for the Section 504 Evaluation Meeting: Using the Welligent Section 504 Program module and following procedures outlined in *REF-6241 Mandatory Use of Welligent Section 504 Program Module to Conduct all Section 504 Activities*, the school administrator/Section 504 designee shall:
 1. Provide parent the completed “*Section 504 Parent Input Form*” (Form 4), along with “*Notice of Section 504 Evaluation Meeting*” (Form 6) and a copy of the “*Section 504 Parent Procedural Safeguards*” (Form 2). Consideration must be made to conduct the Section 504 evaluation meeting at a mutually agreed upon time to enable the parent to participate in the meeting.

The “*Notice of Section 504 Evaluation Meeting*” includes questions as to whether parents require interpretation or translation of documents in order to effectively participate. Interpretation at Section 504 meetings should be provided by eligible District-trained interpreters. Refer to District policy *Oral Interpretation at an Individualized Education Program (IEP) Team Meeting* for procedures and resources to assist schools in providing oral interpretation when requested. Translation of Section 504 related documents may be requested using the process and forms on the District’s Translations Unit’s website at <http://www.translationsunit.com/>.

2. Provide teachers, as appropriate, with the “*Section 504 Teacher Observation Form*” (Form 5) to complete.
3. Select the Section 504 team members. Team members must be knowledgeable about:
 - a. The student (i.e., Section 504 designee, parents, classroom teachers, school nurse, the student if age appropriate, counselors, and other suitable personnel).
 - b. Evaluation information being drawn from a variety of sources.
 - c. Accommodations/services to enable the team to make informed decisions.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

4. Gather documentation about the student from a variety of sources including, but not limited to:
 - a. Information provided by parents, including the “*Section 504 Parent Input Form*” (Form 4)
 - b. Cumulative records
 - c. Language surveys
 - d. Progress reports/report cards
 - e. Standardized test scores/district administered assessments
 - f. Discipline records
 - g. Attendance records
 - h. Health records, if available (from the school nurse or parent, though a medical diagnosis is not required under Section 504 regulations)
 - i. Information collected from staff interviews and/or from the completed “*Section 504 Teacher Observation Form*”(Form 5)
 - j. Student portfolio/work samples
 - k. IEP information/documentation from prior special education testing and evaluation (for students determined not eligible or no longer eligible for special education services) if applicable

C. Conducting the Section 504 Evaluation Meeting:

1. Eligibility Determination: The Section 504 team has the responsibility of completing and documenting the evaluation process using the “*Section 504 Evaluation*” (Form 7). The team shall use definitions provided in Section II of this policy under Related Definitions when considering Section 504 eligibility criteria determinations. The eligibility determination is made when the Section 504 team documents whether the student has a physical or mental impairment which substantially limits a major life activity, and whether the student requires accommodations/services under Section 504 in order to receive equal access to the educational program.

- a. Document whether the student has a physical or mental impairment. A medical diagnosis is not required for this determination. However, all evaluation data, including a medical diagnosis and information provided by parents, if available, is to be carefully considered.

A student may have, and the Section 504 team should document, a disability that is episodic (i.e., epilepsy, etc.), in remission (i.e., sickle cell anemia, cancer, etc.) or controlled by mitigating measures (i.e., hearing aids, medication to control symptoms, prosthetics, etc.).

- b. Document the major life activity that is substantially limited by the disability. Special consideration should be given to all possible major life activities, and not solely the impact of a disability on the life activity of learning. For instance, a student’s disability of Crohn’s Disease may impact the major life activities of concentrating, eating, and bowel function. Substantial limitations of major life activities can impact a student’s access to the District’s instructional programs and

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

activities.

Once a student is identified as having a physical or mental impairment which substantially limits a major life activity, Section 504 nondiscrimination protections are available to that student whether or not the student also requires accommodations/services under Section 504. Nondiscrimination protections include the right to file complaints of alleged discrimination and the right to a manifestation determination when significant disciplinary changes of placement are being considered.

The existence of a disability alone does not automatically qualify a student as eligible for accommodations/services under Section 504. For example, student's whose disabilities are episodic, in remission or controlled by mitigating measures may have a substantial limitation of a major life activity which may or may not be manifested at the time of evaluation. The student would be identified as having a physical or mental impairment which substantially limits a major life activity when active and thus would be protected from discrimination. The school Section 504 Case Manager, described later in this policy, would monitor these students to ensure they are afforded their nondiscrimination protections. However, the team must then consider whether the student requires accommodations/services under Section 504.

- c. Document whether the student requires accommodations/services in a Section 504 Plan in order to receive equal access to the educational program. Eligibility for a Section 504 plan should be determined only after the team has documented that a student has a physical or mental impairment which substantially limits a major life activity and requires accommodations/services under Section 504.

The Section 504 team will indicate on the “*Section 504 Evaluation*” (Form 7) when a student with a disability does not require accommodations/services under Section 504, but does as a result of disability require nondiscrimination protections. If the team determines the student requires accommodations/services, a plan shall be developed “*Section 504 Plan*” (Form 8).

2. If the team determines that the student does not meet or no longer meets the criteria for services under Section 504: The Section 504 team will indicate on the “*Section 504 Evaluation*” (Form 7) that the student does not require accommodations/services under Section 504.
3. When the parent disagrees with the Section 504 team decision: The parent must be informed of the appeal, complaint, and impartial mediation and hearing processes available to them. Parents' rights are provided in the “*Section 504 Parent Procedural Safeguards*” (Form 2)

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

and the “*Section 504 Complaint Form*” (Form 10).

4. A parent may refuse to consent to implement the Section 504 accommodations/services: The team will indicate the parent’s refusal on the “*Section 504 Evaluation*”(Form 7) Eligibility Determination section and the parent may indicate so on the “*Section 504 Plan*”(Form 8). The Section 504 Case Manager will continue to monitor such students to ensure they are afforded their nondiscrimination protections.
5. A parent may revoke consent to implement Section 504 accommodations/services: Provide the parent with the completed “*Section 504 Plan Parent Request to Revoke Consent*” (Form 11). The Section 504 Case Manager will continue to monitor such students to ensure they are afforded their nondiscrimination protections.

D. Developing the Section 504 Plan:

1. The “*Section 504 Plan*” (Form 8) shall include the following components:
 - a. A statement of the student’s physical or mental impairment.
 - b. A date when the plan is to be re-evaluated (every three years or sooner as appropriate, though teams may choose to review plans annually).
 - c. The student’s specific areas of educational impact or “Identified Need” that are impacted by the disabling condition.
 - d. “Related Accommodation” - The specific accommodations/services needed to enable the student to receive equal access to the educational program. Accommodations/services must be stated in specific and measurable terms (i.e., specific symptoms, behaviors, or triggers) that elicit the accommodations/services to be provided. Note that policy should not be documented in a 504 Plan.
 - e. “Responsible Individual(s)” - The role/title of individuals to be responsible for implementing accommodations/services.
2. Accommodations/services are to provide access to the core curriculum and educational program by compensating for students’ disabilities, without altering the curriculum/common core state standards (i.e., what is being taught or tested) for which the student is being measured. A Section 504 plan cannot modify the curriculum.
3. An accommodation cannot exempt a student from a course or subject required for graduation/matriculation (i.e., a waiver of physical education classes), beyond those exemptions currently outlined in existing District policy.

Note: The Physical Education Fitnessgram requirement identifies the following possible exception for students with disabilities. Pupils with physical disabilities or pupils who are physically unable to take the entire physical performance test shall be given as much of the test as their condition permits.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

4. Accommodations/services should directly relate to students' identified needs.
5. Accommodations/services in Section 504 plans should be specific, measurable and narrowly tailored to meet students' identified needs to allow for consistent implementation.
6. If a student requires an accommodation/service occasionally, the plan should be written to incorporate the specific symptoms, behaviors, or triggers that elicit implementation of that accommodation/service.
7. Section 504 teams should be cautious when providing additional time beyond a week to make up assignments and should not exceed time beyond the final marking period for each semester, as this may be altering the level of expectation for a student's performance, which is contrary to the purpose of Section 504.
8. If the Section 504 team determines an appropriate accommodation is to provide extended time for assignments, homework, and/or tests, accommodations must clearly state how much extended time is required based on students' identified needs (i.e., time and a half, 1 or 2 hours, a day, a week, or a weekend).
9. In general, a student who does not require an accommodation as part of the regular instruction/testing/evaluation should not require the accommodation only for standardized testing.

Note: A Section 504 team has no jurisdiction regarding testing accommodations provided by the College Board (i.e., for the Advanced Placement, PSAT, SAT Reasoning Test and the SAT Subject Tests or for other College Board tests) or the ACT (for the ACT test). Students or parents may apply for accommodations utilizing the procedures outlined by those organizations. Therefore, teams shall not indicate accommodations specific to College Board or ACT tests.

10. The responsible individual for implementing Section 504 accommodations/services shall not be another student.
11. If a student's Section 504 team (similarly IEP or other multidisciplinary team) determines that taking part in co-curricular, extra-curricular, or non-academic activities, including field trips, is a necessary component of the student's FAPE, the team will develop and deliver appropriate accommodations/services to enable the student to successfully access the activity. Where participation is not required to provide the student with FAPE, the law requires the District to provide students with disabilities an opportunity to participate in the activities equal to that provided students without disabilities (See

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

Section IX).

VII. Following the Section 504 Evaluation Meeting

The school administrator/Section 504 Designee is responsible for:

- A. Ensuring a Section 504 Case Manager is identified. See next section for Section 504 Case Manager Responsibilities.
- B. Distributing the following documents to parents:
 - “*Section 504 Evaluation*” (Form 7)
 - “*Section 504 Plan*” (Form 8) if applicable
 - “*Notice of Section 504 Eligibility Determination*” (Form 9)
 - “*Section 504 Parent Procedural Safeguards*” (Form 2)
- C. Distributing the “*Section 504 Plan Distribution Notice*” (Form 12) and monitoring that all personnel responsible for implementation of Section 504 plans including, but not limited to, all of the student’s teachers and the student, as appropriate, receive the plan to ensure accommodations/services are provided as soon as possible.

A copy of the “*Section 504 Plan*” (Form 8) should also be placed in relevant teachers’ substitute folders, especially for students whose plans include medical protocols and behavior support plans. Repeat this process when staff changes occur (i.e., matriculation, new semesters).

- D. Updating pupil records as follows:
 1. Update the Welligent Section 504 student record by entering Section 504 details in the Welligent Section 504 program module. Immediately upon completion of the Section 504 evaluation meeting, print all of the Section 504 documents with signatures and supplemental pages, scan and upload as an attachment to the student’s Welligent Section 504 record. Follow procedures outlined in REF-6241 Mandatory Use of the Section 504 Program Module to Conduct All Section 504 Activities.

2. Any communication from a health care provider, (e.g. doctor’s report, etc.) should be maintained in the student’s confidential medical file maintained at the school. Medical information from health care providers considered during the evaluation should be referenced on “*Section 504 Evaluation Form*” (Form 7), maintained in the student’s confidential medical file and must not be uploaded to the Welligent Section 504 record.

Note: District employees are responsible for keeping medical/health information confidential, under both the American Health Insurance Portability and Accountability Act of 1996 (HIPPA) and the Family Education Rights and Privacy Act (FERPA). For instructions on

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

handling these records, contact Student Medical Services at (213) 202-7584.

3. Place a designated Section 504 file folder in the student's cumulative record with all related Section 504 documentation.

VIII. Section 504 Plan Implementation Obligation/Case Manager Responsibilities

- A. The completed "*Section 504 Plan*" (Form 8) is a legal document and must be implemented as written. Disregard of the protected rights of students with disabilities may result in a complaint investigation and ruling by the United States Department of Education, Office for Civil Rights (OCR) and/or disciplinary action. Additionally, personal civil suits may be filed on behalf of students against individual District employees who fail to comply with Section 504 mandates.
- B. Parent consent is required for implementation of the Section 504 plan. Parents may revoke consent for Section 504 accommodations/services [use the "*Section 504 Plan Parent Request to Revoke Consent*" (Form 11)] or may disagree with the accommodations/services and access procedural safeguards outlined in Section XIII – Complaint Procedures.
- C. Responsible personnel are required to fully implement the Section 504 plan, and shall not modify the plan or determine accommodations/services are not necessary outside of a Section 504 team meeting.
- D. A Section 504 eligible student's scores/grades shall not be negatively affected by failure of responsible personnel to implement the Section 504 plan.
- E. A Section 504 Case Manager should be assigned to monitor implementation of accommodations/services and student progress, while ensuring that students with disabilities have a learning environment free from discrimination, harassment, intimidation and bullying.

Section 504 Case Manager Responsibilities:

1. Use the Welligent Section 504 Program module to update, monitor and track Section 504 details for students with or suspected of having disabilities under Section 504.
2. Monitor implementation of Section 504 plan accommodations/services.
3. Remind staff of their obligation to implement plan accommodations/services as written.
4. Notify the appropriate administrator when responsible personnel are not implementing the plan.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

5. Ensure responsible personnel are consistently monitoring Section 504 student progress.
6. Ensure students with disabilities have learning environments free from discrimination, harassment, intimidation and bullying and are afforded nondiscrimination protections, whether or not they require Section 504 accommodations/services.
7. Provide periodic reports on student progress toward academic or behavioral performance, as determined by the Section 504 team.
8. Review the plan to determine accommodations/services are related to students' identified needs and educational placement (especially when matriculating from school to school).
9. Ensure re-evaluations take place upon parent request, to revise ineffective accommodations/services, or when the accommodations/services are unrelated to students' identified needs or educational placement.

IX. Periodic Re-Evaluations/Exit Procedures

A. Section 504 Re-Evaluation Requirements:

1. At least every three years, but may be conducted more frequently (i.e., annually or as needed).
2. When there are changes in students' disabilities, parents request changes to accommodations/services, or when there is an indication that plans are not effective in the current setting or in addressing students' identified needs.
3. When there are placement changes, including, but not limited to, schools, matriculation, and building/class location changes.

B. Section 504 Re-Evaluation Process:

1. The Section 504 team should use procedures outlined in VI - Section 504 Evaluation Process and consider additional data to determine whether students continue to meet criteria for Section 504 accommodations/services.
2. Complete the steps listed in VII - Following the Section 504 Evaluation Meeting/Case Management.

C. Process to Exit a Student from Section 504: A Section 504 re-evaluation meeting should be conducted to document when students no longer have disabilities and/or do not require Section 504 accommodations/services. The team should use procedures in VI - Section 504 Evaluation Process.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

X. Manifestation Determination/Discipline Procedures for Students Identified as Disabled Under Section 504

A. Students who have been identified as disabled under Section 504 but do not require accommodations/services, and students with disabilities requiring accommodations/services under a Section 504 plan, are general education students and can be suspended for the same number of days as general education students. A Manifestation Determination analysis shall be conducted to determine whether behavior being considered for discipline is directly linked to the disability or the District's failure to implement the Section 504 plan in the following situations:

1. Student has been suspended for 10 days in a school year (not required for suspensions totaling less than 10 days in a school year).
2. Student is being considered for a disciplinary change of placement (i.e., disciplinary opportunity transfer, recommendation for expulsion).

B. When making the Manifestation Determination analysis, the Section 504 team must consider the following and complete the Manifestation Determination section of the "*Section 504 Evaluation*" (Form 7):

1. Was the misconduct caused by, or directly and substantially related to, the student's disability?
2. Was the misconduct a direct result of the District's failure to implement the plan?

If the misconduct/behavior was not caused by, or directly and substantially related to the student's disability, and was not a direct result of the District's failure to implement the Section 504 plan, the student may be disciplined as a general education student, including, but not limited to, suspension, disciplinary opportunity transfer or recommendation for expulsion.

When contemplating a disciplinary change of placement, consider consulting with the District's Student Discipline and Expulsion Support Unit and be sure to contact the potential receiving school prior to issuing the transfer to ensure the Section 504 plan accommodations/services can be fully implemented at the new placement.

For students identified as disabled, but not requiring accommodations/services under Section 504, if there is a direct link between the misconduct and the disability, the school shall not suspend more than 10 days or make a disciplinary change of placement. The determination whether the District failed to implement the student's Section 504 plan will not apply in this circumstance.

For students with disabilities who have a Section 504 plan, if the misconduct is directly linked to the student's disability, and/or directly

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

results from the District's failure to implement the student's Section 504 plan, the school shall not suspend more than 10 days or make a disciplinary change of placement. The team should consider updating plan accommodations/services and reviewing implementation strategies.

C. Exception to requirement to hold Manifestation Determination analysis: A student who is currently using illegal drugs or alcohol and is to be disciplined for use or possession of illegal drugs or alcohol loses the procedural protections provided by Section 504, including the requirement to make a Manifestation Determination analysis prior to a disciplinary change of placement, even if the student has another disability. This would hold true even if the disabling condition could be directly related to the misconduct.

XI. Program Accessibility for Individuals with Disabilities

A. Section 504 program/activity accessibility standards extend to ensuring that all students with disabilities are provided with an equal opportunity to participate in the same educational programs or activities, including, but not limited to, classes/courses and curricular, extracurricular, and/or nonacademic activities, services, or benefits that are provided to students without disabilities.

1. This extends to District programs/activities that are held before school, during school, after school and when school is not in session.
2. No student with a disability is to be denied enrollment in a class/course solely on the basis of a disability, unless a student's IEP limits the student's enrollment.
3. Students with disabilities must be provided an equal opportunity to try out for and/or participate in curricular and extracurricular activities, including, but not limited to, field trips and before/after-school programs.
4. Schools are required to provide nonacademic services, including, but not limited to extracurricular activities and athletics, in a manner that affords students with disabilities equal opportunities for participation in such activities and services, unless the accommodations/services required to provide access, would fundamentally alter the very nature of the extracurricular activities and/or nonacademic services.

B. The school must identify appropriate accommodations/services needed for a student with a disability to participate successfully in a curricular activity, field trip, extra-curricular activity or nonacademic service.

1. This provision shall not be interpreted to require participation of a student with a disability who, even with the benefit of accommodations/services, could not meet the essential academic or skill requirements of the program, activity, or service.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

2. Accommodations/services for extracurricular or nonacademic activities must be considered unless they result in a fundamental alteration to the nature of the program.
 3. Parents of students with disabilities shall not be required or asked in lieu of responsible personnel to participate with or accompany students during school; including but not limited to, field trips, and/or curricular/extracurricular activities, as a condition for students to participate when a similar obligation is not imposed on parents of nondisabled students. Students with mobility impairments have a right to request accessible transportation to events where transportation is afforded to nondisabled peers. Staff must identify students with mobility impairments and request appropriate transportation using District policy *REF-2111, "Field Trip Handbook and Revised Procedure."* Additionally, schools may not charge parents of students with disabilities a higher cost than nondisabled students as a condition to participate in the District's extracurricular or nonacademic programs/services.
- C. Parents and caregivers with disabilities are to be provided with reasonable accommodations/services to allow them to participate meaningfully in their child's education. Consideration must be made to provide effective access to allow parents/caregivers to participate in the school's programs and activities intended for their benefit, including, but not limited to, parent-teacher conferences, committees/councils, Parent Teacher Student Association (PTSA) meetings, attendance at school ceremonies/performances, and open house.
- D. For existing facilities (including schools and offices), federal regulations require that school districts operate programs and activities so that, when viewed in their entirety, they are readily accessible to and usable by individuals with disabilities. If the service, activity, or program as a whole is accessible, then not every part of the existing facility needs to be accessible and usable by persons with disabilities. Under Section 504, existing facilities are those already constructed, or for which construction began, prior to June 3, 1977.
- E. Accessibility to District programs and activities may be achieved by nonstructural changes such as redesigning or modifying equipment or furniture, or rescheduling or relocating classes or other services to accessible rooms or buildings.
- F. A request for funding for minor renovations (i.e., ramps, bathroom modifications) can be made to ensure access for students needing placement in currently inaccessible programs by following *REF-1446, Procedures for Requesting Program Accessibility Renovations/ Accommodations.*

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

G. The accessibility standard for new construction is different from the standard for existing facilities. For new construction, the facility and every part of the facility must be readily accessible to and usable by persons with disabilities.

H. Site administrators are responsible for ensuring that individuals with disabilities are provided with program accessibility in the site's educational programs or activities. Encourage individuals with disabilities who need a reasonable accommodation to a program, service or activity of the District to make the request in advance at the location where the accommodation is needed. Consult with the District's ADA Compliance Administrator at (213) 241-5295 or the Educational Equity Compliance Office at (213) 241-7682 for guidance in meeting these requirements.

XII. Disability-Based Discrimination, Harassment, Intimidation and Bullying

Disability-based discrimination is different treatment on the basis of a disability in an educational program or activity without a legitimate nondiscriminatory reason that interferes with or limits the individual's ability to participate in or benefit from the services, activities, or privileges provided by the District. Discrimination may be:

1. Failing to implement a student's Section 504 plan.
2. Failing to provide an individual with a disability an equal opportunity to participate in the same educational programs or activities.
3. Excluding or treating an individual with a disability in an inferior or disparate manner.
4. Failing to take necessary steps to ensure individuals with disabilities are not excluded, denied services, or segregated from nondisabled individuals.
5. Failing to respond to disability-based complaints of bullying, intimidation or abusive behavior towards a student, employee or community member in their school interactions.

A. Disability-based harassment occurs when an individual with a disability is subjected to unwelcome conduct related to a disability. Harassment can rise to the level of also creating a hostile environment when the conduct is subjectively offensive to the disabled individual and would be offensive to a reasonable person of the same age and characteristics under similar circumstances, and is sufficiently severe, pervasive, or persistent so as to interfere with or limit an individual's ability to participate in or benefit from the services, activities, or opportunities offered by the District. Harassment may be:

1. Emotionally and/or physically harmful

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

2. Humiliating, threatening, intimidating
3. Bullying based on disability
4. Verbal acts and name-calling
5. Nonverbal behavior, such as graphic and written statements

XIII. Complaint Procedures

Discrimination, harassment, intimidation and bullying complaints must be filed in writing within six months of the last occurrence or when knowledge of the complaint was first obtained. The complaint may be filed using the “*Section 504 Complaint Form*” (Form 10), District’s Uniform Complaint Procedures (UCP) or a written statement. The District will promptly investigate complaints and take reasonable actions to stop future incidences of discrimination, harassment, intimidation and bullying. Complainants are encouraged to try to resolve complaints informally at the school or within their area District office prior to filing a formal complaint. However, the formal complaint procedure may also be used to address such complaints.

A. Informal Complaint Process – School-Site:

1. Individuals may file a complaint with the local school site administrator alleging:
 - a. The school is not in compliance with the District’s Section 504 policies/procedures
 - b. Disagreement with the school’s decisions regarding Section 504 identification, evaluation, or plan accommodations/services for students
 - c. Disability-based discrimination, harassment, bullying and intimidation
2. Administrators must adequately respond to complaints received by:
 - a. Investigating complaints promptly
 - b. Providing the District’s nondiscrimination policies and assurances the District takes allegations seriously, information will be treated confidentially and retaliation will not be tolerated
 - c. Obtaining information pertinent to the complaint
 - d. Interviewing all relevant individuals involved
 - e. Assessing whether District policy was violated
 - f. Taking appropriate steps to correct violations of District policy and/or end harassment, monitor that it does not reoccur, and to address any hostile environment that may have been created
 - g. Following-up to determine whether actions taken addressed complaints
 - h. Informing all relevant individuals of actions taken to resolve complaints
 - i. Providing information regarding formal complaint processes available to appeal the school’s decisions/resolutions
 - j. Keeping written records of complaints and remedies

The written appeal must be sent within 15 days of receipt of the District's letter of findings and should specify the reasons for appealing the decision and include a copy of the original complaint and the District's decision.
- F. Civil Law Remedies: Pursuant to the California Education Code, Section 262.3, persons who have filed a complaint should also be advised that civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may be available under California or federal discrimination, harassment, intimidation and/or bullying laws.

SECTION 504 PARENT PROCEDURAL SAFEGUARDS

The purpose of this notice is to describe the procedural safeguards provided to the parents of students with disabilities under Section 504. The intent of the law is to keep parents fully informed concerning the District's decisions to identify, evaluate, and/or provide accommodations/services for their children. The District encourages and facilitates informal complaint resolutions of the same.

Section 504 of the Rehabilitation Act of 1973 is a federal law prohibiting discrimination against disabled persons who may participate in, or receive benefits from programs receiving federal financial assistance. Under Section 504 (§504), eligible students with disabilities are provided with educational benefits and opportunities equal to those provided to nondisabled students. Students with disabilities have the right to receive a free appropriate public education (FAPE) and to be educated with nondisabled students to the maximum extent appropriate.

Under §504, students are considered disabled if they suffer from a physical or mental impairment that substantially limits one or major life activities. Section 504 also protects students with a record of impairment or, who are regarded as impaired, from discrimination on the basis of disability. Students can be considered disabled, and may receive protections/accommodations under §504, even if they do not qualify for, or receive special education and related services under the Individuals with Disabilities Education Act (IDEA).

Parents of students with disabilities eligible under §504 have the following rights:

1. To receive written notice of the District's intent to identify, evaluate, and/or to provide a §504 Plan for their child
2. To review all relevant records regarding their child and obtain copies at reasonable cost
3. To appeal/disagree with the District's decisions with regard to the identification, evaluation, or §504 Plan accommodations/services, or file a complaint concerning allegations of a violation of §504 policy/procedures, or disability-based discrimination/harassment
4. To request an informal mediation or an impartial hearing if they disagree with their child's identification, evaluation, or §504 Plan, with an opportunity to participate and be represented by an attorney at the parent's expense
5. To review the decision of the impartial hearing officer

Upon request, the District will provide an oral interpreter at §504 Plan meetings for those whose primary language is not English. Upon request, the District will also provide translated versions of §504 related documents. A complaint investigation may be initiated by contacting the Educational Equity Compliance Office if there is an assertion that adequate interpretation was not provided at a §504 Plan meeting. For further information regarding complaint investigations, refer to the District's policy, Uniform Complaint Procedures (UCP), BUL-5159.3, as summarized in the Parent Student Handbook.

Student's Primary Language		English Language Development Level	

Dear _____,

This is to inform you that the request for a Section 504 evaluation has been considered. It has been determined that a Section 504 evaluation is not warranted at this time based on a review of the following information:

- | | | |
|---|---|---|
| <input type="checkbox"/> Prior Special Education Evaluation | <input type="checkbox"/> Disciplinary History | <input type="checkbox"/> Grades |
| <input type="checkbox"/> Medical/Health Records | <input type="checkbox"/> Student Success Team Decisions | <input type="checkbox"/> State/District Assessments |

The request for a Section 504 evaluation was denied because:

The District encourages and facilitates informal complaint resolutions and parents have a right to:

GARANTÍAS PROCESALES DE LA SECCIÓN 504 PARA PADRES

El propósito de esta nota es describir las garantías procesales proporcionadas a los padres de estudiantes con discapacidades bajo la Sección 504. La intención de la ley es mantener a los padres plenamente informados sobre las decisiones del Distrito para identificar, evaluar y / o proporcionar acomodaciones / servicios para sus hijos. El Distrito anima y facilita la resolución de quejas informales de la misma.

La Sección 504 del Acta de Rehabilitación de 1973 es una Ley Federal que prohíbe la discriminación contra las personas con discapacidad que puedan participar en, o recibir beneficios de programas que reciben asistencia financiera federal. Bajo la Sección 504 los estudiantes elegibles con discapacidades cuentan con beneficios educativos y oportunidades iguales a los proporcionados a los estudiantes sin discapacidades. Los estudiantes con discapacidades tienen derecho a recibir una educación pública gratuita y apropiada (FAPE – por sus siglas en inglés) y para ser educados con los estudiantes no discapacitados en la medida máxima apropiada.

Bajo la Sección 504, los estudiantes se consideran discapacitados si sufren de un impedimento físico o mental que limita sustancialmente una o más de las actividades importantes de la vida. La Sección 504 también protege a los estudiantes, con un registro de tal impedimento, o que se considera que tiene un impedimento, de la discriminación por motivos de discapacidad. Los estudiantes pueden ser considerados discapacitados, y pueden recibir protecciones / acomodaciones bajo la Sección 504, incluso si no tienen derecho a, o reciben educación especial y servicios afines bajo la Ley de Individuos con Discapacidades (IDEA - por sus siglas en inglés).

Los padres de estudiantes con discapacidades elegibles bajo la Sección 504 tiene los siguientes derechos:

1. De recibir una notificación por escrito de la intención del Distrito para identificar, evaluar y / o proporcionar un plan la Sección 504 para su hijo
2. De revisar todos los registros pertinentes en relación con sus hijos y obtener copias a un costo razonable
3. Apelar / estar en desacuerdo con la decisión del Distrito con respecto a la identificación, evaluación, o de Plan de la Sección 504, o presentar una queja relativa a denuncias de violación de las políticas / procedimientos de la Sección 504 o discriminación o acoso basados en la discapacidad
4. De solicitar una mediación informal o una audiencia imparcial si no están de acuerdo con la identificación de su hijo, evaluación o Plan de la Sección 504, con la oportunidad de participar y ser representado por un abogado a cargo de los padres
5. De revisar la decisión del oficial de audiencia imparcial

A petición, el Distrito proporcionara a un intérprete oral en las reuniones de §504 para aquellos cuyo primer idioma no es el inglés. A petición, el Distrito también proporcionara versiones traducidas de documentos relacionados a §504. Una investigación de la queja puede ser iniciada al contactarse con la Oficina de Cumplimiento para el Equidad Educativa si hay una afirmación que una interpretación adecuada no fue proporcionada en una reunión de §504. Para obtener más información sobre las investigaciones de quejas, consulte la política del Distrito, Procedimientos Uniforme de Quejas (UCP) (por sus siglas en inglés), BUL-5159.3, como se resume en el Manual para Padres de Estudiantes.

Student	Date of Birth	Meeting Date
---------	---------------	--------------

MANIFESTATION DETERMINATION (FOR DISCIPLINARY CHANGE OF PLACEMENT ONLY)

Complete this section only if student is being considered for change of placement due to disciplinary reasons or the total number of days suspended in a school year is 10 or more. Before changing placement of a student for disciplinary reasons, the Section 504 Team must conduct an evaluation to determine whether the behavior was a direct result of the student's disability. If the team establishes that the behavior was unrelated to the student's disability, a change of placement may be made.

Summarize behavior subject to disciplinary action (The Section 504 team should not address whether the alleged behavior occurred.):

Based on review of data identified above, the Section 504 team has determined:

- | | |
|--|---|
| <input type="checkbox"/> The conduct in question was caused by, or directly and substantially related to the student's disability.
AND/OR
<input type="checkbox"/> The conduct in question was a direct result of the school's failure to implement the student's Section 504 Plan. | <input type="checkbox"/> The conduct in question was not caused by, or directly and substantially related to the student's disability or a direct result of the school's failure to implement the student's Section 504 Plan.

<input type="checkbox"/> If either of the above is checked, the behavior is a manifestation of Student's disability. |
|--|---|

- The behavior is not a manifestation of Student's disability.

ELIGIBILITY DETERMINATION

Review eligibility determination Sections 1, 2, and 3 below and complete the section that most accurately represents the evaluation results. The Section 504 team understands the definition of disability shall be construed broadly to the maximum extent permitted. The Section 504 evaluation team must consider:

- Whether Student is eligible for nondiscrimination protections under Section 504, and if eligible for protections,
- Whether Student also requires accommodations/services in order to receive equal access to the educational program.

This is an educational determination only and not a medical diagnosis. Impairments, whether episodic, in remission, or mitigated should also be listed as physical/mental impairments. Extensive documentation should not be required for diabetes, epilepsy, bipolar disorder, and autism.

1. Meets criteria for nondiscrimination protections and requires accommodations/services of a Section 504 plan

Student has the following physical or mental impairment(s) _____ which affects the following major life activities and has a substantial limitation of or is unable to perform the following major life activities as compared to age/grade level peers: (Check all that apply below.)

- | | | | |
|--|------------------------------------|--|---|
| <input type="checkbox"/> Learning | <input type="checkbox"/> Speaking | <input type="checkbox"/> Bowel function | <input type="checkbox"/> Performing manual tasks |
| <input type="checkbox"/> Reading | <input type="checkbox"/> Breathing | <input type="checkbox"/> Bladder function | <input type="checkbox"/> Circulatory function |
| <input type="checkbox"/> Concentrating | <input type="checkbox"/> Sleeping | <input type="checkbox"/> Digestive function | <input type="checkbox"/> Neurological function |
| <input type="checkbox"/> Working | <input type="checkbox"/> Walking | <input type="checkbox"/> Endocrine function | <input type="checkbox"/> Normal cell growth |
| <input type="checkbox"/> Thinking | <input type="checkbox"/> Lifting | <input type="checkbox"/> Respiratory function | <input type="checkbox"/> Functions of immune system |
| <input type="checkbox"/> Communicating | <input type="checkbox"/> Bending | <input type="checkbox"/> Brain function | <input type="checkbox"/> Other: |
| <input type="checkbox"/> Seeing | <input type="checkbox"/> Standing | <input type="checkbox"/> Reproductive function | |
| <input type="checkbox"/> Hearing | <input type="checkbox"/> Eating | <input type="checkbox"/> Caring for one's self | |

2. Meets criteria for nondiscrimination protections as a student with a physical or mental impairment but a Section 504 plan is not required at this time

Student has the following physical or mental impairment(s) _____, but is not substantially limited, is able to perform major life activities compared to age/grade level peers, and does not require accommodations/services in a Section 504 plan in order to receive equal access to the educational program at this time due to:

- Episodic (impairment may be substantially limiting at times when irritants or triggers are present, but is not currently substantially limiting i.e. allergies, asthma, migraines, cystic fibrosis, etc.)
- Remission (impairment that was once active and substantially limiting at one time, and could return, i.e. cancer, hepatitis, etc.)
- Mitigating Measures (receiving treatment, but would be substantially limited in the absence of treatment, i.e. medication, medical supplies, equipment, assistive technology, etc.)

Other:

Parent has refused consent for Section 504 accommodations/services.

Student has been identified as eligible for special education by an Individualized Education Program (IEP) team and accommodations/services will be documented in an IEP.

3. Does not meet criteria for nondiscrimination protections and does not require accommodations/services of a Section 504 plan

Student does not have a physical or mental impairment that substantially limits any major life activities and is not eligible under Section 504. (Provide a rationale.):

Student no longer has a physical or mental impairment that substantially limits any major life activities and is exited from the 504 program.

The Los Angeles Unified School District is committed to providing a working and learning environment that is free of discrimination, harassment, intimidation and bullying. The District affirms that no qualified student with a disability shall, on the basis of disability, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination, harassment, intimidation and bullying under any District program or activity.
