Student Email ID	XXXXXXXXXX@gmail.com	last updated on	10/26/2017

NEW MyData Rollover from 2016-17 to 2017-18 School Year

From August 15, 2017 (This is an estimated timeline)

- **MY STUDENTS, CURRENT YEAR DATA** and **MY STUDENTS, PRIOR YEAR DATA** will start displaying the 2017-18 classroom rosters, as long as students and teachers have been assigned to classes/courses in MiSiS. If a class/course enrollment record is created in MiSiS by close of business Thursday, it will be visible in MyData the following Tuesday. If no class/course enrollment records have been created for the 2017-18 school year, then you may see “**No Location**” rather than your school’s name, in the School filter on the Classroom dashboards.

Principals and teachers can send an email request to mydata@lausd.net to get the SSO account information for students to whom they require access.

- **MY FORMER STUDENTS, END-OF-YEAR DATA** – The reports will still display students enrolled during the 2016-17 school year.

Please call MyData if any questions and check our website for upcoming training for new users.
