

SPSA Goal Pages: Prompts 1-4

1. SCHOOL PERFORMANCE REVIEW: How is your school performing? What does the data show? In what areas is it succeeding (significantly improving)? In what areas is it struggling (needing to improve its student outcomes)?

2. PROGRAM AND PRACTICE EVALUATION: For those areas in need of improved outcomes, WHY has the school's educational program not produced better student outcomes? [Focus the root cause analysis on the school's program and practices.]

3. CONTINUING STRATEGIES: For those areas in which the school has demonstrated success/growth, what strategies have been working to produce the strong/improved student outcomes? Indicate the strategies that the school will continue to use its resources to implement.

4. NEW / REVISED STRATEGIES: For those areas in need of improved outcomes, what new or revised strategies does the school plan to implement in order to improve the school's educational program and professional practice? (What makes the school believe they will work?)
