**COURSE CATALOGUE** - Family Academy

The Family Academy is designed to leverage families' assets to be empowered as they support their child from the early primary years to college and career success. This effort will complement family knowledge by connecting them to actionable learning focused on their child's development, as well as opportunities to accelerate their own careers and quality of livelihood.

The Family Academy is designed to leverage families' assets to be empowered as they support their child from the early primary years to college and career success. This effort will complement family knowledge by connecting them to actionable learning focused on their child's development, as well as opportunities to accelerate their own careers and quality of livelihood.
