1	<p>This short guide will explain how to use <a href="http://www.clever.com">www.clever.com</a> to access the online learning materials teachers may have posted for you and your child.</p>	
2	<p>Before proceeding, ask your teacher or school administrator to provide you a unique QR code/badge created for your child to access the online learning site. A QR code is a graphic for your computer, tablet or smart phone that you can scan to identify your child's online learning materials organized by the teacher. Some school sites provide a login code instead of the QR code/badge.</p>	
3	<p>In a web browser such as Firefox, Safari, or Google Chrome, type in <a href="http://www.clever.com">www.clever.com</a>.</p> <p>Click on the <b>Log in as a student</b> tab at the top right hand corner of the page to begin.</p>	

<p>4</p>	<p>Search for your child’s school name by typing the name of the school in the search box.</p> <p>Make sure you see your school name and school district.</p>	
<p>5</p>	<p>Then, click on <b>Clever Badge Log In</b> to scan the QR code provide to you at the school site.</p>	
<p>6</p>	<p>Place the Clever Badge in front of your device camera and wait for the site to recognize the code.</p>	
<p>7</p>	<p>If the site is unable to recognize the Clever Badge, you will be asked to use the <b>Log In</b> tab found at the bottom right corner of the page and type the sign-in provided by your school site.</p>	

<p>8</p>	<p>Once you log into the site, Clever will show you the teachers using the online learning tool.</p> <p>Click on the icon with your child's teacher.</p>	
<p>9</p>	<p>The teacher's page will show the applications selected by your child's teacher and homework assignments.</p> <p>When you click on the icon, the site will direct you to assignments selected by the teacher for the students.</p>
