- If you don't have a Google Account to add, [create one](#). On some Chromebooks, you can select **More options** > **Create new account**.

Once you have created an account, you will get a message with your own email address.

Click on the Get Started app. This will show you around your new Chromebook and introduce you to the various controls and options you can tweak.

- Once the tour of your Chromebook has ended, you can begin using your new laptop.
- If you're having trouble signing in with your Google Account, use the [sign-in troubleshooter](#).

Once you sign in, your bookmarks, extensions, and apps will appear automatically.
