

Mission

To ensure that all LAUSD students are enrolled, attending, engaged, and on-track to graduate.

Inside Every Student is a Graduate

DROPOUTS: A NATIONAL CRISIS

- Every school day, nearly 7,000 students become dropouts.¹
- More than one million students a year drop out of school.²
- Each year, approximately 1.3 million students fail to graduate from high school; more than half are students of color.³

EFFECTS ON THE STUDENT

- In California, a high school dropout earns \$9,367 less a year, than a high school graduate.⁴
- Over the course of a lifetime, a high school dropout earns on average \$260,000 less than a high school graduate.³
- High School dropouts are far more likely to spend their lives periodically unemployed, on government assistance or cycling in and out of the prison system.⁴

- Research consistently finds that high absenteeism--one specific indicator of engagement--is associated with higher dropout rates.⁵
- New research suggests that as many as 7.5 million students miss a month of school each year, raising the likelihood that they will fail academically and eventually drop out of high school.⁶
- Every year, 1 in 10 kindergarten and 1st grade students miss a month of school (excused and unexcused absences).⁷
- "Kindergarten absences can affect academic achievement, especially for low-income students unable to make up for lost time and can set a pattern of poor attendance and academic failure, fueling the dropout rate."⁷

PURPOSE

Pupil Services and Attendance Counselors are child welfare and attendance advocates who utilize a three-tiered model (prevention, early intervention and intensive intervention) to improve individual and system-wide student attendance, engagement, achievement and graduation. Pupil Services and Attendance Counselors work directly with students who experience difficulties in achieving their academic potential due to social/emotional, home and community barriers. Pupil Services and Attendance Counselors in specialized units provide additional support services to students in the community and schools.

PROGRAMS

- FamilySource-Partnership Program
- Field Education Program
- Foreign Student Admissions Office
- Local District and School-Based Support
- Permits and Student Transfers
- Student Attendance Review Board (SARB)
- School-Based Pupil Services and Attendance Counselors
- YouthSource-City Partnership

SERVICES AND INITIATIVES

- Attendance Matters Day
- Attendance Motivation/Incentive Programs and Campaigns
- Attendance Statistics/Data Evaluation
- Case Management and Consultation
- Field Education Training for Interns
- Community Collaboration and Resource Linkage
- Dropout Prevention
- Educational Alternative/Options Information
- Home Visits/Conferences
- Individual, Group, Family Counseling
- Parent and Student Education
- School Attendance Review Team Meetings (SART)
