

LOS ANGELES PERFORMANCE PARTNERSHIP PILOT (LAP3)

The Los Angeles Performance Partnership Pilot is a leading effort of the City of Los Angeles, the County of Los Angeles, Los Angeles Unified School District, Los Angeles Community College District, local Cal State Universities (CSU 5), Los Angeles Chamber of Commerce, Los Angeles Housing Service Agency, and over 50 public, philanthropic and community-based organizations. Our goal is to improve the service delivery system for our disconnected young adult population and improve their educational, workforce, housing and social well-being outcomes.

The Performance Partnership Pilot Strategic Plan highlights efforts to build a better system of care. Most importantly it provides recommendations to our elected public bodies and to our philanthropic partners on action steps that would lower the disconnection rate.

The ability for city, county, school districts, higher educational institutions, employers, and community-based partners to work together, share resources, and develop an operational plan is key to thousands of young people in Los Angeles to realize a better future for themselves and our collective future as a region.

STUDENT SUPPORT AND ATTENDANCE SERVICES BRANCH PUPIL SERVICES & ATTENDANCE

Mission

To ensure that all LAUSD students are enrolled, attending, engaged and are on track to graduate.

Purpose

Pupil Services & Attendance (PSA) Counselors are child welfare and attendance advocates who utilize a three-tiered model (prevention, early intervention and intensive intervention) to improve individual and system-wide student attendance, engagement, achievement, and graduation.

Background

The Los Angeles Performance Partnership Pilot (LAP3) stems from the 2015 federal investment in an unprecedented effort in Los Angeles to coordinate and integrate the delivery of education, workforce and social services to opportunity youth, ages 16–24.

Investments in a full time Pupil Services and Attendance Counselor provides the opportunity for the PSA Counselor to support the coordination and integration of the delivery of education, workforce, and social services.
