

MASTERY LEARNING AND GRADING: FACILITATOR TRAINING Spring 2019

What is Mastery Learning and Grading?

Mastery Learning and Grading is a growth-mindset approach to teaching, based on the expectation that everyone can learn when provided with the right conditions and support. By refocusing classroom grading, assessment, and instruction on clear learning targets, and by implementing research-based systems honoring students' variables necessary for learning, Mastery Learning and Grading allows all students to succeed academically and to drive their own learning.

Why send a participant to the facilitator training?

In a series of five training days, participants will be provided with the time, deliberate practice, feedback, and resources that will equip them to lead instructional teams through the Mastery Learning and Grading six workshop series and that will build their capacity to support school-site implementation. Participants may be administrators, coordinators, coaches, or teacher leaders.

*All necessary sub-coverage is to be provided by school sites.

When/Where is the facilitator training?

DAY 1: Friday, February 1, 2019

Three location options:

DAY 2: Friday, March 1, 2019
