BETWEEN**

THE LOS ANGELES UNIFIED SCHOOL DISTRICT

AND

Photographer/Yearbook Company Name

FOR

THE DISCLOSURE OF EDUCATION RECORDS

1. PARTIES

1.1 The Los Angeles Unified School District (“District”) is a public school district organized and existing under and pursuant to the constitution and laws of the State of California and with a primary business address at 333 S. Beaudry Avenue, Los Angeles, California 90017.

1.2

Photographer/Yearbook Company Name

(Contractor) provides yearbook and photography

services to District Schools with a primary place of business at

2. PURPOSE

2.1 The purpose of this Data Use Agreement (“Agreement”) is to allow for the District to provide Contractor with personally identifiable information (“PII”) from student education records (“student data”) without consent so that the Contractor may perform the following institutional service or function for which the District would otherwise use employees: school picture and photographs services and management services and classroom support in the preparation and printing of yearbooks.

2.2 This Agreement is meant to insure that Contractor adheres to the requirements concerning the use of student information protected under the Family Educational Rights and Privacy Act (“FERPA”), [20 U.S.C. §1232g](#), [34 Code of Federal Regulations Part 99](#), and California Education Code [sections 49060-49085](#). This agreement applies to all interactions between Contractor and District schools.

2.3 [34 C.F.R. §99.30](#) and Education Code [§49076\(a\)](#) require the consent of the education rights holder prior to the release of PII from the education record of a student. An exception to the consent requirement is provided for in [34 CFR §99.31\(a\)\(1\)\(i\)](#) and Education Code [§49076\(a\)\(2\)\(G\)\(i\)](#) for contractors “performing institutional services or functions otherwise performed by school employees.” These contractors are considered “school officials” under FERPA and the California Education Code.

2.4 Under this Agreement, the District considers Contractor to be a school official with legitimate educational interests performing an institutional service or function for which the District would otherwise use employees within the meaning of [34 C.F.R. §99.31\(a\)\(1\)\(i\)](#) and Education Code [§49076\(a\)\(2\)\(G\)\(i\)](#) and this allows the District to disclose PII from education records of students without the consent required by [34 C.F.R. § 99.30](#) and Education Code [§49076\(a\)](#).

2.6 This Agreement does not necessarily describe the complete nature of all interactions between the Contractor and the District. Rather, this Agreement pertains to the disclosure of personally identifiable information from education records only. It is likely that the Contractor has some other form of written agreement with the District (possibly including, but not limited to a separate contract or Memorandum of Understanding (MOU), a license agreement, a subscription agreement, etc.). However, in so far as it pertains to the subject matter of this Agreement, this Agreement takes precedence over any inconsistencies with any other agreements.

3. PROCESS FOR DATA TRANSFER

3.1 Reference Guide (REF-6643.0) “[Contract for Yearbook and Photography Vendors](#)” issued by the Controller, Accounting and Disbursements Division and dated April 11, 2017 pertains. 3.2 Contractor can obtain access to the Student Photo Portal by applying for a Single Sign-on account, filling out a request for a VPN user account, and signing this Agreement. Access may be renewed on a year-to-year basis with the school administration authorizing Contractor access through use of the portal.

3.3 When given access by school administration, the Contractor will have authorization to download rosters and upload images. Contractor will use the rosters to schedule photography sessions.

"Encryption" means a technology or methodology that utilizes an algorithmic process to transform data into a form in which there is a low probability of assigning meaning without use of a confidential process or key, and such confidential process or key that might enable decryption has not been breached, and shall have the meaning given to such term under HIPAA and HIPAA Regulations, including [45 CFR §164.304](#).
