Define and Approve 18 Board District Priority and Region Priority Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein

August 22, 2023

Facilities Services Division

Action Proposed:

Define and approve 18 Board District Priority (BDP) and Region Priority (RP) projects, as listed on Exhibit A, and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein. The total budget for these projects is \$1,036,498.

Authorize the Chief Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed projects, including budget modifications and the purchase of equipment and materials.

Background:

Projects are developed at the discretion of the Board Districts and/or Regions based upon an identified need. These projects are developed with support from Facilities Services Division staff and input from school administrators.

Project scopes, schedules, and budgets may vary depending on site conditions and needs. All projects must be capital in nature and adhere to bond language and laws.

Bond Oversight Committee Recommendations:

This item was considered by the School Construction Bond Citizens' Oversight Committee (BOC) at its meeting on August 10, 2023. Staff has concluded that this proposed Facilities SEP amendment is in alignment with BOC recommendations and will facilitate Los Angeles Unified's ability to successfully implement the Facilities SEP.

Expected Outcomes:

Execution of these projects will help improve the learning environment for students, teachers, and staff.

Board Options and Consequences:

Adoption of the proposed action will allow staff to execute the projects listed on Exhibit A. Failure to approve this proposed action will delay the projects and ultimately the anticipated benefit to the school and its students.

Policy Implications:

The requested actions are consistent with the Board-Prioritized Facilities Programs for BDP and RP projects and the District's commitment to address unmet school facilities needs and provide students with a safe and healthy learning environment. The proposed action advances Los Angeles Unified's 2022-2026 Strategic Plan Pillar 4 Operational Effectiveness Modernizing Infrastructure by providing capital improvements at schools.

Budget Impact:

The total combined budget for the 18 projects is \$1,036,498. Three projects are funded by Bond Program funds earmarked specifically for RP projects. Fifteen projects are funded by Bond Program funds earmarked specifically for BDP projects.

Each project budget was prepared based on the current information known and assumptions about the project scope, site conditions, and market conditions. Individual project budgets will be reviewed throughout the planning, design, and construction phases as new information becomes known or unforeseen conditions arise and will be adjusted accordingly to enable the successful completion of each project.

Student Impact:

The proposed projects will upgrade, modernize, and/or improve school facilities to enhance the safety and educational quality of the learning environment to benefit approximately 6,600 students.

Equity Impact:

Board Districts and Regions consider a number of factors, including equity, when identifying the need for BDP and RP projects.

Issues and Analysis:

This report includes a number of time-sensitive, small to medium-sized projects that have been deemed critical by Board Districts and/or Regions and school administrators.
