

Welligent ESY Roster Functions

The ESY Roster serves the following functions:

- *Record keeping*
- *Easy Monitoring of Parent Confirmations*

NOTE: Users **cannot** enroll students using the ESY Roster. All ESY student enrollments are processed through the ESY Enrollment Portal in **Parent Portal or EZ Access**.

Filter Curriculum, Program, Grade, ESY Decision, Transportation, etc.

Roster Student Level Information:

The screenshot shows a web-based interface for managing student information. At the top, there are several filter sections:
