

Instructional Continuity

LA Unified is committed to ensuring the health and well-being of students and staff and providing a safe, secure learning environment for all. In preparation for a possible school closure, review the following resources with students to ensure that they may continue their learning while at home.

EARLY EDUCATION STUDENT RESOURCES

Dear Early Education Families,

The district is implementing, effective immediately, a series of steps based on recommendations from public health officials to make sure that the district's youngest learners remain safe and healthy. To ensure that learning continues at home, the Early Childhood Education Division is excited to share some learning resources with your family. These resources are designed to support your preschoolers learning at home or when they are not in school.

We recognize these steps may cause difficulty and disappointment. Students and educators have worked hard to make each day a special learning opportunity for your preschooler. In the meantime, we encourage you to visit the Early Childhood Education website for parent resources and valuable information related to your child's health and learning.

Sincerely,

Dr. Dean Tagawa, Executive Director Early
Childhood Education Division
