DURING SCHOOL CLOSURES

Letter from the Superintendent

Dear Los Angeles Unified families,

As you know, all schools in the Los Angeles Unified School District are closed for the next two weeks in response to the spread of the coronavirus (COVID-19). We have been following the guidance of public health experts on how we can keep all who are part of our school community — students, staff, family members and visitors — safe in the midst of a growing crisis. And while this was a difficult decision, given the needs of the Los Angeles Unified community and the social safety net that our schools provide to our children, it was also a necessary one.

To help answer your questions and to lay out the resources that we are continuing to provide, we are offering this Family Resource Guide.

Each student took home a continuity of learning plan on Friday, and we are offering additional support to assist students as they transition to a different way of learning.

In partnership with the Red Cross, Los Angeles Unified will continue to provide nutritious meals to all students who need them during the temporary closure of schools. Our Grab & Go Food Centers will be open beginning Wednesday, March 18, and will be staffed weekdays from 7 a.m. to 10 a.m. Each child can take home two nutritious meals.

The public health crisis created by the coronavirus is not something any of us could reasonably have expected, but our staff are working tirelessly to help our students and keep them connected to the school community. Thank you for your patience and trust as we work together to maintain some sense of normalcy in these difficult times.

We are not certain what lies ahead, but you have my unwavering commitment to do all we can to help you and your children.

Austin Beutner

Superintendent, Los Angeles Unified School District

Overview

This [LOS ANGELES UNIFIED FAMILY RESOURCE GUIDE](#) provides information to support our families while schools are closed due to the coronavirus. Los Angeles Unified is doing everything possible to ensure the health and safety of the community, including all our students, families, teachers and staff. We are also providing learning opportunities from home during the closure.

In this guide you will find the following:

- A list of Grab & Go Food Centers where students can pick up meals
- At-home learning resources for families
- A Frequently Asked Questions section that addresses concerns about the virus and other family resources
- How to make sure your family is fully up-to-date on district and community plans
- How to talk to your child about the virus and the school closures
- Contact information for Los Angeles Unified.

Grab & Go Food Centers

Los Angeles Unified will continue to provide nutritious meals to all students who need them during the temporary closure of schools. Our Grab & Go Food Centers will be open beginning Wednesday, March 18, and will be staffed weekdays from 7 a.m. to 10 a.m.

Families who would like to pick up free meals for their students may visit one of our 60 Grab & Go Food Centers. Each child can take home two nutritious meals.

LOCAL DISTRICT CENTRAL

At-Home Learning Resources for Families

Los Angeles Unified, PBS SoCal | KCET and KLCS-TV have partnered to provide free supplemental educational resources to help your family support learning during the school closures. This multi-platform initiative includes Pre-K-12 educational programming and robust online resources through our online platform, PBS LearningMedia. The resources are free and designed to be used by public schools throughout California to help students continue learning at home.

GRADES PRE-K-3

PBS SoCal (Channel 50.1)

from 5 a.m. to 5 p.m.

PBS SoCal KIDS (Channel 50.5)

24/7 Livestream (on streaming devices and PBS KIDS Video app)

KLCS KIDS (Channel 58.2)

KLCS (Channel 58.1)

from 6 a.m. to 8 a.m.

YouTube (Search “PBS KIDS”)

Free PBS KIDS Video App

GRADES 4-8

KLCS (Channel 58.1)

from 8 a.m. to 2 p.m.

GRADES 9-12

KCET (Channel 28.1)

from 9 a.m. to 3 p.m.

KLCS (Channel 58.1)

from 2 a.m. to 6 p.m.

The above channels are for viewing on television. Please check your local listing for more information or at pbsocal.org/athomelearning.

EXPLORE ONLINE

PBS LearningMedia is a free resource that offers enhanced materials to support educational assignments. The PBS LearningMedia materials will be offered in conjunction with the television shows and will be available online.

Read About It! Los Angeles Unified will prepare take-home packets with reading materials, assignments and more.

Write About It! Ask your child to keep a journal and write about everything they are learning each day.

Talk About It! Treat the shows as a part of the learning process. Talk and ask questions about what your child is watching to reinforce new learning.

Instructional Continuity for Students with Disabilities

Support for Students on Alternate Curriculum

Students on an alternate curriculum are provided specific curriculum designed to meet their particular instructional need. In an effort to provide our students an individualized set of materials and resources, teachers will plan and develop materials and resources in support of students on an alternate curriculum.

The following are instructional resources available to students and parents in support of the continuous learning for students with disabilities.

Unique Learning System (Student Accounts)

The following link provides instructions on how to access ULS Student View Account from home <http://bit.ly/ulshomelogin>

10 days of Instructional Materials

Grades K-2: <http://bit.ly/altcurrprimary>

Grades 3-5/6: <http://bit.ly/altcurrintermediate>

Grades 6-8: <http://bit.ly/altcurrmiddleschool>

Grades 9-12: <http://bit.ly/altcurrhighschool>

Adult Transition Grades 12+: <http://bit.ly/altcurrtransition>

Support for Students on Core Curriculum

Students with disabilities on core curriculum can continue their learning through the same means as general education students (students without disabilities). The following resources are available to support students in accessing core curriculum.

1. **Edgenuity** is available for student use K-12. Each student has an individual code that will allow them to access lessons in English Language Arts and Mathematics. Science and History/Social Science lessons are available for middle and high school students. www.edgenuity.com/lausd/
2. **Curriculum maps** can be accessed on the Division of Instruction Website: <https://achieve.lausd.net/instruction>. You will see a box labeled "Curriculum Maps": Elementary, Middle and High School. Click on the grade level span you wish to view (refer to picture). Parents, select the pd format. Curriculum maps contain guidelines for what is learned in each grade and subject matter throughout the year. The map will show what students work on in the subject at different time periods throughout the year, giving a rough guide of where students are instructionally.

At some schools, teachers have prepared and sent home materials for your student

Instructional Continuity for Students with Disabilities

Image: Division of Instruction Website – Access to Curriculum Maps
<https://achieve.lausd.net/instruction>

Support for Children Birth to 5 (Infants, Toddlers, Preschools with disabilities)

In order to continue the learning and to promote student and parent engagement we are offering Creative Curriculum Learning Games in English and Spanish. The Learning games are designed to build skills that lead to successful, lifelong learning for a child.

The Learning Games support the Creative Curriculum which is the LAUSD adopted preschool curriculum. The games are easy to grasp yet rich with information. Children benefit the most when the important adults in their lives-their parents, caregivers, teachers are working together to support learning and growth. Families show an increased awareness of their child's abilities, growth and development during the journey of the Learning Games. This is an excellent tool to promote engagement.

This valuable resource will support learning and student/parent engagement. Parents may also access this free resource on line. <http://bit.ly/ECSEParentResources>

Frequently Asked Questions

What is a “coronavirus”?

A coronavirus causes diseases ranging from the common cold to more serious respiratory illness. The COVID-19 virus is a new strain which has a more severe impact in terms of respiratory illness, with fever, cough and difficulty breathing. There is currently no vaccine for COVID-19, but there is a vaccine for seasonal flu, which is recommended for all people over the age of 6 months. According to the Centers for Disease Control and Prevention (CDC), most people get infected with a coronavirus at some point in their lives.

Are children at a higher risk of getting sick from COVID-19 compared with adults?

No. Health officials say very few children thus far have been infected with COVID-19, and those who have tested positive experienced milder symptoms than older patients.

How can I protect myself against COVID-19?

The CDC recommends taking the same measures you would do to prevent getting or spreading the common flu. These include:

- Wash your hands regularly with soap and water for at least 20 seconds or, if unavailable, use an alcohol-based hand sanitizer. Alcohol-based hand sanitizers are approved for student and staff use.
- Avoid touching your eyes, nose or mouth with unwashed hands.
- Cover your sneeze or cough with a tissue, then immediately dispose of the tissue. If tissues are unavailable, cough or sneeze into the inside of your elbow, then wash your hands.
- Stay up-to-date with the flu vaccine and all other vaccinations.
- Avoid close contact with people who are sick.
- Stay home if you are sick. Wait until your temperature is below 100 degrees, without the use of fever-reducing medication, for at least 24 hours before going out again.

Should my family or I wear surgical masks to protect ourselves?

The CDC and World Health Organization recommend masks only if you are coughing or sneezing and are at risk of infecting others. Masks cannot prevent what's already in the air from getting into your body, and are not recommended for people who are healthy.

Why is handwashing so important?

Medical experts say that handwashing with soap and water for at least 20 seconds at a time is one of the best ways of preventing the spread of disease. Respiratory viruses like coronavirus, flu and the common cold spread more easily via unwashed hands.

How long does the COVID-19 virus remain on a surface?

Health authorities are still working to determine how long the COVID-19 virus can persist under a variety of circumstances. The CDC says person-to-person contact — through sneezing or even just talking or breathing — can occur at a distance of up to six feet.

Can I still visit district health and wellness centers?

No. Health and wellness centers operated by Student Health and Human Services are all located at schools and are not operating while schools are closed.

What if my family doesn't have access to the internet or computing devices?

Our Information Technology Division is working to assist all students and families in having access to internet connectivity and computing devices to help learning continue during the COVID-19 crisis.

For more information, visit ITD's website at <https://achieve.lausd.net/itd>

Where can I go for more information?

Los Angeles Unified has a COVID-19 hotline at 213-443-1300, open from 6 a.m. to 6 p.m. Monday through Saturday, which will remain open even when the schools are closed. Callers can get assistance in both English and Spanish.

Information is also available on the **Los Angeles Unified website, lausd.net**; and from the **Centers for Disease Control and Prevention, 800-232-4634**; and from the **Los Angeles County Department of Public Health, 211**.

Keep Your Family Informed During the School Closure

Check Your Information

Make sure the information on your Los Angeles Unified Emergency Card is up-to-date, so your school can notify you of any new information regarding closures. Be especially careful to check phone numbers, e-mail addresses and home addresses.

Stay Informed

Los Angeles Unified and your school will provide ongoing information. You can also stay informed through voicemail, email, text, and social media updates. As always, visit **LAUSD.net** or call the Los Angeles Unified COVID-19 hotline at **213-443-1300** for more information and updates.

How to Talk About Coronavirus (COVID-19) and School Closures With Your Children

We recommend that you speak with your children on a regular basis to address their concerns. This experience may be confusing for them or even cause anxiety. Here are some tips that will help you communicate with your children at their age level.

Reassure your children.

Explain that this is temporary and that eventually things will return to normal.

Be developmentally appropriate.

Don't volunteer too much information, as this may be overwhelming.

Take your cues from your child.

Invite your child to tell you anything they may have heard about the coronavirus, and how they feel.

Deal with your own anxiety.

Recognize that this is a stressful time for you and your family. Take steps to take care of yourself so that you can take care of your children.

Focus on what you're doing to stay safe.

An important way to reassure kids is to emphasize the concrete actions that you are taking, for example with personal hygiene.

Stick to a routine.

Structured days with regular mealtimes and bedtimes are an essential part of keeping kids happy and healthy.

Keep talking.

Tell kids that you will continue to keep them updated as you learn more.
