

Smile On with Delta Dental

Stay covered with an individual dental plan

Just because you're retiring or leaving your employer's dental coverage doesn't mean you have to lose the benefits of a Delta Dental plan.¹ Getting coverage on your own is straightforward and affordable with the Smile On program.

- **Protect your smile.** People are 50% more likely to visit the dentist when they have coverage.² Regular visits can keep your smile healthy and help prevent major dental problems.
- **Save money.** Most plans cover routine exams, cleanings and x-rays at no cost. You'll get the most savings when you visit an in-network dentist.
- **Enjoy peace of mind.** Having dental insurance means you don't need to worry about breaking the bank when you need care. Delta Dental is a trusted name in dental coverage, with years of experience keeping costs low and smiles bright.
- **Keep the care you trust.** If you already have a Delta Dental plan, you can likely keep seeing your dentist when you choose the same type of plan. If you already have a dentist but no insurance, you could save money if your dentist is in a Delta Dental network. And if you don't have a dentist, we have the largest network in the nation,³ so finding one you'll love is easy.
